The district farm sector showed cash incomes in January up about 5 per cent from January a year ago, with relatively high inventories of livestock and grains on farms. The build-up in livestock numbers, particularly beef cattle, suggests that marketings during 1963 may be at substantially higher levels than last year. Income from district livestock will be influenced, of course, by prices as well as the inventory size, and also by feed and range developments this summer, the bank said.

District bank deposits and loans increased at a faster than seasonal rate in January through February with the loan deposit ratio increasing slightly. Total bank credit at both city and country banks has expanded and little or no borrowing has occurred by member banks. During the four weeks ending at mid-March, district banks became net borrowers of federal funds, concluded the bank.

Status of Fish and Game Legislation

Senate Bill Would Retain Bounty System Two Years

The Senate game and fish committee has recommended to pass a bill that will continue the bounty system in Minnesota another two years.

On a close 8-7 vote, the bill was moved out of the committee to the Senate floor Tuesday, March 26.

Gordon Wollan, acting director of the state game and fish division, again objected to bounty payments during the hearing — especially those on fox. He quoted figures showing that the number of fox bountied during the past seven years has actually increased, proving that fox bounties were not reducing the fox population.

Sen. L. W. Larson, committee member, also voiced his opposition to fox bounties saying his work on the county board had convinced him that bounties on fox were ineffective in lowering the fox population or improving pheasant hunting.

Also recommended to pass was a bill that will postpone until Jan. 1, 1965 the date when pollution control devices will have to be attached to marine toilets.

The committee laid over for further study a bill that would reverse the present policy, adopted two years ago at the last session, of having game wardens drive state-owned cars. The bill would return to the previous system of having wardens buy their own cars and be paid for their use on a mileage basis.

A bill that would have allowed the use of two lines while fishing was defeated on the Senate floor Tuesday. Although game and fish license receipts would have been increased if the bill had passed, the Conservation Department had opposed the bill because it was feared that the effect would be to increase the take of walleyes, northerns and lake trout to the danger point.

$100 Boost in UND Enrollment Fees in Effect in Fall

Action by the North Dakota state board of higher education will increase enrollment fees at the University of North Dakota by $100 a year, beginning in September, 1963.

The new schedule will raise incidental fees from the existing $60 a semester to $90 next Fall. The student service fee increases from the present $40 a semester to $60.

All full-time resident students, except those enrolled in law and medicine, will pay a total of $300 in fees for the two-semester academic year. Out of state students will pay $570 a year, also a $100 increase.

Fees for resident law students will total $330 a year and for out of staters, $600.

Medical school fees for residents will be $330 a year and for out of state students, $720.

While incidental and student fees will go up, the non-resident fee will remain unchanged at $390 a year in the medical school and $270 in all other divisions. Out of staters pay the non-resident fee in addition to incidental and service fees.

Dairy Industry Career Day Apr. 20

High Schol Students Invited to Visit 'U' M.

Career opportunities in the dairy industries will be explored by high school juniors and seniors from all parts of Minnesota at the University of Minnesota, April 20.

The University's ninth annual Dairy Industries Career Day will open at 9 a. m., in the dairy industries building on the St. Paul campus.

Special demonstrations have been added to the event this year to show students the work done by individuals holding typical jobs in the dairy and foods industries, according to Dr. S. T. Coulter, head of the dairy industries department.

Other sessions will include color movies, talks by specialists in various phases of dairy science and technology and general outlines of college work.

A special feature will be a short talk by Minnesota's Princess Kay of the Milky Way, Kathy Hjelle of Argyle, who will tell about her work and experiences with the Minnesota Dairy Industry Committee.

Visiting students will be guests of MDIC, state unit of American Dairy Association, for lunch.

Career day is open to all interested high school juniors and seniors.

$2.8 Million Loss in Farm Fires in 1962

18 Lives Also Lost Last Year in Fires in State

About $2.8 million worth of farm property and products went up in smoke in Minnesota during 1962, according to a recent report from the state fire marshal's office.

The loss figure shows little change from recent years, says Glenn Prickett, extension safety specialist at the University of Minnesota in citing the report.

A total of 580 different farm fires were reported during the year. In addition to the financial loss, these fires accounted for 18 deaths.

Fires in barns continued to be the most common single type of fire on farms, accounting for 232 of the total. Other types of fires, in order of occurrence, were dwellings, 134; tractors, 46; hay and straw (other than in barns) 32; poultry houses, 22; sheds and shops, 21; machinery and equipment, 16.

However, 164 of the fires were classified as "miscellaneous."

The most frequently reported causes of 1962 farm fires included inadequate, defective or misused electrical equipment; heating units; rubbish and grass fires; defective chimneys, lightning; careless smoking; sparks or burning rubbish from tractors, careless handling of petroleum products and spontaneous combustion.

Teen-agers to Be Topic at Moorhead

Family Life Institute Slated for April 25-26

"When and how do you start sex education of teenagers?" "I can't seem to communicate with my children." "How to you handle children when they lie?" These and other age-old parental anxieties will be subjects of discussion and lecture at the annual Parent and Family Life Education Institute held on the Moorhead State college campus April 25 and 26.

Sponsored jointly by the Minnesota Congress of Parents and Teachers and the University of Minnesota, the Moorhead session will be one of four institutes conducted throughout the state during late April and early May.

"The purposes of these institutes is to help parents become more effective in their relationships with children in the home and to establish better discussion programs within local PTA units" said Mrs. C. L. Dwelle of Minneapolis, state PTA chairman of the parent and family life committee.

Registration fee for the two day program is $8.00. Hotel and motel facilities are available for out-of-towners at regular rates.

Mrs. Dwelle urged interested parties to contact any local PTA president for additional information.

EASTER SEASON TREAT for children of Gillette State Hospital for Crippled Children was served again this year by the Minnesota dairy industry's Princess Kay of the Milky Way. Pretty Kathy Hjelle of Argyle is shown lending a hand to Michael Stanley, 9, Madison, Minn., one of the more than 100 children in the institution who enjoyed the ice cream cups. Looking on at left is Kenneth Battles, 9, Roosevelt, Minn. Princess Kay's annual Easter season visit to Gillette is a tradition which began with the dairy industry's annual Spring butter cookie contest. That event was suspended last year at the request of health department officials who expressed concern over incidence of infectious hepatitis, a food-borne disease.

Hearing Held Tuesday

City Council Approves Arnold Avenue Project

Following a hearing held Tuesday evening at the council chambers, the Thief River Falls city council gave approval to a street improvement, sewer and curb and gutter project in the northwest corner of the city. About 30 persons appeared at the hearing, most of whom seemed interested in finding out what their assessments would be.

A vote taken by the city clerk showed 12 people in favor of the project, nine opposed and the reminder not voting. H. O. Berve, one of the principal objectors—in speaking for his sister who owns property in the improvement area, asked for a week to permit persons attending to consider the cost of their assessments.

The council believed sufficient time had been devoted to the project, approved it and ordered plans and specifications to be ready for the regular meeting April 16. At that time it is likely a call for bids on the project will be issued.

Included in the project is surfacing of Arnold and Duluth avenues from Sixth to Eleventh streets; Seventh, Eighth, Ninth, Tenth and Eleventh streets from Arnold to Duluth avenues; State avenue from Third to Sixth streets; Fourth street from Arnold avenue to the Great Northern tracks; and Fifth street from State to Kinney avenues.

Discuss Parking

Tabled for further consideration was a letter from the Pennington County Safety Council asking that parallel parking be required on Second street. This is one of the last areas in town to maintain angle parking, and due to considerable downtown traffic is congested and dangerous. The safety council cited five accidents on the street in January of this year alone and $3,000 in property damage on the street the previous year.

Permission was granted to the Junior Chamber of Commerce, represented by Roland Larson as chairman of the Air Show committee, to hold an air show at the municipal airport in connection with the Ninth Annual Jaycees Aquacade in August.

Discussion was also held on the leasing of garbage collection service to a private contractor but no action was taken. A resolution was adopted lending support of the city of Thief River Falls to legislation sponsored by the city of East Grand Forks to permit five cities included in a bill to expend up to $1,000 for purposes of advertising the city. Aldermen Donald M. Olson, A. E. Jacobson, Milton Relerson, Roy Lee and Roy Jorgenson favored the resolution with E. B. Benson and Arthur Christianson opposed.

A feasibility report was also ordered in regard to a storm sewer for the Tindolph avenue area in the southeastern portion of the city.

Lions Nominate Slate of Officers

Rev. Headley Addresses Meeting on Wednesday

In behalf of the nominating committee of the Lions club, L. A. Ihle Wednesday submitted a slate of candidates for club offices to be filled in the annual election Wednesday, April 24. Heading the list is Dr. O. D. Belch, sole nominee for president, no additional nominations having been made from the floor.

Neal Fox, program chairman, introduced the guest speaker, the Rev. A. Dean Headley, minister of the Community Methodist church, whose talk was appropriate to the Lenten season now nearing its Easter climax.

James Parkins reminded the members that 1963 marks the 25th anniversary of the local Lions club, and he suggested that an early start be made on plans to observe the occasion next fall.

Drive-In Theater To Open On Friday

Opening of the 59-Hi Drive-In Theater will take place on Friday, April 12, according to Gotfred Olson, manager of the theater. "Breakfast at Tiffany's" will be the title of the opening feature with showings on Friday, Saturday and Sunday nights only until further notice. Shows will start at dusk each evening.

16 Youths Form 4H Club Monday At Goodridge

Edythe Peters Elected President; Three Adult Leaders Are Selected

Sixteen young people and their parents met Monday evening at the Goodridge school to organize a 4-H club. Discussion of the 4-H program and what the responsibilities are for each 4-H member and parent was led by Paul Stelmaschuk, Pennington county agricultural agent, and Laura Duerst, home agent.

Following the discussion, the group held election of officers for the year. Those named were: Edythe Peters, president; Vicki Wiseth, vice president; Pat Hanson, secretary; Shiela Cullen, treasurer; and Ronnie Wilkins, reporter.

Parents who will serve as adult leaders are Mrs. Lynn Hanson, Mrs. Earl Peterson and Robert Wiseth with Mrs. Erling Lundeen as a project leader.

The date for the next club meeting was set for May 8 at 8:30 p. m., in Goodridge. Any other young people wishing to join are urged to attend this meeting or contact one of the adult leaders.

Members of the new club are: Edythe Peters, Valerie Wiseth, Danny Cullen, Galen Peters, Mike Hanson, Bryan Wiseth, Vance Wiseth, Laurele Wiseth, Marvin Peters, Barbara Cullen, Shiela Cullen, Vicky Wiseth, Richard Hanson, Patsy Hanson, Donnie Wilkens, and Ronnie Wilkens.

Athletic Banquet Tickets on Sale

Tickets for the annual Lincoln high school athletic banquet to be held Wednesday, April 24, at Zion Lutheran church basement, will go on sale Monday with Donald M. Olson and Andy Williamson as cochairmen of the ticket sale committee.

Harry "Bud" Grant, head coach of the Winnipeg Blue Bombers professional football team, will be guest speaker for the banquet. All Lincoln high school athletes will be guests at the event and all parents, both mothers and fathers, are encouraged to be in attendance.

Dr. W. P. Kaisler is chairman of the committee which includes representatives from the Chamber of Commerce, Jaycees, Rotary and Lions clubs. In addition to the banquet at 6:30 p. m. and the talk by Coach Grant, persons attending may view a color film of the 1962 Grey Cup football game in which the Blue Bombers emerged victorious.

Consumers Co-op Adds to Facilities

To Start Work Monday on Addition on E. Second st.

The Consumers Cooperative Association is adding substantially to its facilities on Atlantic Ave. at Second Street, including an addition extending along the west side of its present building to the alley and fronting on Second Street.

This structure, 24 feet by 100 feet, will provide additional space for the shop. The plans also call for additional office space east of the present office.

Details were not available this morning as Leonard Furuseth, manager, was out of the city. It was revealed however that the construction contract had been awarded to the Ranum Construction Co. of this city and that work would be started on Monday.

Junior Class Play Set in Newfolden

Mrs. May Larson, speech and drama coach at Newfolden high school, has selected the play, "Onions in the Stew," for the junior class to present on Friday, May 10. The cast has been selected and rehearsals were begun last week for the production.

Pennington Rates Low in Christmas Seal Sale Total

Pennington county stands next to the bottom in percentage of quota attained in the 1962 Christmas Seal appeal, according to a recent release from the Minnesota Tuberculosis and Health association.

Pennington county has contributed $2,716 or 96 per cent of the 1961 total contribution. This ranks above only Red Lake county which has contributed 94 per cent of its 1961 mark. Lake of the Woods county leads with 111 per cent while Roseau county is 109 per cent, Hubbard 106 per cent and Marshall 105 per cent.

State-wide a total of $791,527 has been contributed or 107 per cent of the 1961 contribution total.

Speed Big Factor in Highway Deaths, Rotarians Hear

Obert Lilo of Roseau, Highway Patrol Officer, Addresses Club Monday

Obert Lilo of Roseau, safety education officer of the state highway patrol, discussed driving hazards at the Rotary club meeting Monday noon, followed by a film on highway accidents prepared by the Ohio state highway patrol.

Speed is a big factor in highway accidents and especially in the death rate per accident, he said. There is a marked increase in the frequency of accidents as the speed increases from 65 to 70 miles per hour and a sharp increase as the speed goes up from that point. As the speed increases the accidents become more serious.

The fast drivers blame the slow drivers and the slow drivers blame the fast drivers, he said. The combination of the two is bad. A uniform speed would be ideal.

Drinking drivers are always a menace and liquor is involved in at least 30 per cent of all fatal accidents, he charged, stating that there is justification for the belief that liquor actually is involved in half of them. The law prohibits driving while under the influence of liquor but deciding whether a driver is under the influence is sometimes difficult. Good progress has been made in this field by chemical tests and such tests are being used more and more. With their increased use will come better laws and better law enforcement, he predicted.

Any alcoholic beverage, even in small amounts, impairs the capacity of the driver, he stated.

Play and Music Contests Slated In Marshall Co.

15 Plays and 11 Music Entries Are Made in 4-H Event at Four Sites

Four area contests will be held in Marshall county. Two of them are set for Middle River and Stephen, and the other two places are to be announced. Final contest place will also be announced next week.

Clubs entering plays are Florian Friskies, Viking, West Prairie, New Maine, Vega, Riverside, McCrea, Argyle Hustlers, Happy Corner, Gatzke Busy Beavers, Boxville, Woodland, Plainview, Comstock and Tamarac Tacklers.

Music groups are entered by Vega, Riverside, West Prairie, McCrea, Argyle Hustlers, Happy Corner, Sunnyside, Boxville, East Folden, Grove Valiants and Plainview. Area contest winners will compete in the county 4-H play and music contest on April 27.

Purposes of the event are to provide opportunities for 4-H members to take part in a club activity; to give 4-H members a chance to develop poise and self confidence presenting their club plays and musical selections; and to give communities a chance to see 4-H in action. The public is invited to attend and a small admission fee will be charged.

Cancer Crusade Meeting Tonight

Allan Torkelson, Pennington county chairman for the Cancer Crusade to be conducted here in April, announced that a meeting would be held tonight (Thursday) for the area captains assigned to the task of canvassing the city and county areas.

The meeting will be held at the Rex Cafe and the Minnesota division director for the American Cancer Society, Lee Gerglund, will be in attendance. A movie entitled "The Four Stories," the stories of people who have discovered cancer in their own family, will be showed.

Captains may come and leave as they please, according to Torkelson. The movie will be shown continuously from 7 p. m. until most persons have seen it. They may pick up Crusade literature and canvassing materials at the same time and they will then be equipped to conduct the Cancer Crusade in their various assigned areas.

The Cancer Crusade will be conducted throughout the county during the two week period, April 14th to April 27th.

High Producing Cow in Clifford Larson Herd

According to Ray Schooley, Secretary of the American Milking Shorthorn Society, a 3-year-old Milking Shorthorn cow owned by Clifford E. Larson, Thief River Falls recently completed a record of 432 pounds of butterfat from 10,502 pounds of milk after being milked 305 days.

Filing for School Board To Be Open April 22-May 9

Filing for the annual school board election will open Monday, April 22, and will close on May 9 with the election to be held on Tuesday, May 21, according to Robert Bredeson, district clerk.

Terms of three board members expire this year with election to the board being for three-year terms. Those whose terms expire include John Burtness, Lloyd Howick and Rufus Olson. Howick is currently serving as chairman of the board with Olson serving as treasurer.

Ballingrud, Wold Buy Piggly Wiggly Store Building

Partners Make Purchase And Expand Building Through New Addition

Gordon Ballingrud and Otis Wold, proprietors of the Piggly Wiggly Market, have bought the building their store has occupied and are now expanding it by constructing a 25-foot addition on the south end.

The former owner of the building, and for many years the operator of the store, A. M. Magnuson, now a California resident spent several days here recently and arrangements for the sale of the property, including parking facilities, were subsequently completed.

The addition to the rear portion of the store will be used mainly for additional refrigeration and warehouse space, but it will also enlarge the floor space of the store itself to some extent. Store remodeling is already under way and complete redecoration is planned.

The biggest change will be made in the meat department which will have new equipment and will be completely reorganized for self-service selling. Four new check-out counters will also be installed.

The new addition is being built by Prichard Bros., local contractors.

Dairy Day Board To Meet April 23 To Review Plans

Directors of the Northwest Dairy Improvement association, sponsor of Northwest Dairy Day, will meet Tuesday, April 23, at 3 p. m. in the Rex Cafe, according to Stuart McLeod, president of the association. The session will precede a creamery operators meeting to be held that evening.

Changes in the procedure to be followed during Northwest Dairy Day on June 11 will be discussed at the meeting. The proposed changes were suggested at the annual meeting of the association and will be given more thorough discussion and final approval or disapproval on April 23.

EXCAVATION is underway for the convalescent and nursing care addition to Northwestern hospital—one of the largest construction projects scheduled for Thief River Falls this summer. Dean L. Witcher, Inc., is the general contractor with Harry Dahl Construction company of Thief River Falls handling the work on excavation. This view from the present hospital roof looking north shows about half of the area to be covered in the new addition which will extend north from the present building to First street.

Special Services for Good Friday & Easter

Joint Services Are Planned by 2 Groups of Churches Friday

Christ's ordeal on the cross will be commemorated by local churches in special services Good Friday, April 12, while His resurrection will be celebrated in festival services Easter Sunday, April 14.

Six area churches are joining forces in Good Friday rites to be held in Zion Lutheran church from 12 noon to 3 p.m. Pastor participating and the time they will speak include Rev. Harold R. Peterson, Trinity, 12 o'clock; Rev. Leland Steen, Zion, 12:25; Rev. Milton Wilson, Holt, 12:50; Rev. Lawrence Winter, St. Hilaire, 1:15; Rev. Marvin Carlson, Redeemer, 1:40; Rev. Reuben Wangberg, Trinity, 2:05; and Rev. Elder Cecarson, Newfolden, 2:30. Special music also will be supplied by the participating churches.

Seven other local churches have arranged for joint services Good Friday from 12 to 3 p. m. at Our Savior's Lutheran church. Sharing in the rites are Our Savior's, Mission Covenant, Evangelical Free, Assemblies of God, First Baptist and Faith Lutheran churches and the Salvation Army.

The Community Methodist church will hold services Good Friday from 1 to 2 p. m., with special music by the choirs, while St. John Lutheran church will meet at 1:30 p. m. jointly with the Redeemer church of Plummer.

Special services are also planned in many local churches for Easter Sunday. Trinity church will hold a sunrise service at 6 a. m. St. John church has scheduled an early service at 7 a.m., followed by the main service at 10:30.

The Community Methodist church is sponsoring a service by youth at 7 a. m., followed by a breakfast, with identical festival services at 9:30 and 11 a. m. The Redeemer Lutheran church will hold services at 6:30, 9 and 10:30 a. m. Zion Lutheran church has set Easter rites for 7, 9:30 and 10:30 a. m.

Other churches will hold services at their regular hours.

Rev. Ole O. Sande will conduct services in the Scandinavian language in the Evangelical Free church Sunday afternoon at 2:30. Scandinavian Gospel songs also will be rendered.

Jaycees Discuss Air Show Plans

Further discussion of the air show being scheduled as part of the Ninth Annual Jaycees Aquacade in Thief River Falls took place at a meeting of the Aquacade committee held Tuesday evening. James Wilson is Aquacade chairman with Roland Larson heading the air show sub-committee.

It was noted at the meeting that North Central Airlines could provide DC-3 aircraft to provide 20-minute rides to interested persons at a fraction of a regular fare as part of the event and that Sunday events could be devoted entirely to the air show.

Highlight of the afternoon would be the appearance of the National Air Show, a group of stunt fliers with a thrill-packed program of precision air maneuvers and death-defying aerial acrobatics. Arrangements are now being made with the National Air Show to secure a definite date.

Talk also centered around a softball tournament on Saturday, parade on Saturday at 10:30 a. m. and the Miss America Preliminary Pageant on Saturday evening. Dates being considered are August 9-10-11 and August 16-17-18.

School District Will Open Bids On Bonds Apr. 24

Opening of bids on $1,495,000 in general obligation bonds by School District 564 will take place on Wednesday, April 24, at 11 a. m., following action taken by the Thief River Falls board of education Monday evening. Resolutions offered at the meeting in regard to the call for bids on bonds were adopted unanimously with all board members present at the session.

Tunberg Motor company was awarded the contract to furnish two 48-passenger school buses for the district with a bid of $11,240. The Ford chassis will be equipped with Carpenter bus bodies.

Teacher resignations were accepted from Evelyn Omundson, Mrs. Barbara Poole, Gale Halvorson, Marilyn Mead and Florence Schulke. Granted extension of contracts past retirement age were Thora Skomedal, Fred Hanson, Susan Anderson and Clarence Pope. A high school equivalence certificate was also granted to Bixby Knight.

New teachers hired were Mrs. Janice Breiland, University of Minnesota graduate who has taught a year at Newfolden, and who will teach junior high home economics; Miss Gloria Aanerud, Greenbush, graduate of Moorhead State college this year, will teach in the local elementary program; Lawrence Golden, Warren, graduate of Bemidji State college and teacher three years at Clearbrook, will instruct industrial arts; and Catherine Ulrich, University of North Dakota graduate this year, will teach girls' physical education here.

It was also announced at the meeting that Dr. Ralph Fjelstad, professor of government at Carleton College, will be the speaker at commencement exercises on May 29. Dr. Fjelstad is the son of the late Dr. R. M. Fjelstad, former pastor at Trinity Lutheran church in this city.

Northland Chemical Open House Scheduled

Open house will be held at the Northland Chemical warehouse located on the west edge of Thief River Falls on highways 1 and 59 all day Friday, according to Earl Gjernes, farm service manager. All people in the area are invited to visit the farm idea center.

Land O'Lakes Sponsors Annual Pancake Day

Land O'Lakes Creameries, Inc., will sponsor its annual Pancake Day on Wednesday, April 17, at the elevator at 423 Davis av. N. in Thief River Falls.

Note Correction In Land Story

A typographical error which could create a doubt in the mind of the reader appeared in the Times' story regarding a proposed bill on eastern Marshall county land on Monday. Following the wording of the bill, a paragraph noted that "Class I land would include 89,000 acres or 21 per cent while Class I land would total 57,000 acres or 15 per cent. . ." The 89,000 acres are included in the Class II division, not Class I as stated.

Smokers Find Quitting Easy

by Marvin Lundin
City Editor

More than 40 persons who began the Five-Day Plan to Stop Smoking on Sunday evening at the Lincoln high school cafeteria have managed to survive without the use of cigarettes. A number of others have admitted taking an occasional smoke during the day, but generally agreed that the taste was terrible.

As for this reporter, the "sacrifice" has been ridiculously easy to make; so easy, in fact, that I almost feel as if I had been cheated. Armed with the first day's material and the knowledge that the three cigarettes remaining in my pocket would be my last, I left town on Sunday afternoon to prepare for attendance at a funeral for my wife's grandmother the following day.

As a result of this necessary absence, I missed the advantages of group therapy the first two nights of the course. The most difficult part of the program for me was the attempt to adhere as closely as possible to the book in order to do an objective job of accurate reporting.

First Day — Temptation

The little five-day plan booklet states that the first 24 hours should be devoted to fruit and fruit juices and eight to 10 glasses of water. Monday was part of that first 24 hours, and I found myself trapped in the home where the most delicious-looking food was being brought by friends and neighbors of the relatives of the deceased. For me it is easier to say "I choose not to smoke" than "I choose not to eat".

Finding, somewhat to my surprise, that I had not starved to death during the first 24-hour period, the rest was easy. Attending the group thereapy course session Tuesday night was only reassuring. Reactions of various persons to the absence of nicotine from their daily intake were most interesting.

Therapy Reports

On Monday evening, the zealous non-smokers were a tired-looking lot. The loss of the stimulant which nicotine provides was quite evident. One lady said Tuesday evening that she had never had a good night's sleep in her life but since forsaking tobacco she hadn't been able to stay awake.

Another reported that she had "broken over" and taken one cigarette during the afternoon, and it tasted so bad she promptly soaked the rest of the package under a water faucet. Interest is running high in the results of the course, not only at the sessions themselves but throughout the community.

I actually believe it takes people less time to find out you have quit smoking than it would take them to learn your house burned down. I have been asked about the course at the coffee counter (make mine milk), on the street, at committee meetings, the Plummer bowling banquet and downtown stores. I even had a tobacco distributor show me printed literature to show where tobacco and lung cancer must be unrelated.

Change in Attitude

It must be admitted that I entered the program with some misgivings, for I was not one of the many who really wanted to quit smoking. I enjoyed it. Now, however, after again finding out what food tastes like and being able to awake in the morning without having the inside of my mouth taste like it had been stuffed overnight with cigar butts, I find the course rewarding.

The constant reminders that fundamental health habits go hand-in-hand with the strengthening of will power are also rewarding. For the first time in years I took a walk before breakfast Wednesday. Maybe it was because we were out of butter and cereal and orange juice and I had to go to the store on the corner — but I had forgotten what a relaxed walk on a fresh morning had to offer in settling the nerves.

Over-eating, insufficient sleep, overwork and alcohol are all items which tend to weaken the will power, according to V. Emerson and Dr. S. E. Poltman, course instructors. Plenty of water, deep breathing and divine guidance are stressed as helps for hurdling the nicotine barrier. There is no big, dark secret to the success of the course — unless it is perhaps the medical approach.

Last night I stepped on the scale and found I had gained three pounds. Now I need three pounds like I need another left foot. Tonight we are supposed to learn how to control weight without smoking. It better be a good lesson. If it isn't, I may be faced with deciding how I'd rather leave this world — as a victim of lung cancer or hypertension.

Janet Jensen Is Recent Bride In California

Miss Janet Jensen, granddaughter of the Emmett Israelsons of this city, became the bride of John H. Allison at the Lutheran Church of the Good Shepherd in Torrance, California recently. The bride, daughter of Mrs. William Biddle and Jerome Jensen of San Francisco, was escorted to the altar by her father.

Parents of the groom are Mr. and Mrs. Jack Allison of Redondo Beach, Calif.

Rev. M. C. Holmes officiated at the candlelight service which took place at a flower-banked altar.

The wedding gown was of peau de sole in floor length, detailed with a cowl neckline, long, pointed sleeves, and full skirt. A pearl tiara held the illusion veil, and the bridal bouquet was a white orchid encircled by white carnations and stephanotis. The bride's jewelry was a bell-shaped pendant, diamond set, and was a gift from the groom.

Mrs. Burnell Netteland was matron of honor and the bridesmaids were Mrs. Doris Seefeldt, Misses Shirley Biddle, and Pat Otler. They wore gowns of mint green peau de sole and each carried a bouquet of pompon chrysanthemums tied with a mint green ribbon of velvet.

Shirley Netteland, in white nylon and lace, was the flower girl, and Craig Netteland was page.

Jim Allison, the groom's brother, was best man. Groomsmen were Bob Rose and Kenneth Gunn, and the ushers were Dale Seefeldt of Thief River Falls and Gary Biddle of Torrance.

The bride's mother wore a 2-piece ensemble of emerald green satin with white accessories, while the groom's mother wore a brown suit dress with fur jacket.

A reception was held after the wedding.

The bride graduated from Lincoln high school of this city and Arlington state college in Arlington, Tex. Her husband, a Serra High graduate, also attended El Camino college. He is employed in Redondo Beach, where they are at home.

Attending from out of town were the bride's father, Jim Jensen of San Francisco, Calif.; Mr. and Mrs. Del Seefeldt, Dale and Doreen, of this city, and Mr. and Mrs. Emmett Israelson, also of this city.

Shower at Holt Honors Mrs. Virgil Erickson

Honored at a pink-and-blue shower on Saturday evening was Mrs. Virgil Erickson of Holt. The shower was held at the David Olson home, with Mrs. Olson as hostess.

Games were played, and following the evening's entertainment the guests were served lunch. In addition to Mrs. Erickson, the guest list included Mmes. Connie Burrell, Robert Olson, Jay Garthus, Hilmer Davidson, Glenn Bernstein, Olga Erickson, Oscar Christenson, Herb Dill, Ralph Towne, Jim Thompson, and David Olson. Other invited guests not able to attend but sending gifts included Mrs. Oscar Swenson, Mrs. Carl Burrell, Mrs. Johnny Nelson, Mrs. Eldon Swenson, and Mrs. Oxford of Waubun.

Elaine's CHATTER

Are you lower than low, uncomfortable, unhappy, unloved . . . uneverything? Well ,if so, don't flit up to the attic and hang yourself . . . it is caused by your happiness cycle. You did'nt know you had one? Well, neither did we until we read about it recently.

It seems our moods go in cycles ranging from top drawer to cellar stairs. The only thing to do is not to worry about it; make no important decisions while at the low ebb because anytime you will pull out and be on top of the world where nothing can touch you. These cycles are supposed to last about six weeks, so why not make a test? Just make a note of the day everything goes wrong like when the plumbing springs a leak, the kids drive you crazy, you are chairman of the committee and the Speaker doesn't show . . . your best friend says "WHERE did you get that hat?"

Then watch closely and you will find in a few days things begin to change. The Butcher gives you some extra parsley ,your husband's Boss's wife asked for your cake receipt, junior wants to know what the man next door meant when he said you were whistled at.

It is a nice world after all.

In the meantime, while you are coming and going out of this slump, we would suggest that you be prepared for the best and the worst by giving some serious thought to your spring wardrobe. No woman can be too depressed when, she is well dressed. Let's start with an Easter bonnet. White goes with everything the roll-brim rough straw is so smart . . . the tall-crown white with black or navy band and veil will give you height . . . we love the bright red sailor.

Shop now. Some Spring Coats have been reduced . . Hurry!

BPO DOES Have Annual Banquet Tuesday Night

The BPO Does staged their annual Mother-Daughter banquet in the Elks club room on April 9, with about 100 persons in attendance. The 6:30 banquet was preceded by an introduction by Arlene Brandt, a welcoming address by president Polly Haroldson, and invocation by chaplain Elba Collins. Program chairman was Gladys Olson.

Speaking for the mothers was Mrs. Verna Noper, with the daughters' response given by Jeanette Noper.

An *Easter parade style* show, featuring fashions from the Junior Shop, was accompanied by a commentary given by Mrs. Ferne Williams. Marilyn Winter was vocal soloist during the show, and she was accompanied by Marie O'Hara at the piano. Models were Arlene and Barbara Wilson, Debbie and Mary Hall, Kayle and Rayne Brandt, Ruth and Nancy Looker, and Mary Carlson.

A girls' trio from the local high school, with Carol Carlson, Gloria Phillip, and Karen Moe, performed to the accompaniement of LuAnn Johnson. "The Whistlers", Randall Noper and Malcolm Magnuson, also entertained the group, as did Susan Merell of Oklee who rendered an accordion selection.

Trinity Mothers To See Program on "Blessings"

Trinity Mothers' Circle has slated its regular meeting for Wednesday, April 17, at 8:15 p. m. in the church lounge.

Many of the members will take part in the program, entitled, "God's Calendar of Blessings," which will be portrayed through the use of colored slides, narration, and musical numbers. Devotions will be given by Mrs. Emil Helgren.

This occasion will be "Grandmothers' Night" and each lady is asked to bring a grandmother with her. She need not necessarily be a relative.

Hostesses for the evening will be Mmes. S. M. Giere, Harold Halvorson, Clayton Molstad, Gordon Ballingrud, David Sundquist, Leslie Snetting, and Richard Bergland.

Irvin Wilsons Host Party For Wrestlers

Sorgasbord was the order of the evening when the "A" wrestling squad of Lincoln high school, along with the coaches, were guests at a dinner party at the Irvin J. Wilson home recently. The squad was kept entertained at darts, ping ping, and cards until the smorgasbord was served. Films of the past season's matches were then shown, by assistant coach Dale Folger and Irvin Wilson.

Movies were taken afterwards, and coach Al Shaff presented the boys with their awards, congratulating them on their successful season. He wished the graduating seniors good luck, and gave the squad advice on keeping in shape for next year's program, which he expects will surpass this season in successes.

Present were coach Al Shaff, assistant coach and Mrs. Dale Folger, Mr. and Mrs. Howard Brandt, Mr. and Mrs. Irvin Wilson, and team members Roy Delorme, Myles Olson, Roger Wilson, Gary Nerenson, Steve Skadsen, Luke Kaushagen, Tom Larson, Dean Kaushagen, Joe Taylor, Ray Ulrich, Bob Benson, Dwight Myhrer, Terry Nelson, and Mike Magnuson.

Mrs. Arthur Bergland And Niece Honored

Hostess at a double birthday party at Trail on Sunday was Mrs. Palmer Solheim, who entertained in honor of her sister, Mrs. Arthur Bergland of this city, and her own daughter, Susan Solheim. Each of the honored guests had a decorated birthday cake and received a number of gifts.

Those attending were Mr. and Mrs. Arthur Bergland and Steven, of this city; Mr. and Mrs. Adolph Peterson, Jennifer and Andy of Trail; Mr. and Mrs. Edwin Bratvold and children of Gonvick; Mr. and Mrs. Russell Norberg and children of Oklee; Nordal Solheim and Sharon of Trail, and Mr. and Mrs. Palmer Solheim and children, also of Trail.

Mrs. Solheim served a delicious luncheon to climax the day.

Donald G. Haugen To Wed Sharon K. Kauth

Announcement is made by Mr. and Mrs. Bennett Kauth, Hunter, N. D. of the engagement of their daughter, Sharon Kaye, to Donald G. Haugen, son of Mr. and Mrs. Gay Haugen, Pierce Trailer Court, Moorhead.

Miss Kauth, a graduate of the Hunter high school, is now employed in Fargo, N. D. Mr. Haugen is a graduate of Lincoln high school of this city and has served three years in the U. S. Army. He is in the employ of the Gamble store in Moorhead.

The wedding is planned for June.

Diane Wilson Fiancee Of Norman Tunheim

Mr. and Mrs. Irvin J. Wilson of this city announce the engagement of their daughter Diane R. Wilson to Norman Tunheim, son of Mr. and Mrs. Newell Nelson of rural Thief River Falls.

The prospective bride, a 1962 graduate of Lincoln high school of this city, is employed in the office of the F. B. I. in Washington, D. C. Her fiance is stationed in Baudette with the Air Force.

Date of the wedding is indefinite.

Marlene Kimberly Is Feted At Shower

To honor bride-to-be Marlene Kimberly of St. Hilaire, a number of friends and relatives attended a bridal shower at the Covenant Church on Friday evening. Miss Kimberly's wedding will be an event of April 20.

A program was presented, consisting of a scripture reading and prayer, led by Mrs. Edwin Anderson, vocal solo by Mrs. Merle Gustafson, a reading, "Christ in the Home," by Mrs. Wm. A. Corbet, duet by Mrs. Bob Swanson and Mrs. Kenneth Swanson, a comedy skit by Mrs. Robert Peterson and Mrs. Merle Gustafson. Presentation of gifts was made to the guest of honor, and games were played. A group from the ladies aid served lunch to round out the evening.

Baby Shower Given For Mrs. R. Eckstein

A pink-and-blue shower honoring Mrs. Robert Eckstein was held on March 28, with Mrs. Albert Harbott of this city and Marlene Harbott of Red Lake Falls as hostesses.

Present for the occasion were the following guests from Thief River Falls: Betty Berggren, Mrs. Charles Anderson, Mrs. Martin Solseng Jr., Mrs. Harry Stureby, Mrs. N. H. Kortuem, Mrs. Victor Anderson, and Mrs. Loren Borsheim and Lynette. Attending from out of town were Mrs. Don Landsneck of Fosston, Mrs. Woodrow Almquist, Mrs. James Gaven and Susan, of St. Hilaire, Mrs. Fred Eckstein, Mrs. Virgil Eckstein of Wylie, and Mrs. Roger Eckstein of Red Lake Falls.

Patrick A. Molstad Receives Baptism

Baptismal rites for the Clayton Molstad infant, Patrick Albert, were performed at the second service at Trinity Lutheran Church on Sunday, April 7. Rev. Reuben Wangberg officiated, and the sponsors were Mr. and Mrs. James D. Kelly of Crookston.

At the conclusion of the church services, the Kellys were guests for dinner at the Molstads. Pictures were taken, and a social time followed.

Myron Carlson Herd Tops Pennington DHIA

Myron Carlson's dairy herd topped the Pennington County Diary Herd Improvement association for the month of March, according to Orville Peters, supervisor for the Pennington DHIA.

Herd averages are affected by the number of dry cows in the herd. The amount of milk or butterfat produced is averaged out over all the cows. This gives the farmer a record of the earning power of the herd for the month. If a large number of dry cows are included in the herd, then the average for that month may be low even though the cows which are milking produce a lot of milk.

During the month there were 25 herds on test with a total of 713 cows and an average of 28.5 cows per herd in the association. Eighty-five per cent of the cattle were milking with the average amount of milk produced per cow totaling 1,022 pounds and 3.6 per cent butterfat for an average of 36.8 pounds of butterfat per cow.

Four cows finished their testing year during March with records totaling more than 500 pounds of butterfat. Owner of cows and production records were as follows: Merle Lundeen, 13,730 pounds of milk and 537 pounds of butterfat in 342 days; Clayton Mathson, 13,560 pounds of milk and 518 pounds of fat in 320 days; Mehrkens Farms, Inc., 17,370 pounds of milk and 596 pounds of fat in 365 days; and Albert Koop, 12,160 pounds of milk and 508 pounds of fat in 361 days.

	Avg. Milk	Avg. Fat	Avg. Test
Myron Carlson	1330	53.7	4.04
Art Stenberg	1332	47.5	3.56
Clye Christensen	1298	47.3	3.64
Earl Erickson	961	45.7	4.74
Clarence Swanson	1153	44.3	3.84
Dale Svendsgaard	1181	42.3	3.58
Donald Erickson	1166	42.1	3.61
Darrow Lundeen	1387	40.7	2.93
Adolph Peterson	1274	40.7	3.19
L. & W. Hamrick	1137	40.5	3.57

In the Times story regarding February leaders, the names and averages were inadvertently omitted. They were as follows:

	Avg. Milk	Avg. Fat	Avg. Test
Myron Carlson	1085	47.5	4.38
Darrow Lundeen	1382	42.6	3.08
Clyde Christensen	1155	40.0	3.46
Earl Erickson	800	38.0	4.75
Clarence Swanson	1044	36.8	3.50
Martin Hanson	1063	36.7	3.47
Art Stenberg	980	34.6	3.51
Wallace Iverson	959	33.3	3.47
Donald Erickson	929	32.7	3.52
Don Bruggeman	955	32.1	3.36

Owners and records of cows which topped 500 pounds of butterfat upon completing their year of testing in February were: Mehrkens Farms, Inc., 14,280 pounds of milk and 537 pounds of fat in 291 days; John Burtness, 18,370 pounds of milk and 656 pounds of fat in 365 days; Art Stenberg, 14,100 pounds of milk and 515 pounds of fat in 301 days; and Martin Hanson, 13,000 pounds of milk and 521 pounds of fat in 303 days.

FFA Parent and Son Banquet Is Set Wednesday

About 200 persons are expected to attend the annual Parent and Son banquet to be sponsored by the Thief River Falls Future Farmers of America chapter on Wednesday, April 17, at 8 p. m. in the Lincoln high school cafeteria. Tickets will be on sale at $1.50 each until Monday.

Dr. Keith McFarland, director of resident instruction and assistant dean at the University of Minnesota, St. Paul campus, will be the guest speaker. State farmer awards and all other awards to members of the local chapter will be presented at the banquet.

Arrangements for the event are being headed by Peter Probasco, instructor of vocational agriculture at Lincoln high school and advisor for the local FFA chapter.

2 Teachers Resign Newfolden Posts

Two teachers, Mrs. Jan Breiland, home economics, and Mrs. Bonnie I. Strack, second grade, have resigned their positions in the Newfolden community school effective at the end of this school term.

Mrs. Breiland has accepted a similar position in the Thief River Falls schools for next year and Mrs. Strack resigned for personal reasons.

Sheldon Elseth, biology, general science and coach, asked for an extension of time before signing his contract, which was granted by the board of education.

Rites Held Today for C. W. Vorachek, Pioneer Resident

Retired Businessman, Long Active in Local Affairs, Lived Here over 60 Years

Funeral services will be conducted from the Community Methodist church this afternoon, Thursday, at 2 o'clock for Charles W. Vorachek, well-known resident of this community for more than 60 years, who died Sunday, April 7, in a St. Paul hospital at the age of 78. The Rev. A. Dean Headley will officiate, and interment will be in Greenwood cemetery.

The son of Mr. and Mrs. John J. Vorachek, Mr. Vorachek was born in Fordville, N. D. August 29, 1884, and came with his parents to Thief River Falls in 1900. He attended school here, as well as a business college in Minneapolis.

He was associated with the former Citizens State bank in this city from the early 1900s until it closed in 1925. He later served as agent for a life insurance company, and also did income tax work until his retirement this past year.

Active in community affairs, Mr. Vorachek earlier this year was awarded a life membership in the Chamber of Commerce. He was a past exalted ruler of the local Elks lodge and a long-time member of Northern Lodge of Masons, as well as a member of the ZCBJ Bohemian lodge and the Sportsmen's club.

Mr. Vorachek was married to Miss Minnie Krueger August 20, 1930, at the Little Brown Church in the Vale at Nashua, Iowa. She survives his death, together with a daughter, Mrs. Merlin (Kathryn), Garlid of Minneapolis and three grandchildren. He was preceded in death by one sister and one brother.

Martin Sletto, 43, Dies in Veterans' Hospital at Fargo

Martin R. Sletto, formerly of this city, and recently of Finland, Minn., died in the Veterans' hospital in Fargo, N. D. on April 9, after an illness of several months. He was the brother of Mrs. Elsie Higdem of this city.

Funeral services will be held at Salem Lutheran church of rural Oklee at 2 p. m. on Saturday, April 13. Rev. Ronald Saethre will officiate. Petterson Funeral Home of Red Lake Falls is handling arrangements.

Mr. Sletto was born at Gully on October 20, 1919, *living at Gonvick* and graduating from high school there in 1939. A veteran of World War II, he served with the Air Force in the European and Mediterranean areas.

On December 25, 1946, he married Miss Leona Larson at Salem Lutheran church. She survives, along with five sons, Michael, David, Mark, Robin, and Gregory; his mother, Mrs. Bertha Sletto, Gonvick; two brothers, Adolph of Gonvick, and Clarence, of South Milwaukee, Wis., and a sister, Mrs. Elsie Higdem of this city.

For the past four years he has been employed as an air-conditioning refrigeration technician at Finland AF base, near Duluth.

Radiation Aids In Cure of Cancer

EDITOR'S NOTE: This is the second in a series of articles on "The Four Keys to Cancer Control." Today's article discusses the role of radiation in the rising cure rate.

By Pat McGrady
Science Editor
American Cancer Society

Less than a decade ago, surgeons in several research centers decided that certain types of widespread or rapidly growing breast cancer could not be helped by an operation.

They referred these cases to the x-ray department. In some institutions the patients were given, for temporary relief, large doses of x-rays from some of the new super-voltage machines.

A few of these inoperable patients have now survived five or more years without evidence of the disease. The definition of a cancer cure is survival for five years without recurrence.

To the delight of the radiotherapists and — it goes without saying — the pleasure of the patients, the procedure which was intended to be palliative may turn out to be curative in some of the inoperable cases.

One group of 100 patients with cancer of the breast were treated by radiation. According to accepted clinical standards of operability, they qualified, technically for surgery. However, before the mode of treatment was decided upon, tissue samples distant from the tumor were removed, inspected under the microscope and found to harbor hidden cancers. These patients now were considered unsuitable for surgery and were given vigorous super-voltage radiation not only of the breast but also of all the lymph-node areas to which cancer might have spread. Half of these patients have survived five years.

X-rays Effective

It is possible that something in the basic nature of breast cancers which makes some of them grow very rapidly causes them to wither under x-rays. Perhaps it is their fast growth; x-rays are particularly lethal to dividing cells.

While some kinds of cancer such as melanoma, or "black cancer," and tumors of the digestive tract, prostate, testis, kidney, bladder and thyroid) are usually treated by surgery, others, including leukemia and Leukemic-like diseases and cancers of the skin, uterine cervix, lip, larynx and many other sites, often can be treated effectively with radiation.

Several advances have increased greatly the scope of radiation therapy in cancer. Many kinds of machines producing and delivering a variety of rays have increased the accuracy and effectiveness of radiation. Among these are cyclotrons, synchrotrons, betatrons, linear accelerators and radium and cobalt "bombs," all of them with millions of electron volts of cancer-killing potential.

Tumors anywhere in the human body now can be irradiated with super voltage therapy. Experiments at Stanford University are indicating that incurable Hodgkin's disease, which attacks lymphatic tissue, can be controlled for years at a time in many patients. The results, achieved with a linear accelerator, give hope for even greater control of this desease in the future.

Miracle or Mirage

A rapidly developing trend is toward combining radiation with *surgery and-or drugs. With* some combinations, investigators have claimed improved results of treatment. Until others confirm their findings in long-term studies, however, it is difficult to determine whether the alleged advances are genuine or a mirage.

Some have claimed to have increased prevailing breast cancer cure rates by combining surgery and radiation. Others have said that radiation administered two months before surgery is adding a modest but definite percentage to the present low survival of patients with lung cancer.

Meanwhile, many biochemists are seeking to find or develop drugs which will enhance radiation cures of cancer. The current concept that cells are most vulnerable to radiation just before, during and shortly after dividing, guides many of the investigations.

Some chemicals — like sedatives or alcohol — slow cell division. If these can be made to act exclusively on normal cells, they may reduce the bad effects of radiation.

Other chemicals, including some hormones, speed up cell division. If caner can be induced to take up the drugs — and normal cells can be protected against them — the destructive force of x-rays against cancer can be increased.

Some drugs have the same effects as x-rays and they are being used to multiply the effects of radiation.

A wide search is under way for clues as to precisely how radiation acts on its targets. The evidence indicates that one of its mechanisms is to split compounds composed of hydrogen and oxygen — like water (H2O) or hydrogen peroxide (H2O2) into atomic fragments which combine with other compounds and gum up cell chemistry.

A Dallas group has injected cancer patients with hydrogen peroxide, the material which transforms some brunettes into blondes, and then subjected their cancers to x-rays. The procedure, which was reported remarkably destructive to some cancers, now is being tested by other investigators.

NEXT: Drugs Against Cancer.

Road To Calvary

By Mrs. Flora Allison

Via Dolorosa, Street of Sorrow . .
Lonely road of suffering which the Savior trod
Up a hill of torture, to expire
On a cross of shame, to prove that He was God!

Via Dolorosa, shared by the faithful few
Who, loving Him, were moved to tears
For the loneliness, the agony He knew:
The sadness He experienced, and the human fears.

Via Dolorosa, Path to Glory!
Though it led Him up to Calvary's fearful height,
It was the battlefield where sin was vanquished
'Mid the crash of thunder, the flash of lightning bright.

Via Dolorosa, Road to Triumph
Knows the bright, glad sunrise after darkest gloom,
Gone now all the mockery and rejection,
It emerges glorious as the empty hillside tomb!

The Library Corner

Did you ever stop to think that the more you know, the more you know there's more to know! The smaller the world becomes via jet and space-craft, the greater the need for more knowledge. Back in grandpa's day there was not the same need for knowledge, nor was there as much knowledge. Today, something new and different happens every turn of the second hand. And where do you get your information, your understanding, and your explanations of the world's happenings?

Do you go to your library? If you do, that's good; if you don't, you should. Why should you? In the first place, it is your library and in the second place, the information you want, need or desire is there or it can be obtained for you.

Changing times have resulted in changing libraries. The classics are still on the shelves, but so are space-age volumes. Your library is your Information Center and your librarians function as a team to keep the information available and easily accessible. The subject matter of the volumes, periodicals and newspapers is as varied as the cover that catches your eye.

Librarians know that if you get to know and use your public library you will help support it so that you will have better service and the library will be used to your advantage. Encourage others, too, to use their information center.

Speaking of information, one of the newest books on the crowded shelves is "Teen-Age Tyranny"—and it is one every parent, grandparent and teen-ager should read and digest. The authors, Grace and Fred M. Hechinger, cover many subjects and finish the book by giving some unique but practical suggestions dealing with the responsibilities of American parents and educators. Read "Teen-Age Tyranny" regardless of your age.

Another new book fresh off the press is called "West of the Mountains" and authored by D. Geneva Lent. The information contained in it comes straight from the Hudson's Bay Company archives in London and Canada. James Sinclair is the brave and ambitious man the writer describes so vividly throughout the book. Those readers who have a yen to know more and more about the past will welcome this volume with open arms.

And now comes Gabriel Fielding's "The Birthday King", a historical novel with Germans and the Third Reich the subjects. The book is about human beings, and the author succeeds in making the two brothers, Alfried and Ruprecht, about as human as two people ever were. Tragedy, true tragedy such as this book describes, is not met head-on every day, that is why "The Birthday King" should be read for the reader undergoes a great emotional experience.

Remember your Information Center, Carnegie Public Library! There are books on the shelves that tell how to bake a cake, how to build a house and how to build an empire — the information is yours for the asking.

Do you have a library card? If not, one is yours for the asking and what travel agency, besides your Public Library, can give you a free round-trip ticket for a trek around the world (and you needn't be back in 80 days)?

For information and entertainment — see your librarian — today!

There will be no admission charge and all interested persons are invited to attend.

Carlson Wins Mystery Trip

Robert Carlson, manager of the Minneapolis Star and Tribune office in Thief River Falls, was named winner of a three-day mystery trip today. The trip award was based on his attaining 117.4 per cent of quota on new subscriptions during a four-week period.

Carlson placed 10th among 107 supervisors and with his wife will receive the three-day trip. Date and place of the trip have not been announced but possibilities include New York City, Washington, D. C., San Francisco, Miami and others.

PUBLIC OPINION

Dear Editor:

"We require immediately a large number of US magazines, books and novels for our American Library which we have recently opened in our town to combat the communist literature. The main object of our library is to promote the goodwill and mutual understanding between our two greatest democratic counties of the world. There is a great demand for US periodicals. We have several hundred readers with door to door services and we are running this library on non-commercial basis.

We request Americans to support our library for indefinite period with their suggestions too for furthering the aims and programs of the library.

Thanks.

LEGAL NOTICE

Apr. 11
NOTICE OF BOND SALE
$1,495,000 SCHOOL BUILDING BONDS
Independent School District No. 564
(Thief River Falls), Minnesota

NOTICE IS HEREBY GIVEN that the School Board of Independent School District No. 564, Minnesota, will meet at the office of the Superintendent of Schools in Thief River Falls, Minnesota, on Wednesday, the 24th day of April, 1963, at 11:00 o'clock A.M., for the purpose of considering sealed bids, only, for the purchase at not less than par of $1,495,000 negotiable coupon general obligation School Building Bonds of said District. Said bonds, of $1,000 or $5,000 each, as elected by the purchaser within 48 hours after the sale, will be dated April 1, 1963, bearing interest at a rate or rates to be designated by the successful bidder subject to the conditions expressed below. Interest will be payable semiannually on January 1 and July 1 of each year, commencing January 1, 1964. The bonds will mature serially on January 1, in the following years and amounts:

Year	Amount	Year	Amount
1966	$35,000	1979	60,000
1967	35,000	1980	60,000
1968	35,000	1981	65,000
1969	45,000	1982	65,000
1970	45,000	1983	65,000
1971	45,000	1984	65,000
1972	60,000	1985	65,000
1973	60,000	1986	65,000
1974	60,000	1987	65,000
1975	60,000	1988	65,000
1976	60,000	1989	65,000
1977	60,000	1990	65,000
1978	60,000	1991	65,000

Bonds which mature in the years 1981 through 1991 will be each subject to redemption on January 1, 1980, and any interest payment date thereafter, in inverse order of serial numbers, at par and accrued interest plus a premium of 2½% of par for any bond so prepaid prior to or on July 1, 1985, and at a price of par and accrued interest for any bond prepaid thereafter. The bonds will be registrable as to principal only on books kept for such purpose in the office of the School District Treasurer. Principal and interest will be made payable at any suitable bank designated by the successful bidder within 48 hours after the sale. The School District will furnish and deliver without cost to the purchaser and within forty days after award of sale, the executed bonds and the unqualified legal opinion of Messrs. Dorsey, Owen, Marquart, Windhorst & West, of Minneapolis, Minnesota. The text of said opinion will be printed on the back of each bond.

Each bid must be received by the undersigned Clerk before the time of said meeting, and must be unconditional except as to legality, which may be conditioned upon the above described opinion, and must be accompanied by a cashier's or certified check or bank draft in the amount of $29,900, payable to the School District Treasurer, to be forfeited as liquidated damages in case the bid is accepted and the bidder shall fail to comply therewith. Bids shall state one rate of interest from date of issue to maturity for all bonds having a common maturity date. Not more than 5 such rates are to be specified for the issue, and the maturities of the bonds may be split no more than 5 ways for the purpose of designation of such rates. All rates and combinations of rates should be expressed in integral multiples of ¼ or 1/10 of one per cent per annum and no bond may bear total interest in excess of 6% per annum. No bid for less than par plus accrued interest from date of bond issue to date of bond delivery will be considered, nor any bid specifying a basic rate of interest for any maturity lower than the basic interest rate borne by any preceding maturity. Bidders may provide that some or all of the bonds shall bear interest at an additional rate for any period of their term, but such additional or "B" coupon interest may not exceed $14,950 in amount. The bid offering the lowest net interest cost (total interest from date of issue to stated maturities, less any premium offered) will be deemed the most favorable. The School Board reserves the right to reject any and all bids, and to waive any informality in any bid.

Dated April 8, 1963.

Member R. Olson introduced the following resolution and moved its adoption:

RESOLUTION CALLING FOR PUBLIC SALE OF $1,495,000 SCHOOL BUILDING BONDS

BE IT RESOLVED by the School Board of Independent School District No. 564 (Thief River Falls), Minnesota, as follows:

1. This Board shall meet at the time and place specified in the form of notice of sale hereinafter set forth, for the purpose of receiving and considering sealed bids for, and awarding the sale of, 1,495,000 School Building Bonds of the District, which bonds were authorized by the voters of the District at a special election held March 5, 1963.

2. The Clerk is hereby authorized and directed to cause notice of said meeting and of the purpose thereof to be published in one issue of the official newspaper of the District, the Thief River Falls Times, and in one issue of Commercial West, published at Minneapolis, Minnesota, each such publication to be made at least ten days before the date of said meeting, which notice shall be in substantially the following form:

NOTICE OF BOND SALE
$1,495,000 SCHOOL BUILDING BONDS
INDEPENDENT SCHOOL DISTRICT NO. 564
(Thief River Falls), Minnesota

NOTICE IS HEREBY GIVEN that the School Board of Independent School District No. 564, Minnesota, will meet at the office of the Superintendent of Schools in Thief River Falls, Minnesota, on Wednesday, the 17th day of April, 1963, at 11:00 o'clock A.M., for the purpose of considering sealed bids, only, for the purchase at not less than par of $1,495,000 negotiable coupon general obligation School Building Bonds of said District. Said bonds, of $1,000 or $5,000 each, as elected by the purchaser within 48 hours after the sale, will be dated April 1, 1963, bearing interest at a rate or rates to be designated by the successful bidder subject to the conditions expressed below. Interest will be payable semiannually on January 1 and July 1 of each year, commencing January 1, 1964. The bonds will mature serially on January 1, in the following years and amounts:

Year	Amount	Year	Amount
1966	$35,000	1979	$60,000
1967	35,000	1980	60,000
1968	35,000	1981	65,000
1969	45,000	1982	65,000
1970	45,000	1983	65,000
1971	45,000	1984	65,000
1972	60,000	1985	65,000
1973	60,000	1986	65,000
1974	60,000	1987	65,000
1975	60,000	1988	65,000
1976	60,000	1989	65,000
1977	60,000	1990	65,000
1978	60,000	1991	65,000

Bonds which mature in the years 1981 through 1991 will be each subject to redemption on January 1, 1980, and any interest payment date thereafter, in inverse order of serial numbers, at par and accrued interest plus a premium of 2½% of par for any bond so prepaid prior to or on July 1, 1985, and at a price of par and accrued interest for any bond prepaid thereafter. The bonds will be registrable as to principal only on books kept for such purpose in the office of the School District Treasurer. Principal and interest will be made payable at any suitable bank designated by the successful bidder within 48 hours after the sale. The School District will furnish and deliver without cost to the purchaser and within forty days after award of sale, the executed bonds and the unqualified legal opinion of Messrs. Dorsey, Owen, Marquart, Windhorst & West, of Minneapolis, Minnesota. The text of said opinion will be printed on the back of each bond.

Each bid must be received by the undersigned Clerk before the time of said meeting, and must be unconditional except as to legality, which may be conditioned upon the above-described opinion, and must be accompanied by a cashier's or certified check or bank draft in the amount of $29,900, payable to the School District Treasurer, to be forfeited as liquidated damages in case the bid is accepted and the bidder shall fail to comply therewith. Bids shall state one rate of interest from date of issue to maturity for all bonds having a common maturity date. Not more than 5 such rates are to be specified for the issue, and the maturities of the bonds may be split no more than 5 ways for the purpose of designation of such rates. All rates and combinations of rates should be expressed in integral multiples of ¼ or 1/10 of one per cent per annum and no bond may bear total interest in excess of 6% per annum. No bid for less than par plus accrued interest from date of bond issue to date of bond delivery will be considered, nor any bid specifying a basic rate of interest for any maturity lower than the basic interest rate borne by any preceding maturity. Bidders may provide that some or all of the bonds shall bear interest at an additional rate for any period of their term, but such additional or "B" coupon interest may not exceed $14,950 in amount. The bid offering the lowest net interest cost (total interest from date of issue to stated maturities, less any premium offered) will be deemed the most favorable. The School Board reserves the right to reject any and all bids, and to waive any informality in any bid.

Dated March 11, 1963.

By Order of the School Board
Robert A. Bredeson,
School District Clerk
Thief River Falls, Minnesota

3. Each and all of the terms and provisions of the foregoing form of notice are hereby adopted and confirmed as the terms and conditions of said bonds and of the sale thereof.

Lloyd Howick,
Chairman

Attest: Robert Bredeson
Clerk

The motion for the adoption of the foregoing resolution was duly seconded by Member R. Bredeson, and upon vote being taken thereon, the following voted in favor thereof: Anderson, Bredeson, Burtness, Hoel, Howick, Olson, and Owen; and the following voted against the same: None. Whereupon said resolution was declared duly passed and adopted, and was signed by the Chairman, which was attested by the Clerk.

A motion by M. Owen, seconded by H. Hoel and carried to accept the following teacher resignations: Dale Knewtson, Mrs. Pat Knewtson, Mrs. Jean Tureson, Miss Gayle Altstatt, and Mr. Richard Brooks.

A motion by John Burtness, seconded by R. Bredeson and carried to approve contracts for instruction for a student in the special elementary education class from St. Hilaire and a contract for local transportation and tuition for a blind student from Hallock.

A motion by Howard Hoel, seconded by Rufus Olson and carried to instruct the clerk to advertise for school bus bids for two new units to meet State Department specifications and also request of our transportation department.

A motion by M. Owen, seconded by H. Hoel and carried to change prices for permanent waves in the vocational cosmetology department to $5.50 and $6.50.

A motion by R. Anderson, seconded by R. Bredeson to adjourn at 10:30.

Signed: Robert Bredeson,
Clerk.

Approved: Lloyd Howick,
Chairman

4300.	5025.	6200.	6500.
	5150.	6400.	6700.
	5275.	6600.	6900.
		6800.	7100.
		7000.	7300.

This schedule calls for a $60 drop in dependency allowance.

Motion to adjourn by Hoel, seconded by Burtness.

Signed: Robert Bredeson,
Clerk.

Approved: Lloyd Howick,
Chairman.

Special Meeting
March 18, 1963

A special meeting of the school board was held at 9:00 A.M. in the Superintendent's Office on Monday, March 18, 1963.

Members present were: Howick, Bredeson, Owen, Burtness, Olson, Anderson and Hoel.

Members absent were: None.

Chairman Howick presided.

A motion by R. Olson, seconded by M. Owen and carried to reconsider the salary schedule adopted at the meeting of March 14, 1963 and that the following schedule be adopted:

Years of Experience	Two Years Training	Three Years Training	Four Years Training	Five Years Training
0	3300.00	3925.00	$4500.00	4800.00
1	3325.00	4050.00	4700.00	5000.00
2	3450.00	4175.00	4900.00	5200.00
3	3575.00	4300.00	5100.00	5400.00
4	3700.00	4425.00	5300.00*	5600.00
5	3825.00	4550.00	5500.00	5800.00*
6	3950.00	4675.00	5700.00	6000.00
7	4075.00	4800.00	5900.00	6200.00
8	4200.00	4925.00	6100.00**	6400.00
9	———	5050.00	6300.00	6600.00
10	———	5175.00	6500.00	6800.00**
11	———	———	6700.00	7000.00
12	———	———	6900.00***	7200.00

A dependency allowance of $300.00 per year is in addition to the above schedule.

Experience in school systems other than Thief River Falls may be allowed up to a maximum of six years. This would place experienced teachers, new to this system on step number 7 if they have six years experience.

Beginning with the school year 1960-1961, each teacher is required to attend school every four years on the Bachelor's level and every five years on the Master's level, and present six semester or eight quarter hours of credit.

*Six semester hours or eight quarter hours additional credit will be needed at this point in order to advance on the schedule. Work should be in the field that one is teaching, or in related fields.

**Twelve semester hours or sixteen quarter hours additional credit will be needed at this point in order to advance on the schedule. Work should be in the field that one is teaching, or in related fields.

***Eighteen semester hours or twenty-four quarter hours additional credits will be needed at this point in order to advance on the schedule. Work should be in the field that one is teaching, or in related fields.

Any change in the above must be approved in writing by the School Administration.

An allowance of ten days annually shall be permitted for illness of the teacher. Five of the ten days may be used for illness or death in the immediate family. Sick leave not used in any year may cumulate to one hundred twenty (120) days.

Annual physical examinations may be required of each teacher at the discretion of the Board.

Annual increments shall be contingent on satisfactory service. The Board may, upon administrative recommendation, withhold increments.

Three-fourths of the annual salary for the current school year shall be paid in nine equal payments, subject to deductions under the law for the State Teacher's Retirement, O.A.S.I., income tax, or other authorized deductions. The remaining one-fourth of the annual salary shall be paid on June 20th.

Voting for: Owen, Olson, Burtness, Hoel, Bredeson, Howick.

Voting Against: None.

Passing: Anderson.

A motion to adjourn by H. Hoel.

Signed: Robert Bredeson,
Clerk.

Approved: Lloyd Howick,
Chairman.

Public Notices

Card of Thanks

The families of Claus Johnson want to thank their friends and neighbors for the memorials and kindness shown us in the passing of our father. Special thanks to Rev. and Mrs. Blackwood for the message and music at the Covenant Church at Viking, to Alex Anderson for the songs, to the Viking C.W.A. for the lunch and to the pallbearers. Also a special thanks to the employees, nurses, and aides at Oakland Park Home for the wonderful care given him during his stay there. 1t29c

Card of Thanks

We would like to give our sincere thanks for kindness and friendliness shown our dear brother Edward Holten during his illness and death. Special thanks to Pastor Milton Grorud for his comforting words, and to Ralph and Mae Petterson, funeral directors. Your kindness will always be remembered. Thanks for the flowers. God bless you all. The Holten family. 1t29c

LEGAL NOTICE

April 4-11-18
NOTICE OF HEARING
State of Minnesota
County of Pennington
In District Court
Ninth Judicial District

In the matter of the Petition of Joseph Seidel, County Engineer, Pennington County, to make Minnesota alterations or changes in Judicial Ditch No. 18, in Pennington County Minnesota

TO ALL PERSONS INTERESTED IN JUDICIAL DITCH NO. 18, IN PENNINGTON COUNTY, MINNESOTA:

YOU, AND EACH OF YOU, WILL PLEASE TAKE NOTICE that the County of Pennington, by its County Attorney, Curtis L. Charlson, upon the request of Joseph Seidel, Engineer of Pennington County, has filed a Petition with the Clerk of Court above named pursuant to Section 106.17 of Minnesota Statutes 1959 praying that he be allowed to make minor alterations or changes in Judicial Ditch No. 18, in Pennington County, which is to be changed or altered as described as follows:

Present Location of Portion of Judicial Ditch No. 18:

Beginning at a point at TH 219 immediately south and adjacent to said County State Aid Highway No. 9 to the Northwest corner of the NE¼ of Section 22, T154N, R40W, a distance of 1.5 miles.

Proposed Location of Portion of Judicial Ditch No. 18

Beginning at a point at TH 219 and extending 20 feet south of the South edge of the present location of Judicial Ditch No. 18 to the Northwest corner of the NE¼, Section 22, T154N, R40W, a distance of 1.5 miles.

Said Petition further alleges that it is advantageous and desirable in the construction and maintenance of CSAH No. 9 that said alteration or change be made and that said minor alterations or changes petitioned for will not affect the functioning nor impair the efficiency of said Judicial Ditch No. 18, in Pennington County.

YOU WILL FURTHER TAKE NOTICE, that said Petition will be presented to the Court above named in the Court House in Thief River Falls, Minnesota, on the 6th day of May, 1963 at 10:00 o'clock A.M., or as soon thereafter as counsel can be heard, at which time all persons interested in said ditch may appear and be heard and present arguments for or against the granting of said Petition.

Dated this 1st day of April, 1963.

Keeping Score with "Huck" Olson

Cliffhangers

The men's bowling leagues were in their final matches of the season this past week, and league championships were "up for grabs" in four of the seven leagues competing.

On Monday night, in the Service and National leagues, it was touch-and-go whether or not the T & S Implement and Land O'Lakes teams would maintain their league leads and win the championships in their respective leagues. They did, but just barely. The T & S squad — Mauritz Scholin, Kermit Finstad, Mel Scholin, Oscar Bakke, and Ray Thyren — after losing the first game of their "crucial" series against the Dalefort Farms, came back to win the next two games and also pick up the aggregate pin point and close out the season with a 76 to 40 mark to win the title.

In the National league play, the Land O'Lakes team of Cliff Erickson, Evonne Olson, Torjus Flom, Harold Anderson, and Dayton Silk, held three-point lead over the Tunberg Motors as they met the Marshall County State Bank team in a season-ending match. The Land O'Lakes team dropped four points to the Newfolden team, and finished their schedule with a 69 and 47 mark. And the Custom Motors squad, with a stirring rally, picked up three points to move into the second place spot in the league standings, and trail the league champion Land O'Lakes by one-half point 68½ to 47. You can't get 'em much closer than that.

And on Tuesday night, in the high-average Busines league, the Holsum Bread team — Cal Offerdahl, Chuck Krause, Elton Cummings, Larry Gilbertson, and Hank Storhaug — capped a streak during which they have picked up twenty-eight straight points, by sweeping their series with Jerry Carriere's Middle River team and win the Business league title.

More on Bowling

Tuesday night's matches opened with the V.F.W. holding the league lead with a mark of 71 and 41, and Holsum in second place with a 70 and 42 record. And when the trundling had ended on Tuesday night the Vets had dropped four points to the Len's Tire Service team to finish with a 71 and 45 mark and in fourth place. The Hamilton's, with a mark of 72½ and 43½ gained second place, with the Len's posting a 71½ and 44½ for third place. The Vets team of Baldy Dunham, Farrell Harris, Cliff Stromberg, Lenny Hellquist, and Del Harbott, had held the league lead from the opening matches of the schedule last fall, and at one time held a lead of twelve.

The only unfortunate circumstances with regard to the schedule-ending matches was that several of the teams that were bowling against the league contenders were short-handed, that is, were bowling with four men in the lineup. I'm not implying that the results would have been more satisfying if the league titles had been contested on a full-squad basis.

The annual bowling awards banquet will be held at the V. F. W. club on Wednesday, May 8, at 7:00 p. m.

Spring Training

Coach Ralph Skay and his assistant Jack Junker have been sending a twenty-man Prowler baseball squad through pre-season training drills at the locals' spring training camp, the Armory.

From last season's district champion Prowler squad, which reached the Region Eight finals, three players — outfielders Gary Klungness and Larry Poole, and first baseman Mike Aune — have been lost through graduation. Returning "regulars" are catcher John Aune, second baseman Paul Klungness, shortstop Dave Erickson, third baseman Gerry Erickson, and pitchers Tony Poole, Rick Jensen, and Rich Johnson.

Promising rookies are Bob Olson, John Hellquist, Jack Leedahl, Tommy Cummings, Wayne Smith, Mark Anderson, Mike Benke, and Mark Steen.

The Prowlers will begin play on their sixteen-game schedule on Wednesday, April 24, when they Lake Falls Eagles at Red Lake Falls. Included in the Prowlers' schedule this season are such top-rated regional contenders as Fertile, Ada, Fosston, Bemidji, and Roseau, as well as such district teams as Crookston, Climax, Warren, and Goodridge.

Not Too Many Changes

This is the season of the year when athletic coaches do their shopping and make changes, but there haven't been too many resignations reported in this region. Bill Wagner, who has been track coach & basketball 'B' team coach at Warren for the past several years will leave the Ponies and join the Roseau high school staff. Bill, who is a member of the basketball playing Wagner clan of Fisher, is a graduate of Bemidji State college, and will succeed Sheldon Clay on the Roseau coaching staff.

Jim Smalley, a top-flight referee and coach of the Bemidji high school golfers, has been named coach of the Bemidji Lumberjacks hockey squad. The Jacks will move into high school hockey next season, on the 'B' squad level, and Jim will be the head coach.

Odd Fellows to View Movies at Meeting Tuesday

The local Odd Fellows lodge met Tuesday evening and made plans for April activities. The next meeting Tuesday, April 16, will feature moving pictures of a Norway trip, taken some time ago by Andrew Grendahl, and pictures locally of the lodge serving the noon lunch stop to groups traveling in the United Nations Pilgrimage for Youth. The Rebekahs and Odd Fellows did this jointly, and also sponsored delegates for four years.

On April 23rd, the lodge will commemorate its birthday anniversary, having been founded April 26th, 1819, at Baltimore, Maryland. Past grands night will be featured at this meeting, with past heads of the lodge occupying the chairs. Special honors will be given and lunch will be served.

Kritz Reelected As Chairman of Scout District

Florian Kritz of Thief River Falls was elected to his second term as Pen-Ro-Shall District chairman of the Lake Agassiz Boy Scout council at the annual meeting held recently. Evonne Olson of Thief River Falls and Hartley Peterson of Holt were elected vice chairmen with Howard Hagen named to continue as district commissioner.

Annual meeting of the Lake Agassiz council will be held Sunday, May 5, at the University of North Dakota student union in Grand Forks. Cub Scout, Boy Scout and Explorer workshops will be held at the session as well as the council business meeting, annual banquet, Silver Beaver award presentations, veteran service awards, special ladies program and a guest speaker.

Marshall County To Host Youth from Australia

Marshall county will be host to an International Farm Youth Exchange student June 17 to July 15, according to Harlem Sandberg, Marshall county 4-H club agent.

William J. Spencer of Australia will live with one family during his stay in Marshall county. The family will be selected by the county extension staff. 4-H families wishing to volunteer as host home should contact the extension office.

"Purpose of the IFYE program is to create better world understanding," Sandberg said. It is recognized as one of the outstanding "grass roots" programs of its type. The Peace Corps was developed around many of the same principles."

Prosser of Thief River Falls is a new member of Pi Omega Pi, national honor society in business education.

Speech Students from Newfolden Share in Regional

Two speech students, Vernon Olson in extemporaneous manuscript reading, and Mona Tunheim in humorous interpretative reading, represented Newfolden high school and District 32 in the Region 8 speech festival held at Bagley on Friday, April 5. Vernon received a "B" rating and Mona received a "C" rating for their readings. Both students are juniors and will be back for further speech competition next year.

Police Apprehend Juvenile Boys

Three Traffic Accidents Checked This Week

Recovery of four transistor radios, a .22 caliber revolver and other items shoplifted from local stores was made this week by the Thief River Falls police department. Three juvenile boys ranging in age from 12 to 15 and coming from rural Thief River Falls admitted taking the above-mentioned and other items.

Three traffic accidents were also investigated by the department during the week and included the following:

At about 11:40 a. m. Sunday, a car driven north on Main avenue by Wayne Peterson, city, hit a car driven by Roy Jensen, city, who was crossing Main avenue at Fifth street after stopping for the stop sign. Damage was estimated at $150 to the Peterson car and $125 to the Jensen car with no tags issued.

At about 4 p. m. on Monday, a car driven by Kenneth Price, rt. 3, Stephen, was traveling east on Fourth street when it collided with a car driven by Wallace Etter, city, and backing from a parking space. About $75 damage was done to the Price car and $5 to the Etter car with the case under investigation.

At about 4:40 p. m. on Tuesday, a car driven by Charlotte Myers, rt. 4, Thief River Falls, was traveling west on Eighth street when it collided with a car driven by Frances Featherstone, Fergus Falls. The Featherstone car was traveling south on LaBree avenue, had stopped for the stop sign and was making a right turn on Eighth street when the accident occurred. Damage was estimated at $40 to the Myers car and $25 to the Featherstone vehicle with the case under investigation.

Mercury Ranges 26 Degrees As Spring Arrives

Temperatures have ranged only 23 degrees during the past several days as the power of spring seems to have definitely established its supremacy in the area. A high of 49 was recorded yesterday following a low of 26 the previous night.

High and low temperatures for the past several days include 42 and 36 on Monday, 46 and 26 on Tuesday, 49 and 27 on Wednesday and a low of 28 degrees last night. Precipitation on Monday totaled .10 inch, the only rainfall during the week to date.

Partly cloudy skies are expected today, tonight and tomorrow; warmer tomorrow with a chance of rain or snow tonight is the prediction of area weathermen. High temperatures today will be in the 40's with lows tonight in the 30's.

Freeman Lists Action On '64 Wheat Program

Secretary of Agriculture Orville L. Freeman's recent announcement on the 1964 wheat program included the following actions:

1. May 21 was set as the date for a marketing quota referendum among producers.

2. The national marketing quota for 1964 was set at 1,220 million bushels and the national acreage allotment at 49.5 million acres—the same as the 1962 allotment.

3. State acreage allotments were announced, based on the national allotment. There will be no non-commercial wheat-producing States designated under the 1964 program.

4. The national average price supports for the 1964-crop wheat were set at $2 per bushel for certificated wheat and $1130 per bushel for non-certificated wheat if quotas ar approved.

5. The wheat marketing allocation for certificated wheat is set at 975 million bushels, 80 per cent of the national marketing quota. Individual producers will receive marketing certificates for 80 per cent of the normal production on their acreage allotments.

6. Payment rates were announced for diversion of wheat acreage to conserving uses. The payment rate to wheat producers who stay within their allotments and meet the land-use requirements will be 30 per cent of the county price-support rate (reflecting the $2 support price) times the normal yield per acre times the acreage reduction.

(Acreage eligible for this payment will be equal to 11.11 per cent of the 1964 allotment for each farm. This acreage represents the difference between the 1964 allotment and what the allotment would have been under a 55 million-acre national allotment.) The rate for additional voluntary diversion—up to 20 per cent of the 1964 allotment—will be 50 per cent of the county price-support rate times the normal yield per acre.

In making the announcement, Secretary Freeman said "Tuesday, May 21, will be an important day for the wheat farmer. He will decide then the price of wheat he will receive for his 1964 crop.

"As always when issues are sharply contested, irresponsible and mis-leading statements will be made. The locally elected farmer-committeemen and the local ASCS county office are the best place to go for the facts on how the program will affect each wheat farmer.

"I urge each farmer to get his pencil out and figure the effects of a "yes" vote and a "no" vote for his farm. He decision will determine directly the income his family earns in 1964—and will determine the level of prosperity in the community where he trades.

"I urge each farmer to study the program and then vote," Freeman concluded.

Nine Cases Tried In City Court

Sheriff, Highway Patrol Bring Cases To Trial

Nine cases resulted in fines being assessed in Thief River Falls municipal court during the past week by Judge Stanley N. Mortenson. Six of the cases were brought by the county sheriff's department and three by the state highway patrol.

In two sheriff's cases tried Friday, Gerald Sanders of Goodridge and Louie Pederson, Thief River Falls, were each fined $35 with $15 suspended on charges of issuing fraudulent checks.

Monday highway patrol cases included Marilyn Melvie, Viking, $15 bond forfeited for driving through a stop sign; and Gary Carlson, city, $25 fine with $10 suspended for driving over the center line and $25 for driving without a driver's license.

Sheriff's cases on Monday included Harold Vasend, rt. 2, McIntosh, fined $15 on a speeding charge; Dean Rindal, Trail, fined $15 for being drunk on the highway; Galen Dahlen, Goodridge, fined $25 for disorderly conduct; and Duane Nelson, rt. 1, Gatzke, found guilty of disorderly conduct after trial and fined $25. Three other defendants entered pleas of not guilty.

Langen Says Foreign Cream Competes

"The dairy industry of this country is faced with a new problem," declared Congressman Odin Langen Saturday, "and a good share of the trouble can be traced directly to a completely new policy of importing fluid cream and fluid whole milk. The realities of our warning on this subject a month ago are now evident."

Langen, in a letter to the Department of Agriculture, called attention to the fact that "a million-and-a-half pounds of fluid cream have been imported between January 1st and March 2nd of this year. And this doesn't include imports of other dairy products."

"Not only do we see the importation of fluid cream for the first time," said Langen, "but I also note that dairy imports in general have greatly increased during the past two years while commercial exports decreased."

Congressman Langen pointed out that he introduced a bill last month that would get at the heart of this problem. The Langen bill would would require investigations by the tariff commission whenever a surplus agricultural commodity is being imported. "Our dairy people need help," said Langen, "any my bill would be a forward step in solving this perplexing problem."

Langen said that his bill also would deal realistically with the problems faced by the producers of other surplus agricultural products currently being imported in quantity. "Grains such as rye, oats and barley, and meat products such as beef and lamb are examples of commodities being imported in such quantities that our American producers are faced with a need for reduced production that results in a price and profit squeeze. The consumer and taxpayer then are confronted with increased program administrative costs plus the surplus storage bill."

Langen again emphasized that his bill would not eliminate all agricultural imports, "nor would I want it to eliminate them. But when such imports seriously affect the economy by creating surpluses, we should make an effort to protect our producers."

Highway Dept. to Honor Veterans and Safe Drivers

More Than 2,000 of the Department's Permanent Employes to Be Honored

The Minnesota highway department is holding its annual safety award presentations this month, with awards going to employees, construction districts and maintenance areas throughout the state for outstanding performances in motor vehicle and industrial safety.

More than 2,000 of the department's 4,800 permanent employees, four construction districts and four maintenance areas are receiving awards.

Highway Commissioner James C. Marshall and other highway officials began visiting district headquarters on April 2 and are scheduled to make visits through April 24. The highway department has kept employee safety records for annual recognition for 32 years.

Thirty-three employees are receiving Governor's award certificates for 30 years of service without a chargeable accident against them.

Other employee awards include 47 highway department awards and 21 National Safety Council awards for employees with 32 years of accident-free service. These employees received Governor's awards two years ago.

Highway-department awards will also go to several hundred employees who operated motor vehicles during 1962 without a chargeable accident or who were on the job in 1962 without a preventable industrial accident.

National Safety Council awards are also being presented to drivers with accident-free records for 1962 who devoted more than half their working time operating motorized equipment.

U.S. Civil Service Sets Clerk Exams

commission has announced that applications are again being accepted for clerical positions paying $3,560 and $3,820 a year in various Federal agencies in the Washington, D. C. metropolitan area.

All applicants must pass a written examination; in addition appropriate experience or academic training is required.

Applications must be filed with the Civil Service commission in Washington 25, D. C., not later than April 15.

Application forms may be obtained from Clarence C. Knudsen at the local postoffice.

Wheelock Whitney, chairman of the Minnesota Taconite Action Corps (TAC), tells California steel executives in Los Angeles that thousands of highly skilled workers, an improving tax climate and abundant natural resources make Minnesota the best place to build taconite plants. Whitney said John F. Watkins (L.), secretary of Jorgensen Steel, and Mark T. Anthony, Kaiser Steel, expressed interest when he told them the three taconite plants now operating in Minnesota employ almost 6,000, but that many more are ready and willing to go to work. Whitney said the 90 billion ton Mesabi taconite deposit is the largest in the world.

Secondary Road Funds Sizeable

Federal Grants to State $107 Million 9 Years

In these days of huge highway contracts for such projects as the interstate system and other freeway construction, the size of the federal aid secondary program may be overlooked — but only because it is not viewed in its grand total of annual awards. However, it looms large, not only by reason of the function these highways serve in the communities but also in financial terms.

News of most of the FAS projects reaches the public through the short announcements of job awards affecting the imediate area in which the project is located. No single county sees or hears the overall picture of all 87 counties, all of which share in the federal aid secondary program, unless called to special attention.

When the Minnesota highway department each year announces its list of county allotments for federal aid secondary roads, amounting to several millions, it is then necessary for the counties to supply the necessary matching funds. The combination of FAS and local funds then provides for a substantial construction program on local roads totalling many millions of dollars.

To show the multi-million dollar figures to which the federal aid secondary programs reach, the total awards over a nine-year period starting in 1955 can be cited:

1955, $11,512,782; 1956, $10,975,593; 1957, $13,405,234; 1958, $18,157,878; 1959, $11,769,779; 1960, $13,741,150; 1961, $10,172,683; 1962, $8,469,050; 1963 $9,500,000. Nine-year Total $107,704,149.

Saturation Squad of State Highway Patrol Explained

Despite the wide publicity which has been given to the work of saturation squad activities of the Minnesota highway patrol it appears that this work is still not completely clear to the whole public.

As operated by the patrol, a saturation squad of six or more patrol officers, under direction of a district captain, assigned to patrolling specific stretches of highway within an area of relatively high accident frequency, usually in cooperation with local law enforcement officers.

The highway patrol impresses the point that saturation patrolling is not a "raid" in the commonly accepted meaning of the word, which connotes police action centered on a particular spot in connection with law violations not primarily connected with highway law enforcement.

U. S. farmers have assets of over $200 billion. That is equal to three-fourths of the value of the current assets of all the corporations in the United States.

Spring Fever Driving Is Termed Dangerous

The 1962 Minnesota traffic accident rate has prompted the Minnesota highway department to remind motorists and pedestrians to be especially cautious as they venture onto the open road during the warmer weather of spring.

Snow and ice disappear with the advent of warmer weather and it is normal for motorists to be smitten by spring fever and decide to take a look at the countryside, possibly a little trip to check up on the lakeshore cabins that have been closed during the winter.

"But," says the department, "as we are tempted to 'open up' when hitting the open road, it is necessary to remember that the rural roadways remain the most deadly. More than 69 per cent of the traffic deaths occur on rural highways.

"Excessive speed and lack of courtesy in the failure to yield the right of way are the leading contributing factors in the overall accident picture.

"Pedestrians were involved in 168 mishaps on rural roadways, resulting in 29 deaths and 151 injuries. In 139 of the accidents, the pedestrian was to blame. Either they didn't use enough caution when crossing at busy intersections or tried to jaywalk on the open roadway."

The highway department urges motorists to use a light touch on the gas pedal, extra caution when travelling on rural roads and to stay alert for hikers and other hazards that may take them by surprise. Pedestrians were told to stay off travelled portions of roadways and especially to refrain from trying to hitchhike.

Fires Threaten Northern Forests

Unseasonable Weather Causes Early Snow Melt

Unseasonably warm weather causing the early melting of winter snows could mean that Minnesota is in for a bad spring fire season, the Conservation Department reported today.

Don Wilson, fire suppression chief of the Department's forestry division, said that except for the northeast corner of the state, vegetation is dry and will be very incendiary until grass, brush and trees turn green.

This will be the situation for another 45 days, Wilson said.

The effects of precipitation on vegetation at this time of the year is of very short duration in any case, he said. Even with a good rain, a few hours of sun and wind returns the vegetation to its original dry condition.

Adding to the problem this year is the fact that soil moisture conditions are low. This resulted from a dry fall, followed by a hard freeze before snow. This meant that when the snow melted this spring, it ran off instead of penetrating into the ground.

There have been 30 fires this year already. "We have even had some peat fires this spring, a sure sign that soil moisture is very low," he said.

Fire towers are being manned in most areas of the state right now, Wilson said.

Editorials . . .

"Most people do not half realize how sacred a thing a legitimate ambition is. What is this eternal urge within us which is trying to push us on and on, up and up? It is the urge, the push in the great force within us, which is perpetually prodding us to do our best and refuses to accept our second best."

—Orison Marden

Loud and Plump

A Winnipeg inspector of detectives has stated that a woman's most effective defense if threatened by a purse snatcher is a loud scream. The shrill scream frightens the attacker and attracts help.

Along with this good advice the Winnipeg Tribune reminds us girls that being stylishly slender may be bad, pointing out that:

> "In northern British Columbia, Helen Klaben, rescued after 50 days in the *wilderness, never would have survived* had she not been on the plump side. Miss Klaben weighed 140 pounds before the crash and lost 40 during her ordeal. She lived off her surplus, a lifesaving device impossible in the svelte figures demanded today. Fortunately, Miss Klaben was not the type for whom slim, almost bony models display the latest styles in fashion magazines.
>
> "So contrary to Miss Emily Post and the fashion models, it can pay for women to be loud and plump."

Ohio's Economizer

Governor James A. Rhodes of Ohio is off to a good start in keeping his campaign pledges to cut state costs, restore fiscal soundness and create more jobs in Ohio's business and industry. David C. Smith, reporting in the Wall Street Journal, states that in his clamp-down on costs, in less than two months he has trimmed state payrolls by 3,000 by ordering a 9.1 per cent budget reduction in all departments.

Having served the state ten years as state auditor, Governor Rhodes no doubt is well informed on what has been going on and what could be done to get better results at less cost.

He proposes to create new jobs in the state by subsidizing new industry, and for this purpose he is urging a $100 million bond issue authorization which would be available for participation in construction costs up to 40 per cent of the total. In this he seems to be following the pattern established with some success by several southern states.

We don't like the idea of subsidizing new industry with public funds but it is encouraging to know that there is at least one governor in the nation who is economy minded. We will watch his progress with great interest.

Needless Regulation

With almost every day comes a report out of Washington of some new reform that is in the planning stage. Some reforms require Congressional approval but in many instances department heads, under broad powers given to them by Congress, have the authority to adopt new regulations or amend old ones.

Some regulation, a great deal as a matter of fact, is needed. But regulation that leads to regimentation, at the cost of liberty, is not good, and should be opposed.

The regulators are now seeking new regulations on food packaging. Present regulations provide sanitary requirements, accurate weights and measures and description of contents. The new proposals would regulate shapes and sizes of packages, moving in the direction of package uniformity. Just what good that would accomplish is not apparent, unless putting more inspectors to work at public expense would be in the public interest.

High sanitary standards, honest weights and measures, and correct description of contents of a package are in the public interest. The housewife is capable of making the other decisions that enter into the purchasing and repurchasing of packaged foods. The average housewife, after all, is a fairly intelligent person. Keep in mind that it is the consumer who pays the cost of regulation.

That Race to the Moon

Former President Eisenhower thinks the defense budget can be reduced by at least $10 billion. He does not support the Kennedy proposal for enlargement of our strategic and conventional military forces because he thinks it unnecessary.

The former President differs too on the importance of being first to put a man on the moon and bringing him back. In his opinion the crash program, while spectacular, is too costly.

Walter Lippmann, in his syndicated column, discounts the importance of being first in this moon adventure. He states:

> "No doubt the winner will have great prestige. To many people he will look temporarily like a superman. But as the first man on the moon is followed by the second, winning the race will be not much more than any nine days' wonder. Most emphatically, it will not decide the course of history.
>
> "What does matter greatly is that, since we have the technological capacity, we should promote the research and exploration into the nature of the universe. We do not know what we shall learn when we can place our own laboratories and instruments out beyond the envelope of the earth's atmosphere. But we shall know more than we can know now about the reality of which we are a part. In physics, chemistry and biology, we may be opening up a new world."

We'll buy that idea. Let's proceed as fast as our means will permit, without neglecting our other responsibilities, the first and most important of which is to keep our country strong and solvent.

Michigan Approved

Governor George Romney of Michigan won a significant victory in his state when the voters recently approved the new constitution which he championed. Reports indicate that the sharpest debate over the new charter focused on the new approach to legislative apportionment.

The new constitution provides that seats in the low house will be distributed directly according to population, while an area factor will enter into the apportionment for the upper house. That was a victory for good government, giving assurance that while one body of the legislature would eventually be completely controlled by urban interests, the other body would be more conscious of the interests of the rural areas.

This follows the pattern of our national Congress where in the Senate, each state, regardless of population, has two representatives while in the House representation is based strictly on population.

Minnesota should amend its Constitution to provide such a safeguard against complete control of the state by the large metropolitan areas. Such a proposal was submitted a few years ago and was defeated by an organized opposition that gave lip-service to its desirability but objected to the manner in which the proposal was phrased.

A statewide organization should be formed now to sell the idea and get the proposal subitted before the next reapportionment is required.

Guatemala Typical

President Kennedy met recently in Costa Rica with the heads of a group of Central American so-called republics, in an effort to get the Alliance for Progress back on the track. Assistance was to be given to those countries that were prepared to help themselves by orderly progress and reforms.

Representing Guatemala was the President of that Country, and he hustled home to get started on a reorganization plan. But his ideas did not meet with the approval of his friends and shortly he was deposed by a military coup, and so, in Guatemala, for the time being at least, the Alliance for Progress is making no progress.

Guatemala is typical of many Latin American countries. Formerly a part of the Spanish-American empire, it has been in trouble most of the time since the turn of the century. In 1906 President Roosevelt joined with President Diaz of Mexico in establishing some semblance of order and since then American business interests have found it convenient to work with any group that showed some respect for their property rights. In 1944, and several times since then, our government has been involved in various controversies with those in control.

Guatemala is typical of many Latin-American countries and the Alliance for Progress faces many difficulties, including the growing threat of Communisim. As the Winnipeg Tribune points out:

> "It is one of the ironies of history that the United States, whose people are so passionately anti-colonialist, has, in attempting to protect American interests abroad, so frequently found itself ranged on the side of the most bitter enemies of human progress. In now trying to carve new directions in its Latin-American relations, the Kennedy administration is constantly coming in conflict with past policy and with interests and regimes which were built up under that policy. The danger now is that the change in Washington may have come too late to undo the damage of the past. Castroism, and the conditions which brought that movement into existence, press hard."

Living Dangerously

The death of professional fighter Davey Moore brought the usual demand for the abolition of boxing. Moore died as the result of an injury he sustained in a fight in which he was defending his championship. Fighting was the occupation he had chosen to earn a living and support his family. The regrettable result was an occupational hazard.

We have no objection to banishing prize fighting, but if it is to be banished because it is dangerous, then we should be consistent and banish all types of contests, professional and amateur, that are dangerous. And several of the thrilling type of contests that are very popular, and draw large crowds of paying customers, are more dangerous than prize fighting, judging by the number of participants who are seriously injured or killed.

We would not favor the abolishment of all games and contests that are dangerous. Let's keep in mind that we all live dangerously in a struggle for life that we all lose eventualy. They tell us that mountain climbing is very hazardous, and the more hazardous it is the more it appeals to the mountain climber who is proud of his reputation. We can see no good reason why he should be restrained by law from doing what he likes to do, just because he may be killed.

DAIRYMEN:

As of May 1, '63 I have sold the Northern half of my ABS Distributorship (Minn. Herd Builders) to Dale Grondahl of Red Lake Falls. It had been my intention, to be the ABS technician in this area for at least one year, in order to justify the recent action taken by American Breeders Service. I had hoped in this period that you would have judged me by the "quality and quantity" of of my service, and not by the vicious accusations and falsehoods spread by persons who acted out of jealousy and revenge. However as I have accepted the position as Sales Mgr. for Canadian Breeders (ABS in Canada) starting April 29th (an opportunity that I felt was too good to refuse) I am confident the "Men" who know the truth, and are not afraid to defend it, will gradually but surely set the record straight.

There are however, several rumors that have been brought to my attention, that are so far "off base", they hurt a little more than the rest.

1. Accusation: "Marty was 'milking' the technicians and getting rich doing nothing. Why shouldn't he breed cows like the rest of us?"

Truth: In 1962, my Distributorship (Minn. Herd Buildeers) had the largest increase of business over the previous year, in the entire State. Twenty-nine technician prospects were interviewed, 8 New areas were started, 57 night promotional meetings were held, 5,116 pieces of ABS literature were mailed, 1,000 Newsletter (News and Views) were distributed, 6 Fair displays were set up, a 4-H "Grooming & Showing" clinic in Red Lake Falls, 27 technician luncheon meetings. In addition I drove over 43,000 miles, helping new men to get established, was "on call" at all times to help on any problems and carried a complete stock of supplies, literature, and equipment the technician needed. Five technicians under my distributorship ranked 1st, 6th, 17th, 19th, and 20th in first service increase over 1961, in comparison with over 100 other technicians in the State. Every cent I made and then some, went back into the business. The "truth" of the matter is that it would have been impossible for me to breed cows in any given area, and be of any real help to my technicians. If any one is getting rich, it would be the distributor who gets his product at a cheaper rate, collects a $7.00 breeding fee as a technician and has very little time to help or promote other areas. I ask you—"Who's milking who?"

2. Accusation: "Profits ranging from $75.00 to $100.00 per head were realized on ABS heifers sold in the Crookston - Red Lake Falls area."

Truth: Because I do not wish to association my partner in this business, (a person I have great respect for) to this "ridiculous rumor" here are the facts. A profit of $24.80 per head or $12.40 (my share) was realized on 56 head of ABS springing heifers. This does not include expenses from mileage driven locally, pasture rent, risk involved, and some calving trouble. All receipts and cancelled checks may be seen by any one desiring to do so. Incidentally, these heifers have pleased their owners so much that we have orders on hand now for 52 early fall "springers".

3. Accusation: "Marty really made good money, while employed by the Dale Carnegie Courses and was "kicked out" because of unethical business practices. (This little "gem" was related to one of the ABS fieldman at the recent Feed & Seed Show in T. R. F.)

Truth: You bet I made "good" money while employed by the Dale Carnegie Courses in Northern Minnesota. Eight successful classes were started and my earnings commensurate with the total production. I was accepted into the Dale Carnegie Instructors Schools at Billings, Montana, but landed in the Northwestern Hospital, under Dr. VanRooy's care, with an asthmatic condition, the day I was to leave Thief River Falls. The opportunity then arose to invest in an ABS distributorship. On March 21, 1963, my former employer, Mr. Sam. L. Carlson of the Dale Carnegie Courses, visited my home and asked me to be their representative in Manitoba and Ontario, in Canada. I refused — at least I had "earned the right" to some extent, to be working with livestock, — I could not truthfully say this about the other. Mr. Carlson's address is Box 327, Brainerd, Minnesota.

4. Accusation: "Carrico really "cleaned-up" at the Top of the Nation Dairy Sales."

Truth: This remark disgusts me so much, I won't even attempt to answer it. There are individuals who "know" something of the time and effort that was spent and the monetary gain I received while sales manager and auctioneer of this event.

Enough of the past — what about your future, Mr. Dairymen?

Don't you be the loser — breed with the "Service" of your choice, but make certain only old "Proved Sires" are used in your herd, and be very certain the "proof" is based on "unselected daughters", not just a few of the better ones. In five years from now, you won't let anyone breed your heard to anything but a "proved Sire"—what did you use tody? Remember of any "Sire" — his pedigree tells how good he should be, — his type tells how good he seems to be — but only his producing daughter will tell how good he really is. Too much emphasis has been put on Blue Ribbon show bulls and even high production records on the dam, does not necessarily predict what kind of daughters a bull will transmit. Remember the word —, "transmitting ability" — you will hear them a lot in the future. The surest way to a rapid, steady increase in herd production is to use only those bulls that have shown their greatness, (transmitting ability) —"before" being used in artificial breeding. Insist that your technician tag and identify each bull's offsprings. In the coming years, first, second and third generation offspring from "Proved Sires" will bring top prices if you can show positive identification.

In conclusion I wish to thank those dairymen who have cared enough about the "truth" to do their own checking. The "stories" have been spread up and down the roads and in every farm yard. In the terms of one Viking dairyman — "It has been the worst example of slander and 'character assassination' he has known, and the names of some good men have been used to 'cover-up' some of the stories." I wish to thank Vern Adamson of Vern's Cities Service for offering his place of business for an ABS Call Station. Ironically, the attempt to completely discredit me and ruin my reputation, has given me the greatest "job" opportunity thus far in my life.

I have taken a stand—I stand on the "truth"—Where do you stand?

Marty Carrico.

Stop! Now sell every drop of your milk *after* colostrum

Land O'Lakes Calf Milk Replacer lets you sell all your whole milk after colostrum and still raise a good, healthy calf. This milk product is highly digestible—contains 10% extra fat for 22% more calories, vitamins, trace minerals and antibiotics. It does *not* contain cereals which the young calf is unable to efficiently digest at an early age.

You'll save money by selling whole milk after colostrum and switching the calf to Land O'Lakes Calf Milk Replacer. Costs you less than $2 a cwt. reliquefied. Difference between this and what you got for milk is profit. Calves are properly fed.

It's the nation's No. 1 Calf Milk Replacer! In 1961, 1,500,000 calves were raised on Land O'Lakes Calf Milk Replacer. Research proves it puts on a pound of gain for 16¼¢—a dime less than 60% cereal products. Calves gained 94% faster, needed 46% less food. See your dealer. Lay in a supply now.

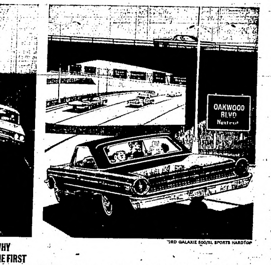
TOTAL PERFORMANCE:



ORD GALAXIE 500/XL SPORTS HARDTOP
YOU'LL KNOW WHY FORD SWEPT THE FIRST FIVE PLACES AT DAYTONA...WHEN YOUR '63 FORD IS STILL GOING STRONG YEAR AFTER YEAR
Daytona's big, banked oval puts unbelievable stresses and strains on engines, steering gears and frames. The Fords that won at Daytona took all the punishment this famous track could dish out over 500 miles of grueling competition without missing a beat.
In this toughest of all stock car events, mechanical failures claimed over fifty per cent of the starting field. But of twelve Fords entered, nine went the distance. Ford took six of the first ten places.
Five-hundred-mile events like Daytona are a public demonstration of toughness, reliability and sheer engineering excellence that are part of the new generation of Fords. A test like this can't be duplicated on anybody's testing grounds—it's run right out in the open. Any car can enter. But only the car that has the best total combination of strength, balance, precision control and road-clinging suspension can win ... that's what we mean by total performance.
Visit your Ford Dealer before you buy any other new car. Here's what you'll find: a new kind of total-car durability, a new kind of handling ability, a suspension that is startlingly smooth yet sticks to the road like tar. If you haven't driven one lately, you can't really know what a new Ford is like. Remember, if it's built by Ford, it's built for performance ... total performance!

Slow-moving vehicles are apparently becoming to be more of a hazard in today's fast-moving traffic. Farm tractors, and bicycles, show an increased rate of involvement in mishaps. They were involved in a combined total of more than 700 mishaps in Minnesota during 1962.

Improper turns were factors in more than 7,400 traffic accidents on Minnesota roadways during 1962

NEW tax numbering law requires taxpayer identification by Social Security Number

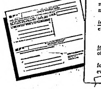
YOUR HELP IS NEEDED!

A new Federal statute, Public Law 87-397, requires all savings and loan associations, banks, insurance companies and corporations to report to the Internal Revenue Service any earnings of $10 or more received by a saver or stockholder each calendar year. To keep proper records it also specifies that each person receiving such income be identified by the use of that person's Social Security number.

COOPERATION WILL EASE THE BURDEN OF THIS MONUMENTAL TASK

To comply with this law a form for providing Social Security numbers will be placed in the mail to each of our savers in the months ahead. We must have a record of each saver's Social Security number this year, even though the first transmission of the record of the amount of earnings you receive will not be made until January of 1964, at which time you, too, will receive a copy.

Since you may have savings accounts or investments elsewhere, you will receive a Form 3435 from these organizations, also. The law requires you to complete forms for each institution from which you receive earnings or dividends. If you have no Social Security number, provision has been made to issue one to you. An application for this purpose is a part of the form being sent to you.



These definitions will help you complete the form

If your Account Is In The Name Of: (use the definition that best describes your account.)

An individual, furnish that individual's own social security number.

Two or more persons, such as joint owners or tenants in common, only one number need be furnished. Where the choice is between husband and wife, give the husband's number—or if between adult and minor, give the adult's number.

A designated guardian, custodian, committee, etc., AND one or more wards, minors, incompetents, or other individuals, give the social security number of the ward, minor, etc.

A so-called trust, supply the social security number of the person named as trustee.

A trust, estate, pension fund, corporation, partnership, sole proprietor, association, tax exempt organization or broker, etc., furnish the employer identification number of this entity.

Will you give us a hand with this monumental job, please? When you receive the forms in the mail, please complete and return them promptly. This is a job that requires everyone's help to complete.

Past Winter Easy on Highway Department

While Minnesota, along with the rest of the nation, had one of the coldest and most complained about winters on record, the Minnesota highway department finds little objectionable about the winter of 1962-63, as far as highway maintenance operations are concerned.

There were no major blizzards or extensive icing conditions the past winter to require round-the-clock maintenance operations, as there were in 1961-62. Maintenance crews were busy keeping the highways clear of snow and ice, but highway maintenance costs for the winter are expected to be considerably less this year than last year when the final tabulations are in.

Precipitation the past winter was only 43 per cent of normal and less than 25 per cent of last year's record snowfall.

The highway department expects no more than normal damage to road surfaces during spring thaw, in spite of deep frost penetration, which resulted from extreme cold and lack of good snow cover.

Generally, the deeper the frost penetration, the greater the damage to highway surfaces in the spring because there is more moisture to come up through the ground. It is the moisture that causes the damage to highway surfaces, loosening and weakening the road bed and bringing collapse to parts of road surfaces.

But the highway department believes the frost penetration this winter involved a "dry" freeze rather than a "wet" freeze; that is, when the ground froze it contained comparatively little moisture because of a dry fall.

In Minnesota frost penetration in February ranged from 75 inches in the north central part of the state to 42 inches in the southwest and 30 inches in the southeast. Last year, frost penetrated from only 12 to 45 inches, but it was a "wet" freeze that resulted in more than normal damage to road surfaces last spring.

3 Choruses from Newfolden Rate 'A' in District Event

Two Ensembles and Four Soloists Also Win Top Honors at Roseau Apr. 6

Four soloists, two ensembles, and the three choruses from Newfolden high school received "A" ratings at the District 32 vocal music festival held at Roseau Saturday, April 6. These groups and soloists will now enter the state *area music festival to be held at* Thief River Falls on May 3 and 4.

This is the first year that all three of the chorus groups have received an "A" rating. The choruses are the Noridic Choir, the Girls' Chorus, and the Boys' Chorus.

The two ensembles which received "A" ratings were the girls' sextet, composed of Sharon Nelson, Doreen Moen, Emilie Carlson, Shirley Lokstad, Judy Hagen and Claudia Melvie; and the girls' triple trio, composed of Mona Dahl, Eileen Carlson, Sheila Elseth, Donna DuMaranville, Carol Tunheim, Barbara Stokke, Sylvia Hall, Bonnie Hodik, and Kristi Carlson.

The soloists receiving "A" ratings were Sharon Nelson, soprano; Mark Carlson, tenor; Emilie Carlson, contralto; and Bonnie Hodik, soprano.

The students are directed by Mrs. Vera B. Craig.

Sex Education to Be Moorhead Topic

Family Life Institute Scheduled Apr. 25 and 26

"Most youngsters have been exposed to at least one of eight different sources of sex education by the time they reach the sixth grade, but only about two of them are any good." So says Mrs. Elizabeth Peterson, coordinator of parent and family life education at the University of Minnesota and one of the featured speakers at the annual Parent and Family life Institute to be held at Dahl Hall on the Moorhead State college campus April 25 and 26.

"The best source for youngsters to gain their sexual knowledge is in the home from the parents", says Mrs. Peterson. She continued, "Where a compatible home exists the parents can do more than the church, school, or cumminity in teaching the highest ideals of sex. However, we have too many parents who themselves did not receive a good sex education as youngsters and they tend to teach their offspring in the same manner as they were taught".

Mrs. Peterson will also discuss the ages when sex education should begin, attitudes to stress, and how to cope with distorted sex facts that youngsters gain away from the home, when she appears at the Moorhead institute.

The two-day institute is open to the public as part of a joint PTA and University of Minnesota project. Registration is $8.00. Additional information can be obtained from any local PTA president.

State Parks Now Open to Public Use

Camping enthusiasts and other state park visitors were advised today that although all Minnesota state parks are open for public use, water and toilet facilities have yet to be connected up for the summer.

John Martin, deputy director of state parks, said that climatic records show that it is still too early to take a chance on connecting up such facilities.

"We could still have below freezing temperatures," Martin said. "We couldn't take the chance of ruining thousands of dollars worth of plumbing by trying to rush the season."

"Most state parks have primitive toilet facilities that can be used until modern facilities can be connected up," he said.

Martin cautioned state park visitors, however, that many streams and lakes are still ice covered and children should be carefully supervised to prevent a tragedy from occurring.

Governor Proclaims Teaching Career Month

As one of his last official acts, Gov. Elmer L. Andersen signs a proclamation declaring April as Teaching Career Month and urges all Minnesotans "to pay tribute to one of our state's most valuable resources — the skill, devotion and dedication of its teachers — by working to provide opportunities that make teaching more effective, to encourage the best teachers to remain in the profession and to encourage teaching as a career for more of our young people." Witnessing the signing are Dr. Irvamae Applegate, president of the 31,000-member Minnesota Education association and the dean of education at St. Cloud State College, and Dr. Erling Johnson, state commissioner of education.

Cost of Ownership of Automobile Computed

What does it cost you to operate your car per mile?

No two drivers will come up with the same answer. Edwin M. Cope, chief of the statistics analysis branch, U. S. bureau of Public Roads, says the average owner pays a total of 10.1 cent a mile for ownership and operating costs.

Only 12 percent of the motorist's dollar is spent for taxes, according to this analysis, almost all of which goes to support highway construction. Cope said, however, that reducing this amount would be false economy because it costs much more to operate a vehicle on inadequate roads.

Cope's figure is based on a new car bought in 1961 for $2,900 and with an operating life of 12 years and 100,00 miles. Cope broke down the expenses into pennies per mile depreciation 2.9 cents; repairs and maintenance, 1.7 cents; gasoline, excluding taxes, 1.4 cents; insurance 1.3 cents; oil, tire replacement, accessories, parking and tolls, 1.6; gasoline tax, .7 cents; and registration fee and other taxes, .5 cents.

Another way of putting it, Cope figures, if the car owner combined his total expenditure for transportation with his gasoline purchases, it would cost about $1.43 a gallon, including 40 cents for the car payment.

Cope's article, written for the American-Road Builder, states that the public has shown a "remarkable inclination" to order higher horsepower engines when buying a compact car. He questions that the people are really seeking "economy" vehicles. He finds that the auto manufacturers are backing their belief that the public wants a good deal of comfort and performance — even though "as one automobile official puts it, "the public wants economy, no matter how much it costs them."

Dorcas Groups to Meet in Bemidji

$8 Million Spent on Duck Breeding Since '38, Says DU

Ducks. Unlimited reports that more than $8,000,000 has been spent by American sportsmen through that organization during the past 25 years for the actual work of restoring and building the principal breeding grounds in the prairie provinces of Canada.

The value of DU's 600-plus projects during the past several years when drought eliminated thousands of natural nesting areas on the Canadian prairies, was shown when DU's "duck factories" were actively producing waterfowl. Federal funds cannot be spent for such purpose outside of U. S. borders.

More than 65 per cent of the *continent's wildfowl raise their* young in Canada, the report said.

Modern Woodmen District Manager Wins Florida Trip

Morgan J. Ellingson of this city will leave this week for Miami Beach, Fla., where he will participate in a national sales conference of Modern Woodmen of America at the Hotel Saxony, April 20-23. A Modern Woodmen district manager in the local area, Mr. Ellingson will join more than 100 outstanding agents selected by the life insurance society to attend the conference. The four-day session will be concentrated on sales promotion studies, as well as reviews of past performance.

Public Opinion

To the Editor:

The law that a man who drinks shall not drive, or the saying, "When you drink, don't drive," are safety measures to the public only if obeyed.

Our police force needs to put on stricter enforcements of the law. The many accidents that occur because of drunken driving is horrifying and unnecessary. Who in our community wants to die so that someone under the influence of alcohol may have the freedom to drive?

And yet the request for a "drive-in" at the Liquor Store has been made and has been considered. Think you that the men and women driving in at the Liquor Store will keep their bottles shut all the way as they start on their trips? Indeed the drive-in will be handy—too handy, you can take the whole family along. If this drive-in is built I predict there will be more drunken driving, more dead pedestrians and more dead drivers as well as other travelers than we have had before.

It has been said that liquor kills 10,000 people a year and a mad dog kills but one, yet we shoot the dog and license the liquor. (Gospel Advocate May 1960).

It is evident that the liquor industry is not a friend of the people—not now nor ever will be nor ever has been. Why don't we take a greater interest in the welfare of the people instead of feathering the nest of the liquor industry?

In my opinion the drive-in at the liquor store would be a curse, not a help. Why have it?

"Holy Communion" will be observed Thursday evening from 7 to 9 in periods every 15 minutes. You may come and remain for meditation as you desire. You are asked to come as a family where possible.

Good Friday services will be from 1 to 2 with the choirs bringing special music, and the pastor will review the events of Holy Week as part of the period of meditation. All are cordially invited.

Easter Sunday will start with a worship service by youth at 7 to be followed by a breakfast for all youth and their leaders. Older youth and college youth are extended a cordial welcome. Parents are invited for the worship service. Identical worship services at 9:30, with the Senior Choir assisting the pastor, and at 11:00 the Junior Choir assisting.

"Easter, Belief and Partnership" will be the sermon theme. How may we think of immortality? Jesus always tied discipleship with it. Our modern trend is more toward belief than doing the will of our Heavenly Father. Let us evaluate Easter once again.

The Lenten Sacrificial Offering will be received at either service. The offering from the Church School will go for their Mission project at Pine Bend with the Indians. The adult's offering will be applied toward our Mission Specials in India and S. Africa. Plan to worship and make an offering for missions on Easter.

SUNRISE IN HOLLYWOOD

This is the city where pretense is a profession . . . where emotion is an art. This is Hollywood's famous Bowl at sunrise on Easter morning.

Thousands raising their hearts and prayers to the Lord of Reality . . . of Truth!

Don't be deluded by the artificiality which sometimes claims the center of life's stage. There is a hunger in the souls of men which our air of well-being cannot hide. There is frustration, futility, despair—and man's calculated unconcern cannot disguise it.

To our churches—to worship, hymn and prayer—we turn when we tire of dreaming and pretending. Can we claim any glory greater than that we are the children of God? Can we own any allegiance bolder than that we are the disciples of Jesus Christ . . . Risen, Victorious?

Easter is the climax of life's drama . . . on which the curtain never falls!

THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The "coffee cup" has become an international institution of life as each of us well knows. Over coffee we talk about everything from business to pleasure to the neighbors kids or anything we can imagine. It seems, in fact, that without coffee we couldn't function as a society. Even coffee itself has been a big topic of conversation lately as some restaurants debate whether a "cup of coffee" should sell for a nickel or a dime.

We think it is timely to show you how significant coffee is to Minnesota in terms of jobs and money in our state according to a recent report put out by the World Coffee Information Center. Minnesota manufacturers and processers shipped $36,821,000 worth of exports overseas in trade for coffee. This transaction over coffee has created 4,716 jobs in Minnesota for which $21,126,000 was paid out in wages and farm income. Leading exports were barley, malt, wheat, poultry, eggs, meat products, feeds, dairy products and railway equipment.

Nationally, 662,000 jobs receiving $3,226,000,000 in wages and farm income resulted from coffee. About two-thirds of this activity was caused by the export flow of U. S. goods and farm products and one-third resulted from processing, packaging, distribution and sale of $969,000,000 worth of coffee imported from thirty-seven coffee-growing countries. 1,146 U. S. communities benefited from coffee's contribution to American prosperity and economic well-being.

HAPPY HOMEMAKING

PENNINGTON COUNTY HOME AGENT

Easter traditions in America vary from the visit of the Easter bunny to the famous Easter parade. Probably the children of your home are already talking about the eggs the Easter Bunny will leave for them.

Empty egg shells are best to use because they don't need refrigeration as hard-cooked eggs do, and the fancy ones can be kept from year to year.

Prick a hole in both ends of the fresh egg with a needle. Blow egg from shell. Save the yoke and white and make scrambled eggs. Wash egg shell and it's ready to be decorated.

Rickrack and bias tape glued on in geometric patterns make unique eggs. Beads and buttons make for imagination in decorating. Try rhinestone buttons with rows of gold tape and pink ribbon.

If you have nest eggs decorate them in any style you wish. These eggs are not as fragile as ordinary eggs so the tiniest child could help decorate eggs too.

Wish to have Easter egg salad? Why not try making your own colored eggs that can be eaten. Carefully break the tip of the shell so you can remove the cooked egg. Wash and dry the shells. Dissolve falvored gelatin and pour into the shells. You can place the shells upright in egg cartons or the egg tray in the refrigerator to prevent them from tipping. Chill until set.

To remove the eggs from the shells carefully remove the shell by peeling it off or holding a second under warm running water so the egg will slip out. Arrange on nests of greens or green coconut.

Comfort and attractiveness are key words in the shoe story this spring. The toe may be somewhat oval or square and the heels, inspired by Mrs. Kennedy, are often one-inch and come in a variety of styles.

"Openness" describes the new look in daytime shoes for spring. Whether in alligator, lizard or grained leather, there is usually some openness. Sometimes the openness is at the back but most often at the sides.

Any interested person is invited to attend a meeting on landscaping Friday, April 5, at 1:30 p.m. in the courthouse meeting room. Gust Hard, horticulture specialist, will be guest speaker. His topic for the afternoon will be on landscaping by using native materials, e.g. shrubs that you have elsewhere on your farm or lot.

If your house plants show signs of trouble — and you know what causes it — the plants can very often be revived and made to flourish. And you are credited with a "green thumb."

Poor plants sometimes are the result of nothing more serious than improper watering or a cold draft. Lack of fertilizer and insect attack are other frequent causes.

Here are some of the symptoms of unhealthy house plants — and some of the causes — as listed in "Selecting and Growing House Plants".

Loss of leaves may be due to a sudden change in temperature, transplanting shock, change from strong sunlight to a dark location or from dark to sunlight, or overwatering.

Browning of leaf tips may result from improper watering, exposure to cold drafts, insect attack or excess fertilizer.

Loss of normal foliage color may be due to overwatering, lack of fertilizer or insect attack.

Spotted foliage can be caused by overwatering, or burning from direct sunlight.

If your plants are bothered by insects, USDA has an answer for that too — in another booklet, entitled "Insects and related Pests of House Plants".

Single copies of both booklets may be obtained free from the extension office.

Yard 'n Garden

Starting a New Lawn in Spring

The new lawn must be started early in the season to provide good cover and develop into a green turf the first year. Seed the lawn between April 15 and May 10. Late seeding increases the risk of weed competition.

A good lawn depends on the proper seed for the site, a good supply of nutrients and adequate water.

Kentucky bluegrass is best for sunny lawns with heavy soil. If the lawn is to be used as a play area, the addition of fescue grasses will improve the wearability. The seed mixture for sunny lawns should contain 60 to 80 per cent Kentucky bluegrass and 20 to 40 per cent Creeping Red Fescue. The Park variety of bluegrass will germinate more quickly and provide a turf cover sooner than other bluegrass.

A shady lawn or a lawn with a sandy soil should be seeded with 60 to 70 per cent Creeping Red Fescue and 30-40 per cent Kentucky bluegrass.

Before seeding, apply a complete fertilizer at the rate of 30-40 pounds per 1,000 square feet and till it into the soil to a depth of 6 inches. After seeding, rake the seedbed lightly, roll it again to firm it and to press the seed into the soil. To assure prompt germination, regular watering is necessary. Keep the soil surface moist but not wet.

Don't start mowing until the grass is 3 inches high.

COW CLIPPING CHAMPION of Minnesota's Future Farmers of America organization is Charles Lund, 18, of Bemidji. The Beltrami county youth, who clipped some 200 cows during the year in preparation for the March 6 contest at the University of Minnesota dairy barn, did the job on the Jersey he was assigned in 10 minutes and two seconds. He's shown receiving his trophy from the Minnesota dairy industry's Princess Kay of the Milky Way, Kathleen Hjelle of Argyle. Other contestants salute the winner, appropriately, with milk. Clockwise, in the order they placed in the contest, the boys are Richard Kottner, Stewart; Cletus Janal, New Ulm; David Sommerfeld, Litchfield; Joe Hough, Barnesville; Frank Smith, Farmington; Ray Larson, Fosston; and Dick Michael, Faribault. The 12th annual FFA event was held in conjunction with the Minnesota Dairy Products Association's 30th annual convention in St. Paul.

Appearing in newspapers of the Minnesota Editorial Association through the cooperation of the U. S. Soil Conservation Service and the University of Minnesota Institute of Agriculture.

Melin Hanson, 21, of Mabel has a record of conservation activities that will challenge most farmer-sportsmen in Minnesota. He was Fillmore county's 1963 farmer-sportsman of the year. In 1962 he planted 242,000 trees, helped build a diversion pond on his father's farm, arranged for protection of wildlife and is cooperating with the University of Minnesota Institute of Agriculture in a study of the corn rootworm. He has been a member of the FFA for four years and 4-H for ten years. He won his county's Frank Blair Award for two years for his outstanding youth conservation activities.

"I can't understand why all farmers with sloping fields don't contour strip crop," says Calvin St. John, Sibley county farmer. He told SCS Work Unit Conservationist Edgar Drogemuller that strip cropping really pays in increased yields and less soil erosion. "Even fields that aren't very steep should be worked on the contour," he added.

Planting was delayed every year in one field on the Orville Elseth farm at Newfolden. The water ran into the field from a neighbor's field keeping it soaked late in the spring. Elseth, a SCD supervisor, diverted the water around the field into a legal drain and used the soil to fill in small low spots. He told Fred Heck, county agent of Marshall County he has increased yields, improved the soil conditions in the field and he and the neighbor both are happy with the new drainage pattern.

"I have one of the first livestock watering pits in Kandiyohi county," says Winston Peterson, cooperator with the Kandiyohi County SWCD. The told Gene Miller, SCS Work Unit conservationist at Willmar, that wildlife of all kinds use his pit. "You can find pheasants and songbirds there most any time," he stated.

QUESTIONS Answered for VETERANS

Additional information or assistance on veterans' benefits may be obtained by visiting or writing the VA Contact Office at the Fargo VA Center, Fargo, North Dakota.

Q—Can a veteran buy a home in a foreign country with a GI loan guaranteed by the VA?

A—The VA has no GI loan program in any foreign country.

Q—What is the biggest headache the VA has in administering benefits to more than 22 million veterans?

A—Veterans or their dependents who moved without notifying the VA of their new address. Correspondence, compensation and pension checks, insurance dividends and similar valuable mail is returned to the VA in thousands of instances each month since the VA and the Post Office have no way of knowing the new address of the mover.

Q—Does the VA handle state veteran bonus payments?

A—Bonus payments by states are purely matters concerning the state issuing the bonus. The VA is completely outside this activity.

In Columbia Pictures' "The There Stooges in Orbit," the zany comics match wits with a couple of invading Martians. Also featured in the film are Carol Christensen and Edson Stroll. Starts Thursday at the Falls.

Legis Lative Letter

from ANDREW SKAAR

STATE REPRESENTATIVE

Pennington and Red Lake county people will be interested in learning that yellow oleo with a ten cent tax will be up for consideration in the House shortly. The housewives seem to be the strongest supporters of this bill.

There is another bill in the hopper that would call for a combination spread. This bill would result in a product that would include not less than 40 per cent butter or butter oil by weight and not less than 20 per cent of vegetable oils by weight. The main advantage of this product would be its low cholesterol content, better keeping qualities and tastelikeness to butter; it would also be less expensive.

This past week one of the main topics of conversation has been that of water pollution. Because of the great loss of life to the duck population and other wildlife, it will no doubt hasten the passage of the Rosenmeier Bill. The Rosenmeier Bill would give the existing State Water Pollution Control Commission expanded powers to set standards and enforce compliance to prevent pollution of state waters.

The House Welfare Committee approved a bill making the state instead of a county responsible for care of transient tuberculosis patients.

The Committee approved a bill doubling the state's share of the cost of providing county public health nurses.

It also approved a bill exempting medical costs from the $70 limit on monthly aid to the disabled.

A bill to repeal the old age lien law was killed by the committee.

The House Highways committee recommended passage of a bill that would add a penny a gallon to the state gasoline tax.

It's apparent now that school immunity will be definite for the next two years. The township, county and municipal immunity has not made as much progress as the school immunity.

Representative Fitzsimons and I introduced a bill calling for an appropriation of $20,000 for removing snags in the Thief River. It is our hope that by appropriating some money to be matched by federal funds, we can make a start in removing many of the impediments in the river. These impediments were, to a great extent, responsible for the flooding that occurred on farm lands adjacent to the river last spring.

THIEF RIVER FALLS TIMES

MONDAY EDITION

Volume 52 Publis Monday and Thursday at 120 LaBree Ave. N., Thief River Falls, Minn. Second class postage paid at Thief River Falls, Minnesota — Thief River Falls, Pennington County, Minnesota — Monday, April 15, 1963 — $5.00 per year in trade territory. $6.00 per year outside trade territory. — POSTMASTER: Send Form 3579 to P.O. Box 739, Thief River Falls, Minn. — Number 30

ADDITION of 25 feet more building at the rear of the Piggly Wiggly super market in Thief River Falls is now underway by the new owners. Gordon Ballingrud and Otis Wold recently purchased the building and parking area from A. M. Magnuson, after having operated the business for a number of years. The addition will be used mainly for additional refrigeration and warehouse space but will also enlarge the display area of the store to some extent. Construction is progressing satisfactorily although part of the fill under a concrete slab was washed out by rains last week.

Multi-County Lock-up Favored

Rep. Skaar's Jail Bill Is Passed by Representatives

Regional jails on a multi-county basis could be a possibility in Minnesota if legislation authored by Rep. Andrew Skaar of Thief River Falls is enacted. A bill introduced by Rep. Skaar was passed by the state House of Representatives with only one dissenting vote. A companion bill is in committee in the Senate.

Many corrections authorities have recommended such a proposal, and Rep. Skaar called passage of the proposal "a victory for several of our state's counties".

"The present system of having individual short-term prisoners scattered among various county jails," he said, "is burdening these counties with a great deal of unnecessary cost. Regional jails will lessen expenditures for this purpose for all participating counties and, in addition, will allow for suitable work programs and rehabilitation and treatment services."

Under terms of the proposal, two or more adjoining counties could cooperate in the establishment, operation and maintenance of a regional jail for the "short-term" type of offender serving a sentence ranging from 30 days to one year. Presently, only the three most populous counties of the state—Hennepin, Ramsey, and St. Louis—have work farms for such inmates and offenders in other counties are confined in the various county jails. Proponents of the bill state that this "diffusion" is uneconomical and impractical.

The bill provides that a county

Jaycees Attend Region 2 Meeting At Detroit Lakes

Seven members of the Thief River Falls Junior Chamber of Commerce attended the Region 2 meeting held Wednesday evening at Detroit Lakes. They included Warren McIntosh, Marvin Lundin, Ralph Foster, Kenneth Taylor, Silas Glere, James Fisher and George Hildre.

John Kalin of Crookston was elected regional vice president to succeed D. J. Birmingham. Also attending the meeting were delegations from Mankato and Minneapolis chapters which are bidding for the 1964 state convention. Moorhead, a member chapter of Region 2, has been endorsed by the region as the convention site.

Following discussion of a proposed split of the region to make it more easily served by state and regional officers, the delegates attending adopted a motion recommending that the region be enlarged to include 14 chapters and be served by two regional vice presidents or a regional vice president and national director.

Crookston was awarded the next regional meeting to be held this summer and also received the man-mile trophy for members in attendance. At the meeting were members of Jaycee chapters at Ada, Bemidji, Crookston, Detroit Lakes, East Grand Forks, Halstad, Moorhead, Perham, Park Rapids, Thief River Falls and Walker.

Rites Wednesday for E. A. Emanuel

TRF Businessman Dies Friday Evening; Was 74

E. A. Emanuel, age 74, longtime businessman in Thief River Falls, died Friday night, April 12, at Northwestern hospital.

Funeral services will be held Wednesday, April 17 at 2 p. m. from Trinity Lutheran church of this city, with Rev. Harold Peterson and Rev. Reuben Wangberg officiating. Interment will be made in Greenwood cemetery.

Mr. Emanuel was proprietor of the Paint & Glass Supply here.

Visitation hours will be from this (Monday) evening until Wednesday noon at the Sinding Funeral Chapel, and at the church for one hour prior to the time of the funeral services.

Thursday's edition of the Times will carry a complete obituary.

Cancer Films for Women Only Will Be Shown Tonight

Private showing of a cancer film for women only has been scheduled for tonight at 8:15 p. m. in the Lincoln high school auditorium, according to Allen Torkelson, chairman of the April Cancer Crusade to be conducted in Pennington county.

The two films to be shown deal exclusively with types of cancer that are very prevalent among women and are of an educational nature. It is highly recommended that all women, young or old, plan to see these films.

The local unit committee for the cancer society has arranged to have Dr. Earl Daag, radiologist for Northwestern hospital, in attendance for the purpose of answering specific questions about cancer.

Clinic for Physically Handicapped Children Set for TRF April 23

Physically handicapped children in this area will be served at the field clinic to be set up by the crippled children services of the Minnesota state department of public welfare in Trinity Lutheran church in Thief River Falls Tuesday, April 23.

Youngsters up to age 21, who live in the following counties are eligible to attend: Pennington, Kittson, Marshall, Red Lake, Roseau and Grygla area of Beltrami.

The local clinic is one of 19 scheduled this season for different areas of the state, said Dr. Mildred Norval, St. Paul, director of the crippled children services. "Through these clinics," she said, "children with crippling disabilities may be located, examined, and helped to get the services they need to rehabilitate them as competely as possible.

Last year, 1,462 youngsters were served at 38 field clinics. Of this number, many were suffering from disabilities caused by polio, club feet, and cerebral palsy. Each child is examined by a pediatrician and an orthopedist, and a report sent to the family doctor. A public health nurse talks with the parents about the health of the child and helps them to work out plans to follow the medical recommendations of the physicians. A medical social worker assists the parents with any emotional, social or financial problems that must be solved.

In case a child needs follow-up care, hospitalization or vocational couseling, the crippled children services work with the patient's parents and the family physician to make the necessary arrangements.

Groups sponsoring the clinic program are the Gillette State hospital, state department of health, state division of vocational rehabilitation, state Christmas Seal organization, Minnesota - Dakota - Manitoba Orthopedic socity, Minnesota State Medical association, Northwestern Pediatric society, local medical societies, public health nurses and county welfare agencies.

Appointments should be made with Mrs. Harold Buck, Thief River Falls, phone MU 1-2652. "If this is the patient's first clinic visit, he is advised to bring his physician's written referral," said Mrs. Buck.

Local clinic arrangments are being made by Mrs. Joe Dostal Jr., Thief River Falls. Assisting are Mrs. Timothy Conners, co-chairman, and the DeCor group of the Thief River Falls Woman's club, sponsoring agency.

TRF Creamery Buys Nearby Property

The Thief River Falls Creamery has purchased the Land O'Lakes property bordering it on the south, consisting of the garage and a quonset type warehouse, Albert Hanson, president, told the Times Saturday.

A part of both buildings was rented back to Land O'Lakes until that organization can make other arrangements for shop, garage and storage purposes.

Mr. Hanson stated that one stall of the garage will be equipped for the washing of bulk tanks and as it becomes available the rest of the room will be used for garage and warehouse needs. He stated that the property had been purchased from Land O'Lakes at that organization's book value.

Bank Debits Here up One Per Cent

Bank debits in Thief River Falls were up one per cent in March compared to the totals for March of 1962. The change for the first three months was up seven per cent, which compares favorably with other cities in northwestern Minnesota and was the same as the state average.

Tuesday Is Date for Barber Shop Quartet Singing

SPEBSQSA Group Will Hear Bemidji and GF Singers at Lincoln HS

There will be a meeting on Tuesday at 8 p. m. in the Lincoln high school cafeteria of the organization with the longest name in Thief River Falls. The session will be a "get acquainted" meeting for the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America.

Quartets from Bemidji and Grand Forks, who have been preparing for international preliminary contests, will be present to sing and provide the local chapter with information on the SPEBSQSA. District officers and the area councilor are also expected to attend.

Local arrangements are being handled by a committee under the chairmanship of James Nepper of Thief River Falls. "We enjoy singing," he said, "and want to share this enjoyment with other men and with our community. We have been much impressed with the shows produced by chapters of the society.

"We want to use this meeting to explain and demonstrate the thrill of barber shop harmony to our friends," Nepper continued. "We invite all interested persons to attend what we believe will be a very interesting evening and coffee will be served at the conclusion of the program.

"Chapters of the society contribute much to their communities by singing for hospitals, schools, churches, PTA groups and other community organizations. A chapter in Thief River Falls would be a civic and cultural asset to this area," he concluded.

Tuesday night's session is free of charge and both singers and listeners are cordially invited to attend.

Baudette Man Is Killed by Auto

Ole Tolpingrude, 70, Baudette, was killed last night when walking along highway 11 near Donaldson, according to reports received here this morning. Tolpingrude was struck by a car driven by Warren Coulthart of Drayton, N. D. Further details were not available.

Zion Church To Hold Father & Son Banquet

Zion Lutheran church will hold its annual Father and Son banquet at the church on Wednesday with all fathers and sons of the congregation invited to attend. A program will be presented at the banquet which is scheduled to begin at 6:30 p. m.

Farm Bureau's Sales Tax Bill Is Introduced

Conservatives in State Legislature Submit New Measure

Real estate tax relief for property owners, and tax reforms that can mean more jobs and renewed economic growth in Minnesota "hang in the balance of legislative action," Clarence W. Myers, Minnesota Farm Bureau Federation president, said today.

"Introduction late last week of the Farm Bureau's replacement sales tax bill brings new hope that long-needed improvements in Minnesota's tax structure are within reach," Myers said. "The important thing now is that people in every part of the state let their legislators and the governor know they want action."

The Farm Bureau bill, proposing that the 157 million dollars in annual revenues from a 3 per cent replacement sales tax be devoted exclusively to tax reform, was authored by Representatives Harold R. Anderson, North Mankato; John A. Hartle, Owatonna; Otto T. Bang, Jr., Edina; W. Casper Fischer, Marshall, and Harvey B. Sathre, Adams.

"The bill is a tax reform measure in its entirety," Myers said. "Not a penny is proposed for increased state spending. We believe that the legislature can and will hold the line on spending.

"The major objective of the Farm Bureau bill is the elimination of inequitable personal property taxes, a move which will bring new industries, new payrolls and more jobs to Minnesota, but other important needs have not been overlooked. Provision is made for real estate tax reduction of about 12 per cent which would be equal to $12 for very $100 now paid. That would be of substantial benefit to veryone who pays taxes on homes, farms or other real property.

"Elimination of the personal property tax on farm and factory production machinery, and on inventories, would provide a tremendous stimulus to business expansion we need to create more jobs. The personal property tax has been the major stumbling block in the way of Minnesota's economic growth by penalizing both agricultural and insutrial production.

"Provisions for a $10-per-person tax refund or credit would return some 34½ million dollars to state income taxpayers to offset taxes on purchases of food and drugs."

Social Security Man Here Tuesday

A representative of the Grand Forks district office of the Social Security administration will be in Thief River Falls at the city Auditorium Tuesday, April 16, at 10:00 a. m. Individuals who have questions regarding social security or who wish to file claims may contact him on that date.

Mrs. Curtis Swanson and Dawn, Susan Dagen, Mrs. Gil Sannes, and Brenda Olson spent Thursday in Grand Forks, N. D.

Times Publication Dates To Change

Wednesday Issuance On Thursday Edition; Ad Schedule Changes

Beginning with the Monday, April 22 issue, the Thief River Falls Times will begin its new publication schedule. Monday editions will be published at noon on Monday and the Thursday edition will be changed to Wednesday publication and be on the press by 3 p. m. on Wednesday. First Wednesday edition will be printed on April 24.

As a result of the change in publication time, changes have been made necessary in deadlines for advertising and news copy. Classified advertising must be placed by 5 p. m. the previous Saturday for the Monday editions and by 10 a. m. Wednesday for the Thursday edition. Display advertisers will have until noon Saturday to provide copy for the Monday edition and 5 p. m. Tuesday to have copy for the Wednesday edition.

News sources are also encouraged to keep the publication dates in mind when they wish to have news items published in regard to their group activities or coming events. The editorial staff realizes that many late-breaking stories can not be handled in any other fashion, but encourages the practice of getting news copy into the office well in advance of publication dates whenever possible.

Change in the dates of publication has been brought about primarily at the request of advertisers who wish their customers to have an extra day to read their week-end special advertisements. Printing on Wednesday will assure all readers in the area having their papers by Thursday noon. Monday press time has been moved to noon from 3 p. m. to provide the news and advertising staff more time to prepare for the Wednesday edition.

Farmers To Discuss Alfalfa Plant Tuesday

Odin Hanson Is Elected President of Corporation

Farmers interested in producing alfalfa for market to a local dehydrating plant are encouraged to attend a meeting to be held Tuesday at 8 p. m. in the Thief Rivr Fall city auditorium. All others interested in the production of alfalfa commercially or use of processed alfalfa in their operations are urged to be in attendance.

Articles of Incorporation were adopted by persons attending an organization meeting Saturday. Organization of the corporation was handled by the Pennington County Rural Area Development committee headed by Cy Carpenter. Penrad Dehydrating Plant was the name selected for the organization and articles of incorporation are being submitted to the Secretary of State for approval.

The organization proposed to establish an alfalfa dehydrating plant in the Thief River Falls area and to process alfalfa for resale. It has been estimated that such a plant would require at least 750 to 1,000 acres of alfalfa, employ 10 to 15 men during the main processing season and cost well in excess of $100,000.

Required would be a building for the processing plant, additional space for storage, harvesting equipment for use on the farm, and in-plant equipment for bagging, pelleting and other processing. It has been recommended that individual farmers contract 10 to 80 acres for processing with 30 to 40 acres considered ideal.

Officers Elected

Odin Hanson of Thief River Falls was elected president of the board of directors with Otto Rupprecht of Thief River Falls as vice president and Henry Panek of Goodridge as secretary-treasurer. Other board members include William Rupprecht of Thief River Falls and Bert K. Johnson of Goodridge. Other incorporators include Frank Hible, Charles Kotaska, Alton C. Carlson and Cy Carpenter of Thief River Falls and Archie Wilson of Goodridge.

Both common and preferred stock will be issued by the Penrad Dehydrating Plant, Inc., with articles of incorporation stating the following:

"Any farmers or firms doing business with above named organization may become a voting member by purchase of one share of common stock of $100 at the discretion of the board of directors. All producers processing their

LIFE-SAVER in an emergency about noon on April 4 was seven-year-old Julie Svean, daughter of Mr. and Mrs. Myron Svean of 1019 Horace av. N. She is shown above with four-year-old Mike Nyland, son of Mr. and Mrs. Roger Nyland of 1020 LaBree av N., the youngster whose life she is credited with saving. Mike fell into the rain-swollen coulee in the north part of the city where it crosses Eleventh street at Horace avenue. When other children playing in the area panicked and ran, Julie pulled Mike out of the water and started helping him home. Water at the culvert (in shadow at right) where the rescue took place was estimated at eight to 10 feet deep. Julie is a member of Mrs. Leslie Snetting's Brownie scout troop and is being considered for a life-saving award.

Entries Being Sought . . .

Pennington Dairy Princess Contest Slated for May 21

Date for the Pennington county dairy princess contest was set for Tuesday, May 21, at 4 p. m. in the county courthouse at a meeting of the county princess committee held Thursday morning at the Chamber of Commerce office in Thief River Falls.

Creameries, 4-H clubs and other organizations may sponsor contestants in the county event and committee members are encouraging as many entries as possible from the county. Three winners from this county will compete for Region I honors at Northwest Dairy Day in Thief River Falls, and the Northwest Dairy Princess is entered in Princess Kay competition at the Minnesota state fair.

Kathleen Hjelle of Argyle, 1962 Northwest Dairy Princess and currently reigning Princess Kay of the Milky Way, has outlined her winning formula in a new pamphlet prepared by the Minnesota Dairy Industry Committee. Basically her formula is "be honest, be sincere, be yourself". Requirements for contest entry are as follows:

Entries must be bonafide residents of the state of Minnesota for one year and have a dairy farm background. All candidats' parents or guardians must reside on a dairy farm and be active producers of milk or cream at the present time.

A girl can only enter a county contest in the region in which her family resides. She may be away at school or working in a city outside of her county and region and still qualify. The committee considers that her legal residence is the county where her family or guardian resides.

She shall be between the ages of 16 and 21 inclusive and be available for a full year of employment from the day of her coronation. She must be single, not engaged, must never have been married, must not be a professional model, and must agree not be become engaged or to be married during the year of her reign.

Season's Highest Low Is Recorded

Highest low reading of the spring season, 48 degrees, was recorded last night at the Thief River Falls municipal airport by North Central Airlines personnel. The mercury also climbed to a balmy 74 degrees on Sunday, one degree lower than the season's high of 75 set on March 31, providing an ideal Easter day.

While the weather may prove inviting, perhaps it would be best to keep the tomato plants under cover for a few weeks yet. Last year the season's final below freezing reading was 26 degrees on May 6 and in 1961 it was 23 degrees on May 16.

High and low temperatures the past several days include 52 and 26 on Thursday, 52 and 32 on Friday, 59 and 30 on Saturday, 74 and 35 on Sunday and a low of 46 degrees last night.

Today's forecast calls for increasing cloudines and warmer this afternoon, turning cloudy with showers and thunderstorms tonight and tomorrow. Cooler temperatures are expected tomorrow with lows of 45 to 55 tonight and highs of 70 to 78 tomorrow.

Goodridge PTA To Elect Officers

Election of officers for the Goodridge Parent - Teacher association will be held when the group meets Wednesday at 8 p. m. in the Goodridge school gymnasium. A bus will run from Grygla at 7:15 p. m. for parents who wish to attend the PTA meeting.

Physical education tests will be presented by Glen Peters and a movie on the youth physical fitness porgram, narrated by Gene Kelly and Bud Wilkens, will be shown. Andrew Lehrer is in charge of the music program.

"Operation Buddy" Seeks Recruits In National Guard

In the midst of a campaign for new recruits in the Thief River Falls National Guard unit, Capt. Richard Edlund has announced a newly-adopted "Operation Buddy" system which can be used locally.

When a recruit and his buddy enlist in the same outfit of the Army National Guard they can take steps to begin their six months of active duty training at the same time. If both are able to qualify in the same general "skill area", they very probably will go to the same specialist training center following completion of basic training.

"After your six months of active duty training," Capt. Edlund tells interested men, "you return home, go back to your civilian job or complete your education while you and your buddy attend weekly drills with the same unit in which you originally enlisted. You both attend summer field training with this unit.

"You and your buddy can remain in the same outfit for as long as you remain members of the Army National Guard. You can go up the promotion ladder together, even attend state officer candidate school to earn commissions as second lieutenants," Capt. Edlund added.

"In order to have the records entered properly, you and your buddy must enlist at the same time — and make sure you specify that it is an Operation Buddy enlistment at the time you join," he added.

Virginia K. Finstad Wed to Joseph G. Armstrong

An exchange of vows took place on April 6 at the Zion Lutheran Church of this city, between Miss Virginia Kaye Finstad, Minneapolis, and Joseph Gerald Armstrong of St. Paul.

Miss Finstad is the daughter of Mr. and Mrs. Martin Finstad of rural Thief River Falls and the groom is the son of Mr. and Mrs. Lee C. Armstrong of rural Euclid.

Rev. Leland Steen prompted the vows at the evening wedding, using the double-ring ritual. Baskets of white glads and yellow carnations, with lighted tapers, provided the altar setting. About 275 guests were in attendance.

The processional, "Bridal Chorus", by Lohengrin and "Recessional", by Mendelssohn were played by Mrs. A. T. Dahlstrom of this city who presided at the organ. "Crown With Thy Benediction" and "The Lord's Prayer," were sung by Wallace Reierson.

Given in marriage by her father, the bride proceeded down the aisle in a floor-length gown of white Chantilly lace designed with a scoop neckline which dipped to a V in the back. The sleeves were long and tapered, and the skirt was full. The fingertip veil of illusion fell from a headpiece of Chantilly lace which matched the gown. It was formed into a flower and adorned with seed pearls and crystals. She carried a bouquet of white roses.

Attendants to the bride were her sister, Bonnie Finstad of this city, as maid of honor, and Nancy Armstrong of Grand Forks, a sister of the groom, and Mrs. Donald Breiland of Thief River Falls, the bride's sister, the other attendants. They wore similarly-styled dresses of powder blue and carried bouquets of yellow roses and carnations.

The groom's niece, Irene Cota of Red Lake Falls, was flower girl. She was dressed as a bride. Ira Cota, also of Red Lake Falls, carried the rings. He is the groom's nephew.

Serving as his brother's best man was Charles Armstrong of Euclid. Donald Armstrong, the groom's cousin, and Donald Breiland were groomsmen. Ushering were Donald Audette and Raleigh Houske. The men all wore white dinner jackets and dark trousers.

The mother of the bride wore a black dress, while Mrs. Armstrong wore a beige and brown dress. They wore corsages of orchids.

At the reception, hosted by the bride's parents, and held in the church parlors, 275 guests were received. Mr. and Mrs. Oscar Houske, uncle and aunt of the bride, were host and hostess.

The 5-tier white wedding cake, baked and decorated by Mrs. Houske, was cut by Mrs. Medl Cota of Red Lake Falls, a sister of the groom, and Mrs. Carl Finstad and Mrs. Carl Alberg, the bride's aunts. Mrs. Henry Cota of Red Lake Falls, sister of the groom, poured. Waitresses were Bonnie Dicken, Judy Ranum of St. Paul, Mrs. Keith Poppenhagen of Crookston, Mrs. Duane Olson, and Bonnie Cota. Mrs. Ann Johnson, Clearbrook, Miss Laura Duerst, Miss Nancy Dicken, Mrs. Charles Armstrong, and Mrs. Richard Miller of Goodridge arranged the gifts, while Mrs. Arnold Engelstad registered the guests. In charge of the kitchen was Mrs. Art Dicken, assisted by Mrs. Halbert Evenstad, Mrs. Otto Netteland, Mrs. Arnold Gunderson and Mrs. Tim Breiland.

Guests attending were from Toledo, Wash.; Grand Forks, N. D., Shevlin, Minneapolis, St. Paul, Winger, Clearbrook, Gonvick, Red Lake Falls, Chisholm, Euclid and other neighboring towns.

The bride is a graduate of Lincoln high school of this city, class of 1961, and the area vocational school, cosmetology department, and is a beautician at Towne Beauty Shop, Minneapolis. Mr. Armstrong graduated from Northwest School of Agriculture in 1959. He is in electronics, with Univac of St. Paul.

For their wedding trip, the bride selected a blue suit with black accessories, and a corsage of white roses.

WCTU Institute To Be Held Friday

The Woman's Christian Temperance Union will hold its yearly Institute at the Community Methodist church Friday, April 19.

Registration begins at 9:45. The session opens at 10:00 a. m. with Mrs. Carl Paulson leading the devotions. There will be speeches both forenoon and afternoon. Besides Rev. Harold Peterson of Trinity Church there will be two outside speakers — Mrs. Olga Austin from Roseau and Mrs. Helen Jaeger of St. Paul.

Dinner will be served in the church basement at 12:00; a free-will offering will be taken.

The afternoon session begins at 1:30. Besides a special speaker, the Golden Age group from Trinity will give two vocal selections, one in English and one in Norwegian. A group from Lincoln high school will give several vocal numbers. A gold medal speech contest will conclude the program.

Donald Pederson To Wed N. Dakota Girl

Mr. and Mrs. B. J. Knudson, Clifford, North Dakota, announce the engagement of their daughter, Betty Lou, to Donald Pederson, son of Mr. and Mrs. Henry Pederson of Plummer. Miss Knudson is a student at Mayville State Teachers college. Mr. Pederson is employed in Plummer. A June wedding is planned.

Campanula Club Notes Its 15th Anniversary

Campanula Garden club noted the 15th anniversary of its founding this month when the members met at the home of Mrs. Gil Sannes on Tuesday, April 9. Favorite gladioli varieties were named as roll call response. Guest speaker of the occasion was Bob Kloubee, who gave an informative lesson on the growing of gladioli.

A beautiful cake resembling an open-book was baked and decorated by Mrs. Gil Sannes to mark the occasion. She served lunch at the close of the meeting, assisted by Miss Bernice Knutson.

The club was formed largely through the efforts of Mrs. Albert Swanson. Charter members were Mrs. Swanson, Mrs. Ella Brokke, Mrs. A. C. Matheson, Miss Geneva Overum, Mrs. Victor Swanson, Mrs. John Sorum, Mrs. Westacott, Mrs. O. L. Monson, Mrs. Stanley Mortenson, Olga Johnson, Mrs. H. Christopherson, and Mrs. Adolph Nyhagen.

The first flower show held by the newly-organized club was staged here in 1950, when the 9th District Horticultural Society exhibited at the city Auditorium.

WMS Ladies Attend Winnipeg Meeting

A group of Evangelical Free Church women of this city attended a Womens' Missionary Society chapter meeting at Winslow Park church in Winnipeg, Manitoba, Friday, April 5.

Election of officers was held, with one city member and one from Newfolden being elected to office, while the remainder were from Canada. Newly-elected chairman is Mrs. Clyde Christensen of this city. Mrs. Larry Bjorness of Newfolden was elected to a 2-year term as secretary. She succeeds Mrs. Everett Kompelien of Thief River Falls, who has served in the same capacity for four years.

Featured speaker at the meeting was David Heinrich of Germany. Special music was provided by Miss Winifred Larson, vocal soloist.

St. Bernard's Guild To Meet Thursday Night

Entertainment will follow the regular meeting of St. Bernard's Guild Thursday night, April 18, in the basement meeting room of the church.

Every lady in the parish is invited to be present to participate in the discussion and to enjoy the social hour and entertainment. Hostesses will be Mmes. Lambert Rinowski, Don Engelstad, and Don Omdahl.

BETROTHAL of Miss Katherine Leigh Wik to Jerry Lee Wedul is announced by Miss Wik's parents, Mr. and Mrs. Edward Wik of St. Hilaire. Parents of the prospective groom are Mr. and Mrs. Ed Christensen of Thief River Falls.

The couple are both graduates of Lincoln high school of this city, and currently students at Bemidji state college. Miss Wik will teach in Bemidji public school next fall.

Date of the wedding is indefinite.

Newcomers Learn Of Drapery Techniques

Newcomers club held their regular meeting Wednesday night, April 10 in the courthouse meeting room. Feature of the evening was the appearance of an interior decorator who spoke on and demonstrated drapery construction, adapting of fabrics to the general decor and to their specific use, and color coordination.

After the highly informative session, lunch was served by the hostesses, Mrs. Howard Hagen and Mrs. Paul Keyser.

Newcomers interested in bridge have been holding marathons since November, one each month, and the scores are to be reported either to Mrs. Joe Poole, 115 N. Maple, MU 1-1780, or to Mrs. Laurel Lappegaard, 217 West Fourth street, phone MU 1-2008. All reports should be in before the marathon party which will be held at the Rex Cafe on April 27 at 8:30 p. m.

New residents of Thief River Falls are urged to join the club and thus become acquainted in the community. Interesting activities are planned for the regular meetings which are held twice monthly in the courthouse meeting rooms. Information may be obtained from Mrs. Howard Hagen, MU 1-1545.

Norman Berrys Honor Daughter At Dinner

Mr. and Mrs. Norman Berry of this city hosted a dinner on Sunday, April 7 to honor their daughter Linda on her confirmation.

Guests, in addition to Linda, were Mr. and Mrs. George Gagner of this city; Mr. and Mrs. Richard Weiss and family; Mr. and Mrs. Sylvester Schmitz and family; Mr. and Mrs. Leonard Melin and children; Mrs. Leora Audette, Timothy and James; George, August, Raymond and Larry Weiss, all of Red Lake Falls; Mr. and Mrs. Laurence Kastner of Alsen, N. D.

Many gifts were presented to the guest of honor to commemorate the occasion.

MISS FAYE STUCY

Still another member of the winning team of Feed and Seed Show contest entrants has sent in her winning recipe. In her fifth year as a 4-H club member, this winner, a 16-year-old Deer Park food demonstrator, junior type, is already accustomed to winning the top honors. She demonstrated food preparation four times at the Pennington county fair, winning a blue ribbon each time. Five years of demonstrating at the Winter Shows in Crookston have earned for her the coveted award for the past two years. She went to the state fair on her demonstrations twice, capturing the top honors there each time. Her prize-winning recipe is as follows:

ROLLED SUGAR COOKIES

Sift: 3 cups flour
pinch of salt
1 teaspoon soda
1 teaspoon baking powder
Cut in: 1 cup butter

2 eggs, well-beaten
Add: 1½ cups sugar
1 teaspoon vanilla
1 teaspoon lemon juice

Mix well. Roll thin and sprinkle with colored sugar. Bake in a 375 degree oven until light brown. These may be used as Christmas cookies, but are popular for any season of the year.

Daughter of the Malcolm Stucys of Goodridge, this accomplished and talented 16-year-old is an organist in the Deer Park Lutheran Church, plays alto sax in the Goodridge high school band, is a member of the National Honor Society, Pep Club, junior leader of the Deer Park 4-H club, and also belongs to the Farmers' Union.

She has a married sister, Nancy, a senior at the UND in Grand Forks, N. D., where she is majoring in medical technology.

Her father is treasurer of their township, and takes an active part in affairs of the church and community, as does her mother, who is in addition a 4-H leader.

Faye's career preference at the moment seems to be that of a home economist. With her background, she should have an inside edge on the chance of making a successful future for herself.

HAPPY HOMEMAKING

PENNINGTON COUNTY HOME AGENT

Don't worry about the frozen foods thawing while Junior raids the refrigerator.

Household equipment specialists say that opening the outer door of a conventional refrigerator actually lowers the temperature in the cold-storage area. They explain it this way. A rise in temperature in the general storage space activates the termostat and, because the evaporator coils "surround" the low-temperature space, the frozen food gets the immediate benefit of the lowered temperature in these coils.

Even if the door is open for periods up to 15 minutes, frozen food won't lose its quality. However, foods in the general storage area will become warm. Unnecessary frost will accumulate. The cost of operation also will go up as the motor and mechanism work to overcome the effects of warm air.

It's not always good economy to buy clothes that are too big for the child at the start and hope that he will eventually grow into them, says Thelmas Baierl, extension clothing specialist at the University of Minnesota. During the years that a child is growing rapidly, it's better to purchase inexpensive to medium-priced clothing. If you choose few of these garments, the child should wear them often. He'll wear them while they fit and by the time he outgrows them, they will probably be worn out, too.

You can combine good looks and easy care in knits, corduroy, denim, madras and wash and wear in children's clothes. These are all good fasion this year. Children outgrow their clothes fast enough without any help from shrinkage. So, check the label for shrinkage and sanforized fabrics. Look to the label for color fastness and washing instructions, too.

Rev. Seltz Gives Farewell Sermons Easter Morning

To Leave Wednesday To Assume Duties as Head of Minn. North District

Rev. and Mrs. Alfred C. Seltz will move to Brainerd Wednesday after a stay of six years and five months at St. John Lutheran church in Thief River Falls. Rev. Seltz will take over the duties as full-time president of the newly-organized Minnesota North District of The Lutheran Church-Missouri Synod.

Sunday evening, April 14, St. John congregation honored Pastor and Mrs. Seltz at a farewell dinner at the church, while the Plummer congregation had its farewell fellowship on March 21. Pastor Seltz gave his farewell sermons in the Easter services yesterday.

His administrative office will be in Brainerd, but much of his time will be devoted to visiting and counseling pastors and congregations in the District, covering an area from just south of St. Cloud, Willmar and Granite Falls to the Canadian border, and also including congregations in the Port Arthur and Dryden regions in Ontario, Canada. The District consists of about 230 congregations and 125 pastors, and 65,000 members.

Minnesota North District is about 12th in size among the 35 North American districts of the synod. The city of Brainerd is the approximate geographical center of the district. Since 1950 and until January of this year when the new district was formed, Rev. Seltz had served on the Minnesota District Board of Directors and since 1951 also as vice president, while at the same time serving as pastor of congregations. Before coming to Thief River Falls he served pastorates in Alexandria, Frazee and Ogema.

A new pastor has already been secured in the person of Rev. Paul R. Biegner of Sebeka, who will be installed here on May 5. Rev. John D. Rolf of Red Lake Falls will serve as interim pastor.

"We regret leaving our many friends here and have thoroughly enjoyed our stay in Thief River Falls," Rev. Seltz said. "The St. John-Redeemer parish is strong and forward-looking, ready to render greater service to Christ and to the community." He also said that he plans to return quite often to make official visits in the Thief River Falls area.

Manager Chamber of Commerce

Pride is a wonderful thing in our society. The effect that it can have on our surroundings is nearly unbelievable.

At this time of year we see people working after supper cleaning up their backyards, hauling out rubbish, preparing their boat for the summer or just washing the car. Pride of ownership causes much of this springtime activity.

Along these same lines, the Retail Trade Committee is now instigating a Cleanup - Paintup - Fixup Campaign for the month of May. Many organizations and much publicity will encourage everyone to give their property a real "once-over" to give Thief River Falls a face-lifting job that it needs.

A community campaign to clean things up is long overdue. Backyards and alleys are messy in some areas, many homes, businesses, signs, windows, etc., where things can be "Cleaned Up, Painted Up, or Fixed Up." Harold Storhaug has agreed to be chairman of "Cleanup - Paintup - Fixup" and he will need support from the entire community. Your ideas and suggestions would be appreciated so why not get into the act? There's plenty of work for everybody.

If everyone cooperates we'll be able to show our pride as we Shop and Trade Where Bargains Are Made—Here in the Heart of Northwest Minnesota, Thief River Falls.

April 30 Deadline for Asking Wool Payment

Tuesday, April 30, is the last day for filing applications for payments for the 1962 marketing year under the wool payment program, Edward A. Johnson, chairman, Marshall county Agricultural Stabilization and Conservation committee, reminded growers today.

The payments — to be made this summer — will cover shorn wool and unshorn lambs marketed during the 12-month period April 1, 1962, through March 31 of this year. Later marketings will be eligible for payments for the 1963 marketing year, which began April 1, 1963.

The chairman stressed the fact that the program payments on wool and lambs will not be made unless the grower files an application which is supported with all the necessary sales records.

These sales records will be the basis for calculating the national average price received by farmers for wool during the entire 1962 marketing year, so it is to the grower's advantage to file his application early. When the average price can be determined, the payment rates for shorn wool and unshorn lambs sold during the 1962 marketing year will be announced.

Johnson also reminded growers that the 1963 marketing year will cover only a 9-month period—extending from April 1 of this year through Dec. 31, 1963. After 1963, the marketing year will be on a 12-month calendar-year basis, in line with recommendations by producers. Payments for 1963 and later marketing years, therefore, will be *made beginning in April* following the close of the calendar year rather than beginning in July, as for 1962 and previous years.

Because of this future changeover, chairman Johnson said, there may be some confusion about just when applications for payment should be filed. He emphasized that applications are to be filed no later than April 30, 1963 for payments on marketings during the 1962 marketing year just ended. This includes sales made during January, February, and March, 1963.

a girl must enjoy normal healthy appearance, and meet as closely as possible the weight recommended for her height. Judges will base their decisions upon the girl's appearance, personality, natural beauty (including teeth), poise, posture, health, weight, photogenic qualities, quality of voice and speaking ability.

Regional winners who have competed in the state event will not be eligible to compete again; however, the attendants to the regional princesses are eligible to compete again.

It is understood that any girl who receives the title of Princess Kay of the Milky Way accepts the title with the full approval of her parents or guardians.

Complete rules and further information on the contest are available at the county extension office or the Minnesota Dairy Industry Committee office, 2239 Carter Avenue, St. Paul 8, Minn.

product through this organization shall purchase at least one share of common stock and thereby be entitled to only one vote. The board of directors . . can waive this requirement in cases of small producers.

"This organization shall issue preferred stock for the purpose of financing deemed necessary by the board of directors, each share to be in the amount of $500. All holders of preferred stock shall be considered voting members and shall be entitled to one vote per share with a maximum of two votes for every individual or firm. This shall be in addition to voting rights secured by holding common stocks.

"No stocks, common or preferred, are transferrable by their holder but must be redeemed, transferred or reissued at the discretion of the board of directors".

Management of the affairs of the corporation will be vested in the board of director and a manager. The board will consist of five to nine directors and has the authority to hire the manager.

Rep. Skaar's Jail Bill Approved by Representatives

(Continued from page 1)

could join with other counties in a regional jail by majority vote of its county board, and sites and buildings would be established by approval of all the county boards involved.

The facility would be governed by a regional jail board consisting of two county commissioners, appointed for two-year terms, from each participating county. The jail board would appoint a superintendent who would serve as the institution's "chief executive officer".

Each county would incur the costs of care for inmates committed from that county, and other expenses of the jail would be apportioned on the basis of county population.

"It is my hope," Rep. Skaar stated, "that the Senate will join the House in passing this legislation during the current session. Regional jails provide an efficient, fiscally sensible solution to the problems facing many of our counties in the confinement of short-term offenders. Additionally, they are recognized by groups and individuals knowledgeable in the corrections field as the type of institution which can vastly improve facilities, work programs, rehabilitation and treatment for those who have come into conflict with our laws."

Carl Johnson of Holt Dies Apr. 12; Rites on Tuesday

Carl Johnson, a lifelong resident of the Holt community, died unexpectedly at his farm home near there on Friday, April 12 at the age of 71 years.

Funeral services will be held Tuesday afternoon, April 16 at 2 p. m. in the Community Methodist Church in Thief River Falls, Rev. Dean Headley will officiate and interment will be in the Holt cemetery. The body will lie in state at the Green Funeral Home until noon tomorrow, and at the church for one hour prior to the time of services.

Carl Otto Johnson was born on November 28, 1891, in Holt township, Marshall county. He attended school and grew to manhood there. As a young man he became engaged in drainage work, and continued in that occupation for a number of years.

On October 22, 1920, he was united in marriage to Mabel Chritenson at Holt. After their marriage, the couple took up farming near Holt, and have lived there since. Mr. Johnson was active in the affairs of his community, serving on the school board of District 61 for several years and as treasurer of Holt township for 37 years, as well as serving on the co-op creamery board for many years.

His wife preceded him in death, passing away August 26, 1941. He is survived by two sons, Forrest, of Holt, and Merle of McIntosh; four daughters, Mrs. Donald (LaVerne) Inmon of this city; Mrs. John (Joyce) Darragh of Puyallup, Wash.; Mrs. Milton (Marion) Davidson of Holt, and Mrs. Dale (Elaine) Lorentson of Portland, Ore.; two brothers, Hjalmer Johnson of this city, and David Johnson of Seattle, Wash.; three sisters, Mrs. Carsten Sagstuen of Torrance, Calif.; Mrs. Ruth Wilson, Holt; and Mrs. William Johnson of rural Thief River Falls. Also surviving are 11 grandchildren.

He was preceded in death by his wife, three brothers, and three sisters.

Rodney M. Jenson, Former Resident, Interred In Calif.

Funeral services for Rodney M. Jenson, 40, a former resident of this city who died in a traffic accident at Long Beach, Calif., on March 23, were held at Redondo Beach, Calif., on March 29 in the White and Day Colonial Chapel, Rev. Marvin Rygh officiated, and interment was in Pacific Crest cemetery at Redondo Beach.

Mr. Jenson, the son of Mr. and Mrs. C. A. Jenson of this city, was born in Oslo, Minnesota, on March 3, 1923, moving to Warren with his parents at the age of 2. In 1934 they moved to McIntosh where he attended grade and high school. He was prominent in the McIntosh high school marching band as a tuba player. In 1940, the family moved to Thief River Falls, where he completed high school, graduating with the class of 1941. After graduation he was employed at the Hartz retail store until he was inducted into the military forces. He was stationed in Persia during World War II.

After being mustered out of the Army he was employed at Hartz Wholesale in this city until 1955, when he moved to California. In that state he was with Industrial Blue Print Co. of El Segundo, the position he held at the time of his death.

In July, 1946, he was united in marriage to Audrey Bruggeman. Five children were born to their union: Cory, Chris, and Rodney Jr., and two daughter, Kathryn and Connie, all of whom survive, along with their mother.

Also surviving Mr. Jenson are his parents, Mr. and Mrs. C. A. Jenson of this city; a brother Neil, also of Thief River Falls, and one sister, Mrs. John Stanford of Benicia, Calif.

Nicholas Waldorf, 74, Dies Saturday; Services Tuesday

Nicholas Waldorf, age 74, who made his home in this area for many years, died in St. Paul on Saturday, April 13. Funeral services will be conducted from St. Bernard's Catholic church of this city at 10 a. m. Tuesday, April 16. Father Keough Patnode will officiate, and interment will be in Greenwood cemetery.

The recitation of the rosary will be held this (Monday) evening at 8 p. m. at Sinding's Funeral Chapel where the body is lying in state until the time of the services.

Helga Swenson, 84 Dies Sunday; Rites Thursday

Mrs. Helga Swenson, age 84, a resident of the Thief River Falls area for many years, died Sunday, April 14, at Northwestern hospital.

Final rites will be conducted on Thursday, April 18, at 2 p. m. at Trinity Lutheran Church with Rev. Harold Peterson officiating. Interment will take place in Riverside cemetery of rural Thief River Falls. Visitation hours at Sinding's Funeral Chapel will be from Tuesday evening until Thursday noon and at the church 1 hour prior to the time of the service.

A complete obituary will be found in a later issue of the Times.

John Jordet, 85, Dies On Sunday; Rites Pending

John Jordet, a resident of Grygla for many years and lately of this city, passed away Sunday night, April 14, at Northwestern hospital at the age of 85.

Funeral arrangements are pending at the Green Funeral Home.

A complete obituary will appear in Thursday's issue of the Times.

Floyd Holzknecht Sports Editor of College Yearbook

Ah-Mic, the yearbook of Bemidji State College, is completed and the delivery date is set for May 14, according to Miss Corrine Peterson of Gonvick, editor.

The book will be the largest ever compiled by BSC students. It contains 144 pages and according to Miss Peterson each event from last year's spring quarter through the end of winter quarter is adequately covered.

Staff members are Patsy Smith, assistant editor, Clearbrook; Sherri Swenson, Minneapolis, class editor; Genie Cochran, Waterloo, Iowa, senior editor; Carol Ballard, Ogema and Margaret Rothchild, Waubun, junior editors; Carold Efshen, Donna Miller, both of Roseau and Linda Paulson, Erskine; sophomore editors; Mary Lou Metcalf, and Helen Westrum, both of Clearbrook, freshman editors. Floyd Holzknecht, Thief River Falls, is sports editor.

Home Accidents Killed 378 State Residents in '62

Home accidents took 40 fewer lives in 1962 than in 1961 — but the home still ranks second to the highway as the scene of most fatal accidents, Glenn Prickett, extension safety specialist at the University of Minnesota, reported today.

Last year 378 Minnesotans lost their lives in home accidents. Falls were responsible for nearly half of that number — 180 — far outranking any other causes of the fatalities. Seventy-three Minnesota residents died as a result of fires and burns—the second cause of most accidental deaths in the home. Poisons and firearms ranked third and fourth as causes, with poisons taking 22 lives and accidental discharge of firearms, 14.

Almost three-fourths of falls that ended in death last year were from different levels — for example, on the stairs or from step stools.

School Boards In County To Meet In TRF Tonight

Election of a Pennington county reorganization committee will take place this evening when all independent and rural district boards of education meet at 8 p.m. in the Pennington county courthouse in Thief River Falls. The meeting has been called by Dr. David Brown, Goodridge, county school administrator.

Comprising the committee will be five rural members and one member each from the independent districts of Thief River Falls, Goodridge and St. Hilaire. Dr. B. N. Hendrickson, consultant with the district reorganization unit of the Minnesota Department of Education, will be present at the meeting.

The committee will study reorganization plans of districts in the county or affected by reorganization plans of districts in neighboring counties. Of current interest will likely be the attempt to form a high school district at Grygla.

Mrs. Morris Miller

Mr. and Mrs. Morris Miller, Joyce, Morris and Gene attended a birthday party honoring Judy Iverson on her 12th birthday Wednesday, April 11. Others there included Mr. and Mrs. Allen Iverson who arrived from Albany, Calif., Miss Antoinette Viccari, Carol Elg, Mr. and Mrs. Leon Iverson, Rosalie and Roxanne, and Conrad Iverson. She received many nice cards and gifts. Lunch was served by her mother, Mrs. Irvin Iverson.

Many from this area attended the REA meeting at the Thief River Falls courthouse last Friday afternoon.

Mr. and Mrs. Morris Miller were Wednesday evening visitors at the Ray Canaday home. Afternoon guests there were Mr. and Mrs. Rudy Kusmak.

Toasts 'n Tidings BY Your Minnesota Hostess
If ever your travels take you to Colorado Springs, Colo., be sure to visit "The Golden Bee," an authentic British pub duplicated on American soil. We sipped "Half and Half" (half beer, half ale) and smacked our lips over Steak and Kidney Pie. I found this old verse framed in the foyer: "The English roast beef – Dun dripping was drest – With plum pudding and potatoes to welcome each guest – There's a pot of good Porter – The scone to embellish – Horseradish if needful – To give it a relish." Certainly sounds merry, doesn't it?
Danish Roast Lamb
Shall we call this my "international" column? I've been saving this excellent recipe for you:
Leg of Lamb, 4-6 lbs.
1½ cups beer
1 onion, 1 carrot, 1 celery stick (all thin-sliced)
1 bay leaf, salt, pepper
Remove lamb's heavy outer skin. Salt and pepper meat. Roast in shallow pan one hour at 350 degrees; drain off fat. Mix vegetables, beer and bay leaf. Pour over roast; return to oven. Roast 2½ hours more, basting frequently. Strain and thicken gravy. Surround roast with cooked squash rings, topped by fresh orange slices and mint jelly. Pass glasses of beer! And enjoy many new recipe ideas from my free cookbook. Write "Minnesota Hostess," 333 WCCO Bldg., Minneapolis 2.

May 1 Final Day To Join 4H Club for 1963 Year

May 1 is the last day a boy or girl can join a 4-H club for the 1963 club year, according to Harlem Sandberg, Marshall county 4-H club agent. Any boy or girl that was nine years old before January 1, 1963, may join a club. Maximum age for membership is 21 years.

Requirements for membership are: (1) the boy or girl agrees to carry at least one project through completion; and (2) the boy or girl attend club meetings and participate in programs and events.

4-H offers to the members an opportunity to learn useful information, gain poise and self confidence by participating, learn to work cooperatively, meet new friends and to have fun.

Anyone wishing information about the 4-H club program may contact the 4-H club in their community or the county extension office in Warren.

Owatonna Banker Resigns Business Development Job

Clifford C. Sommer, Owatonna, Thursday announced his resignation as chairman of the Governor's business advisory committee to the department of business development.

Sommer, president of Security Bank & Trust Co., Owatonna, was appointed to the post for an indefinite term by former Gov. Elmer L. Andersen in Jan., 1961. He said that he has sent his resignation to Governor Rolvaag "so there might be an orderly transition of the work of the committee under the new administration."

"The creation of more jobs from business now located in the state and new business coming into Minnesota is a most important factor in broadening the tax base so that present services may continue to be enjoyed in the future," Sommer said.

Olympic Hockey Team Material

If Eddie Jeremiah, hockey coach at Dartmouth and who will coach next season's United States Olympic hockey team, is looking for a nucleus for next year's club, he would do well to look over Cal Marvin's Warroad Lakers squad.

The Warroad Lakers, competing in Canadian intermediate hockey playdowns, defeated the Selkirk Fishermen, three games to zero, in a best-of-five series that was concluded on Friday night at Winnipeg Arena. The Lakers defeated the Selkirk club, 6 to 5, in Friday night's game to close out the series, and they will now await the winner of the Kamloops, B. C. vs. Olds, Albt., series.

But to get back to the Olympic hockey material on that Warroad squad. In that game on Friday night, and more than 2,500 fans witnessed the game, such American players as Roger and Bill Christian, and Myron, Dayton, and Sam Grafstrom, were outstanding.

Of course, the Christian brothers were members of the 1960 United States team that won first place in the Olympics. And they will be available for next year's Olympic squad. But the Grafstrom boys are Olympic team material, too. Myron, who coaches at Warroad, and Sam are forwards, while Dayton played at defense for the Lakers on Friday. Marv Jorde, former Prowler and Minnesota hockey player, was a team-mate of Myron and Dayton at Minnesota and later in independent hockey competition. Marv stated that he had never seen Dayton play better hockey than he exhibited against Selkirk on Friday night. And Marv, too, is Olympic team caliber.

It's a Fact

An item in this week's issue of the "Sporting News" carries this information regarding the Twins' Harmon Killebrew: "The Twins are considerably concerned about Harmon Killebrew's knee. The American Legion home-run champion has been on a bad 'wheel' all spring and it has affected his hitting. . .It also has rendered him almost immobile at the plate. . . Killebrew was conked by a pitch thrown by Washington's Clom Cheney because he couldn't move fast enought to get out of the way. . Without Killebrew, you can forget the Twins as a pennant threat."

And it's a fact that Killebrew's presence in the Twins lineup is vital to the success of the Twins. It perhaps would have been to Killebrew's advantage if the Twins management had kept the home-run slugger out of some of these early-season games, but that's a luxury the pennant-minded Twins cannot afford.

Thieves' Baseball Meeting

Miles Jackson announced a rescheduling of the senior baseball meeting that was postponed the other week, and the new date has been set for Thursday evening, April 18, at the Eagles club at 8:00 p. m.

This meeting is of great importance as far as senior baseball activity is concerned, and it is expected that a decision will be made as to whether or not the Thieves will participate in league competition this season.

A Sports Item?

Dennis (Cotton) Langevin would like to join a Boy Scout knot-tying class, or some similar group, so that he can learn to tie a bowline knot. For the past several years, Cotton has been attempting to tie this knot. He has even resorted to that knot-tying limerick about the "rabbit comes out of this hole, goes around the tree, goes down this hole, etc.", but to no avail. Cotton's bowline knot just won't tie!

Women Bowlers at the Eagles

The Women's Bowling association annual awards banquet, and election of officers, will be held at the Eagles club on Wednesday, April 17, at 6:30 p. m.

Mary Washnesky, president of the association for the past year, will be the presiding officer.

2 Cars Damaged Near Highlanding Tuesday Morning

A traffic accident in which two cars were damaged to the extent of about $600 was investigated last Tuesday by the Pennington county sheriff's department. The mishap occurred about 9:50 a. m. on SAR 24 about ¾ mile north of Highlanding.

A car driven by Ole Prestebak, Goodridge, wa traveling south on SAR 24 and was followed by a car driven by Lloyd Hogenson, Thief River Falls. Hogenson pulled out to pass when the Prestebak car slowed down as it approached a crossing on the right side of the road.

As Hogenson began to pass, the Prestebak car pulled into the left lane as the driver intended to place a letter in the mailbox on the left side of the road. The Hogenson car struck the rear of the Prestebak vehicle with total damage to both cars estimated at $600.

Prestebak appeared in Thief River Falls municipal court on Thursday and was fined $25 with $10 suspended on a charge of driving over the center line.

Softball Meeting Set Wednesday

There will be an organizational meeting for all persons interested in local league softball play this summer on Wednesday at 8 p. m. in the Elks club rooms. Discussion of league play, tournaments and other activities will take place and all players and others interested are encouraged to attend.

Sportsmen's Club Meets Wednesday

Regular meeting of the Pennington County Sportsmen's club will be held Wednesday at 8 p. m. in the Thief River Falls city auditorium basement meeting room, according to Donald Omdahl, secretary. Business will be transacted with Vernon Scholin presiding; movies will be shown and lunch served. All members are encouraged to attend and bring a guest.

Women's Bowling Banquet Slated

League awards and trophies for the three women's bowling leagues in Thief River Falls will take place at the annual women's bowling banquet and city association meeting Wednesday at 6:30 p. m. in the Eagles hall. Mary Washnesky will preside at the meeting and election of officers will be held.

Nite Hawk Bowlers Will Meet Tonight

Members of the Nite Hawk bowling league are reminded of the league meeting to be held at 8 p. m. tonight in the basement meeting room of the Eagles hall in Thief River Falls. All bowlers in the league are urged to attend.

Household Finance Buys Paint Firm

Coast-to-Coast Parent Firm Expands Interest

A tentative agreement for the acquisition of the Badger Paint company of Milwaukee by the Household Finance corporation in Chicago (subject to ratification by Badger stockholders, audits, and clearance by tax and other administrative authorities) was announced by Arthur C. Melamed, President of the Coast-to-Coast Stores, Central Organization, Inc., Minneapolis, a wholly-owned subsidiary of Household Finance corporation.

The net worth of Badger is approximately $3,550,000. The agreement calls for Household to deliver stock in exchange for the properties at the closing date, which is expected to be not later than July 1, 1963.

In addition to its own paint factory and warehouse, the Badger Paint company owns 66 retail stores and sells paint and hardware items to an additional 60 to 70 dealers. Forty-three of its company-owned stores are centered in the city and suburbs of Milwaukee.

St. Olaf Student from TRF Shares in Conference

Six St. Olaf College students will attend an Associated Colleges of the Midwest (ACM) conference on "A Warless World" April 19-20 at Racine, Wis.

Representing St. Olaf at the conference will be Alta Heneman, junior from St. Paul; John Kuehl, senior from Waukesha, Wis.; Karin Larson, junior from Thief River Falls; John Mathinson, senior from Wheaton, Minn.; Charles Medalen, junior from Good Thunder, Minn., and Judy Riegel, senior from LeMars, Iowa. Karin Larson is the daughter of Mr. and Mrs. Stan Larson, Thief River Falls.

Mental Health Chapter To Meet

Roy Wiseth To Speak On 1963 Legislation

Showing of two films and a talk on mental health legislation in Minnesota for 1963 will take place at the first regular meeting of the newly-organized chapter of the Pennington County Association for Mental Health. The meeting will be held Friday at 8 p. m. in the basement meeting room of the Pennington county courthouse in Thief River Falls.

Roy E. Wiseth, Goodridge, former state senator for eight years, will speak on current mental health legislation. Films to be shown include "Meeting Emotional Needs in Childhood" and "Mental Health".

The first film shows some of the ways for building a satisfactory foundation for later adjustment. The second illustrates four basic rules for mental health in everyday situations and the importance of discussing problems with someone.

County residents interested in membership may obtain further information at the meeting. A membership table will be set up at 7:45 p. m. and following the meetisg, according to Mrs. Edwin Koglin, president.

Inaugural Ball in St. Paul Tuesday

Party Arranged to Honor New DFL State Officials

National Committeewoman Geri Joseph and State Chairwoman Pat. St. Angelo, co-chairwomen of the Inaugural Ball honoring Governor and Mrs. Karl F. Rolvaag at the Prom Ballroom, St. Paul, Tuesday evening, April 16, today announced further details of the event.

The Inaugural Ball, in addition to honoring Governor and Mrs. Karl Rolvaag, will offer a tribute to other elected state officials including the new Lieutenant Governor and Mrs. A. M. "Sandy" Keith; Secretary of State and Mrs. Joseph Donovan; Attorney General and Mrs. Walter Mondale; and Railroad and Warehouse Commissioner and Mrs. Paul Rasmussen; Ron Anderson and Hjalmar Petersen.

Arrangements are being made for an estimated attendance of upwards of 5,000 persons.

Police Check On Traffic Mishap, Stolen Revolver

One traffic accident was investigated by Thief River Fall police during the past several days and the theft of a .22 caliber revolver was also reported.

The mishap occurred about 11 a. m. Saturday when a car owned by Roy Mogen, rt. 5, was parked on Dewey av. N. and struck by a car driven by Catherine Lawon, city, and traveling south on Dewey av. About $100 damage was done to the Mogen car and $250 to the Lawson car with the case under investigation.

Theft of the 22 caliber revolver from the car of Robert Thompson was reported on Thursday. The gun was valued at $40.95.

March Purchases of Savings Bonds in State Increase

Sales of series E & H savings bonds continued on an upward trend in Minnesota during March, according to J. M. Roche, Pennington county volunteer savings bonds chairman.

Total sales for March in Minnesota were $5,271,768 bringing the three-month total to $17,488,839 or 26.5 per cent of the state quota of $65,900,000. March sales in Pennington county were $8,200; Marshall county, $10,312; and Red Lake county, $1,087.

Rollin O. Bishop, state volunteer chairman, announced that the Freedom Bond Drive date: this year are May 1 to July 4th. Every Minnesota family is urged to buy at least one extra savings bond this year.

Key To Cancer Control

Drugs Sought For Control of Cancer

EDITOR'S NOTE: This is the third of a series of articles on "The Four Keys to Cancer Control." This article tells of the quest for cancer drugs.)

by Pat McGrady
Science Editor
American Cancer Society

About 30 drugs now are being used in various American medical centers against approximately 40 kinds of human cancer. They represent a last stand against inexorably advancing disease and are usually used when the cancer has spread beyond the surgeon's ability to remove it and when the cancer becomes resistant to x-rays. Surgery and radiation are recognized as the only means of curing cancer.

An old adage in medicine is: Drugs never have cured a human cancer. The old adage seems almost due for revision.

One kind of human cancer has been kept under such complete control by drugs — in some cases now for more than six years — that they meet the technical definition of a cancer cure. The definition requires that the patient be well and without evidence of the disease five years after treatment.

The cancer which seems at long last to have yielded to drugs is a rare one called choriocarcinoma. It arises from a bit of placenta which remains in the womb following delivery, and, except for a few cases in which it disappears spontaneously, its lethal cells seed the lungs, brain and other vital organs.

About seven years ago scientists at the National Cancer Institute began treating choriocarcinoma with a counterfeit B-vitamin called methotrexate. In eight out of 10 patients, the uterine tumor withered away, and x-rays showed that its colonies in other body sites cleared up.

As time passed, choriocarcinoma returned and killed some of its victims. Today, however, it appears that the drug clears up the condition "permanently" in about 30 per cent of the patients.

Other Drugs

As nothing succeeds like success, other drugs now are helping rescue choriocarcinoma patients who eventually become resistant to methotrexate. Among the preparations which now help are two extracts of the pretty flowering plant periwinkle; the drugs are called vinca luekoblastine and leurocristine.

Methotrexate first was used in 1948 against leukemia in children on the theory that if the antivitamin interfered with growth, it might block the uncontrolled growth of leukemic cells.

In some of the dying children, the drug wrought a miracle; it kept them alive and reasonably well for periods ranging from several weeks to as much as six years, before it finally lost its ability to postpone the inevitable.

Leukemia is still incurable. A growing number of agents, including x-rays, cortisone, the periwinkle extracts, three nitrogen mustard derivates and two or three other drugs of less definite value, have lengthened the short lifespan of leukemic children. And recently a brilliantly conceived drug called, for short, MeGAG, has shown promise in helping adult leukemics.

Gradually, the list of drugs which attack one or more kinds of cancer is increasing. All of the effective ones are toxic to a small or great degree. But, one by one, the many types of cancer are coming under arrest for varying periods, and the distressing symptoms of the disease, including pain, are being alleviated.

At the present rate, by this time next year perhaps a half-dozen new preparations of proved value from the 160 now under clinical trials in 150 hospitals will be used regularly against cancers in humans, possibly against cancers which can not be helped by drugs available now. And scores of still newer drugs will be showing promise in animal experiments; some of them may be ready for human trials the year after next.

How Drugs are Developed

Anti-cancer drugs are discovered or conceived in many ways. The highly useful nitrogren mustard was a World War II poison gas prepared by Germany. The allies fought that a captured sample shrank lymphatic tissue and destroyed white blood cells and bone marrow. It was tried and found destructive of the sick cells, lymphatic tissue and marrow of leukemics.

An antibiotic, actinomycin D, D, which is a good treatment for a group of cancers, came out of *the massive program under which* many thousands of chemicals are tested each year against experimental cancers in animals.

A great many new drugs are coming off the biochemists' molecular assembly lines. They are designed as counterfeits of natural cell chemicals — false segments of nucleic acids which comprise genes and protein factories, bogus protein components and fraudulent viatmins. Some of them bring disaster to cancer cells; but they also damage fast-growing normal cells.

To a degree, the primitive remedies of primitive people are being reviewed, samples of folklore medicine from the distant past and far places are being tested, and new plant extracts are under study.

Natural hormones, known to play a role in some cancers, are being administered, or hormone-producing glands are removed to palliate some cancers of the breast, prostate and, occasionally uterus.

Combinations of drugs, tried concurrently or in sequence, are being tested. The "magic bullet" for cancer has not been found as yet. But armies of scientists in thousands of laboratories throughout the world are avidly seeking it.

Florida Scouts Join in 1963 Canoe Derby

With a team from Florida definitely enrolled, and inquiries coming in from several states and Canadian provinces, the Minneapolis Aquatennial Explorer Scout Canoe Derby is attracting national attention. Already it is confirmed that a team of Explorer Scouts from Winter Haven, Florida, will take part in the grueling 450-mile race down the Mississippi. The group, which will represent the Florida Citrus Exposition, has already begun training.

The seven-day canoe derby is the largest race of its type held anywhere in the world. Each team will be composed of eight Explorer Scouts — not yet eighteen years of age by July 12, 1963 — and two adult leaders. Four paddling units of two each will rotate regularly throughout the journey.

Beginning with an overnight camp on the shores of Lake Bemidji Friday, July 12, the paddlers will camp out the reamining six nights of the journey in the scenic Mississippi river towns of Grand Rapids, Palisade, Brainerd, Little Falls, St. Cloud, and Anoka before arriving in Minneapolis sometime on the afternoon of July 19. The arrival of the weary voyaguers in the City of Lakes will mark the beginning of the twenty-fourth edition of America's Greatest Summer Festival, the Minneapolis Aquatennial.

For two years now, Post 210 of Brooklyn Center, Minnesota, has captured the vocted first-place award in the derby. Already the boys there are training in hopes of making it three years in a row.

Lightweight seventeen-foot canoes for the derby will be provided by the Aluma Craft Boat Company. Participating teams, however, will supply their own car top canoe carrier, tents, sleeping gear, and personal equipment. Food will be provided by a traveling "chuckwagon."

Alumni Reunion Is Set at N.W. School

Crookston Institution Plans Event for July 13

The annual summer alumni reunion at the Northwest School of Agriculture, Crookston, will be held on Saturday, July 13. This year's reunion is expected to bring back to the campus many of the graduates from the class of 1913 as they are celebrating their 50th anniversary. Class members assisting with plans for this 50th anniversary are Mr. and Mrs. Nils Pederson of Bejou, Minnesota, and Fred Fredrickson of Bellflower, California.

A number of alumni have also requested "special reunions" for the classes of 1923, 1938, and 1948; therefore, plans for these reunions will be made by members of the respective classes.

Alumni attending the reunion will have an opportunity also to attend some of the events of "Pioneer Days" which will be celebrated in the city of Crookston on July 13.

State Dentists to Hold Convention

The president of the American Dental Association will be the headline speaker as the 80th annual session of the Minnesota State Dental Association gets underway in Minneapolis auditorium on Monday.

Dr. Gerald D. Timmons, Dean of Temple University Dental School, Philadelphia, will review current activities of the National Dental Association.

The three-day session program will include lectures, clinics and motion pictures of dental techniques and specialties.

3 New Members Are Named to Board of RRV Winter Shows

Pledges to Building Fund to Extent of Over $30,000 Are Reported Delinquent

The annual meeting of the Red River Valley Winter Shows board of managers held April 5 at the Winter Shows arena resulted in the election to the board of three new members.

David G. Johnson, Ada, was elected for a three-year term to succeed Wayne Ewing, Beltrami, as the representative of the hog raisers who are members of the Red River Valley Livestock Association. Mr. Johnson raises both purebred Duroc swine and Hereford cattle on his farm near Ada.

Thorwald Hansen, Elbow Lake, Minnesota, was elected for a two-year term to represent the Minnesota Association of Soil and Water Conservation Districts, Areas I and II. Mr. Hansen's membership will mark the fourteenth valley-wide organization with representation on the board.

Charles Brantner, rural Moorhead, was elected as an advisory member for a three year term to represent the horsemen of the Red River Valley Livestock Association. Mr. Brantner raises and shows Arabian horses.

Elected to the board for three-year terms to succeed themselves were Marian Augustine, Thief River Falls, representing the Red River Valley Dairymen's association; Bennitt Aarestad, Halstad, representing the Red River Valley Potato Growers association; Howard J. Newell, St. Paul, representing county extension work; and George Nornes, Climax, representing the Minnesota Vo-Ag Instructors association.

In other matters, the board considered various reports in connection with the operations of the year-around program and building fund. The Board was concerned with the poor position of the Winter Shows building fund because pledge payments are behind more than $30,000. The board deemed it necessary to take special action in each area to bring atention to the dire need for up-dating pledge payments.

Members of the executive and finance committees were to meet later to consider ways and means of financing the operations of the executive director's office and maintain the facilities.

4 State 4-H'ers to Go to Washington

Will Share in National Conference April 20-26

Four Minnesota 4-H'ers will represent some 53,000 fellow club members at the 1963 National 4-H Club Conference in the National 4-H Center in Washington, D. C., April 20-26.

Attending the conference will be Sally Souther, 18, St. Paul; Thomas Hovde, 19, Hanska; Nancy Glas, 18, Hutchinson; and Robert Gehrman, 18, Minneapolis. They were awarded the trips for 4-H achievements and leadership. The Minnesota Bankers' association is sponsoring the trips. Leonard Harkness, state 4-H club leader at the University of Minnesota, will accompany the group to Washington.

Citizenship theme of the 33rd National 4-H Conference is "Our Heritage — Foundation for the Future." Programs will give special attention to the constitutional system of government and will give delegates a clearer understanding of the workings of the federal government. A major event is the all-conference breakfast for delegates and leaders with congressional delegations from their states on Tuesday morning, April 23.

The four Minnesota delegates are all active junior leaders and have held offices in their local clubs. They are all students in the College of Agriculture, Forestry and Home Economics at the University of Minnesota.

Gamble-Skogmo Names President

Carl C. Raugust, 60, who managed the Gamble Store in Grand Forks in the 1930's, was elected Thursday as president and chief administrative officer of Gamble Skogmo, Inc., Minneapolis - based wholesale-retail merchandising organization.

Bertin C. Gamble continues as chairman and chief executive officer of the corporation.

Raugust had been executive vice president since 1960 and earlier served as vice president in charge of merchandising. He has been a director since 1957.

"The fair-minded man is a snob. He exercises his right to choose his associates among those whose ideas and ideals are in sympathy with him; but he does not assume that the rest of the world is wrong or inferior or foolish. He measures facts on honest scales and weighs folks as he finds them, not as he hopes or wishes them to be."

A New Government

Prime Minister Diefenbaker has recognized the obvious in the Canadian election results and is withdrawing in favor of the winner, Liberal leader Lester Pearson. Some prominent Canadians are now hopeful that with the government in strong hands again the fringe parties will gradually disolve and the two-party system will be restored.

With Pearson speaking for Canada, our relations with our northern neighbors should improve and our continental relations with Western Europe should also be strengthened.

The geographical strength of the two major parties, as revealed by this election, is interesting. The Liberals owe their victory to large centers of population and the agricultural areas remained Conservative. While the Conservatives toppled like tenpins in the large cities, the Liberals gained only one seat in the three prairie provinces.

Maybe There Is Hope

Hoard's Dairyman had nice things to say in a recent issue about one of the industry's largest privately owned processing companies. Commenting on the fact that the problem of bringing supply and demand into balance has been considered largely as a producer's responsibility about which the large processors in the marketing end of the dairy industry have remained "for the most part, silent," Hoard's welcomed the views expressed by The Pet Milk Company on this question. From "Pet Dairy Chats" it quoted:

"With the amount of surplus milk increasing within the federal orders and milk produced by manufactured producers declining, it would appear that corrective measures should begin where the problem exists. Many Grade A producer associations have recommended that surplus be controlled within the federal orders.

"Such a program would certainly make it profitable for many grade A dairymen to cull their herds and decrease production without sacrificing freedom of choice as to action taken.

"Prices for manufactured milk would gradually improve as Grade A surpluses decreased."

Maybe there is hope for a dairy industry program, organized on a national scale, controlled by the industry itself with the cooperation of producers and processors, operating as private corporations or as cooperatives. That would be far better than political serfdom.

The Domion Plan

Now that we are through voting on school bond issues for the time being, it has been suggested by several that we take a second look at what we have voted for. The idea has merit. Prior to the first election there was much discussion of the overall plan for an expanded education program as recommended by the Bureau of Field Studies of the College of Education of the University of Minnesota, generally referred to as the Domion report. Prior to the recent election, while the proposal was practically the same as those submitted in the preceding elections, the Domion report was only vaguely in the background. Other considerations had become more important.

The Domion report was factual and temperate. It recommended a long range program for expansion of our educational facilities in two stages. This long range program called for the immediate building of another elementary school and a new junior high school. The second stage called for the building of a new senior high school, providing completely new junior and senior high school facilities at the new location. The total cost of this expanded building program was estimated at three million dollars.

The present Lincoln high school facilities would provide room for the vocational school and a junior college. If a junior college were not authorized then presumably the present high school, along with the auditorium, the gym and other facilities, would be the home of our vocational school. This is the program that the voters rejected twice.

In setting forth the actions that would be needed to make this vision a reality the report stated:

> "To achieve this desired sate of affairs in the Thief River Falls School District, the Bureau of Field Studies and Surveys make the following recommendations:
>
> 1. Establish a junior college in Thief River Falls Public Schools as rapidly as space can be made available and the procedures for establishing a junior college permit."

That was the No. 1 recommendation in the report, but up to now, as far as we know, local school officials have made no effort to find out whether or not the people of our community want a junior college. This question, and its relationship to the overall problem of education in our community, deserves more consideration than it has received.

The new interest that has developed in an expanded system of junior colleges as a solution for the problem of providing adequate facilities for higher education in the state, justifies a new look at our overall education problems here at the local level.

Regulation A Must

The Securities and Exchange Commission issued a 1,600 page report recently covering the operations of our stock markets. The second volume of this report will be issued in May. The assembled material and recommendations represent 17 months of research by a staff of 65 workers. According to the National Observer:

"The tone throughout was scholarly and mild. Although Congress will be asked for new legislation, the problem of eliminating abuses will be left largely to the market's self-regulating body, the National Association of Securities Dealers. Wall Street, which had feared the worst, seemed happy with the report."

This investigation and study no doubt will serve a good purpose. The buying and selling of stocks and bonds is a big business not only in the volume of dollars involved but also in the number of people who buy and sell. About 17 million Americans are now stockholders, compared with 6½ million ten years ago. *Last year 1,700,000,000 shares*, worth $54,700,000,000, were traded on 18 stock exchanges, and the value of all stocks listed on the exchanges was $375 billion. That is big business and experience has proven that strict regulation is a must.

Reducing The Racket

The Christian Science Monitor is pleased with the recent trend of veterans' legislation. Stating that too much of such legislation in the past has been characterized by the political approach, geared to spread financial benefits to the greatest number rather than to the individuals who incurred actual handicaps through military service, it points to six bills passed recently by the House as being "gratifyingly different." According to the Monitor they are designed to direct their benefits to specific groups clearly deserving of compensation.

In this field of law making, drafting bills that are intended to provide adequately for the deserving, it is impossible to draw a straight line that will separate the undeserving from the deserving. There always is a borderland of reasonable doubt. If the lawmakers, in their recent actions, have made a serious effort to reduce the racketeering that is inevitable in this field, they deserve commendation. The Monitor concludes:

"It is sometime difficult to determine just what injuries or disadvantages have stemmed from military service. But some services such as hospitalization for nonservice-connected disabilities have clearly been abused. And bonus-type payments for merely having been in uniform use up resources that could better be applied to aiding those who have borne the brunt of battle. Let us have more attention to these latter cases."

Karth Is Critical

Representative Joseph E. Karth of St. Paul, is a Democrat, but he apparently is not afraid of the powerful Kennedy family. At any rate he expressed himself very frankly last week about the gift the government is asked to bestow upon Boston and Massachusetts for having elected brother Teddy to the Senate, an electronic research laboratory that will cost $50 million to install but which, according to Karth, will waste $75 million each year of operation. When the laboratory is completed it will have a staff of about 2,000.

Explaining his position on this matter, Karth said:

"We don't need it, I know who comes from Boston, the President and the attorney general and one of the Massachusetts senators and the speaker of the House—but I still say we don't need the laboratory.

"The laboratory won't mean a thing unless it's staffed by excellent people, people with creative minds. But there are just so many scientists with creative minds, and most of them are in private industry.

"The National Aeronautics and Space Administration (NASA) has got some wonderful scientists, some of the very top men in their fields, but it hasn't got enough to staff this laboratory. The result is they'll use mediocre people, and mediocrity never achieved a scientific break-through."

Karth is chairman of the House Science subcommittee on Research, and this subcommittee has been holding hearings on the space program. The Boston laboratory was recommended by the goverment's space authorities shortly after Teddy was elected. He had campaigned on the pledge that he "could do more for Massachusetts."

We don't know this man Karth but we think we could learn to like him.

Interesting Opinions

Report to the People By Gov. Karl Rolvaag

This past week, my second in office, has been a most exciting and busy one. In my April 1 inaugural address to the legislature, I mentioned that I intended to present a series of special messages to them and the people of Minnesota. These messages would deal with several of the important challenges facing our state.

Full Employment of Natural Resources

My first special message, delivered on April 8, was titled, "Full Employment of Minnesota's Natural Resources." I first outlined the essentials of this program before the Hibbing Chamber of Commerce on July 31, 1962. I have talked about it to countless people throughout our wonderful state for so many months and the response it has received has been so satisfying I decided to make a full presentation to our legislature.

A Critical Need

When I first spoke of the "Full Employment of Natural Resources" program, I believed it was vital that we move ahead with full-scale plans and action on measures to develop and redevelop those resources with which we have been so generously endowed. With our rapidly growing population, the need for industrial and economic growth, the pressing demands for more recreation facilities and the growing menace to health and wildlife through pollution and other careless practices, immediate action is daily becoming more and more critical. So, knowing that all Minnesotans have a desire to protect our resources from spoliation and abuse, I worked to develop a broad, sweeping program which would take ten years to complete and require an investment of approximately $60 million.

A Cooperative Plan

Then last week, before delivering my message to the legislature, I conferred with a private citizenship group, the Natural Resources Council, which had developed a program very similar to mine. Their program to protect and develop our natural resources would have cost $55 million over a ten year period. The very able leadership of this group had already introduced much of the legislation necessary to carry out their program.

Practical Financing

I was delighted when our conference revealed that both of our programs could easily be combined merely by amending certain sections of the legislation this group had already drawn. And, at the same time, I was glad that by combining our knowledge and by rigidly adhering to essentials we were able to reduce the required outlay for this necessary program to $53.1 million. The Natural Resources Council also agreed with me that the program should be financed by a tax of 1 cent on a package of cigarettes instead of through a bond issue which had been previously proposed by some.

A Comprehensive Plan

Among the many provisions of this sweeping natural resources proposal are: increasing public access to lakes from 500 to 4,500 accesses; increasing wetlands, game refuges and wildlife production areas by 250,000 acres; timber stand improvement, site preparation and tree planting; 40 new state parks and addition of 10,000 acres to existing parks; development of new camp sites and picnic areas; new children's group camps; expansion of Fort Snelling Park to 2,600 acres; complete studies of all resources including water, metallic and non-*metallic mineral resources;* topographic mapping of the entire state; state aids to watershed districts and soil conservation district programs; and creation of a statewide natural resources and recreational activity in Minnesota.

A Rich Legacy

I believe that most of our citizens desire to leave a rich natural resources legacy for their children and their grandchildren and to children for a thousand generations to come who also deserve a clean place in the sun. This is why this task is so important and this is why this program should be acted upon immediately.

Week's Record in Gatzke Area

Mrs. Aksel Gormsen, Gatzke

The Gatzke Busy Beavers 4-H club are sponsoring the "Kings Messengers", of Strathcona, under the direction of Pastor Dierking, at the Gatzke school gymnasium Friday evening, April 19th, at 8 p. m. A free will offering will be taken.

Mr. and Mrs. Kenny Lerol of McKinnley, Minn. were Saturday evening supper guests at the Wallace Sparby home a week ago.

Mr. and Mrs. Gordon Bredeson and family of Renton, Wash., are visiting at the home of his brother and family, Ervin Bredesons. Gordon grew to manhood in this community so is enjoying renewing acquaintances. They also farmed a few years, after their marriage, close to the former Kenneth Knutson farm.

An interesting meeting was conducted at the regular Farmers Union meeting Tuesday evening, when Chester Larson from the county extension office. Fred Heck, Soils Agent, Harlem Sandberg, 4-H agent, and Miss Sandra Saranan, county home agent, were present. Interesting discussions were held in groups, and then combined. Refreshments were served by Mrs. Alfred Sparby and Mrs. Ed Engelstad.

Mr. and Mrs. John Olufson and Juell spent Sunday visiting at the Donald Craigmile home at Hallock, and the Eddie Rood home at Stephen.

The Seventh-Day Adventist Dorcas Society served a turkey supper at the Middle River school cafeteria Thursday evening to about 125 firemen from the northern Minnesota area, when they held their regional conference. A program and movies were also enjoyed.

Mr. and Mrs. Vernon Emmerson of Detroit Lakes visited at the home of Mrs. Emmerson's brother, the Albert Petersons, Tuesday evening, and with other relatives. Mr. Emmerson and Dr. S. E. Pollman of Thief River Falls are conducting a "Five-Day Stop Smoking Plan" beginning last Sunday evening at the Lincoln high school cafeteria.

Kay Reed of Warroad is spending a few days of her Easter vacation with her aunt and uncle, Mr. and Mrs. Mylan Ruud and family.

The local creamery held their annual meeting at the Gatzke school gymnasium Wednesday following dinner served by the women of the United Lutheran church. Marian Augustine of Holt and John Lager of Thief River Falls were main speakers. A talk by our creamery operator, Orvis Mugaas, on the care of bulk milk tanks was very interesting. Two numbers by the Men's Chorus, accompanied by Mrs. John Olufson on the piano, were enjoyed. Many prizes were awarded. John Dahl and Wallace Sparby were named directors. Lunch was served again by the ladies following the meeting.

Eleven members of the Esther circle were entertained at the church basement Tuesday evening, with Mrs. Floyd Jesme as hostess. Mrs. Bernard Engevik presented the Bible study and also led in Devotion. Mrs. Elena Skoglund was a guest.

Mr. and Mrs. Willard Kaml and children of Strathcona visited with the Art and Harold Klamar families Wednesday and also attended the creamery meeting held at the school gym.

Mr. and Mrs. Juell Aase were visitors at the Amos Aase home in Thief River Falls Wednesday.

Mr. and Mrs. Reuben Engevik and Mary, and Muriel Lunsetter, Mr. and Mrs. Dwayne Nelson and Dean were business callers in Grand Forks Wednesday.

Mrs. Effie Scramstad, Janis and Jean Ann of Middle River spent Tuesday until Thursday with her dad, Ed Ruud, and Art and other relatives in the Gatzke community. Janis spent Wednesday night with Karen Anderson at the Ingvald Anderson home.

Rebecca and Richard Shager, students at Gustavus Adolphus college at St. Peter, and Mardella Shager, student at Concordia college, are spending their Easter vacation at their parental John Shager home.

Juell Aase was the bus driver taking the Ag class of the Middle River high school and their director to Fargo, N. D. Thursday.

Mr. and Mrs. Thorfin Ostby returned Wednesday after spending a week with relatives at Osnabrock and Milton, N. D. Mr. and Mrs. Thos. Ostby of Thief River Falls accompanied them home and attended the creamery meeting held at the Gatzke school gym.

Mr. and Mrs. Winton Gackstetter and family of Red Lake Falls spent a few days at the Maynard Morrissey home.

Mrs. Floyd Peterson and Lorri, Lonnie and Robbi of Middle River spent Wednesday at the Arthur Peterson home. Lorri spent the weekend at the Peterson home while her parents were at Minneapolis.

Mr. and Mrs. George Severts were visitors at the Ed Monson home Saturday.

Mrs. Willie Tale entertained the members of the Naomi circle at her home Wednesday evening. Mrs. Leo Orpen led in Bible study and devotions.

Mr. and Mrs. Gordon Bredeson and family of Renton, Wash. visited at the Roy Anderson home on Wednesday evening.

Mrs. Sam Pearson was a caller at the Oscar Brandon home in Middle River one day last week.

Mr. and Mrs. Donald Kaml of Minneapolis (nee Judy Knutson) were honored at a post-nupital shower at the Thief Lake Parish hall Saturday evening by a host of relatives and friends. After viewing the many useful gifts a pot luck lunch was enjoyed. A wedding cake, baked by Mrs. Elmer Peterson, an aunt of the bride, was also served by Mrs. Peterson. Hostesses were Mrs. Hollis Thygeson and Mrs. Elmer Peterson. The newlyweds were recently married in Minneapolis, where they are both employed. Congratulations!

Mr. and Mrs. Emil Larson were visitors at the Elmer Thompson home in Middle River Friday.

Marion Pearson was an overnight guest of Linda Aase at the Juell Aase home Wednesday. Marian and Linda spent Thursday in Fargo.

Mr. and Mrs. Aksel Gormsen and Mrs. Willie Tale were lunch guests at the Bennie Hanson and Oscar Schenkey homes in Middle River Thursday.

Mr. and Mrs. Selmer Larson and Sheila, and Connie Severts spent several days in Minneapolis visiting relatives.

Mr. and Mrs. Donald Hervey (nee Genevieve Peterson) of Chaska, Minn. spent Wednesday with Mrs. Hervey's brother and sister-in-law, Mr. and Mrs. Gene Peterson and family, enroute to Badger to visit Mrs. Hervey's parents, the Arvid Peterson's and Vernon. They had visited Mr. Hervey's dad at a rest home in Erskine and Mrs. Hervey at Oklee the previous evening. Their children remained to visit relatives and friends in East Grand Forks, where they resided until two years ago when Mr. Hervey was transferred from the Sugar factory to Chaska.

Merrill Barnhart of Wadena was a Saturday overnight guest at the Ralph Hagen home and was accompanied to Maplewood Academy at Hutchinson by Emily Hagen, where they are both students. Arlen Berthelson, Bonnie Berthelson, Darrell Nordvick and Keith Hagen also returned to resume their studies at the Academy Sunday.

Mrs. Juell Aase, Linda and Lorri accompanied Alvin Landsrud, and Mrs. Ernest Landsrud and Don of Grygla to Roseau Sunday to visit their mother, Mrs. Bertha Landsrud, who is a patient at the Roseau hospital. Mrs. Landsrud is improving nicely. Mrs. Alfred Sparby also visited Mrs. Landsrud and Mrs. Lena Olson at the hospital Monday.

Clifford Engelstad was a Roseau caller Monday. Mr. and Mrs. Engelstad visited with Carl Carlson, Merton Morrissey and Mrs. Bertha Landsrud at the Roseau hospital also.

Mr. and Mrs. Glendon Abrahamson, Laurine, Daidre, Brian and Ann of New York Mills, Mr. and Mrs. Aksel Gormsen, Mrs. Willie Tale, Mrs. Clifford Engelstad and Mrs. Gertie Abrahamson enjoyed birthday luncheon with Mrs. Juell Aase Monday afternoon.

Mr. and Mrs. Alfred Johnson and Alverda, Judy Johnson of Grand Forks and Lyle Johnson of Crookston were visitors at the Gust Wettestad home in Middle River last Sunday.

Mr. and Mrs. Bill Bernstein visited Carl Carlson and Merton Morrissey at the Roseau hospital Sunday.

Mr. and Mrs. Juell Aase, Linda and Lorri were visitors at the Amos Aase home in Thief River Falls Friday evening.

Mr. and Mrs. Arnold Engelstad brought belated birthday greetings to Mrs. John Loven Monday evening.

Mr. and Mrs. Glendon Abrahamson and children of New York Mills who have visited since Saturday at the Mrs. Gertie Abrahamson and Mylan Abrahamson homes left for Fertile to spend the remainder of their Easter vacation with Mrs. Abrahmson's parents, Mr. and Mrs. Ed Varnsen.

We extend our sincere sympathy to the family of Nick Zelik, who passed away at a rest home near Walker Wednesday, April 10.

THE GREATEST ROMANCE AND ADVENTURE IN A THOUSAND YEARS!

"No one, ever, was quite like EL CID...world hero! He was the invincible champion of his people. It is said that "no foe prevailed against him." Spain, the nation he helped create, made him its hero. Europe wove his story into a legend. His enemies named him El Cid, which means The Lord—from the Arabic *el seid*—and they added Campeador which means victor of the battlefield. So, in the opinion of his foes, he was at the same time a merciful lord and a ruthless fighter."

"BIG AS 'BEN-HUR' IF NOT BIGGER!"—L. A. TIMES

The gigantic tourney in which El Cid risks death in "trial by combat" is one of the great scenes of all time!
"EL CID" leads a thousand knights in a charge that turned the tide of history!
Charlton Heston and Sophia Loren bring a new kind of chemistry to a romance that has lived a thousand years!

A MEASURE OF GREATNESS many times is not in the glory of the present or the recognition of today. Some of the men now claimed to be masters of poetry, literature or art, and whose original works command exorbitant prices, lived miserably poor lives and died untimely, pauper's deaths. From Mrs. Katherine Gunstad of St. Hilaire comes this article, clipped from a 1954 edition of Reader's Digest, which has a great message for this season:

ONE SOLITARY LIFE

"Here is a young man who was born in an obscure village, the child of a peasant woman. He grew up in another village. He worked in a carpenter shop until he was 30, and then for three years he was an itinerant preacher. He never wrote a book. He never held an office. He never owned a home. He never had a family. He never went to college. He never put his foot inside a big city. He never traveled 200 miles from the place where he was born. He never did one of the things that usually accompany greatness. He had no credentials but himself.

"While he was still a young man, the tide of public opinion turned against him. His friends ran away. He was turned over to his enemies. He went through the mockery of a trial. He was nailed to a cross between two thieves. While he was dying, his executioners gambled for the only piece of property he had on earth, and that was his coat. When he was dead, he was laid in a borrowed grave through the pity of a friend.

"Nineteen wide centuries have come and gone, and today he is the central figure of the human race and the leader of the column of progress.

"I am far within the mark when I say that all the armies that ever marched, and all the navies that were ever built, and all the parliaments that ever sat, and all the kings that ever reigned, put together, have not affected the life of man upon this earth as has that One Solitary Life."

•

Going from the sublime to the ridiculous, the story is told of a new boss who promised to be intolerant of any loafing in this business. On his first trip through the plant he came upon a young man leaning against a packing case and whistling softly to himself.

"How much are you getting a week?" the boss demanded. "Forty dollars," was the reply. "Here's a week's pay. Now clear out," the boss demanded, "you're through." As the boy pocketed the money, shrugged and strolled out, the new boss turned to the shipping clerk. "How long has that kid been with us?" he asked. "Him?" asked the clerk. "Oh, he just came in a couple of minutes ago to deliver a package of nuts and bolts."

•

"My husband thinks twice before going out and leaving me at home in the evenings," one wife confided to a friend. "First he has to think of a reason for going out, and then he has to think of a reason why I can't go with him."

Soo Line Plans Study of Merger with C&GW

The Soo Line Railroad Co. said Wednesday in Minneapolis that it probably will decide sometime this year whether to merge with the Chicago Great Western Railway.

Soo Line President Leonard H. Murray told the annual Stockholder meeting that Soo Line officials are making a thorough study of the merger proposal.

Merger of the two railroads, proposed last year, would extend Soo Line tracks south to Kansas City, Mo., and Omaha, Neb. The Soo Line has assets of $217.3 million. Chicago Great Western assets are about $94 million.

Murray reported Soo Line gross operating revenues for the first two months of the year were up $863,000, or 8.1 per cent, from a year earlier.

Operating revenues in 1962 were $80,384,470, up from $74,992,428 in 1961. Earnings were $3,100,063 compared with $663,651 a year earlier.

In his remarks to shareholders, Murray criticized what he called unnecessary government restriction of the industry as a "regulatory jungle."

Retiring as Soo Line directors were Milton W. Griggs, honorary chairman of Griggs Cooper and Co., Inc., St. Paul, and L. B. Unwin, retired vice president of the Canadian Pacific Railway Co. Montreal, Canada.

The Soo Line is now down to 19 directors, the number prescribed following merger Jan. 1, 1961, of three Minneapolis-based affiliates of the Canadian Pacific.

Home Ec Day Set at 'U' M. April 20

Advantages of Career to Be Cited Saturday

High school girls considering home economics as a career will get a preview of professional opportunities when they attend the University of Minnesota's annual Home Economics Day on the St. Paul Campus Saturday, April 20.

A purpose of the event is also to acquaint high school students with the home economics curriculum at the University.

Keith McFarland, director of resident instruction in the College of Agriculture, Forestry and Home Economics, and Roxana Ford, acting director of the School of Home Economics, will welcome the guests at the opening program in Coffey Hall Auditorium at 9:15 a. m. following registration. Included on the morning program will be student skits portraying campus life and short talks by students and staff members representing seven different divisions of home economics. They will discuss course work and career opportunities.

Tours of the Agricultural Library, the Student Center, the dormitories and McNeal Hall are also scheduled for the morning. Special exhibits will be on display in each of the home economics divisions in McNeal Hall.

A buffet luncheon will be served in the North Star Ballroom of the Student Center at noon. Featured entertainment will be a fashion show at which home economics students will model garments they have made.

During the afternoon each girl will have an opportunity to attend two sessions of her choice in such specializations as textiles and clothing, food, nutrition and food service management, related art, household equipment, education, home management and family living.

Student chairmen working on plans for the event include Patricia Hornseth, Thief River Falls.

3 Regents Named by Legislature Last Wednesday

The Minnesota Legislature, at a joint meeting of the House and Senate Wednesday, elected three regents of the University of Minnesota.

William K. Montague of Duluth was named a new member, in place of retired Richard L. Griggs of Duluth, and Otto Silha of Edina and Fred Hughes of St. Cloud were re-elected. All are for six-year terms.

Montague, a lawyer, is consultant for Reserve Mining Company of Silver Bay. He formerly was spokesman for mining companies before legislative committees.

Silha is vice president and business manager of the Minneapolis Star-Tribune.

Hughes is an attorney who had served for a number of years as a member of the state Board of Tax appeals.

Minnesota IFYE Delegates Leave

Two Farm Youths to Spend This Summer in Europe

Minnesota will send two young men to Europe this month as International Farm Youth Exchange delegates. Winton Nelson, 21, Atwater, will go to England and Wales, and Richard Harris, 25, New Ulm, to Switzerland.

Beginning April 12 they will spend a week of orientation in Washington, D. C., before flying from New York April 20. Schedules are planned so IFYEs are in their host countries during the peak of the agricultural seasons.

Both young men will spend five months living and working with farm families in their host countries.

Since 1948, More than 3,000 young people have taken part in the exchange between the United States and 63 cooperating countries. Plans for 1963 include a total of 135 two-way exchanges between the U. S. and countries in Europe, Asia, Africa and Latin America, according to Evelyn Harne, associate state 4-H leader at the University of Minnesota.

McGinley Attends Credit Conference

John McGinley, assistant vice president of Union State Bank in Thief River Falls, returned Sunday from New York City where he had attended a national installment credit conference sponsored by the American Bankers association. His wife accompanied him on the trip.

Monetary policies and trends were discussed at the three-day conference. Jules I. Bogen, professor of finance at New York University and a speaker at the event, noted that consumer debt is currently $61 billion in the United States and is expected to double by 1970.

At Meeting Tuesday

Interest Expressed In Alfalfa Dehydrating

Interest in an alfalfa dehydrating plant for the Thief River Falls area was evidenced by about 125 farmers attending a meeting called for Tuesday evening at the Thief River Falls city auditorium. The meeting was called by the board of Penrad Dehydrating Plant, a group in the process of being incorporated to operate an alfalfa processing plant in this community.

Presenting information at the meeting were Odin Hanson, chairman of the Penrad board of directors; Paul Stelmaschuk, Pennington county agricultural agent; and Jon Metusalem, former vocational agriculture instructor in the local school system.

Following the presentation, the desire by the farmers attending to participate was evidenced by about 1,500 acres being registered as available for planting this spring. Farmers were told that the plant has not been definitely established and no guarantees are being made. The meeting was called at this time, however, for several reasons:

(1) To determine if there was sufficient interest in the area to make it logical to continue toward the goal of establishing a plant;

(2) To further determine if there would be sufficient acreage of alfalfa available to operate such a plant;

(3) To inform interested persons of the cost of such a plant and the return they could logically expect from raising alfalfa as a cash crop;

(4) To permit farmers interested to plant alfalfa this year in anticipation of a plant in operation next year — and to plant pure alfalfa rather than a grass mixture so as to be able to sell to the plant if desired.

Discuss Returns

In discussing the return to farmers from growing alfalfa for processing, Paul Stelmaschuk compared a three-ton per acre alfalfa crop to the return from 75 bushels of oats or 40 bushels of barley per acre. In addition to other land improvement value, alfalfa grown for a processing plant would be harvested by the plant with its own equipment — saving

Registration for Lincoln School Is Now Underway

Students To Complete Schedule Forms After Discussion with Parents

Registration sheets for students to be attending Lincoln high school next year are being received at the school this week, according to Richard Edlund, senior high school principal. Registration conferences will be scheduled during the remainder of the school year, including all students of this year's freshman class.

"At these conferences we will be able to go over registrations in more detail," Edlund said. "Parents who have questions about their child's schedule are encouraged to contact myself or John Ziegler, senior high school counselor, who will be able to answer specific questions or arrange for a conference.

"A conscientious effort has been made to plan and offer courses which will meet the needs of the greatest number of students as those who have special abilities, interests and needs. Even though we must anticipate some changes prior to the opening of school next fall, it must be remembered that the number of teachers we will hire is largely dependent on this registration.

"Any class changes requested at a later date," Edlund continued, "will necessarily have to be contingent upon class size, teacher schedules, space limitations and related factors. We are most anxious to set up a program that best suits the needs of each individual student."

Included with registration blanks sent to all homes of local school students were booklets providing information on specific courses and extra-curricular activities. Registration sheets were due to be filled out and returned to the school today.

STATE FARMER degrees were conferred upon these members of the Lincoln high school chapter of the Future Farmers of America at the annual Parent and Son banquet held Wednesday evening at the school cafeteria. Left to right ar Gary Iverson, Harold Myers and Harlan Sorenson.

600 Expected at Jehovah Parley

D. G. BOURNE

Three-day Session to Start Friday at Lincoln High School

Opening sessions for the three-day circuit assembly of Jehovah's Witnesses being held at Lincoln high school this weekend will begin at 6:45 Friday, according to an announcement made by officials. Over 600 ministers are expected.

The gathering, one of two held in northern Minnesota cities this spring, is called a "Right Kind of Ministers" circuit assembly. The theme of Christian service will be carried through the program, according to D. G. Bourne, convention chairman from New York who also gives the address of welcome. The Saturday afternoon program will feature a special talk on baptism and dedication also by Bourne.

W. G. Patterson, circuit supervisor for northern Minnesota, will address the group Friday evening on the theme "Keep Proving What You Yourselves Are." Highlight of the assembly will be the public address by Bourne at 3:00 p. m. on Sunday entitled "Who Will Win the Struggle for World Supremacy?"

Featured prominently on the program in addition to the officials mentioned above are many other area ministers.

Commenting on the Sunday program, Bourne said, "This public discourse is just what the term implies. It is directed more to the general public than it is to our own people. So I would like to extend a personal welcome to all people of goodwill toward God to attend."

All sessions are open to the public and no collections are taken, officials said.

Business-Clergy Day Is Scheduled

All businessmen and members of the clergy in Thief River Falls are urged to attend the Third Annual Business - Clergy Day luncheon to be held Thursday, April 25, at noon in the Rex Cafe in this city, according to Dr. Leo Herber, sub-committee chairman of the education committee of the local Chamber of Commerce.

Purpose of the luncheon is to create a closer understanding on matters of mutual interest to business and clergy, Dr. Herber said. Robert Wurst, president of Jobs, Inc., will outline the role of that organization and G. A. Beito, Chamber of Commerce president, will present a Good Friday report.

Clergy response by Rev. R. A. Wangberg, chairman of the local ministerial association, will follow discussion of other ideas and comments by the combined group. Dr. Herber will call the meeting to order and pronounce the invocation.

Grygla To Host Talent Contest

Winners from preliminary elementary talent contests at Grygla, Goodridge and Gatzke will compete in an area finals contest Friday, April 26, at 8 p. m. in the Grygla school gymnasium. A nominal admission charge will be made and the public is encouraged to attend.

The ninth annual contest for students in grades one through eight at the three schools will include vocal and instrumental solos, duets and groups. Pins will be awarded to the winners in the contest, according to Kenneth Rusten, principal at the host Grygla school.

April Showers Now Total 3.68 Inches in Area

Precipitation totaling .44 inch fell on Tuesday and Wednesday to bring the April shower total to 3.68 inches, according to the weather statistics compiled by North Central Airlines personnel at the Thief River Falls municipal airport.

Temperatures remained generally comfortable for this period of the year, although Wednesday and today proved cooler than early in the week. High and low temperatures included 72 and 46 on Monday, 65 and 48 on Tuesday and 53 and 24 on Wednesday.

High temperatures from 38 to 48 have been predicted for today with low readings of 30 to 40 expected tonight. Variable cloudiness with little temperature change is foreseen for Friday.

June 20 Is Date to Open Bids on Lost River Job

Officers of the Red Lake Drainage & Conservancy district met Tuesday night at Oklee with representatives of the county boards of *Red Lake, Polk and Clearwater* counties and township officials of the townships through which the channel of the Lost River will be improved, to discuss the problems of bridge replacement and other matters pertaining to the project.

The U. S. Corps of Army Engineers has announced that bids for the project will be opened June 20, and is hopeful that contracts can be awarded by July 30. The cost figure according to preliminary estimates is about $1,500,000 and the portion to be paid by benefited land owners was estimated at $363,400, plus the cost of bridge replacements.

The channel improvement will extend upstream a little more than 20 miles from a point two miles west of Oklee, and from the point downstream the project will consist of a snagging and brushing operation. The channel improvement extends into Windsor township in Clearwater county.

Lloyd Hanson Home Burned to Ground Tuesday Afternoon

Fanned by strong winds late Tuesday afternoon, fire completely destroyed the house and contents on the Lloyd Hanson farm about seven miles northeast of Goodridge. Cause of the fire and amount of loss have not yet been determined.

It was reported that Mr. and Mrs. Hanson and a two-year-old daughter were not home when the fire started. Two older children, Richard 9 and Patricia 14, noticed the fire a short time after returning home from school in Goodridge, but the flames had made too much headway to save any of the contents of the home.

While Patricia stayed at the farm to let cattle out of the barn if the fire spread, nine-year-old Richard drove the farm tractor two miles to the home of his grandparents, Mr. and Mrs. Carl Hanson. Phone service was out of order and a neighbor of the Carl Hanson's drove about nine miles to Grygla to summon the fire department.

Mr. and Mrs. Lloyd Hanson were contacted in Goodridge and informed that their house was burning. By the time the Hansons and the fire department arrived on the scene, nothing could be done but confine the fire to the house. All clothing, furniture and personal possessions were lost in the fire. The Hanson family is presently staying at the Carl Hanson home.

St. Hilaire PTA To Hear Program By the Students

Industrial art work, sewing and elementary art work will be exhibited at the St. Hilaire school grymnasium on Monday at 8 p. m. when the St. Hilaire Parent and Teacher association holds its monthly meeting. A program entitled "The Musical Calendar" will be presented as follows:

April—"Easter" and "Beautiful Savior" songs by the seventh and eighth grades girls' chorus and Biblical readings by seventh-grade boys;

May—"Around the May Pole" song and rhythm selection by the sixth grade and "School Months" poem by second grade students.

City Council Acts On Parking, Garbage Bids

Action on Airport Problem Taken; Buy Police Car

Transaction of a multitude of business items was accomplished by the Thief River Falls city council meeting in regular session Tuesday evening in the council chambers. Action on bid openings, advertisement for bids on project work, adoption of new parking procedure on Second street, acceptance of a bid for city garbage collection and action on several airport matters were items of main interest.

Acting on a request from the Pennington County Safety Council to establish parallel parking on Second street from Main to Horace avenue, the city fathers adopted a compromise plan by a 5 to 2 split vote. Effective as soon as signs can be erected, parking on those two blocks will be parallel on the south side of the street and diagonal on the north side.

The system adopted is similar to the situation on Second street between Main and Knight avenues. Aldermen A. E. Jacobson and Elmer Benson, who seemed to favor parallel parking on both sides of the street, voted against the motion. Also approved was two-hour parking on Second street from Horace to Atlantic Avenue.

Award Garbage Bid

In another split decision, this by a margin of 4 to 3, the council awarded the contract for garbage collection in the city to Max Jensen. The garbage collection has formerly been handled by the city but will now be accomplished on a lease basis. Jensen's bid offered $6,850 for the city's present collection equipment and requested $15,444 for garbage collection during the year. Favoring the acceptance of the bid were Aldermen Roy Lee, Elmer Benson, Dr. A. E. Jacobson and Roy Jorgenson.

Tunberg Motor company, with the lowest of two bids, was awarded a contract to furnish a new police patrol car. Bid was $1,226 plus trade of the present Dodge squad car.

Three bids for providing bulk gasoline to the city were received with Texaco being awarded the contract for 14 cents per gallon. Western Oil and Fuel company was given the contract for bituminous materials for the street department with a bid of 10.67 cents per gallon. Six bids were received for 500 feet of 2½-inch fire hose for

FFA Banquet Is Attended by 150 People Wednesday

Parent and Son Night Program Includes Talk By Dr. Keith McFarland

Issuing a challenge to young men to prepare themselves for what they hope the future will bring, Dr. Keith McFarland delivered the main address last night at the annual Parent and Son banquet of the Thief River Falls Future Farmers of America. The banquet was held in the Lincoln high school cafeteria with about 150 people attending.

The Univerity of Minnesota professor outlined five basic needs for good psychological adjustment. These he said were emancipation from the home, acceptance by society, security, healthy relationship with the opposite sex and occupational choice.

Dr. McFarland praised FFA as a youth program which permits family involvement and challenged young men to stand on their own feet, make decisions and accept consequences. He termed FFA training as excellent as a tool in helping to make young folks grow.

Kenneth Ulrich gave the invocation with opening ceremonies being given by the FFA officers. Mark Bruggeman gave the appreciation to parents with Don Bruggeman giving the response. Peter Probasco, vocational agriculture instructor at the school and FFA advisor, introduced guests and presented FFA awards. Award winners are pictured and listed elsewhere in today's Times.

Officers of the chapter this year include Dwight Anton, president; Harold Myers, vice president; Charles Carlson, reporter; Mark Bruggeman, secretary; Harlan Sorenson, treasurer; and Gary Iverson, sentinel. The banquet meal was prepared by school cooks and served by members of the Future Homemakers of America chapter.

Eldevik Reports 2,644 Employed in TRF During March

A total of 2,644 persons were employed in Thief River Falls as of March 15, down seasonally from the 2,688 employed on December 15, it was announced Monday by R. S. Eldevik, manager of the local employment office. A year ago in March, he added, 2,613 held jobs. He reported that the current demand for workers is very light, but that an upward trend will develop as soon as the construction season gets under way.

Mostue and Aune Are Delegates To Model UN Assembly

Brian Mostue and John Aune, senior students at Lincoln high school, left today to participate in the Model United Nations Assembly to be held this weekend at Winnipeg. Accompanied by Joe Mrkonich, LHS faculty member, the boys will represent Ukranian Soviet Socialist Republic at the student session.

Organized by the Rotary club of Winnipeg, the youth service and international service project is supported by Rotary clubs throughout the area. Mostue and Aune are sponsored by the Thief River Falls Rotary club and their expenses are paid by the local organization.

Objectives of M. U. N. A. are to familiarize and interest a select group of 12th grade students with the workings of the United Nations; to establish in these minds an understanding and acceptance of the responsibility of the individual citizen for the success of the United Nations; and to make the United Nations a more efficient instrument for world peace.

Of equal importance, the program provides both high school and adult faculty participants with an opportunity to examine one nation and to increase their knowledge of many nations.

The Model United Nations Assembly is an attempt to reproduce the United Nations itself. Each nation that holds membership in the U. N. is represented by a pair of students, selected, sponsored and sent to Winnipeg by Rotary clubs in Minnesota, North Dakota, western Ontario, Saskatchewan and Manitoba.

Several months in advance of the Assembly, four topics relating to the peace and welfare of the world, are chosen. Students are required to gather information on the views of the country which they represent, on all agenda items and on one item in particular. If a student is unable to discover the views of his country on any items, he is expected to use his imagination in determining what the views of his country would be.

Filing for School Board Opens Mon.

School Board Has Meeting to View Building Plans

Architects Hear from Board on Desires for New School Buildings

Three representatives from the architectural firm of Hammel and Green met with the Thief River Falls board of education Monday evening to discuss plans for new junior high and elementary schools authorized in a special election six weeks ago.

Acceptance of preliminary working plans was made by the board, subject to modification as outlined by the board, and the firm was instructed to continue toward completion of the plans as soon as possible. The board will convene again on Wednesday, April 24, when bids will be opened on the sale of $1,495,000 in general obligation bond to finance new school construction.

Appearing from the architectural firm were George Klein and Reynold (Curly) Roberts, architects, and Ray Dickman, mechanical engineer. Floor plans and location of the buildings on the site were discussed and a number of suggested revisions were made in the plans.

In other action taken by the board, Morris Owen was appointed to represent the district on the Pennington County Reorganization committee and the resignation of Roger Dorn, sixth grade teacher at the armory, was accepted. Dorn has accepted a similar position in the Anoka school system.

Elaine's CHATTER

Almost every newspaper you pick up has a special page for women. The articles start out with such headlines as: "The Secrets of Charm." "Women are Judged by Their Manners." "How to Hold Your Man." . . . "Be Smart," etc.

Wonder how this became so one-sided; the men's page usually deals with sports, some advertising and just plain news. Okay . . . so the men are a swell bunch of fellows and don't need any improvement but let's hope they will be smart enough to recognize the women who take all the advice given and really look and act their best.

A really smart person will take advantage of the after-Easter sales. It is the very time to buy that New Spring Coat or dress you've been looking for. All of our all wool Spring Coats have been reduced and not just a little bit . . . how do we at Elaine's do it? It's no secret, we just had too many coats to choose from and some are left and we want to move them now. We do not go to the market and buy these so called special coats for a sale, we take our regular, first quality coats and reduce them . . . we lose, you gain.

Beautiful, full-length coats in pastel shades, a few tweeds and plaids, just what you need for a lightweight wrap. Smartly styled, beautifully lined.

NEW REVOLUTIONARY
SEAMLESS SUPPORT HOSIERY

Sheer, seamless nylon stockings made on high needle count machines. Interlaced in this stocking are fine spandex threads — about 50 per inch — which encircle and firmly support every part of the leg from toe to thigh.. This combination gives scientifically correct, all day relief for tired legs. Support comes from one way encircling stretch, there is none of the uncomfortable garter pull or toe tug. 73% nylon, 27% Spandex, beige and white, sizes 8½ to 11 in medium and tall.

TOPS Club To Hear Physical Therapist

TOPS Dieteers club will have a guest speaker for their Monday night, April 22 meeting. Set for 8:00 p. m. in the Woman's club rooms in the city Auditorium, the meeting will be addressed by Mrs. R. A. Humes, physical therapist at the local hospital.

Anyone interested in taking off pounds sensibly is invited to attend this, and all meetings of the Dieteers, who meet and weigh in every Monday night.

Memorable 85th Birthday Spent By A. C. Jahr, City

A. C. Jahr of this city celebrated his 85th birthday at his home this weekend. His grandson, Paul Johnson, 10, of Sauk Centre, who has been celebrating his own birthday with his grandfather's for the past five years, was also honored on this occasion. He accompanied his parents, Mr. and Mrs. Alve Johnson of Sauk Centre here for the birthday observance. (Mrs. Johnson is the former Grace Jahr.) Also accompanying the Johnsons here were their daughter, Mrs. Mrs. Alan Piper of Missouri and her two small daughters, Sue Gail and Carla Jo.

Mr. Jahr's granddaughter and her husband, Mr. and Mrs. Steve Winowski and their children of Glenwood, were also here, along with a brother and sister-in-law of Mr. Jahr, Mr. and Mrs. J. A. Quam and Sigurd Quam, all of Fargo, N. D. A telegram of congratulations came from a sister in Sacramento, Calif., and a daughter, Mrs. Wilhelm Hanson of Hamel, Calif. paid him and his wife a visit via telephone. Mr. and Mrs. Olaf Vran of this city and Mr. and Mrs. Ludvig Peterson of Sanders were also in attendance. The guests brought pot-luck lunch and birthday cake, and a beautifully decorated cake was also sent by Mrs. Burton Lane of this city, who was unable to be present.

Paul Johnson sang a song and the birthday song was sung for their great-grandfather by Lori Vran and Sue Gail Piper. The remainder of the time was spent socially, with picture-taking highlighting the activities. To conclude the observance, lunch and birthday cake were served.

Ladyslipper Club Studies Plants, Seeds

Mrs. Norton Nelson was hostess to the Ladyslipper Garden club on March 28. Members answered roll call by naming a flower they plan to grow. Mrs. Nelson discussed plants and seeds. Mrs. Marie Cernousek and Mrs. Alfred Bakke from Thief River Falls shared garden club experiences and gave helpful information on starting new plants and seeds. Lunch was served by Mrs. Nelson.

While attending grade school at St. Bernard's, she studied piano with Sister Placid, O. S. B. In September she will continue her music study at Sherwood Music School in Chicago where she has received a scholarship.

Margaret Brodin of Baudette, Margaret Falter of Park River, North Dakota, and Kathleen Carruth of Benson, Minnesota will assist with the recital. The public is invited.

Faith and Norden Churches Greet Their New Pastor

The joint congregations of Norden and Faith Lutheran Brethren churches held a welcome service for their pastor, Rev. John Solberg and his wife Sunday, April 7. Rev. Solberg had been formally installed that forenoon by the Rev. D. A. Erickson of Fergus Falls, president of the Lutheran Brethren Synod of America.

The welcome service opened with a hymn by the congregation, after which Mr. Simmonson led in devotions. Mrs. Darryl Haugen sang a solo and Mrs. Martin and Joann sang a duet, after which Rev. Ole Sande brought the message. Prof. Christianson of the Lutheran Brethren Schools at Fergus Falls sang a solo, and a welcome was extended by Adolph Wold representing the Norden congregation and Rev. D. A. Erickson. Mrs. Esther Hagen sang a solo, after which Pastor Solberg responded and closed with the benediction.

The men taking part in the program were those who had served the congregation during the time since Rev. K. Mickelson left in January to resume his missionary duties in Africa.

Eagles' Aux. Names Officer Candidates

The Eagles' auxiliary, at its Monday night meeting in the club rooms, held nomination of officers, and of delegates to both the state convention and to the grand auxiliary convention. The business meeting, presided over by president Ella Larson, included a reminder that the quota of new members established for the local unit is 12.

Winner of a prize was Rose Froseth; attendance prize was forfeited by Ann Tonder. Entertainment was conducted by Helene Eckardt and Agnes Quinding. Hostesses for the lunch which concluded the evening were Nellie Robidoux, Gladys Hoganson, and Dorothy Chapman.

The next regular meeting will be held on Monday, May 6.

Clarice Collins Renamed Head of Local BPW Club

Election of officers for the ensuing year was held at the Tuesday, April 16, meeting of the Business and Professional Women's club following their 6:30 p. m. dinner in the Rex Cafe meeting room.

The business session was presided over by Clarice Collins, president.

All present officers will serve in the same capacity for another year. They are Mrs. Collins, president; Ann Johnson, 1st vice president; Ruth Wilson, 2nd vice president; Ann Zinter, treasurer, and JoAnne Wedul, secretary.

More Local Girls Join FBI Office Staff in Capitol

Misses Kathleen O'Gorman, daughter of the Tom O'Gormnns of this city, and Mary Poolman, daughter of of Mr. and Mrs. Francis Poolman, also of Thief River Falls, left Sunday for Washington, D.C. where they will assume their new positions as clerk-typists in the FBI Office.

Both graduates of the local area vocational school business education department, the girls took a test similar to a civil service examination and which was administered by a special agent of the FBI. It included tests of typing and shorthand skills, mental ability, and other factors. They and their families were thoroughly investigated, as are all applicants, before being accepted. Girls who *qualify* are expected to remain on the Bureau staff for at least a year.

The local vocational business school finds that a great demand exists for qualified graduates of a course such as it offers, and it has an excellent placement record, according to Jerald Lydeen, business instructor at the school.

Seven graduates of the local business school are with the Washington FBI office at the present time.

Mr. and Mrs. Marvin Lundeen of Polson, Mont., visited from Thursday until Monday at the home of the Rev. and Mrs. Knut Gjesfjeld. Mrs. Gjesfjeld is the mother of Mr. Lundeen. From here, the Lundeens went to Detroit, Mich., where they will visit Mr. Lundeen's brother. They will also visit his sister in the Black Hills area of South Dakota.

Mr. and Mrs. Vernon Rooker and Debra, and Mr. and Mrs. James Rooker were Easter dinner guests at the Elmer Rookers at Grand Forks.

Dave Hanson, son of Mr. and Mrs. Arvin C. Hanson of this city, is spending a 30-day leave at his home here. He will be stationed in Korea upon completion of his leave.

Miss Patty Rustad of Minneapolis arrived Friday to spend Easter at the home of her grandparents, Mr. and Mrs. Ole Samuelson of this city. She returned home on Sunday night.

Neil Lofberg, son of Mr. and Mrs. Art Lofberg, sustained a fractured ankle in a freak accident in Bemidji, where he attends the Bemidji state college. He is hospitalized in that city.

Mrs. Albert Swanson announces the arrival of a grandson, William Harry Cochran. The baby was born to her son-in-law and daughter, Mr. and Mrs. James Cochran of Moorhead on April 11.

Several local women are planning to be in attendance at the Mrs. Jaycees regional meet to be held at the VFW hall in East Grand Forks on Saturday. Gloria Westerdahl, regional vice president of the organization, will conduct the meeting.

Visitors in the city from Manlius, N. Y. were the James Peterson family, who were guests for several days at the home of Mr. Peterson's father, E. O. Peterson. They will also visit with Mrs. Peterson's relatives, the C. L. Fargo family of Crookston.

Mrs. Carl Melby returned home April 6 after spending some time at the home of her son, Dr. R. E. Melby and family in St. Petersberg, Fla. She also made the acquaintance of her granddaughter, the Melby's new baby, Carolyn Ann, born on December 12.

Window Displays To Be Arranged for Library Week

Three window displays are being arranged in downtown Thief River Falls stores in observance of National Library Week April 21-27. Display are being arranged by the Friends of the Library organization.

"Spring Song" will be the theme of the window arranged at First Federal Savings & Loan association with "Travel" the theme at Elaine's and "Gardening" the theme at the Fashion Shop. Citizens of the area are encouraged to view the window displays and to visit the Carnegie Public Library during National Library Week April 21-27.

The eagle seldom makes use of its beak in killing prey. Some animals are dispatched by the stroke of the eagle's dive, others are killed by the grip of its talons.

Nicholas Waldorf Rites Held Here Tuesday Morning

Funeral services for Nicholas Waldorf, age 74, longtime resident of the Thief River Falls area, who passed away at St. Paul, Minnesota, Saturday, April 13, were held April 16, at St. Bernard's Catholic church. Father Keough Patnode officiated at requiem Mass; interment was made in Greenwood cemetery. Sinding's Funeral Chapel was in charge of arrangements.

Mr. Waldorf was born August 20, 1888, at Melrose, Minn., where he received his elementary education. With his parents he moved to Brainerd at the age of eleven, coming to Thief River Falls in 1911. He was united in marriage to Ella Mulney in 1912 in Thief River Falls and has made his home here *since that time with the exception* of the last two years when he lived with his granddaughter, Mrs. Rocco Greco of St. Paul, Minn. Waldorf was the owner and operator of the LaLunda Cigar Co., of Thief River Falls from 1911 to 1938. He wa superintendent of parks in 1938.

Survivors include: one daughter, Mrs. Bernadette Turnwall, California; two granddaughters: Barbara, Mrs. Rocco Greco, St. Paul, Minn.; Sharon, Mrs. William Samson, California; and five great-grandchildren. He was preceded in death by his wife.

Interest Is High In Alfalfa Plant for T.R.F. Area

(Continued from page 1)

the farmer considerable time and labor which would be involved in putting up hay crops.

Steimaschuk noted that the state average for hay is 2.2 tons per acre and the county average for Pennington is 2 tons. In order to reach the three tons on which the comparison was based, a more intensive job of crop management would have to be done, he said. It I entirely possible to have three-ton yields, however, the county agent indicated.

Board to Proceed

From this point the board of Penrad Dehydrating Plant will proceed to visit established plants in the state and complete applications for loans to construct the plant. An estimate of $100,000 as a minimum expenditure for plant, storage and equipment has been made.

Penrad Dehydrating Plant was established through the efforts of the Pennington County Rural Areas Development committee headed by Cy Carpenter of Thief River Falls. It is likely that a loan for establishment of such a plant would be obtained through the Area Redevelopment Administration, a federal agency under the Department of Agriculture.

The committee in charge is also investigating the implications of synthetic products, which would be in direct competition with dehydrated alfalfa, prior to making commitments in regard to a local plant. A visit is planned to the University of Minnesota to obtain further information on synthetic products.

Council Holds Busy Session On Tuesday Night

(Continued from page 1)

the fire department with Fyr-Fyter awarded the contract for $1.19 per foot.

Plans and specifications prepared by D. H. Stewart, city engineer, were accepted for the north Arnold project and Davis Avenue project. Plans and specifications were in regard to storm sewer, water main and service connections. Bids will be opened at 2 p. m. on May 7 with a hearing to be held at 7:30 p. m. the same evening. The council will then consider acceptance or rejection of bids following the hearing.

Airport Business

Unanimous approval was given to a motion that the city pay no more than the appraised value of property which is to be acquired for airport expansion. Two tracts of land are in question and owners of both have requested payment in excess of appraised value.

C. Dave Gustafson owns 66.5 acres which has been appraised at $17,872.50 and for which he has requested $20,000. John Jorgenson owns 5.25 acres which has been appraised at $656.25 and for which he has requested $918.75 or $175 per acre. The council also approved a form for "clear zone easement" which will be signed by the city and farmers granting easements on their property. The form would relieve the city of brushing and grubbing after the work has been done initially.

In other airport action, George Miethke was dismissed as manager of the municipal airport. He had served two six-month probationary terms in the city's employ with the dismissal effective May 1. For some time the council has been considering leasing the airport but no action has been taken.

Building Permits

Building permits totaling $56,100 were approved as follows: Richard Hruby, 1304 Arnold av. N., garage and breezeway, $2,500; Piggly Wiggly store, addition to building, $10,000; Consumer's Co-Op association, addition to building, $30,000; Lawrence Leach, 714 Tindolph av. S., domestic garage, $600; Robert H. Yon, 316 Fifth St. W., addition to dwelling, $3,000; and Land O'Lakes Creameries, remodel hatchery, $10,000.

Renewal of electrician's license was granted for L. J. Cerny and M. T. Emme. Appointment of Stanley Flatium as bartender at the municipal liquor store to succeed Burton Lane was approved. Approval was granted to O. G. Ekeren to permit entrance to a parking lot behind the Rexall Pharmacy across the sidewalk on the west side of LaBree av. N. Entrance is to be made by right turn only with exit through the alley between LaBree and Main avenues.

A request for increased salary for the municipal judge from $2,220 to $3,000 per year was received from C. L. Charlson, secretary of the Pennington County Bar association. The city clerk was instructed to write to the League of Minnesota Municipalities for comparative salaries. The salary is set by state law and requires an act of the state legislature to change.

Also accepted by the council was a bid from Grundy's Office Supply for 10 steel chairs and two secretary chairs at a total cost of $1,275. The chairs are to be used in the council chambers and municipal court room and will replace wooden chairs now in use.

Services Are Held for E. A. Emanuel, Who Died Friday

Funeral services for E. A. Emanuel, 74, longtime resident of Thief River Falls, who passed away at Northwestern hospital Friday night, were held Wednesday at Trinity Lutheran church, with Rev. Reuben Wangberg and Rev. Harold Peterson officiating. Interment was in Greenwood cemetery, and Sinding's Funeral Chapel was in charge of arrangements.

Mr. Emanuel was born December 12, 1888, at Augusta, Wisc., where he received his elementary education. He was united in marriage to Catherine Whitman on March 10, 1913, at Minot, N. D. The family made their home at Hingham, Montana for five years and then lived for seventeen years at Berthold, N. D.

In 1935 they moved to Grand Forks, N. D. coming to Thief River Falls in 1937, with Mr. Emanuel operating the Paint and Glass Supply store until the time of his death. He was a member of Trinity Lutheran church; The Odd Fellows; Modern Woodmen; and Thief River Falls Chamber of Commerce.

Survivors include two sons, Charles of Thief River Falls, and Burton of Mankato; two grandchildren, one great-grandchild; two brothers: Herman, Crosby, N. D.; Arthur, Minot, N. D.; two sisters, Mrs. Della Washburn and Eva, Mrs. Harry Smith, both of Manitou Springs, Colorado. He was preceded in death by his wife; one daughter, Doris; and one brother.

Winfred Martens, 50, Dies April 7; Rites in Chicago

Winfred G. Martens, 50, son-in-law of Mr. and Mrs. Joe Evans of this city, died April 7 in a Hines, Ill. hospital following a lengthy illness.

Funeral rites were held in Chicago, Ill. on April 11, interment being made in Concordia cemetery of Hammond, Ind. Rev. Arthur E. Going officiated at the service.

Born in Chicago on September 24, 1913, Mr. Martens grew to manhood there, later becoming a career man in the United States Marine Corps. In 1943 he was married in San Diego, Calif., to Miss Doris Evans of Greenbush.

After serving over three years in the Marines, he was injured aboard the Carrier Saratoga in the Pacific, and thereafter received a medical discharge. They operated a summer resort in the Detroit Lakes area for 17 years.

Mrs. Martens has been living with her parents here since last July. She survives him, along with a son, Guy; his mother, Mrs. Martha Martens of Onarga, Ill., and three sisters.

Attending funeral services from Thief River Falls were his wife and son, and Mrs. Marten's brother, Richard Evans.

John Jordet to Be Interred Today at Portland, N. D.

John Jordet, a resident of Thief River Falls and formerly of Grygla, where he lived from 1922 until coming to this city 11 years ago, died Sunday, April 14 at the Northwestern hospital in this city at the age of 85.

Funeral service are being held this (Thursday) afternoon at 2 p. m. in the Aurdal Lutheran Church at Portland, N. D. Reverend W. Anderson is officiating, and burial will take place in the Aurdal cemetery. Green Funeral Home of this city is handling arrangements.

Mr. Jordet was born on October 27, 1877, in Valders, Norway, where he received his education and grew to manhood. In 1901 he immigrated to America, settling in Mayville, N. D. He was engaged in the carpenter trade in that vicinity for a number of years. In 1922 he moved to Grygla where he homesteaded, combining his trade with farming operations.

In 1938 he was married to Kari Lee at Grygla. She died in 1944. For the past 11 years, Mr. Jordet has made his home at the Johnson rest home in this city.

He is survived by one stepdaughter, Mrs. Oscar Knutson of Thief River Falls, and two stepsons, Harlan Lee, Grygla, and Frank Lee of Alaska. Four sisters also survive; Mrs. Inger Linelkro of Valders, Mrs. Marie Heggernes of Geilo, and Mrs. Anne Hagen of Valders, all in Norway; and Mrs. Andrea Strand of Portland, N. D.

He was preceded in death by his wife, two sisters, and one brother.

Rites Held Monday For Nick Zelik of Middle River

Funeral services were held on Monday, April 15 at the Collins Funeral Home in Middle River for Nick Zelik, 78, who died in a nursing home near Walker on April 10. Father Keough Patnode of Thief River Falls officiated at the rites, and burial was made in the St. Bernard Catholic cemetery in this city.

Mr. Zelik, born in Russia on September 15, 1884, attended school and reached manhood in that country, coming to Canada as a young man and living in Quebec for several years. After leaving Canada, he resided in Minneapolis for a period of 30 years, moving to Middle River in 1941, and making that his home until becoming a resident at the nursing home in Walker.

In 1941 he married Caroline Cwikla in this city. She survives him, along with five step-sons and four step-daughters.

Ed Furr, Holt, Dies Suddenly; Rites Pending

Ed Furr, age 75, a resident of the Holt community for 25 years, passed away unexpectedly at his home on Wednesday evening, April 17.

145 4-H members will participate in the Marshall county area 4-H one-act play and music contests Monday, April 22, 8 p. m., at Middle River, Stephen, Argyle and Alvarado school auditoriums, reports Harlem D. Sandberg, county 4-H club agent. These members will present 14 plays and 12 musical groups.

The 4-H area winners will compete in the final 4-H play and music contest Saturday, April 27, 8 p. m. at the Argyle school auditorium. The county winners receive a traveling plaque sponsored by Hogberg-Gerzewski, Post 353 of Argyle. The presentation will be made at the close of the final contest.

Following is the listing of play name, cast, directors and music participants at Middle River:

Gatzke Busy Beavers will present "Mother Walks Out." The cast includes Muriel Lunsetter, Alan Aune, Judy Engevik, Robert Engelstad, Linda Aase, Lowell Larson, Maureen Peterson and Connie Severts. Directors are Mrs. Ingvald Anderson and Mrs. Juell Aase.

"His First Shave" will be presented by New Maine Club. The cast includes Dean Anderson, Helen Mattson, Robert Engen, Barbara Roppe and Gail Sather. Mrs. Arnold Larson is director.

Grove Valiants club vocal duet is composed of Jonathan and Cynthia Waterworth and accompanied by Mrs. Earl Waterworth.

East Folden club will feature an instrumental quartet. Members of the group are Barbara Stokke, Bruce, Leon and Sheila Elseth.

Woodland club will stage "Be Home by Midnight" and the cast includes Larry Hansen, Susan Gunderson, John Hess, Judy Gunderson and David Broten. The directors are Mrs. Verne Green and Mrs. Peter Tandberg and assisted by Mrs. Harry Hess, Mrs. Harvey Engen and Mrs. Morris Gunderson.

Mr. and Mrs. L. N. Bennes Leave on Trip to New York

L. N. Bennes, Thief River Falls representative of The Lincoln National Life Insurance company, Fort Wayne, Indiana, will leave today to participate in a special company sales congress to be held at the Americana Hotel in New York City, April 20-24.

The biennial meeting of the company's top sales representatives will gather together approximately 100 members of its two prime sales honor organizations, the newly-found President's Cabinet and the President Club.

Mrs. Bennes will accompany her husband to New York, and from there they will go to Washington, D. C., to spend a few days with Mr. and Mrs. Lincoln Arnold, formerly of Thief River Falls. They will return home April 27.

Lincoln High PTA to Hear Monday of Scholarship Plan

The Lincoln high school PTA unit will meet next Monday evening, April 22, at 8 o'clock in the school cafeteria. The scholarship project sponsored by the city PTA units will be explained, and tentative plans call for a talk by Sonia Wildt, exchange student from Brazil. Mothers of seventh grade pupils will serve lunch, with Mrs. Gordon Ballingrud as chairman.

Mr. and Mrs. Clarence Johnson of Kennedy and Elmer Turn of Hallock were visitors last Friday at the home of the Art Lofbergs.

Beginning at a point at TH 219 immediately south and adjacent to said County State Aid Highway No. 9 to the Northwest corner of the NE¼ of Section 27, T154N, R40W, a distance of 1.5 miles.

Proposed Location of Portion of Judicial Ditch No. 18

Beginning at a point at TH 219 and extending 30 feet south of the South edge of the present location of Judicial Ditch No. 18 to the Northwest corner of the NE¼, Section 22, T154N, R40W, a distance of 1.5 miles.

Said Petition further alleges that it is advantageous and desirable in the construction and maintenance of CSAH No. 9 that said alteration or change be made and that said minor alterations or changes petitioned for will not affect the functioning nor impair the efficiency of said Judicial Ditch No. 18, in Pennington County.

YOU WILL FURTHER TAKE NOTICE, that said Petition will be presented to the Court above named in the Court House in Thief River Falls, Minnesota, on the 6th day of May, 1963 at 10:00 o'clock A.M., or as soon thereafter as counsel can be heard, at which time all persons interested in said ditch may appear and be heard and present arguments for or against the granting of said Petition.

Dated this 1st day of April, 1963.

Bertil L. Backe Dies In Vets' Hospital In West

Bertil L. Backe, a former resident of this city, and a brother of Mrs. Emma Ward, also of this city, died April 16 at the Veterans' hospital at Sepulveda, Calif.

Mr. Backe was born August 17, 1886, the son of Lars and Yjerall Backe. He grew to manhood in Thief River Falls, later serving in World War I. He was a member of the Lutheran church. He served in the U. S. Postal Service as a mail clerk.

Ill for about 20 years, he has been hospitalized over a long period of time in California, where his wife, Gertrude still lives. Also surviving him are two sons, Manley and Lars, and a step-son, Thomas, all of whom live in California, and his sister Emma Ward of this city.

Mr. and Mrs. Kermit Eastman, David and Vicki, of St. Cloud, visited relatives and friends here during the Easter holidays.

Card of Thanks

I wish to express my heartfelt thanks and appreciation to Dr. Pollman and Dr. Herber, to the staff and nurses at Northwestern hospital for the wonderful care Mike received while a patient there. Many thanks to Rev. Madson and Swan for their many visits.

Special thanks to Carl and Elmer Kolseth for caring for things at home during our absence, Odin Peterson for all he did for us, and for donations given and to all who sent flowers, gifts and cards. I thank you one and all. Mrs. Mike Antonoff. 1t31p

Card of Thanks

We wish to express our sincere thanks to those who assisted us at the time of the death of our brother. To pastors Marvin Carlson and Otto Baker, to the pallbearers, and to those who sent flowers or helped in any way. Also thanks for the use of the ELC Church. The brother and sisters of Elmo Swenson. 1t31p

Card of Thanks

I wish to express my sincere thanks to Dr. Wendt and all the nurses, and especially to Rev. Peterson for all his visits and kindnesses, and for the book you presented me with. May God richly bless you all and may God be with you. DeLoris Brandon 1t31p

Card of Thanks

We would like to thank all the people who helped us last winter during the time that Mr. Mosher was ill, and for the money they donated for moving haystacks. Mr. and Mrs. Robert Mosher. 1t31p

Local Track Men Enter G.F. Meet

Coaches Rod Max and Quent Jones will take a squad of twelve Prowler trackmen to Grand Forks on Saturday for the annual Sioux Indoor meet which will be held in the UND fieldhouse.

Due to the ever-increasing number of schools that send representatives to the meet, the competing heats will be held during the morning hours on Saturday, with the finals being slated for the afternoon.

The Prowlers, and the event in which thy have been entered, are as follows: Rolf Wangberg will compete in the mile run; Ron Shaff will run the 440-yard dash event; Steve Honebrink will be entered in the 880-yard run, Jerry Forsberg will be in the 60-yard hurdles; Paul Klungness will run in the 60-yard dash, the 60-yard low hurdles, and the broad jump; Steve Mittelstadt will be in the high jump event; Larry Joppru will compete in the shot put event; Joe Taylor will be in the pole vault; and the Prowler quartet of Ron Olson, Art Koglin, Joey Headley, and Orrin Joppru will be the locals' mile relay team.

$500,000 Blaze Wrecks Building in Fargo Sunday

An Easter afternoon fire roared through the Huntington Block building in downtown Fargo, causing damage estimated at at least a half-million dollars. Six stores were virtually destroyed.

No one was injured. Seventy-two firemen and all the city's fire fighting equipment fought the blaze.

Cause of the fire, which broke out in Anderson Jewelers on Broadway about 2:30 p. m., was not determined. The large brick building, located on a major business corner, was reduced to a shell.

Besides the six stores, second floor office suites which were occupied by eight different establishments, were destroyed.

HARMONY rang out at an organization meeting of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America Tuesday evening in the Lincoln high school cafeteria. Local enthusiasts sought 25 members in order to become a licensed chapter. Following orientation by Bemidji and Greater Grand Forks chapters of the SPEBSQSA, a total of 40 local men registered for the organization. Part of the large crowd in attendance Tuesday is shown above, being led in a harmony finale by the director of the Greater Grand Forks chapter. Next meeting of the local group will be Tuesday, April 23, at the school.

Keeping Score with "Huck" Olson

High Average Champions

League bowling was concluded last week, with champions being named in each of the seven leagues of the men's bowling association. This week, and next, the annual men's tournament is being held, with team, doubles, and singles tournaments being held on the Family Bowl lanes.

The individual bowling averages were creditable this season, and the league champions, pending verification by secretary Irv Wilson, were the following: Gordy Reierson of the KTRF team in the Monday night Service league bowled at a 183-pin average in 79 games; Evonne Olson, of the league-champion Land O'Lakes team in the National league, had an average of 173 in 80 games; in the Tuesday night Business league, Jesse DuChamp, of the runner-up Hamilton's team, posted an average of 190 in 57 games; Carl (Silvers) Onkka of Soo Mainliners in the Commercial league, had an average of 186 for 87 games, edging out Winjum's Lloyd Samuelson who posted a 184; the Friday night Northern league found Dorris Miller of the Miller Ford racking up a 168-pin average in 87 games; and in the City league competition on Friday night, Chuck Krause, of the league-champion Schenley's had a 176-pin average in 84 games.

American League Leaders

But the most interesting contest developed in the Tuesday night American league where five bowlers shared the top-average honors. Herb Peterson and Bruce Erickson of the league-champion Amundgaard's, in 84 game, had 168-pin averages. Chuck Wilcox and Larry Gilbertson of the Kiewel's Products had 168-pin marks, too, with Chuck bowling 84 games and Larry participating in 66 games. And Oscar Knutson of the Production Credit team, in 81 games, had a 168-pin average. Herb Peterson, in 84 games, toppled 14,165 pins; Wilcox, in the same number of games, had 14,160 pins; and Bruce Erickson, also in 84 games, 14,124 pins. What more could be closer.

Oh yes, I must mention that Stan Larson led the Northern State Bank bowlers of the American league with an average of 160. And that's the mark I picked for Stan last fall, when I predicted that he would be the team high-average bowler.

Making Hockey History

The Warroad Lakers are making Canadian hockey history this week as they compete against the Olds, Alberta, team in a best-of-five series for the Canadian intermediate hockey championship. The series, with all games being played at Olds, got under way last night.

Coach Cal Marvin's Laker club is pretty much a bona fide American club, with only six of the squad members being Canadians. Defenseman Bill Mathews is from Rainy River; and forward Murray Balagus, Ron Shalley, Harry Beukert, and Don McKenzie are from Winnipeg. Defenseman Ed Kryzanowski, who learned his hockey at Fort Frances, is now listed as a Warroad citizen.

The Lakers, who became eligible for competition in Canadian intermediate hockey by reason of having their players listed with the CAHA and by competing in the Minnesota - Ontario league, have won 10 of their last 12 playoff games, defeating such teams as the Marathon Mercurys and the Selkirk Fishermen in the process.

The second game of the series is slated for Friday night, and the third game is billed for Saturday. If further games are required they will be played on Sunday and Monday.

A Remarkable Comeback

Coach Bill Juzda's Winnipeg Maroon, the Red Wreckers of Canadian senior hockey, capped a remarkable comeback performance when, on Saturday night, they defeated the Saskatoon Quakers, 9-3, to win the western Canada title. The Maroons were on the verge of elimination as they trailed the Quakers, three games to one in the best-of-seven series after four games had been played. The Maroons won the fifth game, played at Winnipeg, 6 to 4; and then, on Saskatoon ice, coach Juzda's club scored 5 to 3 and 9 to 3 wins to win the series.

The Maroons, on Friday night, will be meeting the Windsor Bulldogs at Windsor in the first game of a best-of-seven series for the Canadian senior hockey championship. The aging Maroons (and they are well-seasoned, being led by the 42-year-old playing coach Juzda, and having such veterans as Chuck Lumsden, Gordy Simpson, Fred Dunsmore, Ron Castelane, and others on the roster), will be making a vigorous bid for the title.

The Winnipeg club will be the sentimental favorites in the series, but hockey is a game that does not rely very much on sentiment.

India Missionary At First Baptist Church This Week

Mrs. Charles Merchant, missionary from Assam, India, will be the speaker at three meetings in First Baptist church in Thief River Falls this weekend. At 7:45 p. m. Saturday Mrs. Merchant will have a service for women only when all ladies are invited to attend. She will speak at two services on Sunday at 11 a. m. and 3 p. m.

Mrs. Merchant is the wife of a surgeon who operates the "Door of Life" hospital in Tezpur, Assam. She is a singer and speaker and has spent many years on the mission field. Her field of service is the area where the Chinese Communists came down into India. They stopped short of taking over the mission station, forcing the missionaries to flee across the river for safety. All of the services are open to the public.

3 Local Women at WSCS Conference

Annual Meeting to Open Tuesday in Minneapolis

Delegates representing Minnesota's 391 Woman's Societies of Christian Service will gather in Minneapolis April 16-17 for their 15th annual statewide meeting. Attending from Community church will be Mrs. Ray Jude, Mrs. Orville Kruschke and Mrs. A. Dean Headley, who is one of the State officers.

Conference highlights are an opening-night musical drama on race relations, "The Breaking of the Ripple"; the World Federation of Methodist Women banquet; and a closing-day address, "Lighting the Mountain Trail", by Miss Mildred Drescher, a missionary from Nepal.

Three major reports are: Mrs. J. S. Siewert on the Girls' Club, St. Paul, which recently became a national Woman's Division project for girls newly arrived in the Twin Cities; Miss Phyllis Neal on her parish work in the pioneering Central Minnesota Methodist Parish centered at Princeton; and Mrs. T. Otto Nall, wife of the Minnesota Methodist Bishop, on her recent mission tour of India.

Business includes a pledge service, election and installation of officers, and reports and plans on a new scholarship fund honoring the late Mrs. Floyd Bell, past state president. Mrs. Clarence Richardson, state president from St. Paul, will preside.

Slow Moving Vehicles Cause Many Mishaps

It is becoming more difficult for slower moving vehicles and foot traffic, to blend safely and smoothly into today's complex traffic picture, according to the Minnesota Highway Department.

There were 118 pedestrians and also 12 bicyclists killed in Minnesota traffic accidents during 1962. In a majority of the cases, either the walker or the rider was blamed for the mishap.

The situation is made doubly tragic by the fact that 970 of the pedestrians hurt or killed in traffic were under 15 years of age. Among bicyclists, 458 were under 15.

Farm tractors were involved in 199 accidents that resulted in *deaths of five persons and injury* of another 139 persons. This was an increase of 25 mishaps over the previous year.

Animals were a frequent hazard for motorists in 1962. They were involved in at least 717 accidents that caused the death of one person and injury to 136 other persons.

Taking into consideration the fact that excessive speed and failure to yield right of way are leading factors contributing to accidents, the development of a better attitude on the part of everyone involved is necessary for improvement of the traffic record, the Highway Department states.

"The pedestrian, the bicyclist and operators of other slower moving vehicles must realize that they are no match for today's high-powered automobiles. They cannot maneuver as swiftly and their contrasting pace is virtually a stumbling block for the average motorist," the safety officials assert.

"Motorists, in turn, must sharpen skills and increase their knowledge of driving rules. They must always be alert and prepared to meet the unexpected on city streets, outlying country roads and main highways. They will also help by adopting speeds to prevailing conditions, and practicing courtesy with the knowledge that it is the right way, not the right of way, that counts," the safety experts conclude.

$7,000,000 State Highway Letting Scheduled May 3

A big state highway project letting estimated at over $7 million will be held May 3 in the central offices of the Minnesota highway Department, St. Paul, the department announces.

The letting is unusual, not only in its estimated cost, but because only two projects are involved. One calls for bids on grading of 4.4 miles and 11 bridges on a section of Interstate highway 35W, and a second project, the grading and bituminous surfacing of a section of TH 63 in Wabasha county.

The Interstate project, which calls for grading, gravel base, concrete pavement, plant-mixed bituminous surface and the bridge structures, includes: 4.4 miles of road work in New Brighton, Arden Hills and Moundsview on TH 35W between .4 mile south of the Soo Line tracks abutting a project now under contract) and .8 mile north of TH 10 and TH 8 and on TH 694 between Valentine Lake and .2 mile east of junction of TH 35W, in Ramsey county.

Huge Sum Spent in Past Five Years on Secondary Roads

Highway Department Reports Pennington Co. Spent $479,530 Total

Pennington county has spent $479,539 for federal aid secondary highway projects during the five-year period 1958 through 1962, according to the Minnesota highway department. This sum represents the actual financial outlays on federal aid road projects in this county, the funds for which were provided by state allotments of federal aid to counties and matched by funds from the local county road appropriations. Marshall county has spent $1,492,879, and Red Lake county $511,459.

The total FAS road project awards for all 87 counties in Minnesota for the five-year period is $60,063,354.

Residents of each of the counties hear about or see only their own projects as work is done and as announcements are made of their own FAS allotments. Even the work done and the large sums expended in neighboring counties is not necessarily brought to attention outside the borders of the county directly concerned.

Commissioner of Highways James C. Marshall, commenting on the total of FAS highway improvements in the five-year period, said, "It is only by compiling the totals of the amounts spent in each county, then totalling them for a period of years, that we can illustrate the magnitude of the program and what it has meant to the state at large as well as to the individual counties. For these five years, Minnesota counties have spent more than $60 million.

The U. S. Department of Labor estimates that for every $1 million spent in highway construction a total of 227,000 man-hours of employment are created. This means that Minnesota in the last five years has had a total of more than 13,620,000 man-hours of employment created by the county FAS program alone."

SLOW DOWN AND LIVE!

Our LAND

Appearing in newspapers of the Minnesota Editorial Association through the cooperation of the U. S. Soil Conservation Service and the University of Minnesota Institute of Agriculture

Serious erosion problem on their farm prompted Fred Krenz and son Keith of LeSueur County to request help from SCS technicians at LeCenter. Twenty-two acres of contour strip cropping were applied in 1962, and a four-year rotation of corn, grain, hay, hay was established so that alternate strips remained in hay each year. After observing the results and convenience of contour strip cropping, Fred Krenz remarked that he should have done this 20 years ago.

A fall cover crop of barley sown in fields on the Harold Olsgaard farm southeast of Rustad paid off in two ways. Olsgaard, a SCD cooperator with 479 acres, said that not only has the soil blowing stopped, but he no longer has to dig the drifted soil from his drainage ditches. Olsgaard told Eddie Bernhardson, assistant Clay County agricultural agent, 'Sowing cover crops has proven a great help to us, especially in years when we have little snow cover. It cut soil blowing to a minimum on land that had been fallowed the two previous years."

"I am enthusiastic about the terraces I built last year," declared Clarence Wendt, cooperator with the Brown County SCD. Thomas Milbradt, Agricultural Engineer with the SCS says the terraces were constructed on sandy loam soil on slopes up to six per cent. Wendt remarked that his first year of corn harvest proved the benefit of saving all the rain that fell on the land. With field operations on the contour, most rain soaked in where it fell, and big rainfalls were trapped by the reservoir-like terraces.

Golden glove and conservation farming leadership both are close to Ernest Stevermer of Easton. He was Faribault County's 1963 Farmer-Sportsman of the year. He has coached the Easton boxing team for 20 years and has been a director in the Upper Midwest Golden Glove Association. All winter long he puts out feeding stations for pheasants and other wildlife. He never has refused a true sportsman permission to hunt on his property. He has planted thousands of trees as windbreak and wildlife protection and is a leading farmer in his community.

"When we see ourselves in a situation which must be endured and gone through, it is best to make up our minds to it, meet it with firmness, and accomodate everything to it in the best way practicable. This lessens the evil; while fretting and fuming only serves to increase your own torments.

—Thomas Jefferson.

Questioning the Motives

Secretary of State Rusk has indicated that anyone who favors reductions in foreign-aid spending must be favorably inclined toward Communism. Our guess is that the reverse might be a more logical conclusion.

We are sure that General Clay and the members of the committee who were named to study this problem of foreign aid expenditures, brought in a patriotic report. In recommending substantial reductions in the expenditures, and a more realistic approach to the overall problem, we are satisfied that the report took into consideration all of our national interests in the struggle with Communism.

And, thinking as we do, we like this reaction expressed by the Wall Street Journal:

> "Secretary of State Rusk managed to imply that those who favor substantial reductions in foreign-aid spending are cooperating with the global Communist strategy. Naturally this did not exactly make a hit with Congress where a good many people doubt that the Administration's precise figure is just the one needed to keep communism at bay.
>
> "And if this is a fair sample of the State Department's notions of diplomacy, maybe it helps explain some of the trouble Washington is having not only with its Communist enemies but with its closest friends and allies."

Canadian Farm Vote

Our Canadian neighbors are now making their post-election decisions as to why the voters voted as they did, and one of the interesting questions they are trying to decide is why the Liberals failed almost completely to rally the support of Canadian farmers. The Liberals had proposed a two-price system and a government guarantee of $2 a bushel for wheat. According to the Winnipeg Tribune, their distrust of Liberal farm policy was aggravated by the failure of the Liberal speakers to say where they stood on existing farm credit programs and other policies put into effect by the Diefenbaker government.

Mr. Pearson had been guided by the agricultural policy framed by Hazen Argue. In discussing the results the Winnipeg Tribune states:

> "Farmers knew that a guaranteed price for wheat in Canada would invite government interference with their operations and bring about the kind of acreage and crop controls that are now causing headaches to producers and government in the United States. They knew that government subsidies inevitably result in government direction. This conviction, which was shared by individual farmers and farm groups and marketing groups of all stripes in western Canada, undoubtedly deprived Mr. Pearson of the extra seats he needed for a majority.
>
> "The Liberal leader should now recognize that he was the recipient of bad advice on agricultural policies. He should publicly reject the Argue program just as prairie voters rejected it. He should admit that the farm policies in force are, in the main, good and that his course will be to improve rather than to change."

That Summer Headache

Of course we are glad that summer is just around the corner, but with another summer will come another period of time confusion. In order to enjoy more hours of sunshine the people in some states, and in some areas of some states, will start monkeying with their clocks.

We have no quarrel with the idea of starting the day's work an hour earlier in order to enjoy an extra hour of daylight that evening. The idea has a lot of merit. But to resort to trickery to accomplish this simple thing, upsetting the established time zone schedules, borders on the ridiculous.

From now on travelers will have to be alert to the time variations that may develop as they move from one state to another or from one community to another within one state.

If we must resort to trickery then it should be on a national scale so that we still could have uniformity. And maybe, with a little effort, we could work out an international schedule. The Winnipeg Tribune hopes for uniformity within the province of Manitoba, pointing out that:

> "Ever since the Second World War, daylight saving time has been a subject of recurrent controversy in Manitoba. Even in Winnipeg, where daylight time is taken for granted, the question aroused such emotion that councils placed it before the voters in two referendums, in 1946 and again in 1949 to make certain of the wishes of the people.
>
> "Rural Manitobans, irritated by the disruption caused by conflicting time zones, in 1950 and 1957 attempted to force Winnipeg to revert to standard time. In both these years resolutions were moved in the Legislature to ban fast time in Winnipeg and only the intervention of Premier Campbell defeated the attempt.
>
> "Because of the great inconvenience and confusion caused by two time zones, the Manitoba government is about to introduce a bill calling for uniform time throughout the province.
>
> "Some compromise may be necessary to reconcile the desires of rural and urban Manitobans. There is no question of Winnipeg reverting back to standard time. Possibly one solution would be a trial period of uniform time to prove the merits of the system.
>
> "After all, one hour of time shouldn't be so difficult to resolve in the life of the province."

Obviously this is not a local problem, and it should not be a state problem. Time zones have been established nationally and internationally, and Congress alone should have the right to change them. The important thing is a uniformity that is constant from season to season and from year to year. Let's all of a sudden grow up.

The S. E. Asia Mess

Press reports tells us that Secretary of State Dean Rusk made a strong defense of the alliance to maintain peace in southeast Asia, at a recent conference in Paris. He told the attending ministers:

> "We value the Manila pact, and we shall continue to support it as the essential instrument through which we can participate in the collective defense of southeast Asia for our mutual benefit."

For a long time we have been reading reports about fighting in Laos, along with occassional estimates on how many men we have lost. The reports we have read have, in the main, merely added to our confusion. The reports we get from American sources sometimes differ a great deal from the information that is released in other countries. For instance the Winnipeg Tribune, in an editorial on what it referred to as "The East Asia Mess", recently had this to say:

> "Canada, India and Poland have provided personnel to supervise the uneasy truce between the warring factions. They have remained strangely quiet while the rival propaganda mills of East and West grind out stories of betrayals, bad faith, and failure to live up to the agreements arrived at between the rival Laotian Princes. Part of this agreement covered the withdrawal of all foreign troops. Up to November of last year the International Control Commission had reported that some 403 Philippine, 666 United States and 40 North Vietnam troops had been withdrawn.
>
> "It is certain that until the major powers can disengage themselves from their intense rivalry in this area of the world, any kind of real peace will be extraordinariy difficult to come by."

All of which is very confusing.

Not Always Same

(Lubbock, Texas, Journal)

An editorial in a West Coast newspaper recently assailed those who resist change, pointing out that "Progress Means Change."

That is true, to a certain point. It is difficult, if not impossible, to bring about progress if everything and everybody adheres to a rigid pattern.

But it's equally true that all change isn't progress. The idea that everything new is superior to everything old simply isn't true. That's been proved so often that it scarcely is necessary to quote examples. But it's particularly true in the field of Government, where new and "progressive" theories have supplanted tried-and-true rules of the past — and haven't worked.

Few people are opposed to real progress, but a great many are convinced that change andp rogress aren't always the same. And they are right.

Dairy Outlook Improves

St. Paul Pioneer Press

Congressman Albert Quie of Minnesota says new dairy legislation is unlikely this year. The reason is that "it looks as though the dairy situation will right itself during the next marketing year."

Improvement has been apparent for some time. Government purchases of surplus dairy products have dropped. Supporting dairy prices last year cost more than half a billion dollars, but Quie sees this reduced to an annual figure of $300 million in the new marketing year, beginning April 1, under present law.

If the Department of Agriculture concurs in those estimates, the administration would do well to quit talking about a new voluntary milk reduction program. For such talk has the effect of boosting production as some dairymen hasten to build up a good base from which reduction would be computed.

Agriculture Secretary Freeman increased milk support prices soon after he took office. Slowly but surely output climbed. A year later the supports had to be cut. Now the rate of production increase has slowed and a near-balance with consumption is in prospect.

But dairy farmers will be on edge as long as there is authoritative discussion of a new program and a base period.

Regional Science Fair Set Saturday

Tenth Annual Event to Be Held at Bemidji College

Bemidji State college will host the tenth annual Northern Minnesota Regional Science Fair Saturday, April 20, in Sattgast Hall, according to Richard E. Beitzel, chemistry professor and fair director.

Mr. Beitzel said that in order to emphasize the importance of science, science fairs are held in seven regions of the state during March and April. Nearly 500 students of the northern Minnesota area will display their science exhibits in Bemidji.

Science fairs include exhibits of scientific work done by high school students under the supervision of teachers or other persons. Each of the exhibits is designed to show a scientific principle, a laboratory principle, or an industrial development.

Beitzel announces that high school students may enter exhibits in divisions according to grade and subject. The single best exhibits in each category will be selected to be shown at the State Science Fair at the University of Minnesota May 3 and 4. The exhibits will be judged as to clarity and dramatic value, creative ability, and scientific thought and thoroughness.

Grain Belt Gets Cerebral Palsy Award Citation

Warren A. West, president of United Cerebral Palsy of Minnesota, today presented the Grain Belt Distributing Co. of Thief River Falls with a citation for efforts in raising funds for United Cerebral Palsy through the distribution of Christmas tree coin cards. In making the presentation, West also expressed the appreciation of United Cerebral Palsy to the hundreds of people who have placed their contributions in the coin cards.

Mr. West stated, "This is the second year that the Grain Belt Distributing Co., of Thief River Falls has cooperated in this project, and this contribution will assist in providing care, treatment and training for many unfortunate victims of this devastating affliction."

Flax May Be Seeded on Diverted Acres Again During 1963

Crop, However, Will Not Be Eligible for Price Props, Says Department

The U. S. Department of Agriculture today announced that flaxseed may be planted on acreage diverted under the 1963 feed grain and wheat program. This also was permitted under the 1962 programs.

Diversion acreage on which flaxseed is planted will not be eligible for acreage diversion payments under the programs. Flaxseed produced on diverted acres also will not be eligible for price support. However, producers will be eligible for full price support on their wheat, corn, grain sorghum or barley production.

Department officials said that while only a limited number of diverted acres will probably be planted to flaxseed, the privilege will be of advantage to some producers by providing more flexibility in their cropping programs. Figures which became available recently show that less than 4,000 acres diverted under the 1962 programs were planted to flaxseed in the major spring-planting States of North Dakota, South Dakota and Minnesota.

Farmers who may be interested in producing flax on their diverted acreage in lieu of a diversion payment should discuss the effect of this alternative provision with a representative of their local Agricultural Stabilization and Conservation (ASC) county office.

Smelt Season Due to Open This Week

Peak of Run Is Expected Between April 25 and 28

With many people looking forward to the smelt fishing season on Lake Superior within a few weeks, state fisheries supervisor Hjalmar Senson says that if weather conditions are normal, the smelt run should start sometime before April 20.

The peak of the run generally does not come until about April 25 to April 28.

Regulations on taking smelt remain the same as they were last year. Smelt may be taken with dip nets and minnow seines not more than 25 feet in length nor more than four feet in depth.

The reason for limiting the size of the seine which may be used to the standard 25-foot length is that there are so many people attempting to seine smelt in the limited beach area where seines can be used effectively.

Seines may not be used in any stream, except the St. Louis River, nor in Lake Superior within 100 feet of the mouth of any stream, except the St. Louis River.

Smelt may be taken and possessed without limit and may be bought and sold at any time; however, live smelts may not be possessed, transported, or used for bait purposes.

An angling license is required to take smelt. A $5.00 peddler's license is required of anyone who peddles fish with a motor vehicle.

Singer's Sewing Contest for Girls Is Now Under Way

Details have now been worked out for the eleventh year of the sewing contest for girls between the ages of 10 and 21. Jet trips to Paris for top winners in the two age categories — the 14-17 group and the 18-21 bracket for themselves and a companion. The national winner in the 10-13 year old category receives a trip to interesting places in the United States for herself and parent. The awards list which totals more than 4,000 prizes with a cash value of $130,000 include handsome Singer Portable typewriters and Singer Slant-Needle Sewing Machines.

To enter the contest which opened on April 15, each girl enrolls in an eight-lesson sewing course, where she will create the garment which becomes her entry in the contest. To assure equal chance for all, three age groups will compete separately. The Tween Division is for girls 10 through 13; the Teen Division for those 14 through 17; and the Miss and Mrs. Division for girls 18 through 21. A winner — one in each age group — will be selected in each local judging and prizes of sewing cases awarded. These winning garments will then be sent to Singer area headquarters for further judging.

August 10th is the last date enrollments will be accepted. Judging on the various levels will take place in late August and September, with the final showing in New York planned for mid-autumn.

Entry blanks and complete rules may be obtained at most local Singer Sewing Centers.

Social Security Man Gives Tips to Elderly

Whether you've decided to retire or not, you should visit the social security office three months before you reach retirement age, says Walter Kistler, manager of the Grand Forks office.

The social security representative can help you in many ways. For one thing he can find out how much your retirement payments will be when you're ready for them. Though he won't give you advice as to when you should retire, he can give you valuable information to help you decide for yousell.

If you've decided to retire, he'll help you in claiming retirement benefits for yourself and members of your family who might get benefits on your record. He'll help you get whatever proofs are needed to go with your claim. For example, you'll probably need proof of your age. He can tell you whether any of the documents you now have will do for proof of age.

You should check with your social security office even if you plan to keep on working. You don't have to quit work entirely to get social security. Many people think they do, and are losing social security payments. Some of them depend on neighbors and friends for advice. Often this kind of advice is wrong, and when it's wrong, it's usually expensive.

Before going to the social security office, it's a good idea to call ahead. There may be something you'll need to bring with you. The social security representative can tell you what to bring and the best time to come in.

Minnesota Plays Leading Role in Cancer Research

Ten cancer research grants totaling $396,824 are in effect in Minnesota division of the American Cancer society as of March 1. All are active at the University of Minnesota in Minneapolis.

During fiscal 1962-63 it is estimated that the society will allocate over $11,000,000 on its national research grants program throughout the country.

On March 1, 1963, 552 grants were in effect, totaling an expenditure of $16,961,478. Some of this includes grants and payments previously awarded but still active.

Grants in effect in Minnesota have been chosen from hundreds of applications received each year by the Society. Eighty-six of the nation's leading scientists discuss, evaluate, and recommended for financial support those projects considered most worthy. Their recommendations ultimately reach the board of directors for approval.

"Where Have We Been?" will be the sermon theme for this "Information Sunday." The after Easter season should be determined by the before. Every member and friend is urged to be present at 11:00. Sunday school at 9:30, is for all ages, with a new unit starting for the Adult Class. At 3:00 the local Youth M.Y.F. will host the Sub-District Rally, the registration is 25c and the 85c supper will be served by the local group. Both the Jr. and Sr. Highs are invited.

This week every family will receive the second in a series of letters. Use this and your Family Prayer card as the basis of a family conference at one or more meals. Make plans to attend one of the 'Information dinners' on April 23 or 24 at the church.

Circles of the W.S.C.S. will meet Wednesday of this week, at the call of the Chairmen. Prayer Group at the parsonage Tuesday at 10:00, the Senior Choir Wednesday evening 8:00 at the church. The pastor's Confirmation Class will meet Sunday at 5:00, note the change of time due to the rally. Plan to eat with the group if possible.

Your pastor will attend a special meeting of the Conference Commission on World Service and Finance this week on Thurs. and Friday.

THE TREE Climbers

Thought about climbing any trees lately? The tree climbers seem to belong to a very young segment of the population.

Why do you suppose most of us have outgrown that compelling urge to climb a tree? It used to make every trunk a challenge, every limb a precarious perch.

Well, we've discovered other challenges. And we've had our fill of precarious perches. Eventually a man turns his zest for triumph to more constructive purposes.

But, have you observed that many people seem to climb above the tiresome every-day level of life? And, strangely, they appear more secure challenging the roof of existence than those who cling to its floor.

The youthful compulsion which once made us tree climbers reaches maturity on a spiritual plane. Our God-given zest for triumph finds fulfilment in the quest of religious Faith . . . the challenge of Christian living! Start climbing next Sunday . . . in church!

TOTAL PERFORMANCE:

FORD GALAXIE 500/XL SPORTS HARDTOP

YOU'LL KNOW WHY SHE DOESN'T FEEL THE BUMPS...WHEN YOU TEST-DRIVE FORD'S NEW $10,000,000 RIDE

The 1963 Ford gives you a ride every bit as smooth as cars costing hundreds more, and for two reasons: a revolutionary new suspension system . . . and added road-hugging weight.

It took ten million dollars to develop the new Ford ride. We designed a revolutionary new suspension system for the 63 Ford. Where ordinary suspensions move only up and down to absorb road shock, the Ford suspension moves *backward* as well. In this double-action suspension system, coil springs up front and leaf springs in the rear combine to give you firmness in cornering *and* a special smoothness over the road.

We added weight, strength and stability. The new Ford is now actually hundreds of pounds more car than any other car in its class. This remarkable weight advantage is in the suspension, frame, and body. And, as you know, this added weight means a more stable ride.

But a solid, road-smoothing ride is only part of Ford's total performance story for 1963. Look how Ford swept the field this year in the grueling Daytona, Riverside and Atlanta 500's and in the demanding Pure Oil Performance Trials. Only a car with *total* performance—the best combination of strength, balance, precision control, braking power and road-clinging suspension—could roll up so many wins.

Before you buy any new car, test-drive a Super Torque Ford. If you haven't driven one lately, you can't really know what a new Ford is like. Make this important discovery—if it's built by Ford, it's built for performance . . . total performance.

Mr. and Mrs. Ed Carlson, Mr. and Mrs. Clarence Carlson and girls and Gerald Carlson of Warren, Mr. and Mrs. Tony Flatland and boys of Kennedy were supper guests at the Reinhold Carlson home in Kennedy Sunday.

Mr. and Mrs. Marvin Boen and family spent the weekend at the Inger Gustafson home in Ashby.

Ronald Carlson spent a few days with his dad, Oscar Carlson and relatives before leaving for the service. Now all four of his sons are in the service.

Mr. and Mrs. Kore Myhrer of Newfolden, Mrs. Rasmi Nelson and Mrs. Ella Thun were dinner guests at the Wm. Hansen home Easter Sunday.

Mr. and Mrs. Leroy Anderson left for Hoffman, Minn. Saturday morning where they will meet Mr. and Mrs. Jerome Anderson and family at the Henry Anderson home.

Wm. Wikstrom left Thursday evening for LeSueur to visit with his son Wilbur and family.

Mr. and Mrs. Otto Paulson left Friday evening to spend Easter with their daughter and family in Marshfield, Wisc. They were met in Minneapolis by Mr. and Mrs. Wallace Paulson who accompanied them by car.

Mr. and Mrs. Thomas Myzkowski and family of Hibbing spent Good Friday at the parental Martin Myszkowski home.

Strandquist Without Water

The residents of Strandquist have never been so inconvenienced before nor so dry. For several days now there has been no water as the well driller from Roseau has had to wait for parts before pipes, etc. could be put together again. After all, it is eleven years without a break down so why gripe when one can't give a solution to the problem? Kettles, pails, jugs and cream cans have been brought to use as people carry and haul water from country wells and school. Oh yes, we also did that in the good old days, too.

Mr. and Mrs. Earl Lindahl stopped briefly on Friday before returning to N. D. where he teaches. Mr. Lindahl will study music at the University of Grand Forks for his masters Degree this year.

Ivan Kimbrough of Minneapolis spent the weekend at home.

Olive and Lawrence Simmons of Karlstad visited with Mrs. Lee Kimbrough Friday afternoon.

Mrs. Elmer Hageland, Lorelei and Kelly visited with Mrs. Lee Kimbrough Sunday afternoon.

Mr. and Mrs. J. Cuppett and family and Mrs. Hilda Peterson of TRF were Easter Sunday visitors at the Charles Kranz home.

Mrs. Dolpha Johnson and Miss Norma Nelson enjoyed a visit to their cabin at Waskish Sunday. They also attended Easter services in Kelliher.

Miss Hattie Jenson is receiving medical aid in Rochester.

Shipping Association Holds Annual Meeting

The annual meeting of the shipping association was held in the village hall Tuesday April 9. Vance Lefrooth was elected for a 3 year term as board member and Elmer Holmstrom was reelected. Under the able management of Marvin Boen there have been 24 shipments of 1,829 cattle and sheep this year without one dead or crippled animal loss which netted the farmers $38,650.23. At least our farmers don't believe in having all their eggs in one basket. Mr. Carl Spong from the Central Livestock Assn. in St. Paul was guest speaker.

Mr. and Mrs. Duane Berggren and Gus of Fertile spent Wednesday evening at the Gotfred Berggren home.

Gordon Berggren of Circle Pines and Betty Berggren of TRF spent the Easter holidays with home folks.

Mr. and Mrs. Alton Henrickson and family of Halma, Mr. and Mrs. John Aune and grandma Berggren of Newfolden, Mr. and Mrs. Jerome Berggren and family visited at the Gotfred Berggrens Easter Sunday.

Mr. and Mrs. John Johnson of Minnedosa, Manitoba and Mr. and Mrs. George Johnson of Holt visited at the Edwin Lefrooth home Saturday evening.

Mrs. Edwin Madsen of Davenport, Ia., has spent the past week visiting relatives and friends in tht Karlstad and Strandquist areas as well as her sister Mrs. T. Nay of Lake Bronson.

Mrs. Marven Lefrooth and children, Lee and Linda of St. Paul arrived at the Edwin Lefrooth home Wednesday evening to spend their Easter vacation. Marvin arrived Friday evening with his brother Laurel.

Test Required for License

Bicycle Safety Tests Will Be Given Here On Saturday

Skill tests for bicycle safety will again be held this year as a part of the safety program of the Junior Chamber of Commerce in Thief River Falls. In cooperation with the Veterans of Foreign Wars, the Jaycees will hold the safety check at two places on Saturday, April 27, beginning at 9 a. m. Sites will be the Washington Elementary school playground and the east side park playground north of First street.

Licensing of bicycles in Thief River Falls is required by city ordinance which provides that "No persons shall ride or propel a bicycle upon any street or other public highway in the city, or upon any part thereof, without first having secured and attached to such bicycle a proper license tag as provided. . .Such license shall be renewed annually on or before the first day of June of each year."

This year taking the test will be mandatory before licenses for bicyles will be issued. Provision for this is also made in city ordinance which states, "Each applicant upon applying for said license or renewal thereof may be required to pass such a test or tests on bicycle riding laws and bicycle riding skills according to procedures established by the Chief of Police."

"Since the persons riding bicycles in the city change to a great degree from year to year," stated Elton Cummings, police chief, "and since the skill test was not mandatory for license renewal last year, we have made it mandatory for all bicycle riders to take the test before the bicycle can be licensed."

Ralph Jorstad of the Junior Chamber of Commerce and Lester DeBriyn of the Veterans of Foreign Wars are chairmen of the project for their respective organizations. The testing of bicycles for mechanical condition and riders for knowlege of safety rules and riding ability will be done by Jaycee and VFW volunteers in cooperation with the Thief River Falls police department and other law enforcement agencies.

Obert Lillo, safety officer for the Minnesota highway patrol, will visit local elementary schools in advance of the test to discuss bicycle safety with the students and present safety and traffic rules. His schedule will include Washington school at 9 a. m. and Northrop school at 1 p. m. on Tuesday and Knox school at 9 a. m., armory classes at 1 p. m. and St. Bern-

Robert Jorstad, Accident Victim, Dies In Wisconsin

Robert Jorstad, formerly of Thief River Falls, who was serving with the United States Army as in instructor of Military science at the Northwestern Military Academy at Lake Geneva, Wisc.; died there as the result of an auto accidnet on Friday morning at the age of 22 years.

Robert Jorstad was born on July 3, 1940 to Mr. and Mrs. Harold Jorstad, at Thief River Falls.

Funeral services will be held on Wednesday April 24th at 1:00 p. m. in St. John Lutheran Church with Rev. A. C. Seltz officiating. Interment will be made in Greenwood cemetery. Visitation hours have been set at the Green Funeral Home from Monday afternoon until Wednesday morning and at the church for one hour prior to the time of services.

Mr. Jorstad attended school here, graduating from Lincoln high school in 1958. Immediately after graduating from high school he enlisted in the United States Army and served one enlistment in Korea.

After re-enlisting he was assigned to the Northwestern Military Academy at Lake Geneva, Wis., where he served as an instructor in Military science and coach of the state champion rifle team.

He was united in marriage to Elaine Newton in January, 1961, at Thief River Falls.

Among the survivors are his wife Elaine; his parents, Mr. and Mrs. Harold Jorstad; and two brothers Don Jorstad of Williston, N. D.; and Ralph of Thief River Falls.

LHS Class of '38 Plans Reunion July 5, 6 and 7

Registration Taken by Mrs. Bredeson; History Booklet Being Planned

Plans for the 25th anniversary reunion of the Lincoln high school class of 1938 were formulated at a planning session held last Wednesday evening in the Rex Cafe. The event will be staged July 5, 6 and 7 in Thief River Falls.

General plans for the reunion include a warmup party for early arrivals on Friday evening, tour of Lincoln high school and coffee party on Saturday afternoon, reunion banquet and dance Saturday evening and family day with a picnic on Sunday. Registration fees for the event have been set at $12 per couple and $8 for individuals.

To facilitate planning, the committee has urged classmates to get their registration in early. They are to be mailed to Mrs. Robert Bredeson, 325 Maple av. S., Thief River Falls. A brochure with information on graduates is also being prepared and class members are urged to return mailed questionnaires even if they will be unable to attend the reunion.

Roy Lee announced that the committee had already received reservations from 15 out of town classmates while 12 others indicated they would try to attend and eight stated they would be unable to attend. Six members have not yet been located, he added. These are Fay Belcher, Vernon T. Somstock, Berniee Mary Halvorson, Daniel G. Kotlan, Arnold Peterson and Enid Thune. Anyone knowing the whereabouts of these persons is asked to call Mrs. Bredeson.

Committee members for the reunion will be listed in a later edition of the Times.

Fortier To Speak At Goodridge HS Athletic Banquet

Bun Fortier, coach of the Region 8 champion Bemidji Lumberjacks, will be guest speaker Tuesday at the second annual Goodridge high school athletic banquet. Sponsored by the Goodridge Lions club to honor high school lettermen and cheerleaders, the event will be held at 7 p. m. in the high school gymnasium. Harold Janneck will be toastmaster for the evening and tickets are now on sale from Goodridge Lions club members.

PENNINGTON NFO TO MEET

The Pennington county unit of the National Farmers Organization will meet Thursday evening, April 25, at 8:30 in the asembly room in the basement of the Auditorium in Thief River Falls. Hobart Gundy of Hibbing, organizational director for the NFO, will be present to discuss the dairy marketing situation. All farmers and processors in the area are invited to attend and lunch will be served.

Polio Vaccine Type III Available Here on Friday, May 10

Arrangements have been made for the third phase of the community polio immunization program, to be held at the municipal Auditorium on Friday, May 10, according to City Health Officer Dr. Paul Wendt. Type 3 of the vaccine will be made available with the asistance of volunteer workers.

Dr. Wendt states that state health officials recommend that the Type 3 vaccine be given to all persons regardless of age. The vaccine will be available from 11:00 a. m. to 7:00 p. m.

Crippled Children to Be Examined at Clinic on Tuesday

One of 19 Clinics Slated In State This Spring to Be Held in Trinity Church

Physically handicapped children in this area will be served at the field clinic to be set up by the crippled children services of the Minnesota state department of public welfare in Trinity Lutheran church in Thief River Falls Tuesday, April 23.

The children will be examined starting at 8:30 a. m. and continuing thru 2:30 p. m.

Youngsters up to age 21, who live in the following counties, are eligible to attend: Pennington, Kittson, Marshall, Red Lake, Roseau and Grygla area of Beltrami.

The local clinic is one of 19 scheduled this season for differnt areas of the state, said Dr. Mildred Norval, St. Paul, director of the crippled children services. "Through these clinics," she said, "children with crippling disabilities may be located, examined, and helped to get the services they need to rehabilitate them as completely as possible."

Appointments should be made with Mrs. Harold Buck, Thief River Falls, phone MU 1-2652. "If this is the patient's first clinic visit, he is advised to bring his physician's written referral," said Mrs. Buck.

Local clinic arrangments are being made by Mrs. Joe Dostal Jr., Thief River Falls. Assisting are Mrs. Timothy Conners, co-chairman, and the DeCor group of the Thief River Falls Woman's club, sponsoring agency.

Church Men Hold Conference Here

To organize the brotherhoods of the Thief River Falls Conference of the American Lutheran church into an official and working unit of the Northern Minnesota District, a conference convention will be held Sunday, April 28, at 3 p. m. in Trinity Lutheran church in Thief River Falls.

President, vice president, secretary and treasurer will be elected at the convention. Speakers will be Al Doerring, Minneapolis, executive director of the TALC Brotherhood; Wes Johnson, Wadena, president of the Northern Minnesota District Brotherhood; and Rev. R. A. Wangberg, Thief River Falls, conference president.

River Channel Cleaning Bill Passes House

$20,000 Appropriated To Clear Thief River On 24-Mile Course

Improvement of a section of the Thief River in Pennington and Marshall counties is being authorized by the Minnesota legislature, according to word received by the Times today from the State Capitol in St. Paul.

The project involves removal of silt, snags and other obstructions from the stream for approximately 24 miles, starting in Thief River Falls and running northerly to the Mud Lake dam. A $20,000 appropriation to the Department of Conservation will finance the work, and the department is also being authorized to accept any matching funds which may be available from federal or other sources.

Direction was also given the department to cooperate with the U. S. Department of the Interior in planning and carrying out the project on federal lands of the Agassiz National Wildlife Refuge. Necessary state funds were included in the state department appropriations bill passed by the House of Representatives on Friday. A companion measure is on general orders in the Senate and is expected to come up for consideration early this week.

Rep. Richard Fitzsimons of Argyle was principal author of the bill in the House of Representatives with Rep. Andrew Skaar of Thief River Falls as co-author. In the Senate the bill was sponsored by Sen. Donald Sinclair of Stephen and Sen. Harveydale Marusk of Angus.

IOOF Will Hold Past Grand Night Tuesday Evening

Annual "Past Grand's Night" for Young Pine Lodge No. 221 of the Odd Fellows will be held Tuesday evening, according to Millard A. Nelson, secretary. Noble Grands that have headed the lodge in the past will be honored and will fill the chairs in conducting the lodge for the evening.

The IOOF was founded in Baltimore, Md., on April 26, 1819, and is now the largest fraternal order in the world operating under one head. The sovereign grand master and staff are located at Baltimore and lodges are located in nearly all parts of the world. In observance of the anniversary, a birthday motif will be followed for the meeting and lunch.

Elks Roundup Set Thursday Evening

The local Elks lodge will hold its annual spring roundup Thursday evening, April 25, Irvin Wilson, exalted ruler, announced today. A free dinner will be served to paid-up members from 6 o'clock to 7:30, and will be followed at 8 o'clock by initiation of a class of candidtes. Lunch will be served later in the evening.

"Bud" Grant To Speak At Athletic Banquet

SPEAKER at the annual Lincoln high school athletic banquet Wednesday at 6:30 p.m. in Zion Lutheran church will be "Bud" Grant, coach of the Winnipeg Blue Bombers professional football team. Grant was an outstanding athlete at the University of Minnesota, participating in basketball, football and baseball. He played two years of proessional basketball with the Minneapolis Lakers and then switched to professional football. He has had four national champions in six years of coaching at Winnipeg.

Winnipeg Coach To Be Guest Here Wednesday Night

"Bud" Grant, former University of Minnesota athlete and now head coach of the Winnipeg Blue Bombers professional football team, will be guest speaker at the annual Lincoln high school athletic banquet to be held Wednesday at 6:30 p. m. in Zion Lutheran church. Tickets are now on sale at the Chamber of Commerce office and from members of the athletic banquet committee.

Cooperating in the sponsorship of the event are the Chamber of Commerce, Lions and Rotary clubs and the Junior Chamber of Commerce. Maynard Troland will serve as master of ceremonies for the program with the invocation to be given by Rev. Leland Steen and musical selections provided by an instrumental ensemble from Lincoln high schol.

J. M. Roche, president of the Rotary club, will give the welcome for the host organizations. Ralph Skay, athletic director at Lincoln high school, will introduce the coaches and they will introduce the athletes on their respective teams.

Coaching Record

In his six years of coaching at Winnipeg, "Bud" Grant has produced four Grey Cup champions, five first place and one second place finish in the tough Canadian professional football league. His lone second-place team in 1957, along with his 1960 club, were his top winners with 14 wins and two losses in 16 games.

Grant was born in Superior, Wis., on May 20, 1927, and attended the University of Minnesota where he played fotball, basketball and baseball. After graduation he played for two seasons with the Minneapolis Lakers in the National Basketball association. Then he switched to professional football and joined the ranks of the Philadelphia Eagles in the National Football League.

In 1953 he joined the Winnipeg Blue Bombers as an offensive end. He led the WIFU in pass receiving in 1953, 1954 and 1956 and was named to the All-Star team in each of those years. In 1953 he caught 68 passes for 922 yards, in 1954 snared 49 passes for 752 yards and in 1956 caught 63 passes for 970 yards. His career scoring total for Winnipeg was 66 points in four seasons.

Although having no coaching experience, he was named coach of the blue Bombers in 1957, retiring as a player to devote full time to his coaching position. Now residing in Winnipeg the year around, Grant is married and has five children. The family lives in suburban Tuxedo.

Following the banquet session Wednesday, a film on the 1962 Grey Cup Canadian championship game will be shown. The game was unique in that it was halted by fog and continued on a later date.

Homemakers Plan Achievement Day

Annual Homemakers' Achievement Day for Pennington county will be held Friday, May 3, at 1:30 p. m. in Zion Lutheran church in Thief River Falls, according to Miss Laura Duerst, Pennington county home agent. The date was set at the regular meeting of the county home council last Tuesday.

Topics for lessons for the 1963-1964 program were also selected at the meeting and a committee was appointed to investigate the erection of a booth at the county fair. Named to this committee were Mrs. Ernest Droppo, Helperettes; Mrs. Sigurd Folkedahl, Smiley II; and Mrs. Sheldon Joyner, Chat and Chew club.

Eight groups of exhibits will be arranged at the Achievement Day program this year. These will include the following: (1) banquet themes — examples of decorations; (2) cake table — cakes decorated for any occasion; (3) hobby; (4) plants — individuals may bring a favorite plant or a real or artificial arrangement; (5) pillows — made this year; (6) knitting and crocheting — made this year; (7) aprons; and (8) children's wear and toys.

In charge of the exhibit committee are Mrs. Bert Kron, chairman, Rosewood; Mrs. Kermit Maldment, Cloverleaf; and Mrs. Charles Rodekuhr, Town and Country. The committee met following the home council meeting to make plans for the exhibit portion of the Achievement Day.

Comprising the tea committee are Mrs. Oscar Houske, chairman, Smiley I; Mrs. Odin Hanson, Silverton; Mrs. Edwin Koglin, Kratka; and Mrs. Winton Knutson, Numedal. On the reception committee are Mrs. Edgar Naplin, chairman, Black River; Mrs. Clyde Hutchinson, Reiner; Mrs. Donald Omdahl, Happy Homemakers; and Mrs. Robert DuChamp, Chat and Chew.

Mrs. Sigurd Folkedahl, Smiley I, will head the program committee which also includes Mrs. Jesse Anderson, Star. On the clean-up committee are Mrs. Ernest Droppo, Helperettes; Mrs. Harry Sjulson, St. Hilaire; Mrs. Gil Sannes, North; Mrs. Ernest Swanson, Highlanding; Mrs. Adam Lendobeja, Smiley I; and Mrs. Arnold Gundersost, Rocksbury.

Newcomers To Elect and Install Officers April 24

Regular meeting of the Newcomers' club will be held Wednesday night, April 24 in the courthouse meeting room. Election and installation of officers will constitute the main order of business. The members will be making May baskets during the remainder of the evening, with the baskets to be presented to patients at the local hospital. Hostesses for the evening, Sandy Taylor and Karen Meimer, will serve lunch to the group.

Mary Ann Thompson Is Honored At Shower

Mary Ann Thompson was honored at a pre-nuptial shower held at the Grace parish hall in Grygla on Saturday afternoon, April 13. Hostesses were Bonnie Brattell and Jane Holte.

The gift table was decorated with a miniature bride and groom and the Easter theme was brought out in the decorations. Games furnished the afternoon's entertainment, followed by the opening of the gifts by the honored guest, assisted by Bonnie Brattell and Jane Holte. Miss Thompson responded with an expression of thanks. A number of pictures were taken, and lunch was served by the hostesses.

Guests were, Miss Thompson, Mrs. Amos Thompson, Paula and Paulette; Mrs. Oliver Mc Ennelly and Kathy of Goodridge; Jean Ramsey, Mrs. Richard Miller, and Elaine Iverson, also of Goodridge; Mrs. Kernel Paulson and Lois; Mrs. Roy Paulson and Jean; Mrs. Sivert Salveson, Mrs. Harold Bush, Mrs. Helga Gilbert, Mrs. Lewis Jelle, and Carol Overby; Mrs. Irvin Vigen, Susan and Patty; Mrs. Palmer Holte and Lee Ann; Mrs. Henry Holte, Mrs. Gordon Saul and Valerie; Mrs. Sam Brattell, Miss Antionette Vicara of Thief River Falls, and Mrs. Carl Dyrseth and Linda. Many more invited guests, unable to attend, sent gifts.

Grandmothers' Night Observed At Trinity

"Grandmothers' Night" was observed by the Trinity Mothers' circle at its April 17th meeting in the church parlors. Colored slides depicting the title, "God's Calendar of Blessings" were shown, with narrations given by Mmes. James Nepper, Vernon Loe, Clayton Restad, Byron Johnson, J. G. Holzinger and Reuben Wangberg. Mrs. David Clough read a poetic "Tribute to Grandmothers". Musical numbers were presented by Mrs. Bryant Ulseth, Mrs. Clayton Restad, and Miss Judy Iverson, and a trio from the Golden Years Choir group also sang.

Grandmothers present were introduced to the group, and the program concluded with the singing of hymns. Lunch was served at tables decorated in the Easter theme.

St. Bernard's Guild Met Thursday Night

Ladies of St. Bernard's Catholic Guild held their meeting Thursday night, April 18 in the church basement. General business was conducted, followed by entertainment which was in charge of the officers, Mmes. Ames Pederson, R. J. Dryden, J. J. Womack, Lawrence Brown, and Gordon Markstrom. Mrs. Robert Lasha was the winner of a special prize. The hostesses, Mmes. Donald Omdahl, Harley Drees, and Don Engelstad served lunch to conclude the evening.

EXHIBITORS at the Second Annual Lincoln high school art exhibit to be held Saturday and Sunday, April 27 and 28, include the three senior high school students pictured above. Left to right are Judy Czeh and Margaret Mousley, both juniors, and John Stewart, senior. In the background are some of the paintings and other pictures which will be on display in the school cafeteria. Donald Lerud, senior high school art instructor, noted that about 300 items selected from the work of junior and senior high school students will be on display. The show will be open from 1 to 5 p.m. both Saturday and Sunday with refreshments served both days.

KITCHEN KARNIVAL

Features from the kitchen of

MRS. MARJORIE MATHESON JOHNSON

Fortunate indeed is the editor of a recipe column when interested contributors send in recipes of the caliber featured recently — most of them contest blue ribbon winners, no less. This one, gals, won 1st prize in the Minnesota Egg Cooking contest at the Builders' Show in Minneapolis on March 19. The winner, and contributor of this recipe, is Marjorie Matheson Johnson, a local product, now living in Kandiyohi. She is the daughter of Mrs. A. C. Matheson of this city.

SHRIMP EGG-FOO-YUNG

1 tablespoon shortening
1 clove garlic, minced
1 can medium shrimp, deveined
½ cup chopped onion, or less, as preferred

Melt shortening in saucepan over low heat. Add onion and garlic and cook until soft. Add drained shrimp and cook 2-3 minutes. Cool.

PART II

2 tablespoons buter
6 eggs, slightly beaten
½ teaspoon salt
dash of pepper

Heat a large heavy skillet until hot. Melt butter. Add shrimp mixture to egg mixture and pour into skillet. Reduce heat to low. Cover. Cook 10 minutes or until top is dry. Turn out on hot platter, folding like an omelet. Serve with the following sauce:

CHINESE BROWN SAUCE

2 tablespoons butter
3 tablespoons flour
2 tablespoons sugar
½ teaspoon salt
1 cup hot water
2 tablespoons soy sauce
1 cup drained bean sprouts

Melt butter in saucepan or double boiler. Add flour, sugar, and salt, and blend well. Stir in hot water gradually. Add soy sauce. Cook until thickened. Just before serving, add bean sprouts, warming just until heated through.

The Minnesota Egg Contest is sponsored by the national poultry board, Red Owl Stores, and the Builders Show. Mrs. Johnson and the junior winner, a 14-year old girl from Hopkins, will compete in the national contest on May 16 and 17 in Chicago, Ill. Incidentally, the girl's mother was formerly a major in home economics at the U of M at the same time as Mrs. Johnson majored there.

This Cantonese recipe, Mrs. Johnson calls a favorite luncheon or supper dish, ideal for serving to unexpected guests, since canned shrimp and bean sprouts are readily kept on the pantry shelf and one always has a few eggs in the refrigerator. It takes little time to prepare, and is a rather unusual gourmet treat, according to our homemaker.

They live on a 320-acre farm on the west side of Diamond Lake, between Litchfield and Willmar, and also run an additional 80-acre tract. Their specialty is beef cattle, and they also raise soybeans, oats and barley. And a couple of fine kids, too: Janet is 18, and a student nurse at Abbott Hospital, Minneapolis; Bruce, 12, is in the seventh grade at Atwater.

The Johnsons attended the 25th anniversary class reunion here last summer and renewed many old acquaintances.

WCTU Institute Held Here Last Friday, April 19

The Hazel and Thief River Falls Woman's Christian Temperance Unions held a joint Institute in the Methodist Church on Friday, April 19.

Mrs. Carl Paulson, officer of the local Salvation Army, had charge of the morning devotional period, after which Rev. Peterson of Trinity church gave a talk on modern trends of evil, with the reiterated accusation that we are the ones who permit these evils. Following this, Mrs. Wm. Austin of Roseau, spoke on social freedom in serving fruit drinks instead of cocktails, and also on parliamentary law.

A group of Lincoln high school students sang several numbers just before dinner which was served in the church basement at noon.

The afternoon session began at 1:30 with Mrs. C. L. Jaeger, legislative director from Minneapolis as main speaker. The Senior Choir also known as the Golden Age Group, gave two numbers in song, one of them in Norwegian.

The program was concluded by a question and answer period followed by a speech contest.

The Library Corner

by Virginia Gjernes

Does the week of April 21 thru 27 mean anything in particular to you? Possibly personal happenings are remembered, however, those dates actually encompass an important week in the life of every American. . for the week, though it is far, calendar-wise, from our Thanksgiving holiday, is a week during which we can all express our thankfulness or being Americans (by birth or by choice).

The interim has been christened "National Library Week." Now, does it mean anything in particular to you? Does it mean freedom of press, freedom of choice, freedom of thought? Does it mean that you, and your family and your friends, can seek and gain the knowledge that you want and need, for business or pleasure, on any subject you choose at any time you choose?

Does it mean that you have freedom of movement to go from your home to your public library without being stopped and questioned by anyone other than a friend or an acquaintance?

National Library Week is your "fifth freedom" — yours to have and to hold dear to your heart. Knowledge is the best weapon we have — and knowledge is literally at your fingertips when you enter the public library. Knowlege does more to thwart prejudices, does more to stabilize the world than anything else. Without knowledge we would be nothing more than amoeba, would we? Just jellied masses of nothing.

National Library Week, planned for you by the National Book Committee, Inc., in cooperation with the American Library Association, has as its purpose "to encourage all of us to improve libraries and to stimulate reading throughout the nation," according to President Kennedy.

Actually, a reading nation is a thinking nation and only by thinking can the pursuit of life, liberty and happiness be accomplished and have meaning. Reading citizens are essential to the development of our country and our society and these citizens are responsible for the world today — and tomorrow.

Freedom begins with "free" which actually is what your library is — free. It's free to all who are interested in maintaining a democratic society. It's free to all those who want to make sure their children, and their children's children continue to live in a country where adequate reading materials are housed in a public library and may be borrowed and read in broad daylight and not behind locked doors.

Your public library is one of your most precious possessions, for it signifies your freedom to know and it provides you with information unlimited.

Friends of the Library, our own local organization, has undertaken the task of decorating window space offered by local stores. The wide range of reading materials available to all of you will be prominently displayed. "Elaine's" will feature "Travel Talk", designed and executed by Mrs. Rudolph Sagmoen and Mrs. Douglas Stewart. The "Spring Song" display at the First Federal offices will be undertaken by Mrs. Marshall Hankerson. Mrs. James Disse's artistic ability will be apparent in the "Fashion Shop" display of "Growing Pains", a window dedicated to spring and all her promises.

Members of the Rotary visited the library recently (and seemed pleased with the advantages offered localites) following their regular luncheon meeting. Chairman of the Library Board, Ray Ulferts, was invited to address the Rotarians and describe the library, its problems and its aims. The next visitors en masse will be the Lions, on the 24th of this month. Members of the Rotary apparently enjoyed the coin, stamp and gun collections, as well as the huge fish displayed so prominately. All the collections spotlighted are the work and pride of some of our local celebreties.

There are lots of new books, and plenty of old ones, too, which are well worth reading, so enjoy your "fifth freedom" — read! —that is the one thing you can't do too much of, especially when its for "free"dom!

See you at the Library soon, after you've been by Elaine's, the Fashion Shop and First Federal to view "Library Week" artistry.

Former Resident Has High State Position

Robert G. Hansen is Commissioner of Vets Affairs

Robert G. Hansen, Minnesota Commissioner of Veterans Affairs, leaned back in the chair of his St. Paul office and reflected on an enjoyable boyhood spent hunting in Pennington county. "I never had a happier time in my life," Hansen remarked to a long-time *Thief River Falls friend, Rep. Andrew Skaar.*

The two took time out from their work at the State Capitol recently to share some pleasant memories of an earlier day.

Hansen heads a department responsible for administering all state programs for 425,000 Minnesota veterans and their dependents. Rep. Skaar, who is serving his first term in the legislature from Pennington and Red Lake counties, is encountering increasing pressures accompanying the closing days of the 1963 session.

"When I was 16, I bagged one of my first pheasants near the Skaar family farm," Hansen recalled, "and I used to shoot a lot of rabbits and grouse."

Favorite hunting area was a ridge running along the west side of the Skaar place, homesteaded in 1886 by Andrew's Norwegian immigrant grandfather, John, and still occupied by the state representative's 75-year-old father, Ole.

Was Top Athlete

Hansen, a top athlete at Thief River Falls high school, went on to attract state-wide attention on the Gustavus Adolphus' football and swimming teams. He was center and captain of the State College Conference championship Gusties in 1941 and he copped the intercollegiate titles in the 100, 220 and 440-yard free style events in swimming.

After getting his B. A. degree in education, Hansen was head swimming coach and taught physical education at Gustavus until he entered the army during World War II. Instructed in German at the University of Iowa, he served as an interpreter in Germany.

After his discharge, his knowledge of German helped him land a job teaching this language, and also serving as athletic director and coach, at Madison, a position he held for 17 years.

He was named commissioner of veterans affairs March 1, 1961, in recognition of his efforts on behalf of veterans following his return to Minnesota from overseas. He served his home American Legion post and the Seventh District organization as commander and he headed the Minnesota Department of the American Legion in 1958. He has been active as well in affairs of the Veterans of Foreign Wars.

Hansen said he has set his sight's on one event back in Thief River Falls he doesn't intend to miss. This is the 25th anniversary of his high school class, scheduled for July 6.

And he intends to make a trip out to the Skaar farm, located five miles west of the Pennington county fairgrounds, to get reacquainted with the members of this well-known family.

TAKING TIME to renew acqaintance in St. Paul are Rep. Andrew Skaar of Thief River Falls, left, and Robert G. Hansen, former Thief River Falls resident who is now Minnesota commissioner of veterans affairs. Hansen grew up in the Thief River Falls community, spending much of his boyhood time hunting along the ridge which runs west of the Skaar farm. His office is located in the new veterans service building on the south edge of the state capitol approach.

Nearly 400 firemen from all over Minnesota will attend the 12th Annual Minnesota State Fire School at the University of Minnesota Institute of Agriculture April 22-25, according to William C. Freitag, school coordinator and assistant manager of the Fire Underwriters Inspection Bureau, Minneapolis.

Representing Thief River Falls at the school will be Patrick Barry, deputy state fire marshal, and Fire Chief Roy Langevin.

The three-day program will feature instruction in fire fighting and fire rescue techniques and the latest information on fire prevention, Freitag says.

Roy Dunlap, managing editor of the St. Paul Pioneer Press, will be speaker at the annual banquet to be held at 5:30 p. m. Monday, April 22, in the Arizona Room of the Prom Center, 1190 University Avenue, St. Paul.

Wednesday's sessions will be at the state fair grounds. In addition to demonstrations of fire fighting and new equipment, there will be a display of fire fighting apparatus in the Hippodrome Building.

Registration will be in Coffey Hall on the St. Paul Campus at 7:30 a. m., Monday, April 22. The school is offered through the department of agricultural short courses at the University in cooperation with state fire fighting and fire insurance underwriting groups.

Six New Members in Honor Group at Newfolden School

At the annual induction ceremony of the Newfolden chapter of the National Honor Society, held in the school auditorium on Friday, April 5, six new members were admitted. They are Karen Sannes, Shuroh Nelson, Emilie Carlson, Terry Strandquist, Charles Olson and Wesley Hanson. Eligibility for membership is based on four qualities: Scholarship, service, leadership and character. The members from last year, Mark Carlson and Warren Sagstuen, assisted by Mr. Fisher, principal, conducted the ceremony.

Filings Open Apr. 22 for Newfolden Education Board

PENNINGTON COUNTY HOME AGENT

County 4-H play contests will be held Monday evening at Goodridge; Tuesday at St. Hilaire and Wednesday and Thursday at Thief River Falls. The public is invited to attend and see some fine entertainment that the youth of our area has been working on the last month or so.

Washing walls is hard work. It can be less discouraging if you start with an easy place at the bottom and then get help with hard-to-reach areas like the ceiling.

Here's a solution you can make at home for washable walls that are grimy. Add 1 cup washing or sal soda, 1 cup household ammonia and 1 cup vinegar to six quarts of warm water. Apply lightly and quickly without dripping. Follow quickly with an absorbent cloth or sponge wrung out of clean water. Dry with a terry towel.

When washing walls, start at the bottom and wash upward so any drips won't streak the walls.

Effective as many of the latest cleaning products are, don't neglect some of the common cleaning helps you have in your own kitchen: soda, vinegar and ammonia.

Baking soda has a refreshing, cleansing effect. Made into a paste, it will clean the sole plate of your iron when starch has collected on it. A solution of about a tablespoon of baking soda to a quart of water is recommended for cleaning the inside of refrigerators and freezers, vaccum bottles and corks, coffeemakers which are not aluminum and glass cooking utensils with burned-on food.

Washing soda cleans drains and traps, gas burners and greasy pots and pans. It also softens water. Vinegar cuts grease and removes cloudiness of film on windows.

Ammonia removes stains, adds sparkle to windows and glassware by cutting grease. It softens baked-on grease in the oven, thus making the latter easier to clean.

He is a 1962 graduate of Lincoln high school.

3 Members Named To County School Study Committee

Three members of the Pennington county reorganization committee were elected at a meeting held Monday evening in the basement meeting room of the Pennington county courthouse in Thief River Falls. Rural officers were not elected since a quorum of board members was not present.

Dale Carlson of St. Hilaire was elected to a one-year term, Morris Owen of Thief River Falls was named to a two-year term and Ernest Swanson of Goodridge was elected for a three-year term. Five rural members will be elected at a meeting of Pennington and Red Lake county school officers Tuesday in the county courthouse at Red Lake Falls. The session will start at 10 a. m.

B. N. Hendrickson, consultant with the district reorganization unit of the Minnesota Department of Education, was in attendance at the Monday meeting. The county reorganization committee studies the reorganization of districts in the county and the affect of reorganization in neighboring counties upon districts in this county.

Girls Asked to Enter Wool Garment Event

Two young girls from somewhere in the nation will receive all expense paid tropical island holidays as grand prize winners in the 17th annual Make It Yourself With Wool contest.

The American Wool Council, a division of the American Sheep Producers Council, and the women's auxiliary to the National Wool Growers association, recently announced the kick-off of the popular home sewing competition to be conducted at district, state and national levels. The contest is open to girls from 13 through 21, competing according to age group in either the junior or senior division.

The national grand prize winners, the top entrant in each division, will be flown via Pan American Jet Clipper to the sunny Carribbean where they will spend nine days in luxurious accommodations while playing and sightseeing on the islands.

Mrs. Roy Laird of DuBois, Idaho, president of the women's auxiliary, said the contest is sponsored to "introduce young America to the advantages of sewing with and wearing 100 per cent wool and at the same time gives the girls who enter a sense of personal achievement, social poise and good grooming." Make It Yoursel With Wool, which is approved by the National Association of Secondary School Principals, draws many contestants from schools and homemaking clubs.

"The most important rule," according to Mrs. Gladys Chapitis, director of home sewing for the council, "is that the garments be made by the girls themselves. And, of course, they must be made from 100 per cent wool loomed in America." She explained that contestants may make suits, coats, dresses and ensembles but that "beginning sewers aged 13-15 may enter skirts or jumpers".

Every entrant will get to model her garment in her district fashion show and one or more of the top juniors and seniors from each district division will receive a free trip to the state finals.

In addition to the top prizes at each level, an entrant's sewing skill and fashion know-how, will put her in line for $35,000 worth of scholarships, savings bonds and merchandise awards. Forty-three girls will win all-expense trips to the national fashion show at Albuquerque, New Mexico, January 20, 1964.

Information on the contest is available from all district and state directors and from the American Wool Council, 909 17th Street Denver 2, Colorado.

Goodridge Girls on Mankato Honor Roll

Mankato State college Dean Bevington Reed today released names of students who qualified for the college's honor listings for the winter quarter.

Students who are listed on the Dean's High Honor List received no grade lower than an "A" in the winter quarter and students whose names appear on the Dean's Honor List secured no grade lower than a "B".

Among those placed on the honor list are Joyce Jensen, senior, and Dorothy Haugen, freshman, both of Goodridge.

Plan Buildings at Bemidji College

State Opens Bids April 26 on Two New Structures

Bids for the industry and arts building, plus the addition to the maintenance and service building, at Bemidji State College will be opened April 26 at 2 p. m. at the State Purchasing Office, St. Paul, according to John Glass assistant *to the president at BSC.*

The industry and arts building will cost approximately $630,000 and the maintenance and service addition will cost approximately $107,500. The funds for the construction of these buildings were voted by the 1961 legislature, but were held until the passage of Amendment 2 last fall.

Glass expects construction to start the latter part of May. The industry and arts building will be constructed on the playfield directly behind the Laboratory School near the stadium. The maintenance shop will be an addition to the power house at the southeast corner of the campus.

Carol Torgerson Plays Lead in Concordia Drama

Miss Carol Torgerson, a native of Thief River Falls and now serving as a speech instructor at Concordia college in Moorhead, plays the lead role in "House of Bernarda", this year's final Concordia college theater production to be presented May 8 through 11 in Old Main auditorium.

Currently in its third week of rehearsals, the play is directed by Clair O. Haugen of the speech and drama department and features a cast composed entirely of women.

Basic plot of the play involves the circumstances of the family of Bernarda Alba after her husband has died. Bernarda tries to force her five daughters into an unnatural mourning which he wants to last for eight years. Bernarda knows emotion and fears insanity and wants to keep her daughters decent and not wild.

Ulferts Tells Rotary of Library Situation

R. J. Ulferts, member of the Carnegie Public Library board, presented the library situation and public use statistics Monday at the noon meeting of the Thief River Falls Rotary club held in the Elks club rooms. A number of the members toured the library following the meeting—a prelude to National Library Week which starts today.

Ulferts traced the history of the library from its beginning in 1900 when a group of women organized a library association. These women raised $500 by subscription and other funds through special projects to start a library which was housed in the Dobner - Meehan building. In 1909 the library was moved to a room in the city auditorium.

On May 12, 1915, Carnegie Public Library was put into use in the city. The building and site cost a total of $18,000 with the Carnegie Foundation providing $12,500 of these funds. The library had about 5,000 volumes in 1921, as compared with 23,000 in 1957 and 24,674 volumes now.

"Between $4,000 and $5,000 is spent for new books each year," Ulferts said. "Although our library has reached its saturation point, making it impossible to add more books to our shelves, we purchase new books and they replace other volumes which are beyond repair or obsolete. It is the demand of the public that dictates the new books to be purchased."

Borrowers to date number 2,067 adults and 2,815 children and last year these borrowers used a total of 96,245 books. The library averages 115 patrons per day, Ulferts said, and library hours offered here are longer than any other library of comparable size in the state.

Attention was also called to the 125 subscriptions to periodicals maintained by the library. These copies are kept for five years so that back issues of a particular edition may be found for reference work if the date is known. An inter-library loan service also provides local borrowers with access to books which are not normally contained on the local library shelves. All they need to do is ask for them.

The library operates on a budget of $21,553 which includes $11,160 for salaries and $4,800 for books and periodicals, Ulferts said. Library services are provided free to residents of the city and $3 annually to people outside the city.

Bicycle Safety Tests Will Be Given Saturday

ard's school at 2:15 p. m. on Wednesday.

Youngsters taking the tests are asked to report to the testing site closest to them. Rural boys and girls are also encouraged to take the skill test and be checked on traffic laws and safety rules. Licenses for bicycles at 35 cents each will be available at the testing sites. Successful riders will also be presented with a Bicycle Institute Safety League pledge sticker, a safety league membership card which lists 12 rules for safe bicycle riding, and reflectorized tape on the bicycle.

Parents and youngsters alike are again reminded that the tests MUST be taken before a bicycle license will be granted. Tests will be given beginning at 9 a. m. on Saturday, April 27, at the Washington elementary school playground and the east side playground north of First street.

Mrs. Rolvaag stood beside her husband at the head of the line in the flower-decked rotunda.

Style Show Set Tuesday Evening

"Rainbow of Styles" will be the theme for the annual spring style show of the Newfolden chapter of the Future Homemakers of America to be held Tuesday at 8 p. m. in the school auditorium. There will be no admission charge.

Featured at the show will be dresses made by students in home economics classes in grades nine through 12 under the supervision of Mrs. Donald Breiland, home economics instructor and FHA advisor.

All parents of participating students and others interested in the Newfolden school or students are invited to attend the dress revue. Coffee will be served following the style show.

Additional Locals

Rev. J. M. Parbst of Minneapolis, arrived Easter Sunday to visit with Mrs. O. C. Parbst, his mother, returning to Minneapolis again on Wednesday evening.

Wednesday visitors at the Kenneth Finstad home were Mr. and Mrs. Albert Nettland of Toledo, Wash., and Mr. and Mrs. Martin Finstad of rural Thief River Falls.

Rev. and Mrs. Donald Sponheim and three children, David, Eric, and Kristen, arrived Tuesday from Valley Springs, S. D. for a belated 3-day Easter visit at the home of Rev. Sponheim's parents, Mr. and Mrs. William H. Sponheim. Rev. Sponheim is pastor of the Lutheran church at Valley Springs.

Mrs. Margaret Race has returned from a trip via plane to the Southeast for the Easter holiday. She was a guest at the home of her son-in-law and daughter, Mr. and Mrs. Jim Nelson and family of Parkersburg, West Va. She also welcomed the Nelson's daughter, Sarah Marie, born to them on February 19. On there return trip Mrs. Race visited briefly in Minneapolis during the stop-over.

BIG BITES were taken by the hinged bucket on this crane as demolition of buildings began last Thursday in preparation for construction of a new J. C. Penney company building in this city. Throughout the day the operation drew fascinated crowds of sidewalk superintendents as two of the older buildings in the city were reduced to splintered boards. These were buildings housing Jung's Bakery, Pikop's Cafe and Rinowski's Barber Shop. The removal of the buildings preceded work which is expected to begin soon on the former Montgomery Ward building. The Penney company plans a one-story store with 100 feet of frontage on Main avenue.

CHAMBER L.I.F.E.

Living-Industry-Farming-Education

By Rolly Larson

Manager Chamber of Commerce

Thief River Falls is in a time of better than usual economic activity right now as is portrayed by many new developments that are starting this spring. It is a good sign that the future is bright for the community. The people that are responsible for these new developments are optimistic and confident that future business will justify the costs of improvement and expansion at this time. This should give all of the people in Thief River Falls the faith and confidence they need that they are living in a progressive community in a progressive part of the state and country. When people can feel secure and settled in their community there will be more and more tangible evidence of growth, improvement and new development.

New rest homes, new hospital additions, new business buildings and additions, new streets, new schools, new churches, and new homes all provide concrete proof of faith in the future of Thief River Falls on the part of those who are responsible for those developments.

This is encouraging to us, especially when reports of various departments of our institutions tell us that population shifts are not in favor of most rural communities. It proves that Thief River Falls is becoming more and more of a regional point and that this trend will continue.

Another observation has been that this recent spurt of activity is one of the few such "spurts" in the history of Thief River Falls. We are a young community, being less than seventy-five years old. The largest surge of business growth came back when TRF was a lumber town in the late 1890's and the early 1900's. Leaders of the 1910 era were very optimistic about growth and expected the population to be 20,000 by 1920. That dream did not come true, of course, due to the dwindling of lumbering in the community, the first World War came along, the depression entered the picture, agriculture did not boom as they anticipated. World War II came along and so economic growth was not as anticipated. Just after the second world war business was good in this area or as we have heard, "better than usual." A little later with "soil bank" entering the picture and the future being just a little questionable, it appears that economic activity slowed somewhat from what it could have been.

Now, in the last few years, and it seems for the next years ahead, we have realized and are going to realize economic improvement in this area on the overall. It is our belief that this area has a bright future. We should realize a stable and steady economic growth here in Thief River Falls. As a community we should all be better off and be more certain of what is to come. For this we can all be happy.

The next time you get a chance, take note of some of the things that are happening here as you Shop and Trade Where Bargains Are Made — Here in the Heart of Northwest Minnesota, Thief River Falls.

Rites Today For Edward Furr, 75, Resident of Holt

Funeral services for Edward Furr, age 75, longtime resident of Holt Twp., who passed away at his home Wednesday, April 17, will be held today, Monday, April 22, at the Holt Lutheran Church, with Rev. Harold Peterson officiating. Burial will be made in the Holt Lutheran cemetery, with Sinding's Funeral Chapel in charge of arrangements.

Mr. Furr was born near Warren February 11, 1888, where he attended the rural schools, and assisted his parents with the farm work. On August 20, 1912, he was united in marriage to Mahlene Knutson at Thief River Falls, following which they farmed in the Mud Lake area. The Furr family established their home on a farm in Holt Twp. where they have lived until the present time. Mr. Furr was an ardent sportsman all of his life.

Survivors include his wife; two daughters: (Emma) Mrs. John Brown, Phoenix, Ariz.; (Hazel) Mrs. Orville Risberg, Detroit Lakes, three sisters and one brother: Clara, Mrs. Art Johnson, Olga, Mrs. Leonard Johnson, both of Thief River Falls; Clara, Mrs. Knute Swenson, Bergland, Ontario, Canada; Oscar Furr, Glendale, Calif.; and one granddaughter, Judy Risberg. He was preceded in death by four sisters.

Mrs. Lisa Rood Dies April 19; Interment In N.D.

Mrs. Lisa Rood, a resident of Thief River Falls since 1952 and formerly of Cooperstown, North Dakota, passed away on Friday morning, April 19 at Northwestern hospital in this city. She was 77 years of age.

Funeral services were held this morning in the Evangelical Free Church, with Rev. Swan officiating. Interment will be in the Saron cemetery near Cooperstown. Arrangements are by Green Funeral Home of this city.

Mrs. Rood was born July 15, 1885 in Oslo, Norway. She attended school there, prior to coming to America at the age of 16 and settling in Blanchardville, Wisconsin. In 1906 she was united in marriage to Ole Rood.

In 1910 the family moved to North Dakota, settling near Cooperstown, where they began farming operations which continued for a period of years. Mr. Rood died in April of 1925, but his wife continued to live near Cooperstown until 1950. In that year she moved to Fargo, N. D. and two years later moved to this city. She made her home at the Valley Christian Home.

Surviving Mrs. Rood are five sons, Lester of this city; Norman of East Grand Forks; Ingvald, Fargo, N. D.; Ludvig, Moorhead, and Sidney, of West Covina, Calif.; two stepsons, Henry of Lisbon, N.D. and Arthur of Fargo, N.D.; one brother, Peter Hagen of Wisconsin; two sisters, Mrs. Anna Ingebretson of Barneveld, Wis., and Mrs. Ingeborg Nelson, also of Wisconsin. She also leaves 14 grandchildren and four great-grandchildren.

Preceding her in death were her husband, 1 stepson, a stepdaughter, and one sister.

Geo. H. Stewart of Argyle To Be Interred Today

Funeral services for George H. Stewart of Argyle will be held this (Monday) afternoon at 2 p. m. in the Community Methodist Church of Argyle. Rev. Donald Reynen will officiate, and interment will take place in the Woodlawn cemetery there, with Carlson-Collins Funeral Home of Argyle in charge of the arrangements.

Mr. Stewart died in the Warren hospital on Friday, April 19. He was 75 years of age.

He was born December 16, 1887, in Walsh county, N. D., coming to the Marshall county area as a child with his parents. He attended school and grew to manhood there, and was united in marriage to Miss Marin Anderson on October 15, 1919, at East Grand Forks. Since their marriage they farmed in the Argyle area until retiring several years ago. Following retirement they lived in Argyle.

Survivors are his wife; three daughters, Anita (Mrs. Charles Anderson); and Lucille (Mrs. Robert Beaudry,) both of Argyle; and Marjorie (Mrs. Donald Reierson), Fosston; two sons, Charles of Long Beach, Calif., and Burke, Crookston; one brother, William, Angus; and a sister, Mrs. C. L. Waldron, Arlington, Virginia. He is also survived by 11 grandchildren.

Mrs. Eisbrener, Sr. Services To Be Held Wednesday

Funeral services for Mrs. John Eisbrener, Sr., 73, longtime resident of Deer Park Twp., who passed away Saturday, April 20, at St. Catherine's hospital, Kenosha, Wisc., will be held Wednesday, April 24, at 10:30 a.m. at St. Bernard's Catholic church, with Father Keough Patnode officiating. Rosary will be recited at Sinding's Funeral Chapel at 8 p. m Tuesday evening.

Visitation hours have been set from Tuesday evening at the chapel until the time of services. A complete obituary will follow in the next issue of the Times.

Mrs. Joel Wilson Dies In Oregon; Rites Thursday

Mrs. Joel Wilson, the former Ellen Bring, and formerly of the Newfolden community, died on Thursday, April 18, at North Bend, Oregon, at the age of 63 years.

Funeral services will be held on Thursday afternoon, April 25, in the Bethlehem Lutheran church in Newfolden. Rev. Elder Oscarson will officiate, and interment will be in the Augustana cemetery east of Newfolden.

The body will lie in state at the Green Funeral Home from Tuesday until 11:00 o'clock on Thursday and at the church for one hour before the time of services.

A complete obituary will be given in the Times at a later date.

Sander 4-H

President, Barbara Wold, called the meeting to order March 13.

The new business that was discussed was: if we should have a play, skit, or musical act for 4-H Share-the-Fun Festival. For our 4-H project on health, we are going to buy a book or toy (one from each family) for the children who wait in the clinic waiting rooms.

President Barbara Wold gave an explanation of how to keep our records straight. We can have a notebook or mark on a calendar when we have worked on our projects. After the meeting was adjourned, Eddie Wold was in charge of the program. Barbara Wold gave a project talk on posters to represent our club project, a demonstration was given by Sandra Wold on "Butterfly Salad". A poem by Debra Wold, a poem by Debbie Olson, and a story by Becky Olson.

Lunch was served by Mrs. Bernard Wold and Mrs. Travnicek.

Soo Line Carrying on Tree Planting Program

A new season in the New Soo Line's continuing program to help develop the forest products resources of its territory will get under way this week. By mid-May, the Soo's forest products development department and the company's tree planting equipment will have assisted in planting some 500,000 of a total of nearly a million seedling trees which will be planted in otherwise nonproductive land in North Dakota, Minnesota, Wisconsin and Upper Michigan during 1963.

The first planting is scheduled for the week of April 22 in Ransom County, North Dakota, John T. Hall, manager, forest products development, announced today. In cooperation with the North Dakota *forest service*, the Soo will establish an experimental tree farm near Enderlin and Lisbon to develop techniques to increase the economic value of timber stands in the area.

Some 15,000 seedlings will be planted in Ransom County, Hall said. Already scheduled are these additional projects: 120,000 trees in Aitkin county, Minn.; 140,000 trees in Marshall county, Minn.; 75,000 trees in Gogebic county, Mich.; 40,000 trees in Ontonagon county, Mich.; and 30,000 trees in Dunn county, Wis. Further plantings are being scheduled, and the possibility of a fall planting program is under consideration, Hall said.

Most of the million trees planted in Soo territory this year will be spruce and pine. The North Dakota project, however, will include Hybrid poplars, red maple, basswood, black walnut and cottonwood. The growth potential of these types of trees will be tested under North Dakota conditions. Also, the trees will form the beginning of a forest resource which will be available in about 25 years to a wood-products plant which is planned for the Enderlin area.

Last year, the Soo helped plant a half million trees in a forest-products development program, which was begun in 1962, and which has brought a new dimension to forestry. The Soo's program is believed to be the first in which an industry related only indirectly to the production and use of forest products is working with private landowners in an effort to bring economic benefit to a community.

The partnership program initiated in the area by the Soo and others provides that private landowners will contribute the land, labor and seedlings, and the Soo will provide planting equipment and technical assistance.

WCOF Officers Installed At St. Bernard Hall

Members of St. Ann Court 855 of the Women's Catholic Order of Foresters met on Tuesday evening, April 16 in the St. Bernard's hall for their regular monthly meeting.

After the business meeting, the installation of officers was held. Florentine Kozojel, a past chief ranger of the court, inducted the officers, who are: Chief ranger, Elayne Pahlen; vice chief ranger, Doris Goulet; recording secretary, Louise Dorn; financial secretary, Angeline Breznay; treasurer, Dolores Wengler; juvenile director, Caroline Bedard; trustees, Mary Strom, Rose Vaudrin and Ann Kruemer; sentinels, Margaret Kotaska and Doreen Enge; conductors, Sophia Bernstein and Marcelline Grundhaus. Mildred Gail was appointed as publicity chairman. Two juvenile members, Karen Pahlen and Suzanne Bedard, acted as honorary conductors.

Hostesses for the evening were Mary Loeffler, Cis Lund, and Margaret Kotaska. The tables were decorated with ivy plants. A gift of china was presented to the chief ranger, Elayne Pahlen, and small gifts of appreciation were given to the non-salaried officers who served the court during the past year. Angeline Breznay told of her recent trip to Seattle, Wash., and showed pictures of interest taken on her visit there. Christine Giefer and Elayne Pahlen won the door prizes.

Vandalism Noted Early Friday at Robertson Lumber

Police, Sheriff's Dept. Investigate Damage To Merchandise In Storage

Vandalism at Robertson Lumber company was reported to Thief River Falls police late last week. The building was entered and bags of cement and insulation were broken and rolls of insulating material scattered. Nothing was known to be missing but damage was estimated at $100. The case is under investigation by city police and the Pennington county sheriff's department.

Two accidents were also investigated by the police. They include the following: At 3:15 p. m. on Saturday a car driven by Keith Spindler, city, was traveling north in the alley between Main and LaBree avenues and about to enter Third street when struck by a car driven by Eugene Votava, city, backing from the first parking stall east of the alley exit on Third street. Damage was estimated at $100 to the Spindler car and none to the Votava vehicle. No citations were issued.

The 2nd mishap occurred about 2:20 p. m. on Sunday between the Third street bridge and the Soo Line railroad tracks. A car driven by Carl Gehrke of Cass Lake was traveling west on Third street when struck from the rear by a car driven by Lyle Hanson, city. About $65 damage was done to the Hanson car and $75 to the Gehrke vehicle. Hanson told police his brakes failed, causing the accident. The case is under investigation.

C. W. Rodekuhr
County Auditor

A delegation from River Falls Township appeared regarding a rumor that the County Board was planning to dismantle the south St. Hilaire Bridge. A letter from the St. Hilaire Community Club regarding the same thing was read. The River Falls Town Board was advised and the Auditor was instructed to inform the St. Hilaire Community Club that the Board had no intention of dismantling the bridge as long as it is usable and to further protect the bridge for future use the Engineer was instructed to inspect the present load restrictions and properly "post" the bridge for light traffic only.

Application for reduction of assessed value of Personal property was approved for Andrew and Elmer Boutain because of error in assessing cattle — Polk Centre Twp.

Moved by Tass seconded by Almquist that pursuant to certificate of performance the Contract with Clifford Hedeen for Grading 1.2 miles East of new St. Hilaire bridge (SP 57-603-01) be approved as complete. Motion carried.

Moved by Hanson seconded by Lindberg that the Road Committee and the Bridges and Culvert Committee inspect roads and bridges and culverts at 1:00 p. m., April 23, 1963. Carried.

Moved by Lindberg seconded by Tass that Contract with John Hoffman for dismantling the old north St. Hilaire bridge be approved as complete as of February 19, 1963. Carried.

Prowlers Tie for 2d in Sioux Meet

Coach Ken Rio's Grand Forks Central squad, with a total of 25 points, won the team title in the 10th annual Sioux Indoor Track meet held in the UND fieldhouse on Saturday. Coach Rod Max's Prowler squad and coach Shocky Strand's Moorhead Spuds shared runner-up honors with 19 points apiece.

Sixty-two schools from North Dakota and Minnesota, and represented by more than 500 athletes, participated in the meet.

Two new records were established with the Grand Forks Central mile-relay squad turning in a time of 3:41.2 to better the old mark of 3:42.1; and Lowell Linderman of New Rockford setting a new pole vault record with a leap of 12 feet, 10¼ inches. The Linderman leap also set a new fieldhouse record, bettering the record of 12 feet 9 inches set by Roland Martinson of Concordia college.

The Prowlers picked up their 19 points on the three firsts scored by Paul Klungness (who was the meet's individual high-point winner) and a second by Rolf Wangberg in the mile run. Klungness won the broad jump event with a leap of 21 feet ¼ inch; the 60-yard dash in :06.4; and the 60-yard low hurdles in :07.5 Wangberg ran the mile run in the creditable time of 4:42.1 to be runnerup to Lloyd Welland of Valley City St. Catherine's, who won the event in 4:38.5.

The team totals: Grand Forks Central, 25; Thief River Falls and Moorhead, 19; Valley City, 16; New Rockford and Valley City St. Catherine's, 10; Rugby, 9; Underwood, 7; Fergus Falls and Elbow Lake, 6; Grafton, 5; Fargo Oak Grove, Lisbon, Bottineau, and Moorhead State High, 4; Fargo Shanley and Oberon, 3; Roseau, East Grand Forks, and Barnesville, 2 and Coopertown, West Fargo, Hendrum, New Rockford St. James, and Plummer, 1.

The summaries:

Shot put — won by Wayne Wiater, Grafton; 2) Peterson, Fargo Oak Grove; 3) Engebretson, Moorhead; 4) Ingstad, Valley City; 5) Strand, Coopertown. Distance—51 feet, 2 inches.

Women Bowlers Hold Banquet

Awards and trophies were distributed to winning teams at the annual Thief River Falls Women's Bowling association banquet held Wednesday evening at the Eagles hall. About 105 persons, including bowlers and team sponsors, were present for the event.

With no nominations made for president of the organization, Mary Washnesky will continue to serve in that capacity until August 1 when the organization's by-laws will provide for the vacancy. Other officers elected included Marge Forsberg, vice president; Fran Hendrickson, secretary-treasurer; and Keks Lee, sergeant-at-arms.

Minnesota Twins Movie Being Made

First National Bank of Minneapolis announced today that it has commissioned Martin Bovey, Jr., nationally known sports photographer, to produce another exclusive documentary color movie on the Minnesota Twins baseball team.

The 16mm sound and color movie production of which started at the Twins' spring training camp at Orlando, Florida, will cover the entire 1963 season. Sole right to produce the movie was granted by President Calvin Griffith of the Twins.

The new film will have its premiere about the first of the year. After that it will be released for free showing in schools, before clubs, civic and church groups and other organizations. As before, reservations may be made for showings either directly with the bank or through its correspondent banks.

COFFEE CUP League champions in the Thief River Falls Women's Bowling association was the American Hardware Mutual team pictured above. Left to right are Sam Rasmussen, Lu Ekeren, Marge Kiland, Tress Noel and Orpha Ryan. The team won 81 games while losing 27 for a percentage of .758 and compiled a total of 60,285 pins. They finished 17½ games ahead of the second place team.

EKEREN'S Pharmacy team swept through competition without a great deal of difficulty, according to the record shown in the Nite Hawk League of the Thief River Falls Women's Bowling association. The team posted an 86-22 record for a .796 percentage and 21½-game margin over the second place team. Members of the team, left to right, include Mary Washnesky, Jane Buen, Pat Ball, Bess Lang and Mary Kay Looker.

MOONBEAM league champion in the Thief River Falls women's bowling association was the Medics team pictured above. Left to right are Pearl Iverson, Fran Donarski, Dolly Donarski, Betty Fitzgerald, Dot Miller and Shelly Harbott. The team finished 13 games in front of the nearest competitor with a 73-35 record for a percentage of .676.

Agassiz Riders, Crookston, Will Hold Horse Sale

Agassiz Riders, Inc., will stage a horse show and sale Saturday, May 4, at the Red River Valley Winter Shows building north of Crookston. Riding or driving horses, ponies, equipment and tack will be sold with the event scheduled to extend from 10 a.m. to 6 p.m.

Consignment fee will be $5 per head, regardless of whether or not horses are eventually sold. Stalls will be assigned and available as of Friday noon, May 3. All horses must be in place by 10 a.m. Saturday. A private treaty sale will be held from 10 a.m. to 1 p.m. with a public auction at 3 p.m.

A horseman's clinic will be held at 8 p.m. Friday, May 3, at the Winter Shows arena. Further information on the event is available from E. C. Miller, chairman of the sale committee, Nortwest School of Agriculture, Crokston.

State Legion Sets Membership Drive

Campaign Will End with Aerial Roundup Apr. 27-28

A threefold purpose underlies a statewide American Legion membership enrollment drive now in progress, which will be climaxed with an aerial roundup Saturday and Sunday, April 27 and 28, according to Donald M. Miller, Worthington, Legion State Commander.

Numerical strength will add support to the Legion's veteran legislation requests now before the US Congress and the State Legislature, Miller said, adding that an attempt is being made to reach internal goals of significant nature.

The aerial roundup will be sponsored by members of the Legion's Aviation Post No. 511, Minneapolis, with Clarence Hinck, Minneapolis, chairman, Commander Miller announced. At least nine pilots and planes will conduct a statewide pickup of memberships from more than 65 towns designated as collection points, bringing the cards to Crystal Airport, Minneapolis, for processing and tabulation. Donald E. "Pat" Murray, St. Cloud, Legion membership director, is working out details of the drive.

Keeping Score with "Huck" Olson

The Week's Event

The feature event on the week's athletic agenda is, of course, the 13th annual athletic banquet honoring Lincoln high school athletes. The banquet, which will be held on Wednesday evening, April 24, at 6:30 p. m. in the Zion Lutheran church parlors, is sponsored by the city's four service clubs — Lions, Rotary, Jaycees, and the Chamber of Commerce.

The guest speaker for Wednesday night's banquet will be Bud Grant, the former University of Minnesota football, basketball and baseball star who, for the past six season's, has been a most successful coach for the Winnipeg Blue Bombers football club.

Grant, who has been dubbed the "thinking man's football coach", "Silver Fox", and 'Mr. Canadian football" by Canadian football writers, is not a newcomer to Thief River Falls. It was some years ago that Bud, in company with Billy Bye, Clayton Tonnemaker, Ralph McAllister and others organized a Golden Gopher basketball team, and, before a capacity crowd in the high school gymnasium, played and defeated the local Pharmacy Rockets.

And Bud will bring down a movie film of last fall's Canadian football championship game, the Grey Cup game, which found Winnipeg defeating the Hamilton Tigercats in a thriller.

Wednesday night's gathering is a "must" for local sports fans.

It Wasn't Funny

On Thursday night, Bob Evenson and I seated ourselves behind the Narverud Cleaners bowling team, who were to roll on alleys 5 and 6 in the city bowling tournament. We expected to get some laughs, and to engage in some good-natured banter with Oscar Knutson of the Narverud.

But it didn't turn out so funny for Bob and I. The Narverud's, with games of 857, 910, and 854, and with a handicap of 301 pins, took over first place in the team event in the tournament. That 2922-pin aggregate was two pins better than the 2920-pin total posted by the Soo Mainliners who bowled on the same shift.

As for Oscar, he bowled games of 193,183, and 147, for 523-pin total, averaging 174 pins a game. His league average is a 167, so he helped the Narveruds quite a bit.

There Will be Softball Play

The directors of the city softball association are slated to hold a meeting at the Legion club this evening, Monday, to iron out details for the 1963 season.

According to the plans that have been made, the softball program will have eight teams in play this season. This means that the East Side diamond will be a busy place.

It will be fine if the league can get eight teams together for a season of softball. But there is a danger that some of these clubs will be "loaded" with the city's best players, and the result will be some lop-sided and uninteresting games.

Miscellany

The Prowlers' Paul Klungness earned four gold medals by his performances in the Sioux Indoor meet at Grand Forks on Saturday. Paul gained medals by winning the broad jump, the 60-yard dash, and the 60-yard low hurdle events, and was awarded a medal as the meet's high-point individual scorer. And in the process of winning these medals, Paul defeated two of North Dakota's finest high school athletes — Paul Presthus of Rugby and Ron Bergh of Grand Forks Central. Paul outjumped the highly-publicized Presthus and well-rated Bergh in the broad jump, and also bested the two athletes in the low hurdle events — The Warroad Lakers were beaten in their attempt to win the Canadian intermediate hockey championship, losing their best-of-five series to the Olds, Alberta, club, three games to none. The Olds team scored *wins of 8-to-3, 7-to-4, and 4-to-2, to* close out the series. . . And the Winnipeg Maroons, competing against the Windsor Bulldogs, for the Canadian senior hockey title, are trailing, two games to none, in their best-of-seven series. Coach Bill Juzda's Winnipeg club dropped the opening game of the series, 5-to-4, and on Sunday afternoon the Maroons were beaten by a 3-to-2 score. The series, being played at Windsor, Ont., will be continued on Tuesday and Wednesday . . . Larry Stordahl of Roseau and Dave Metzen of South St. Paul have been elected co-captains of the 1963-64 Minnesota Gophers hockey squad. I believe that this is the second time that a former Roseau Rams hockey player has been honored by a Gopher captaincy. Bob Harris, who was an all-state selection on the first Roseau Rams state championship team, in 1946, was captain of the Minnesota Gopher squad in his senior year at the U. It could be that Reuben Bjorkman, too, was a captain of a Gopher hockey squad for he was a three-year varsity player there, but I'm not sure.

Red Cross to Hold Aquatic Schools

Open to Camp Counselors and Lifeguards over 18

This summer nine Red Cross national aquatic and small craft schools will be held in the Midwest. These schools, in outdoor resort settings, offer leadership training in community, camp, and pool water safety programs and provide an opportunity to learn the newest methods and techniques of teaching first aid, swimming, and lifesaving. The small craft schools enable enrollees to acquire skills in teaching safe canoeing, boating, and sailing.

The 10-day aquatic schools, open to camp counselors, lifeguards, swimming instructors, and other skilled swimmers over 18, are to be held at the following Midwestern Area locations: Lake Murray State Park, Ardmore, Okla., June 2-12; Lone Star MV Camp, Athens, Texas, June 2-2; Camp Fellowship, Goddard, Texas, June 5-15; Southern Illinois University, Little Grassy Lake Campus, Carbondale, Ill., June 10-20; Lake Okoboji Lutheran Bible Camp, Milford, Iowa, June 12-22; Owasippe Scout Camps (Camp Stuart), Whitehall, Mich., June 12-22; and Camp Wah-Kon-Dah, Rocky Mount, Mo., Aug. 21-31.

In addition, two small craft schools are scheduled: Culver Military Academy, Culver, Indiana, June 11-21; and Camp Wah-Kon-Dah, Rocky Mount, Mo., Aug. 21-31.

Complete enrollment information on the aquatic and small craft schools can be secured through any office, or from Midwestern Area Office, American Red Cross 4050 Lindell Blvd., St. Louis 8, Mo.

Minnesotans Pick Home State as Top Vacationing Area

Most Citizens Vacation in State Rather Than in California or Florida

Minnesota is the number one vacation spot for traveling Minnesotans. Though Minnesota inhabitants do not sing the praises of their state to the extent Texans do, they evidently prefer to spend their vacations within the borders of "the home front".

According to Dennis Bienis, domestic travel manager for Minnesota AAA, an analysis of AAA's travel routings in Minnesota shows that the home state outranks places like California and Florida as a vacation choice.

"Undoubtedly, proximity is a real drawing card."

Top travel destinations in Minnesota, Bienis said, include the Twin Cities area, Hiawatha Valley, the North Shore and Itasca State Park.

Minnesotans' second vacation choice is the southwestern area of the United States, including California, Arizona and Nevada, Bienis added. The southeastern section of the country, including Florida, the Gulf Coast, Georgia and Alabama, ranks third."

Police Check Two Traffic Crashes

Both Occurred Last Tuesday; $350 Damage

Two traffic accidents last Tuesday were investigated by the Thief River Falls police department with damage totaling an estimated $375 to the four vehicles involved. One vandalism report was also received and is under investigation.

The first traffic mishap occured about 10:15 a. m. on Tuesday when a car driven south on Main avenue by Glennis Clough, rt. 2, Thief River Falls, struck a panel driven by Thomas VanMeter, Fergus Falls, which was pulling from a parking space on Main avenue between Second and Third streets. About $70 damage was done to the VanMeter panel and $40 to the Clough car.

At 11:35 a. m., a car driven by Jerome Dokken, city, was traveling east on Fourth street when it collided with a car driven south on Horace avenue by Thomas Roisland Jr., city. About $200 damage was done to the Dokken car and $65 to the Roisland vehicle with the case under investigation.

Vandalism reported was the breaking of 15 windows on a bus owned by Stanley Ranum. Sling shots and BB guns had been used to inflict the damage.

Change Sites for Soo Line Hearings

Session to Be Held at Glenwood and Harvey, N.D.

Congressman Don L. Short of North Dakota announced Wednesday that the Interstate Commerce Commission has changed two hearing dates and sites affecting a Soo Line Railroad Co. request.

Short said in Washington that the hearing involved the Soo Line's request to suspend passenger service on its trains between St. Paul and Portal, N. D.

He said the commission has cancelled a May 22 hearing in Minot and set it for May 22 at Glenwood, Minn.

A hearing scheduled for May 20 in St. Paul was cancelled and reset for May 23 at Harvey, N. D.

Job Holders in State Reveal Upward Trend

Employment in Minnesota took its first seasonal step upward last month, with a gain of 2400 over the February level. The 959,900 workers employed in non-farm industries in the state in March also represented a gain of 15,200 above the level for March, 1962.

Frank T. Starkey, commissioner of the department of employment security, said that a report released this week will reveal that categories of employment showing the greatest gains were mining (700), construction (1,000), services (500) and government (400). The continued recalls of employees by mining firms, plus increasing activities in all categories of construction reflected the spring warm-up and attendant outdoor activity.

Much of the gain in services and government also resulted from increased warm-weather activities.

The small decline in department store employment, down 500, was more than offset by gains in other trade categories. The loss in wholesale trade was due largely to the shutdown of a large mail order house. Employment in firms manufacturing durable goods decreased very slightly, with seasonal losses in wood products firms being partially offset by additions to staff by toy manufacturers. In the non-durable, or soft goods, group of firms, employment decreases in food products were more than offset by gains in other firms, especially in the paper and printing industries.

Production workers in Minnesota's manufacturing industries earned an average of $104.39 in March, a gain of $.40 over the previous month average, and $3.32 more than a year ago. The rise in earnings over the month was due to slight increases in both hourly earnings and the length of the workweek, Starkey reported.

Weekly hours, at 40.5 in March, were up .1 of an hour from February and .4 of an hour over a year ago.

Unemployment in Minnesota also reached its "pivotal point" in March, and began the usual seasonal decline. The number of persons unemployed dropped to 112,300 in March, said Starkey, 5,300 below the previous month and at virtually the same level as in March, 1962.

The rate of unemployment was 7.9 per cent in March compared to 8.3 per cent in February and 7.9 per cent a year ago, he said.

HONORARY membership in the Thief River Falls Future Farmers of America chapter was conferred upon the above men Wednesday evening at the Lincoln high school cafeteria. Award winners were recognized for their interest in agriculture and cooperation and encouragement in regard to the FFA program. Fergus Hospital to Observe Mental Health Week

Observance Slated at Institution in Fergus Falls Week of April 28

Starting off the weeks' activities during Mental Health Week, April 28 through May 4, at the Fergus Falls state hospital will be the dedication of the new auditorium and chapel on Sunday, April 28, at 2:00 p. m. Guest speaker for this event will be Dr. Richard Anderson, professor of psychiatry at the University of Minnesota and chairman of the mental hospitals medical policies committee. Following the dedication the hospital employees will put on a talent show and then there will be coffee and a tour of the new facilities in the auditorium.

Monday, April 29, the hospital will be host to two local groups; with the Kiwanis-Rotary meeting here for a noon luncheon and the Fergus Falls educators having a late afternoon and supper engagement.

Tuesday, April 30, at 2:00 p. m., the hospital will honor employees at a service award tea, with Morris Hursh, commissioner of the department of public welfare, giving the address. Thursday, May 2 at 6:45 p. m., the volunteers recognition banquet for volunteer council members and mental health committee members will be held.

Besides these special events, daily tours are scheduled for 1:00 and 2:00 p. m. to view the hospital and new auditorium and see the "Treatment Story" in slides during the coffee break.

The citizens of this district, during Mental Health Week, are invited to visit the hospital and get some impression of the changes going on.

BASIC training at the U. S. Naval Training Center at San Diego, Cal., recently was LaVerne S. Bagne, S.A., son of Mr. and Mrs. John Bagne of Thief River Falls. Following a visit here while on leave he will be assigned to duty at New London, Conn.

135 Firemen Meet at Middle River

Regional Association in Spring Session Thursday

A total of 135 firemen representing 26 towns attended the annual spring meeting of the Northern Region Firemen's association held at Middle River Thursday night, April 11. Representing Thief River Falls were Patrick Barry, deputy state fire marshal; Fire Chief Roy Langevin, and Ray Olson, Paul Bedard and Lawrence Hemmesch.

The gathering was welcomed by Mayor Biskup of Middle River, who also is fire chief, and the response was given by Roy Langevin, secretary of the association.

Barry spoke briefly, and invited the members to attend the state fire school April 22-25. Other speakers included Fire Chiefs Bagne of Gonvick, Wilson of Williams, Sunsdahl of Stephen, John Mead of Red Lake Falls, William Herbert of Crookston, and assistant fire chief Apple of St. Hilaire. Two short movies also were shown.

The group accepted Bemidji's invitation to hold its next meeting in that city on a Sunday afternoon in July, when a fish fry will be staged.

Editorials . . .

"I place economy among the first and most important virtues, and public debt as the greatest of dangers to be feared. To preserve our independence, we must make our choice between economy and liberty or profusion and servitude If we run into such debts, we must be taxed in our meat and drink, in our necessities and our comforts, in our labors and in our amusements. If we can prevent the government from wasting the labors of the people, under the pretense of caring for them, they will be happy."

Policing the Athletes

Athletics in its many forms, amateur as well as professional, is big business in our country, and it will continue to be big business as long as spectators have confidence in the integrity of the operations. The importance of maintaining high standards of integrity was recognized when the Commissioners of the National Football League suspended two of the nations top football performers for betting on the games in which they participated.

The suspensions were for indefinite periods but will continue at least through all of 1963, which means that both of the players will be off the payroll, and that in itself would be a heavy fine. The suspensions will be respected by other professional leagues.

Action of this kind is wholesome and in the best interests of all forms of athletics that are maintained by spectator dollars.

The Defense Issue

Canada's new Prime Minister, Lester Pearson, is going to visit Britain's Prime Minister Macmillan and our President Kennedy, in an effort to clear up some of the misunderstandings that have strained the basically friendly alliance that has united these allies. It is to be hoped that this mission will bring good resuts and restore the harmony that is so essential to the safety of the free world.

The division seems to be based largely on the defense issue, and the defense issue, obviously has not been clearly defined. Until each nation knows specifically what its committments are, there will be continued confusion.

The recent election in Canada, according to the Winnipeg Tribune, failed to resolve the defense issue in that country, and suggests that the problem be referred to a joint Parliamentary committee, representative of all parties, to reach agreement on the broad outlines of the issue. That is a sensible suggestion and might properly be followed in each of the three nations. A united defense program binding the three nations together would be ineffective unless it had the support of majority opinion within each nation.

A Check on Wasteland

Raymond Moley, in his Newsweek column last week, reminded us that we have in Washington a Comptroller General, who, as the head of the General Accounting Office, is an effective watchman checking on the activities of our national bureaucracy. Joseph Campbell, Comptroller General of the United States, has unique status in Washington. He is now completing the tenth year of a fifteen-year term of office from which he cannot be removed—except by an act of Congress. In checking the activities of the various departments and divisions of our federal government, his only obligation is to call them as he sees them.

And, according to Moley, he does a good job of calling them. Last year, Moley tells us, in actual proven savings, the General Accounting Office paid for itself four times over. The net savings, after deducting the costs, was $162,875,000. And, as Moley concludes:

> "As I have indicated, it is not for the Comptroller General to question why an agency was created or a program instituted. Only rarely does Congress ask him for advice on proposed new laws. His job is to report on how the activity is being administered. But the "how" throws a bright light on the "why." For it has never been difficult for warm hearts and eager fingers in Congress to create, every year, services and functions which cannot even remotely be carried out in practice."

Inflation

Week by week, and month by month, it becomes increasingy evident that we are headed for more inflation. Unfortunately, moving into inflation is a pleasant sensation. Inflation enables us to feel richer. We have more dollars. The fact that these dollars have less buying power is not an immediate realization.

Experiencing inflation, they tell us, is something like getting drunk. The reaction is progressively pleasant as you gradually lose consciousness. It is the hangover that really hurts, the time lost in painful recovery.

George S. Moore, president of the First National City Bank of New York, in a recent address before the Commerce and Industry Association and World Trade Club, had this to say about inflation:

> "There are in every country, including the U.S.A., those who claim that inflation stimulates economic development. On the contrary, we know that it drives capital into hoarding, to the acquisition of foreign assets, to land speculation, to the production of nonessential goods.
>
> "It discourages exports by raising costs. It discourages foreign investment which cannot be expected to venture into inflationary situations where earnings and capital will be eroded away through currency devaluations, or blocked by exchange controls. Inflation destroys the social and political fabric of a country—with rising prices and lagging wages inflicting a cruel tax on workers, pensioners, all holders of fixed income investments.
>
> "In short, inflation is economic civil war. If unchecked it leads to crises which upset governments."

This business of living within our means isn't nearly as much fun as buying what we can't afford, but, for the long pull, it brings the happiest results. And, forgetting our own pleasures, let's keep in mind that we do have an obligation to that next generation that may have to suffer the consequences of our improvidence.

Getting What We Deserve

Steel prices are up, and that is not good. But the increase was inevitable. No industry can absorb steadily increasing costs without increasing the price of its products.

We are sure the steel industry was not in favor of the continuing spirals of higher costs and higher prices. The leaders of the steel industry are intelligent people. They know, and repeatedly have pointed out, that higher costs and higher prices are not in the best interests of our national economy. Over a period of years several rounds of wage increases had been absorbed without price increases.

The steel industry probably could have absorbed the wage increases imposed upon it directly by its own employees by increased efficiency and improved methods. But that direct payroll cost is only a part of the increased expense that pushes overall operating costs higher.

The industry must also absorb its share of higher costs of government at all levels; the federal government, the state governments and the local governments; including county taxes and city taxes and school taxes. No industry is capable of absorbing these government costs. They are added to the cost of production and passed along to the people who eventually pay all of the bills — the consumers.

And each industry must absorb the higher cost of these industries that it looks to for essential supplies and services. It all adds up to a vicious circle, and our steel industry, now forced to raise prices, becomes less competitive in a world market in which it has already been struggling to hold its own.

And who are the real enemies in this deplorable cycle that is so obviously contrary to the public interest? There is only one answer. They are the promising politicians.

In our book, public enemy number one in our country today, is the promising politician, and they, unfortunately, are popular at all levels of government. In the final reckoning we probably get the kind of government that we deserve.

Timely Warning

(Waseca Journal)

We are sorry to have to interject a sombre note in the otherwise joyous observance of Spring.

Our warning has to do with bicycles. Now that the good weather is setting in, children are dragging their bikes out of storage places and taking to the streets and highways.

If these ardent cyclists don't know the proper and safe way to handle their bikes they can be easily involved in dangerous traffic situations. Last year — the Safety Council points out — 550 lives were lost in bicycle accidents, the heaviest toll since 1949.

Since the majority of the fatalities fell in the 5-to-14 age group it would seem to us that parents should insure that their children are fully aware of, and practice, safe bicycling habits. The Council particularly urges observance of the following rules:

Ride on the right side of the road; obey all traffic control regulations and use proper hand and arm signals for turns and stopping.

When cycling with others, ride in single file.

Save stunting and showing-off for yards or other untrafficked areas.

Never try to squeeze in between two lanes of traffic.

At busy intersections it is safest to dismount and walk the bike across.

At night the bike should be equipped with a front light and rear reflector.

Interesting Opinions

"If you suspect you are a genius, while your friends suspect you are not, the test is this: Do you produce because you feel an urgent compulsion to express certain ideas or feelings or are you actuated by a desire for applause?"

—Bertrand Russell

Borrowed Nonsense . . .

The big city advertising man was interested in acquiring a weekly newspaper and asked the publisher whether the paper made its money on subscriptions.

"Nope," replied the publisher.

"How about job printing—that must be profitable?"

The publisher shook his head.

"Well, you must make money on advertising—"

"Break even."

Overwhelmed, the visitor asked, "Then how do you manage at all?"

"Well," replied the publisher, "it isn't easy in this town. Fact, we couldn't continue if it weren't for the humor departments of the big city dailies. They buy all our typographical errors."

# of Rhyme & Reason

by MARY LINDER

IN ANCIENT CIVILIZATION there was a great deal of emphasis placed on the strength, speed and agility of the athletes who brought either honor or dishonor upon themselves and the groups which they represented. The athlete held a hallowed place in the elite class of the social world and physical fitness was to be prized rather than pleaded.

On Wednesday at 6:30 p. m. in the basement of Zion Lutheran church, athletes of Lincoln high school will, for a few brief moments, be lofted on the pedestal of collective public attention. The event will be the annual high school athletic banquet, sponsored by the Chamber of Commerce, Jaycees, Rotary and Lions organizations.

There is much to be said for athletics in the schools of today—just as much is being said against them. A sound body and a sound mind are generally associated—though the association is not of the body and mind itself. The idea lies generally in the thought that exertive recreation, athletic activity and physical exercise release tensions and permit restful sleep. This is true.

In the mind of the student participating in athletics, however, there is more than the physical exercise involved in competitive sports. There is the opportunity to excel, the necessity of working with others, the value of sacrifice, the satisfaction of accomplishment, the elation of victory and the acceptance of defeat. Athletic activity combines many of the same vital factors as those which comprise the game of life.

In all honesty it can not be said that in some instances there is not an over-emphasis on sports at the high school level. In my opinion, this is not the case simply because there is a great deal of athletic activity. The more activity — the more value of the athletic program. Over-emphasis is rather the preference of sports over scholastic requirements, going around the rules of fair play and sportsmanship for the sake of winning, recruiting players from other communities and similar activity.

Thief River Falls athletic teams, particularly those in the high school program, have been outstanding this year. Their won-lost records may not be the best of record, they perhaps lacked the natural ability that other teams have had, and at times their performances lacked lustre. But among the members of the various teams are some of the finest young men ever to don Prowler jerseys, and this is important. These we honor Wednesday. Congratulations, fellows.

BIT OF ADVICE: Never worry about finding your station in life. Someone is sure to tell you where to get off.

The story is told of two surgeons leaving an operating room. One turned to the other as he mopped his brown and said, "That was really a close call. An inch either way and I would have been out of my specialty."

A speeding car screeched to a halt at a busy intersection, narrowly missing a gray-haired, little old lady. Instead of giving the hot-rod driver the tongue-lashing he deserved, she recovered her composure, smiled sweetly and pointed to a pair of baby shoes dangling from his rear view mirror. "Young "man," she asked quietly, "why don't you put your shoes back on?"

SIGN OF THE SEASON

(and memories of days gone by)

Guess its only human nature
That an angler's nomenclature
Must include a barrel, bucket and a net;
For when shiny smelt are running
Loads of fishermen are gunning
For the lake and all the fish that they can get.

It doesn't take an nvitation
To touch off this mass migration
To the shores of Lake Superior, I have felt,
But,
Since they know the situation
It's with righteous indignation,
I am sure, most housewives wager that it smelt.

IN MINNESOTA
BEER IS A NATURAL

As natural as the wholesome grains and tangy hops from which it is brewed, beer is Minnesota's traditional beverage of moderation—light, sparkling, delicious.

And naturally, the Brewing Industry is proud of the good living it provides for so many folks in Minnesota. Not only for employees of the Brewing Industry itself, but also for the farmers and other suppliers of beer's natural ingredients. In Minnesota, beer belongs—enjoy it.

Land O'Lakes pre-inoculated seed with high nitrogen fixing strains of bacteria.

Cut your crop costs this Spring with Land O'Lakes Quality Seed

Here's Quality you can depend on for your farm, right now, this Spring. You've a right to expect a good crop return from the seed you plant. But, your crop can be no better than the seed you start with.

Vicoat Pre-Inoculated Get Land O'Lakes alfalfa and clover seed, inoculated with Nitragin brand inoculant. Universities have proved the Vicoat process to be the most effective because it places more high nitrogen fixing bacteria on the seed. Increased numbers of bacteria of high nitrogen fixing strains result in greater nodulation, return more nitrogen to the soil.

Talk to us! Let us show you good, clean quality Land O'Lakes seed . . . the seed you know about, for all your seed needs.

ART SHOW exhibitors, junior high level, are shown above preparing for the Second Annual Lincoln High School Art Exhibit to be held Saturday and Sunday at the school cafeteria. Left to right in the photo are Bill Olson, Alan Swenson and Rocky Wilson, all seventh grade students at the school. Junior high school art work is under the direction of Mrs. Dale Dunning and senior high art is instructed by Donald Lerud. One of the highlights of the year for art students, the exhibit affords parents and visitors the opportunity of viewing what the school art program has to offer students. Refreshments will be served during the show from 1 to 5 p.m. Saturday and Sunday. Among the 300 items on display will be painting and drawing, prints, sculpture, ceramics, collages, papier mache, water color, chalk, charcoal, tempra and ink creations.

Pennington DHIA Seeks To Form New County Chapter

Dairymen Express Interest, Attend Group Meeting

Value of testing to determine how much profit a dairy cow is returning to the dairy farmer was discussed at a meeting of the Pennington County Dairy Herd Improvement association Thursday evening in the Pennington county courthouse. Farmers who are on the owner-sampler list of the association were given special invitations to attend, as were representatives of credit agencies and vocational agriculture instructors.

Since the Pennington DHIA group now has 25 regular members there is no room for additional herds. Since a number of dairy farmers have requested the service of a DHIA testing group, attempts are being made by the county association to form such an organization.

"We need about 10 or 12 regular members to form a new association," stated Art Stenberg, chairman of the Pennington county association. "Our present tester has all he can to to take care of the herds presently in the organization. If we can get 10 or 12 additional farmers to join a new group, we can send a tester to school at the University of Minnesota and he can begin work in October."

Stenberg added that the present asociation is not in need of new members, but recognizes the advantages of DHIA affiliation and wishes to help make the organization available to others who would like to join.

1,000 Cows on Test

At present there are nearly 1,000 cows on test with the association—25 herds with 713 cows on regular DHIA test and 12 herds with 259 cows on owner-sampler test. Five years ago there were no cattle in the county on dairy test.

Paul Stelmaschuk, Pennington county agricultural agent, reviewed the DHIA situation across the state and nation and related it to the local picture. He said that 16 per cent of the nation's dairy cattle are on DHIA test and an additional four per cent on owner-sampler test. New England states rank the highest with 20 per cent of dairy cattle on test.

In Minnesota about 10 per cent of the dairy cattle are on DHIA test and three per cent on owner-sampler. Stelmaschuk also showed how 10 cows producing 400 pounds of butterfat each would return the same money to the farmer that 30 cows producing 260 pounds of butterfat would return. The 260-pound figure is the national average.

Protect Investment

The county agent also contended that a dairy farmer has an investment of about $950 per cow in his dairy herd and that the testing cost of $5 to $6 to see if the cow is making any money for him is very worthwhile as protection for the investment.

Dr. E. C. Frederick, dairy specialist at the Northwest School of Agriculture and experiment station at Crookston, also spoke to the

Land O'Lakes To Expand Hatchery

Remodeling and enlarging of the turkey hatchery operated by Land O'Lakes Creameries, Inc., in Thief River Falls is now taking place, according to John Lang, manager of the turkey processing and hatchery division of Land O'Lakes in this city.

Incubating and hatching equipment from the Land O'Lakes operation at Valley City, N. D., will be incorporated into the enlarged facilities at Thief River Falls. This will approximately double the current capacity of the Thief River Falls hatchery.

Bill J. Duke of Valley City will be the manager of the hatching operation at Thief River Falls. The hatching plant is located at 224 Atlantic av. N. in the former Nash-Finch building. Interior remodeling and expansion at the plant will permit the company to operate at its increased capacity without rental space. At present part of the Wilson Bros. building is being rented for hatchery facilities.

Jehovah Session in City Sunday Is Attended by 770

D. G. Bourne of New York Addresses Witnesses at District Meeting Sunday

Area members of Jehovah's Witnesses have returned home from a weekend of activity at Thief River Falls, where 773 persons were in the audience Sunday at the public address climaxing the three-day educational convention.

"The cause of the struggle for world supremacy reveals it is far greater than the present East-West conflict," D. G. Bourne of the New York world headquarters of the Witnesses told the gathering, "as it involves the issue of sovereignty raised by the rebellion in the garden of Eden."

Speaking in the Lincoln high school auditorium on the subject "Who Will Win the Struggle for World Supremacy?" Bourne said that Jesus and the apostles alluded to and highlighted this all-embracing struggle for universal sovereignty, thus showing that the East-West conflict is just a side skirmish in the struggle for world control.

He went on to declare that the outcome of this struggle is to be resolved by God's Kingdom as it assumes rulership of the entire earth. Pointing to the prophecies of Daniel and others, Bourne told his audience that all nations must surrender their sovereignty to that rule or be destroyed by it.

Highlight of Saturday's sessions was a water immersion service.

Boy Scout Troop 60 To Hold Bean Feed

Boy Scout Troop 60 at Trinity Lutheran church will sponsor its annual public bean feed on Monday, April 29, with serving from 5 to 7 p. m. at the church, according to Morris Owen, scoutmaster.

80 Attend Rotary Ann Dinner Held Monday Evening

Approximately 80 people attended the Thief River Falls Rotary club Rotary Ann dinner Monday evening at the Elks club rooms. J. M. Roche, club president, presided at the event with entertainment consisting of music by "The Imperials", a male quartet from greater Grand Forks.

Special guests of the club were Miss Sonia Wildt, exchange student from Brazil under the American Field Service program, and her American "parents", Mr. and Mrs. Ben Frolland. Roche also introduced the incoming officers, A. K. Bacon, president; Marvin Lundin, vice president; and Harold Storhaug, secretary-treasurer.

Vrna announced that these daily flights would be in effect until May 26, at which time Minnesota will go on daylight saving time.

Dairy Day Is Discussed at Meet Tuesday

Further plans for the 13th annual Northwest Dairy Day to be held in Thief River Falls on June 11 were made at a meeting of the board of directors Tuesday afternoon at the Rex Cafe. Several suggestions made at the annual meeting last fall were acted upon at the session.

Following considerable discussion about the merits of the box lunch system for exhibitors and their families from outside counties, it was decided by the board to provide a lunch which could be eaten with more convenience when returning home by car. Suggested was a lunch comprised of one cheese and one meat sandwich, potato chips, milk and ice cream.

A new look will be given to the dairy cattle show this year when the entries will be arranged into county exhibits. Marian Augustine heads the arrangements committee and stated at the meeting he will designate sections of the one-block area for specific counties. All breeds and ages of cattle from each county will be tied in that particular section and exhibitors from that county will be required to keep it clean and orderly.

Judges Approved

Henry Bartel and Olaf Kjomme were again approved by the board as judges for the show. Directors discussed the advantage of changing judges after several years, but agreed that the two men had done outstanding work in the past two years they have worked together and voted to secure them for the 1963 event.

Selection of a purebred Guernsey heifer calf to present to the 1962 exhibitor of the grand champion grade animal at the show was also discussed. Final selection was left to the agreement of the executive committee. Also referred to the executive committee was the plan for special recognition to Miss Kathleen Hjelle of Argyle, 1962 Northwest Dairy Princess and presently serving the state's dairy farmers as Princess Kay of the Milky Way.

Brief discussion was also held on the county dairy princess contests. Abel Anderson, Red Lake county agricultural agent, noted that the Red Lake county event would be held Wednesday, May 1, at Plummer high school. The Clearwater county contest will be held May 8 at Leonard and the Pennington county contest will be staged May 21 at the Pennington county courthouse in Thief River Falls.

Chester Traaseth of Bagley volunteered to investigate the source of shavings for the street during the show. Other sub-committee chairmen also stated that their portions of the annual event were in order with no difficulty expected.

Stuart McLeod, president of the Northwest Dairy Improvement association, sponsor of Northwest Dairy Day, presided at the meeting. The session preceded a creamery managers' session held later in the evening.

James E. Montague, Retired District Judge, Dies at 87

Prominent Crookston Jurist Dies Monday at Winter Home in Arizona

James E. Montague, retired Minnesota district judge and Crookston pioneer, died Monday at Tucson, Ariz., where he and his wife had spent the winter.

Judge Montague, 87, had practiced law in Crookston from 1906 to 1934 when he was appointed to the court. He retired from the bench in 1949 but was called back by the state supreme court in 1957 to assist with trial work in Minneapolis.

He was born Jan. 9, 1876, in Shieldsville, Minn. and came with his parents to Crookston in 1881. He was a member of the first graduating class at Central High School. He attended the University of Minnesota, Georgetown University and George Washington University in 1903-04.

He was maried to Marion C. Chapin Dec. 3, 1901, at Chicago.

Survivors include his widow, a brother, William, Duluth, who was recently named to the University of Minnesota board of regents. Two sons, William H., Crookston, and James Jr., Duluth, also survive.

He served as Polk County attorney from 1917 to 1930.

Funeral arrangements had not been completed Tuesday.

"Five-Day Plan" Alumni To Meet

Alumni of the Five-Day Plan to Stop Smoking will hold a meeting Tuesday, April 30, at 8 p. m. in the Lincoln high school cafeteria, according to Dr. S. E. Pollman, one of the course instructors. The date for the alumni meeting was set by the class emembers at the final session April 11. A film will be shown and all class members are encouraged to be in attendance.

Dr. Pollman is assisting in the instruction of a similar course at Detroit Lakes this week. He told the Times Monday that about 70 people attended the initial session and that more were expected at the Tuesday meeting.

AN IDEA as to the size of the addition to Northwestern hospital in Thief River Falls can be obtained from this picture which shows part of the excavation required for the new structure. When the new addition is completed, the hospital proper and the convalescent and nursing care addition will cover the entire block from First street south on LaBree avenue. This photo was taken Tuesday afternoon as the Harry Dahl Construction company was removing earth from the man-made chasm.

"Clean-Up, Paint-Up, Fix-Up"

City Clean-Up Drive Is Being Organized

One of the most concentrated efforts aimed at city clean-up and beautification in Thief River Falls for a number of years has been undertaken by the Thief River Falls Chamber of Commerce. The organization will seek assistance from other community groups in the "Clean-up, Paint-up, Fix-up" campaign.

Scheduled to begin Wednesday, May 1, the campaign was discussed Tuesday at a meeting of the retail committee of the Chamber. Harold Storhaug will serve as general chairman of the promotion, with "Bud" Kelly as chairman of the retail group.

To provide as much emphasis as possible and create the greatest impact, four sub-chairmen have been appointed for various activities. These include Richard Bjorkman, civic promotion; Donald M. Olson, municipal work by the city; E. B. Benson, residential beautification and clean-up; George Stockman, schools; and Neal Fox, downtown beautification.

Among activities already planned are distribution of check lists on home clean-up suggestions by school children; cleaning of approaches to the city by Boy Scout troops; marking of curbs and parking areas, crosswalks and other street signals by city crews; erection of disposal cans on street corners in the downtown area; and placing of potted plants on street light poles in the business section.

A climax to the all-out campaign will be May Clean & Sweep Days, a retail promotion May 16 to 18. Plans are to kick off the event with a bucket brigade parade led by a German band at 9:30 a. m. Thursday, May 16, and continue with window washing and sidewalk sweeping "en masse" by the city's business firms.

"You might say that we're trying a little group therapy in this campaign," stated Harold Storhaug, general chairman. "Nearly all of us have pride in our community, and most of us should want Thief River Falls to look the best it possibly can. By organizing an all-out campaign which can not be successful without the support of all residents, we believe we can give our town a real Spring face-lifting."

The "Clean-up, Paint-up, Fix-up" campaign has a more serious underlying current than beautification. The Minnesota Department of Health notes that a total of 378 persons died in Minnesota during 1962 as a result of home accidents. Spring clean-up presents a chance to check for possible accident hazards.

Rescheduled May 11 . . .

Bicycle Testing Date Is Postponed

Due to a conflict of dates and action taken by the Pennington County Safety Council at its meeting Monday evening, the Jaycees-VFW bicycle safety check originally scheduled for this Saturday has been postponed. The date has been re-scheduled for Saturday, May 11, from 9 a. m. to 1 p. m.

With the exception of the change in date, all other aspects of the bicycle safety check will remain the same as previously announced, according to Kenneth Swenson, director in charge for the local Jaycee chapter. Youngsters this year are required to take the test of traffic law knowledge and riding skills before licenses for their bicycles will be issued.

For two years previous the Jaycees have handled the bicycle safety program which includes inspection of the bicycle for mechanical defects, test of basic knowledge of traffic laws pertaining to bicycles, a test of riding skills on a specified course, attaching reflectorized tape to the bicycles and issuing licenses for the bicycles. This year the Veterans of Foreign Wars Post in Thief River Falls has offered to assist in conducting the program.

Location of the testing sites for May 11 will also remain the same. East side youngsters will report to the east side playground area just north of First street and west side youngsters will take their tests at the Washington elementary school playground.

School Bonds Sold Wednesday at 3.43% Interest

Allison-Williams company of Minneapolis was the low bidder on $1,495,000 in general obligation bonds for new school construction in Thief River Falls at the letting held Wednesday at Lincoln high school. Four bids were received by the board of education which accepted the Allison-Williams bid of 3.4376 per cent interest. High bid was 3.55 per cent.

The bond issue will run for 27 years with first payment due in 1966 and total interest cost of $840,732.50. The 3.4376 interest compared favorably with 3.482 at Richfield and 3.52 at Anoka, the last two school bond lettings of comparable size in the state. For the purpose of establishing a repayment schedule, bonding attorneys earlier had used a figure of 3.9 per cent.

Lester DeBriyn Is Named Commander of Local VFW Post

Lester DeBriyan was named to succeed Howard Comstock as commander of the Thief River Falls post of Veterans of Foreign Wars in its annual election of officers Monday evening.

Others elected include Burton Lane, senior vice commander; Selmer Dimmen, junior vice commander; Del Harbott, quartermaster; Carl Paulson, chaplain; Earl Yonke, judge advocate; Dr. George Van Rooy, surgeon; club committeeman two years, Clarence Dicken; and Charles Krause, Lewis Stenseth and Arnold Kelley, trustees for respectively three, two and one year.

The new staff will be installed Monday, May 13, and will take office in June following the department convention.

In other action Monday evening, the post voted to present a television set to Northwestern Hospital for use by patients, with priority to be given to members of the VFW post and auxiliary unit.

4-H Play Finals Slated Tonight At Lincoln High

Preliminary Contests Completed; Winners Will Compete Tonight

Two of the Pennington county 4-H play and share-the-fun elimination contests have been held and winners selected, according to Miss Laura Duerst, Pennington county home agent. County finals will be held tonight (Thursday) in the Lincoln high school auditorium at 8 p. m. and the public is invited to attend.

Deer Park 4-H play, "Ghost from Outer Space", won first place in the contest held Monday at Goodridge. Share-the-fun acts selected were the Mavie girl's barber shop quartet composed of Kathy and Karen Svendsgaard and Judy and Cathy Oski and the Deer Park pantomime including Faye Stucy, Mike Radniecki, Sherry Jenson and Regene Radniecki. Patty Larson of Kratka was named the best actress with Mike Radniecki of Deer Park as best actor.

At the St. Hilaire contest on Tuesday, first place in the play contest went to the Black River 4-H club's presentation of "Borrowed Tails". Winners in the share-the-fun contest were the St. Hilaire vocal trio including Margie Vik, Linda Tollefson and Carol Sjulson, accompanied by Sherryl Sjulson; and Happy Acres pantomime by Bruce Parnham, Ken Mehrkens and Myles Koop. Best actor was Kenny Witt of Black River and best acress was Sandra Gunderson of Happy Acres.

Third elimination contest was held last night (Wednesday) at Lincoln high school in Thief River Falls with Steiner, City View, Smiley, Silverton, New Solum and Lucky Four clubs participating.

Soo Line Deficit

The Soo Line Railroad Co. recorded gross revenues of $17,888,327 and had a net loss of $32,760 in the first quarter of 1963, the Minneapolis-based company said.

In the same period of last year, the line had gross revenues of $16,485,741 and a net loss of $1,247,386.

County Spelling Contest Winner Is State Finalist

Katherine Wengeler, Pennington county representaive at the Upper Midwest Spelling Be, was named a finalist and one of the award winners at the contest held last weekend at the Leamington Hotel in Minneapolis. Katherine placed in the upper 25 of the 163 participants.

Daughter of Mr. and Mrs. Ray Wengeler of Thief River Falls, Katherine is an eighth grade student at St. Bernard's school. She won the right to particpate in the Minneapolis contest after being declared Pennington county winner at a contest held at the Goodridge school last month.

Atending the contest from Thief River Falls, besides Katherine and her parents, were Sister M. Hyacinthe, O. S. B., Katherine's teacher; and Dianne Goulet and Margaret Wurst, classmates of Katherine and Pennington county finalists.

According to Sister Hyacinthe, all students at the contest in Minneapolis competed in a written test of 75 words on the morning of the contest. The 25 students having the highest scores in this written test competed in an oral test of 10 rounds later in the day. Scores of the two tests were added to determine the winners.

Winner of the contest was Dennis Jespersen of Robbinsdale, an 8th grade student at Hosterman junior high school. He and his teacher have been awarded a trip to Washington, D. C., to compete in the National Spelling Bee finals on June 12.

Shirley Benson Recent Bride Of Rolland Verbout

Miss Shirley Benson, daughter of Mr. and Mrs. Daniel Tollefson, was the recent bride of Rolland Verbout, son of Mr. and Mrs. Hippolt Verbout. They spoke their vows in St. Clements Catholic church at Grygla, in the presence of 125 guests, with Father G. Robert Pryor of Thief River Falls prompting the vows.

The bride was in a street-length dres of blue taffeta featuring an over-skirt of white Chantilly lace. She wore a shoulder-length veil and carried red roses and white carnations.

The bride was attended by the groom's sister, Mrs. Ralph Rundell, as matron of honor, and Mrs. Douglas Norby of Angus as the other attendant. They wore street-length dresses of beige with matching headbands and veils, and carried bouquets of mums and carnations.

Ralph Rundell, brother-in-law of the groom, was best man, and Wayne Verbout, the groom's brother, was groomsman, while Darrel Warne ushered.

A reception in the church parlors followed the ceremony. The parents of the bride were hosts. Guests attended from Minneapolis, Greenbush, Stephen, Thief River Falls, Angus, Crookston, Argyle, and other surrounding communities, and from Pisek, Dickenson, Fargo and Grand Forks, N. D. and from Montana.

The newlyweds are at home in Grygla.

Rebekahs Ham Supper Set For Thursday, April 25

Elaine's CHATTER

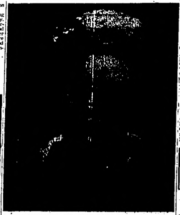
Guess about the most fascinating property that a woman owns is her pocket book. Statistics prove that women carry almost everything under the sun in them . . . except money.

A survey will find . . . letters, paid bills (unpaid ones too), cosmetics, keys, earrings, pictures, grocery slips, of unmentionables. If you mislaid the mortgage on the old home, chances are you will find it tucked away in some old purse. Many times when mothers are trying on dresses at ELAINE'S and the children get restless, all you have to do is give them your purse; they will amuse themselves for hours. Even husbands have been known to browse through saying they were looking for a stick of gum. If you have time on your hands and are getting a bit bored with life, just clean out your purse; it would be an interesting pastime.

Of course if you find some old money tucked away, we really don't care how old it is; just bring yourself to Elaine's. Things are in a bit of confusion here too, what with clearing out our Spring coats, dresses and all new summer clothes arriving every day, it gets to be a problem of just where to put what!

Bob & Jub are heading a promotion "WHITE ELEPHANT" auction to be held at the City Arena on Friday, April 26th. The Ladies Golf Club is also having their annual rummage sale at the Arena at the same time, they say they will take anything and try to sell it, furniture, garden tools, cars, bikes, stuffed owls, unstuffed owls, Grandfathers pictures, (I know of a couple of Grandfathers you could throw in too, doubt that either would bring much on an auction, but as long as your cleaning house you might just as well throw them in.)

This edition comes out early and this just might remind some of you to be sure and attend the Athletic banquet at the Zion Church, Bud Grant should be interesting along with his film of Canadian football.



BETROTHED Mrs. Clara Phelps of Seattle, Washington, formerly of Thief River Falls, announces the engagment of her daughter, Joan Irene Vanous, to Amado Celix of Seattle, Washington.

Miss Vanous is a 1959 graduate of Lincoln high school of this city, while Mr. Celix attended Eastern Arizona college for two years.

The marriage will take place May 25 in the Blessed Sacrament Catholic Church in Seattle.

ENGAGEMENT of Miss Carole Goulet to Duane Glass is anonunced by Miss Goulet's parents, Mr. and Mrs. Len Goulet of this city. The prospective groom is the son of Mr. and Mrs. Cy Glass, also of this city.

Both Miss Goulet and Mr. Glass are graduates of Lincoln high school of Thief River Falls. Carole also graduated from Misericordia nursing school of Winnipeg, Manitoba. She is now employed as an R.N. at St. Mary's hospital in Duluth. Her fiance is in business with his father here.

The couple plans an October wedding.

Madunich Named To Head County Safety Council

Succeeds C. R. Richards As Result of Election Held Monday Evening

Anthony Madunich, driver's license examiner for the State of Minnesota, was elected chairman of the Pennington County Safety council at the annual meeting held Monday evening in the Rex cafe. Madunich succeeds Charles R. Richards, Pennington county sheriff, who has held the position for several years.

Other officers elected at the meeting were Martin Gulbranson, vice president, and Malcolm Magnuson, secretary-treasurer. Sheriff Richards was appointed by Madunich to head a committee to recruit new members and to arrange a call committee. Named to assist Sheriff Richards were Magnuson and Elton Cummings, chief of police in Thief River Falls.

Chief Cummings noted that the city council had acted upon the safety council's request for parallel parking on Second street. He also asked that the safety council consider ideas for a safety booth at the Pennington county fair this summer.

Discussion was also devoted to the bicycle safety check which had been scheduled for Saturday, April 27. Due to a conflict of dates and other unfortunate circumstances, the safety check was postponed until May 11. The date change had the unanimous approval of the safety council. On May 11 the safety check will be run at east and west side locations from 9 a. m. to 1 p. m.

Bob Flynn Heads Lincoln High PTA

7th District DFL Convention Held in Detroit Lakes

Mondale and Farr Speak; A. O. Reierson Is Again Named District Chairman

"Minnesota's 7th congressional district by all means will be the battleground in the coming 1964 campaigns," Atty. Gen. Walter Mondale told the district's Democratic Farmer Labor party convention Sunday at Detroit Lakes.

Mondale, the keynote speaker, said the district held the answer to three major questions: Whether DFL political fortunes will continue to improve in 1964, whether the number of Democratic congressmen from Minnesota can be increased and whether the DFL can regain control of the state house of representatives.

"No district approaches the 1964 elections with greater responsibility," he added.

George Farr, state DFL chairman, said Rep. Clark McGregor, R-Minn., has been acting like the man Republicans may pick to run against incumbent Minnesota Sen. Eugene McCarthy in 1964. He said McGregor has accomplished nothing as a representative and told his audience to expect a campaign based on slogans rather than performance.

A. O. Reierson, rural Fosston, was re-elected district chairman without opposition. Also reelected were Arthur Carlson, Lake Park, secretary, and Mrs. Ida Deltman, Bemidji, district chairwoman.

Pennington DHIA Seeks To Form Second Chapter

group. He projected his expectations for 50 years into the future.

Dr. Frederick said he could foresee fewer cattle but higher production, milk still being used rather than synthetics, herds averaging about 62 cows in size, bulk handling and processing in larger, specialized dairy plants becoming intensified, dairy animals supplying meat for the nation and replacing artificial insemination with the planting of fertilized eggs.

About 52 persons attended the Thursday meeting. Farmers interested in becoming affiliated with the DHIA group are encouraged to contact Stenberg or the Pennington county extension office. The present association includes farmers in Pennington, Marshall and Red Lake counties.

April Weather Hits Average of Previous Years

April weather is beginning to average out into a normal month after some of the season's highest readings at mid-month. Temperatures during the past few days have had high readings in the upper 40's and low 50's with lows in the upper 20's.

Precipitation has also been lacking lately with only .47 inch received since April 9. Last year the final freezing reading of the season was 26 degrees on May 6, and anxious gardeners are now preparing for the planting season. Lawns are beginning to get green and buds on trees are nearing the bursting point.

Field work is beginning to get a little more general but most fields are still quite wet and frost is not yet out completely. High and low temperatures the past several days include 46 and 29 on Sunday, 50 and 26 on Tuesday and a low of 35 degrees on Tuesday night.

Public Notices

Card of Thanks

We would like to extend our sincere thanks to the employees, staff, nurses, and aids at the Oakland Park Rest Home. Also to Northwestern Hospital staff and Dr. Martin for the fine care given to Alfred Stenvik during his stay there and to Rev. Peterson for the hospital calls. We also wish to give special thanks to all the friends, neighbors, and relatives for kindness shown and memorials sent in his memory. Special thanks to Pastor Heltne for his comforting message and Mrs. Anderson for the music, and Jeannette Stenvik for the solos at the funeral service in the Rosendahl church. We wish also to show our appreciation to the Ladies Aid for the lunch, and to the pall-bearers. The brothers and sisters of Alfred Stenvik, Oscar Stenvik, Betsy Anderson, Alma Helta, Mrs. Verner McMahon, Mrs. Albert Crown, Mrs. Knute Crown, and Harold Stenvik. 1t33c

Card of Thanks

I wish to thank Dr. Martin, all the nurses and aids for the wonderful care I received at the Northwestern hospital while I was a patient there. Also Pastor and Mrs. Dalzell and Rev. Peterson for their visits and prayers. To all who sent cards, letters and flowers. May God Bless You All. Mrs. Carrie Dahlin. 1t33c

ADVERTISEMENT FOR PROPOSAL

The City of Thief River Falls, Minnesota, will receive sealed proposals for 1963 Storm Sewer, Water Main & Service Connections, Projects 206,116 and 206,118 until 2:00 P.M., May 7, 1963, at the office of the City Clerk, City of Thief River Falls, Minnesota, at which time all bids will be publicly opened and read aloud. The City Council will convene in special session at 8:00 P.M., May 7, 1963, to consider bids.

Form of the contract documents, including Plans and Specifications pursuant to which the work shall be done, are on file at the office of the City Clerk, Thief River Falls, Minnesota, and at the offices of Stewart & Walker, Inc., Consulting Engineers, 324 East Second Street, Thief River Falls, Minnesota. Copies of said documents may be obtained by depositing twenty-five ($25.00) dollars with the Engineer for each set received. The full amount of the deposit will be returned to those submitting a bonafide bid and who return the documents in good condition within 7 days of the date set for opening bids. Bidders who obtain and return documents but do not submit a bonafide bid will be refunded fifteen ($15.00) dollars of the $25.00 deposit.

The work consists of the following approximate quantities:

BID A—STORM SEWER, WATER MAIN & SERVICE CONNECTIONS—
Furnish and install 5550 L.F. 12" to 30" Reinforced Concrete Pipe Sewer; 160 L.F. Manholes; 63 L.F. Catch Basins; 38 Casting Assemblies; 1378 L.F. 6", 8" and 10" Cast Iron Pipe Water Main; 6-6" and 10" Gate Valves and Boxes; 1 Hydrant; 3000 Pounds Cast Iron Fittings; 1822 L.F. ¾" Copper Water Service Connection; 80 ¾" Corporation Stops; 28 ¾" Curb Stop and Box; 540 4" Cast Iron Pipe Sewer Service; 378 L.F. 8" Vitrified Clay Pipe Sanitary Sewer.

BID B — STORM SEWER — DAVIS AVENUE
Furnish and install 1580 L.F. 12", 15" & 18" Reinforced Concrete Pipe Sewer; 60 L.F. Manholes; 40 L.F. Catch Basins; 21 Casting Assemblies, and other miscellaneous related items of work.

Each bid must be accompanied by a certified check, or bidder's bond acceptable to the City in an amount equal to at least five percent (5%) of the total amount of the bid, payable without condition to the City Clerk of the City of Thief River Falls, Minnesota. In case the successful bidder fails to enter into a contract or to provide a performance bond as required by law within the specified number of days after the award of the contract, such check or bond shall be forfeited to the City as liquidated damages.

The City Council reserves the right to hold all bids for a period of 10 calendar days after the date set for opening bids, and to waive any irregularities, and to reject any or all bids, as they deem to be in the best interest of the City.

Dated this 16th day of April, 1963.

Prowler Ball Club Faces RLF Apr. 25

Coach Ralph Skay's baseball Prowlers, defending District 31 champions and Region Eight runners-up last season, will begin play on their 16-game 1963 schedule on Thursday afternoon when they meet the Red Lake Falls Eagles at Red Lake Falls. Thursday's opener against coach Mike Hajostek's Eagles is scheduled for 4:30 p. m.

On Friday afternoon, April 26, with play ball time slated for 4:00 p. m., the Prowlers will meet the Goodridge Huskies at Goodridge. The first home game for the locals will be on Monday afternoon, April 29, when the Fosston Greyhounds meet the Prowlers on the fairgrounds diamond at 5:00 p. m.

The lineup that will take the field for the Prowlers in the opener against Red Lake Falls will be the following: Jerry Erickson, shortstop; Paul Klungness, center field; John Aune, catcher; Tony Poole, pitcher; John Hellquist, right field; Dave Ellingson, left field; Bob Olson, first base; Dave Erickson, second base; and Mark Anderson, third base. Of this group, Hellquist, Olson, and Anderson are "newcomers" to the Prowlers baseball lineup.

Poole, a righthander, is slated to hurl three innings, and then Rick Jensen, another righthander, is scheduled for a three-inning stint. Dick Johnson, a righthander, will pitch an inning or two. Jack Leedahl, a righthander, will probably be given the starting asignment against the Goodridge Huskies on Friday afternoon.

The 1963 Prowler baseball schedule:

April 25, Red Lake Falls, there, 4:30 p. m.

Retriever Club Will Hold Field Trial on Sunday

Dogs To Compete for Ribbons in 3 Stakes At Glenn Jorde Farm

Thief River Falls Retriever club will hold an informal field trial on Sunday at 1 p. m. at the Glenn Jorde farm two miles north of Thief River Falls. Ribbon prizes will be given to all dogs placing in puppy stake, hunter's special and open all-age stake, according to Harry Pluth, secretary of the club.

The puppy stake is for dogs under 12 months of age. Dead birds will be used and pups entered should be able to mark and retrieve a single bird on both land and water and deliver it to owner's hand. The handler may hold the puppy while the bird is being thrown.

In the hunter's special stake, dogs should be steady and remain at owner's side until birds are down. He should be able to mark and remember two falls and retrieve to owner's hand. In this trial, if a dog is not steady, he may be held by owner while birds are thrown. Dogs of any age and any breed may be run in this stake.

Open all-age dogs should be able to mark and retrieve singles, doubles and triples, be steady, honor another dog's birds and respond well to hand signals on blind retrieves.

Entry fees will be $1 for puppy stake, $1.50 for hunter's special and $2 for open all-age competition. All dogs should be kept under control at all times, Pluth said, and courtesy demands that none be let run loose. Pigeons will be used in all stakes on land and ducks on water tests.

Ralph T. Hunt Is Named President St. Bernards PTA

St. Bernard's Catholic PTA elected its 1963-64 officers at a meeting held Monday night, April 22 in the church hall.

Elected president was Ralph T. Hunt; Mrs. Harold Johnson is the newly-elected vice-president; Mrs. George Mundt, secretary, and Mrs. Ed Fisher, treasurer. They succeed Dick LeMoine, 1962-63 president; Mrs. Leland Enge, vice president; Mrs. N. H. Kortuem, secretary, and Mrs. Dayton Kjonnas, treasuer.

An interesting panel discussion on vocations was presented by members of the Bishop's Committee on Vocations, with four Crookston men participating.

Lunch served by hostesses Mrs. William Grundhaus and Mrs. Adolph Kleinvachter concluded the evening.

Western Oil Team Bowling Winners In Mixed League

Edge Narverud Cleaners by One-Half Game; Top Bowling Scores Listed

By virtue of a half-point gained in a tie during the first night of the season, Western Oil & Fuel bowling team edged Narverud Cleaners for first place in the Friday Night Mixed Bowling League. Western Oil compiled a 62½-49½ record while Narverud Cleaners, losing a game by three pins on a check of scores on the final night, finished the season with a 62-50 mark.

Members of the winning team were Mr. and Mrs. Carl Onkka and Mr. and Mrs. Max Graham. Bowling on the second place team were Bess Lang, Jane Buen, Dale Magner and Lloyd Samuelson. Third place team was Mostue's Floral composed of Mr. and Mrs. Marvin Washnesky and Mr. and Mrs. Duane Jensen.

Narverud Cleaners turned in the high team series with 2,171 and the high game with 802. Mr. and Mrs. Jaycees had the second high series with 2,063 and third high single game with 738. Solheim & Overum Furniture were third high in team series with 2,009 and Jung's Bakery was second high on team game with 574.

For men bowlers in the league, high series included Ken Rustad, 643; Paul Sjulson, 628; Norm Capistran, 623; and Lloyd Samuelson, 620. High individual games were Marv Washnesky, 244; Lloyd Samuelson, 243; Jim Carlson, 235; and Marv Lundin, 232.

High series for the women was bowled by Bess Lang with a 617 and she also had the women's high single game of 244. Other high women's series were Mary Washnesky, 582; Mary Kay Looker, 554; and Jane Buen, 531. High single games for women included Bess Lang, 244; Mary Washnesky, 222; Mary Kay Looker, 219; and Jane Buen, 200.

Civil Defense Survival Course Opens Tonight

First session of a special survival course for Civil Defense staff members, public employees of Pennington county and Thief River Falls and their wives, will be held tonight (Thursday) at 7 p. m. in the meeting room of the Pennington county courthouse in Thief River Falls.

Primary objective of the course is to teach adults how to prepare now for major types of natural and enemy-caused disasters, according to Kendall Gustafson, county Civil Defense director, and Ellsworth Jorgenson, deputy director and instructor for the course.

"You as government employees and members of the Civil Defense Staff are entrusted with special responsibilities to your community," the directors stated in a letter. "This is important. This special course is arranged to try to take up as little of your time as possible. Thursday's gathering will be our organizational meeting and first session."

Farmers may deduct up to 7 per cent of their 1962 purchases of new or used machinery, under a new federal tax regulation.

Keeping Score with "Huck" Olson

Play Ball!

This will be the call of the umpire at about 4:30 p. m. on Thursday as coach Ralph Skay's Prowlers open their 1963 season by meeting coach Mike Hajostek's Red Lake Fals Eagles on the Riverside diamond in Red Lake Falls.

The Prowlers appear to be adequately supplied with lettermen veterans to make a strong defense of the District 31 that they won last season. In the starting lineup against the Eagles on Thursday there will be but three "rookies", Bob Olson, John Hellquist, and Mark Anderson. Jerry Erickson at short, Dave Erickson at second, Dave Ellingson and Paul Klungness in the outfield, Tony Poole on the mound, and John Aune as catcher are veterans.

And of this group, John Aune is the "graybeard", for John has been a squad member since back in 1959, when the Prowlers participated in the state high school tournament. John was a second string catcher on that squad, giving aid to catcher Jimmy Wegge when needed.

Given favorable weather and playing conditions, local baseball fans should be provided with some fine high school baseball in the 16-game schedule that has been aranged for the Prowlers. Among the teams that will play here are the Region Eight champion Bemidji Lumberjacks ((and coach Horace May's club has fourteen lettermen on hand); the Fertile Falcons with their sturdy right-handed pitching ace, Rod Olson; the Ada Vikings, with hard-hitting Herb Hasz in the lineup; and the Fosston Greyhounds, with versatile Mark Carlin on the roster. The Greyhounds will play here on May 7.

Have a Look at the Thinclads

track squad — defending district, Northwest conference, and regional champions — will be in action a couple of times on the local field this week and next. On Saturday, April 27, a quadrangular meet, with Hallock, Mahnomen, Fosston, and Thief River Falls competing, will be held at the Lincoln athletic field. Starting time will be at 1:30 p. m.

In Saturday's meet, the Prowlers will be without the benefit of the point-getting abilities of Paul Klungness, Steve Mittelstadt, and Brian Lofberg. The trio will be participating in the Sioux outdoor relays at Grand Forks, with Paul competing in the 100-yard dash, the 220-yard dash, and the 180-yard low hurdles, and Steve entered in the high jump and high hurdles, and Brian in the discus throw.

On Tuesday, April 30, with the starting time slated for 4:00 p. m. another quadrangular meet, with Middle River, Oklee, Plummer and Thief River Falls participating, will be held on the local field.

Of course the "big" event on the local track schedule is the Northwest conference meet that will be held here on Tuesday, May 7. The members schools of the conference —Bemidji, Crookston, East Grand Forks, Roseau, and Thief River Prowlers have been conference champions for the past two years, and have been installed as the favorites to make it three titles in a row.

An Athletic Plum

The city of Winnipeg was greatly honored this past week when it was announced that the 1967 Pan-American games will be held in the Manitoba capital.

The games, which are held every four years, are somewhat of a testing ground for the Olympic games, which are held a year after the Pan-American competition. The games should be quite an attraction for the province of Manitoba, which will be celebrating its centennial that year.

College Bound

Several of the Prowler athletes have completed arrangements for attending college next year. Among the boys making definite commitments are John Aune, who will attend Carleton college in Northfield, Rolf Wangberg, who will enroll at Luther college in Decorah, Bob Benson, who will enter the University of North Dakota, and Tommy Lindberg, who will probably take engineering at Michigan Tech.

While Paul Klungness, who has been the subject of much recruiting pressure by various universities, has not signed a letter of intent or made any definite decision, it appears that the blond all-round athlete favors Dartmouth. Harvard and West Point are anxious to get the Prowler four-sport player, and able student, to sign a tender.

But the main thing these boys should remember is that it's the education that counts, and a boy doesn't have to go to a "name" school to get education.

Municipal Court Handles 11 Cases Here On Monday

Eight Defendants Come From Six Communities Outside TRF Territory

It seemed to be visitor's day at Thief River Falls municipal court on Monday when eight of the 11 cases tried by Judge Stanley N. Mortenson involved defendants from other communities than Thief River Falls.

In the only highway patrol case, Robert Torgerson, rt. 3, TRF, was fined $15 with $5 suspended on a charge of having illegal brakes.

Police cases from the city of Thief River Falls included the following:

Roger Krause, Baudette, $15 bond forfeited for driving through a red light and $50 bond forfeited for leaving the scene of an accident; Gayden Stenseng, Clearbrook, $30 bond forfeited for driving without a driver's license; Ralph Knoll, Stephen, fined $15 for possession of beer by a minor; Joseph Jezdik, Pitt, fined $15 for possesion of beer by a minor;

Also William McDonald, Fisher, fined $50 with $25 suspended for furnishing beer to a minor; Rene Peppin, city, fined $19 for speeding and $50 with $15 suspended for driving after suspension of his driver's license and license plates and title card ordered impounded; Bernard Uglem and Stanley Wilson, both of rt. 1, Goodridge, forfeited bond of $25 each for having open bottles of liquor in motor vehicles.

Lawmen Clear Up Several Break-ins

Apprehension of several juvenile boys by the Pennington county sheriff's department and Thief River Falls police department has cleared a number of break-ins in the city during the past several months, the police department reported to the Times today.

The boys have admitted breakins at the Robertson Lumber company, Farmers Grain & Milling company, Osborne-McMillan Elevator and Arctic Enterprises, Inc., and the theft of a rifle, .22 caliber revolver and other items from cars in the city. A number of items have been recovered.

IN CHARGE of a lay reader's training session for all presently licensed lay readers of the Episcopal church in the Northwest and Cass Lake Deaneries to be held Sunday in Thief River Falls will be the two men pctured above. At left is Rev. Fredrick Kramer, Bemidji, arch deacon of the Minnesota Diocese, and at right is Rev. Thomas McElligott, Minneapolis, director of Christian education for the Minnesota Diocese. Also in charge of the sessions will be Cadet Raymond Ferguson of White Earth and Rev. Harry Kirkham of Crookston. The meeting will begin at 2 p.m. in the freside room of Noper's Motel with men attending from Warroad, Hallock, St. Vincent, Crookston, Cass Lake, Bemidji and White Earth. A communion service will be held at 7:30 p.m. in the fireside room for all lay readers present and all local members of the Episcopal church. Rev. McElligott will deliver the sermon. A parish meeting will be held following the service to discuss plans for the work of the Episcopal church in Thief River Falls.

Beef Called Good Value at Present

Larger Supplies Are Now Showing up at Markets

Beef roast, steak and hamburger are good choices for family dinners this week, if you're keeping an eye on the budget.

Beef is being featured at attractive prices at many Minnesota markets, according to Mary Ryan, extension, consumer marketing specialist at the University of Minnesota. Larger beef supplies this year should provide about a pound more of beef per person in 1963 than in 1962. These larger supplies are now showing up in Minnesota markets at prices averaging lower than a year ago.

The wise shopper, however, will keep in mind grades, cuts and servings per pound and select the cuts and grades that offer her the most for her dollar, Miss Ryan points out.

This may also be a good time to stock your emergency shelf with canned fruits and vegetables. The large pack from last season has made it possible for many markets to purchase big stocks at lower than average prices and pass the savings on to the consumer.

Green peppers and radishes from Florida and carrots from Texas have arrived in large supply and are of good quality. Look for these fresh vegetables to add variety to your menus.

Milk, butter and ice cream and other Minnesota dairy products are abundant this spring. Watch your local store for specials, and save money while enjoying good nutrition, Miss Ryan urges.

Flour and coffee continue to sell at below average prices at many markets.

School Lunches to Be Topic Saturday at Area Workshop

The increasing need to provide low-cost, nutritionally adequate school lunches will be stressed at a one-day workshop on Saturday, April 27, at Central School, Park Rapids. Co-sponsored by the Minnesota School Food Service association, and the school lunch section, Minnesota department of education, the meeting is expected to draw over 200 persons interested in school food service work.

Highlights of the program include a discussion group on problems of administration keyed to needs of school superintendents and business managers. Demonstrations on short cuts in the school lunch menu preparation and baking, as well as films on sanitation are other features.

Presiding at the sessions will be Miss Joyce Bradley, president, Minnesota School Food Service association and school lunch supervisor, Robbinsdale area schools.

Danger of Forest and Grass Fires Is Reported as Acute

Conservation Dept. Says Threat Continues until Grass Turns Green Again

Forest and fire danger remains high in Minnesota despite scattered rainfall received over the past few days, the conservation department's forestry division said this week.

Strong winds and warm temperatures combined to dry out tall grass and other foliage left standing from last year within a few hours after the rain.

In the northern areas of the state, frost is still in the ground and new green vegetation has yet to appear.

Don Wilson, forest fire suppression chief for the conservation department, pointed out this week that there will be a fire danger now until the "greening up" process is well underway.

"We go through this situation every spring," he said. "Effect of moisture at this time of the year is very temporary so far as easing the fire danger is concerned.

'Last year's foliage, especially the grass, is brown and dry. Until new foliage appears, this constitutes a continuing threat," he said.

The situation this year is termed more critical than usual because of below normal snow fall in the northern part of the state. Heavy snows tend to pack the grass down making it less susceptible to drying out and hence less inflammable.

This year, said Wilson, the grass is standing straight up where the wind and sun can dry it out and fires, once started, will spread rapidly.

On April 16, Department records showed that over 9,000 acres had been burned over so far this spring. Of this total, 7,500 acres were classed as swamp grass with the balance consisting of timber or brush.

Boat, Travel Show Slated May 10-12 at Winter Shows

May 10 through May 12 are the dates set for a Boat-Camp and Travel Show to be held in the Winter Shows Arena, Crookston, it was announced by Vic Hodgson, executive director of the shows. The decision to schedule the show was made at a combined meeting April 17 of the executive and finance committees of the board as past of the program to keep the facilities occupied and raise funds for operation and maintenance.

George Nornes, Climax, chairman of the board's special events committee, stated that approximately 50,000 square feet of space will be used for displays of sporting goods, camp trailers, camping equipment, boats, motors, trailers and new cars. An important feature of the show, according to Nornes, will be a smelt fry.

Dealers and manufacturers interested in exhibiting at the show are urged to call or write the Winter Shows office for details or space reservations.

$150,000 Pledged to Fort Snelling Restoration Fund

More than $150,000 has been given or pledged since December, 1962, for the Fort Snelling State Park land acquisition fund, it was announced this week.

Reuel Harmon, Saint Paul chairman, reported that $83,396 had been made. With this start, he predicted that Saint Paul's goal of $100,000 will be reached soon.

Co-chairmen Carl Hensel and Ray Black from Minneapolis pointed out that the campaign in their city had not started till after the first of January. $66,200 has already been pledged by Minneapolitans and they expect to pass Saint Paul's figures soon. This amount includes a $15,000 check received last week.

4-H Federation Meets at Argyle

New Spring Bread Wheat Is Released

Selection Given Name of Late 'U' M. Agronomist

A new spring bread wheat has been released by the University of Minnesota agricultural experiment station and the U. S. Department of Agriculture crops research division.

The new selection is named CRIM, after the late Professor Ralph F. Crim who was a long-time extension agronomist at the University and secretary of the Minnesota Crop Improvement association.

Crim wheat is a selection involving crosses among Klein-Titan, Thatcher, and Kenya 58-Newthatch.

According to E. R. Ausemus, USDA agronomist at the University Crim wheat has given superior performance in extensive field trials and disease tests in Minnesota and nearby states. Crim has a type of stem rust resistance different from that carried by other spring wheats.

Between 1960 and 1962, yields of Crim were second to third high among all spring wheats with which it was compared. The selection is moderately susceptible to leaf rust and loose smut and about equal to Lee in straw strength.

Milling and baking characteristics have been found to be satisfactory in experimental trials. In three years of Crop Quality Council cooperative tests, the variety gave acceptable performance althought some milling characteristics were not as good as desired.

Seed has been distributed through county committees to registered growers of the Minnesota Crop Improvement Association in west central and northwestern Minnesota. About 900 bushels of foundation seed are being distributed according to Carl Borgeson, seed stocks project leader at the University.

Studies by The Travelers Insurance Companies show driver error and lack of judgment were responsible for 32,300 deaths and more than 2,900,000 injuries on U. S. highways in 1962.

Editorials . . .

"It is not the critic who counts, the man who points out where the strong man stumbled or how the doer of great deeds could have done them better. It's the man in the arena with the blood, sweat, and dust on his face who counts, who knows the exhilaration of great achievement but who, even if he fails, knows that he failed in a great deed, that he will never be found among those cold and bloodless men who know neither defeat nor victory."

—Theodore Roosevelt

The End is Near

The legislative session is drawing to a close and soon the lawmakers will return to their home communities where most of them will, in some form, report to their constituents. All of them, we are sure, will have offended some of their friends. None will have *a perfect record in the minds of all of the* people.

Some good legislators probably voted for some bad legislation. All good legislators, we are sure, voted against some good legislation. Very often it is not easy to draw a straight line between what is good and bad, and this is especially true for the legislators who must declare themselves as for or against thousands of proposals during a legislative session.

The present session seems to have moved along more smoothly than others in recent years. That may be due in part to the fact that both houses have been controlled by the same group.

Important Payrolls

Robert J. Linney, president of the Reserve Mining Company, which operates taconite facilities at Babbitt and Silver Bay, has estimated that his company will have a payroll of approximately $20 million a year in Minnesota when it reaches a full capacity operation. Favorable action by the legislature on a statutory guarantee of fair taxation, and anticipated favorable action by the voters on an amendment to the Constitution that would ban discriminatory taxation, makes this payroll probability a most encouraging development.

Minnesota's known deposits of high grade, direct shipping iron ore, are nearing depletion and the golden eggs layed by that goose are becoming smaller year by year. Our deposits of low grade ores however, are considered to be practically inexhaustible, & over a period of time, thinking even in terms of centuries in our economic growth than have been the high grade ores.

Permanent payrolls are of much greater importance to our economy than temporary and diminishing taxes. The future of northeastern Minnesota has brightened gloriously.

Checking to Reduce Waste

A bill calling for the establishment of a legislative service commission could prove to be one of the most important introduced in the present session. So thinks Richard A. Wilson, writing in the St. Paul Pioneer Press. According to Wilson:

> "As proposed in the bill, the commission would include five members each from the House and the Senate. As aides, the commission would have a counsel, an auditor and a research director.
>
> "In a sense, the commission would combine under the close supervision of one body a variety of services now being performed independently by several agencies.
>
> "The counsel would absorb the duties as well as acting as legal advisor to the legislature. The research director could expand upon the investigative and study activities of the legislative research committee and the auditor could coordinate and enlarge upon the activities now carried on by employes of Senate and House committees."

We are not impressed with the idea of creating a new agency to provide the type of detective and auditing service Wilson has outlined. We don't like the idea of such a commission being directed by a committee of legislators. A more effective agency for such purposes might be patterned after the federal government's Comptroller General, a service that has a distinguished record for impartial investigation and reporting that has saved the country hundreds of millions of dollars.

Raymond Moley, writing in Newsweek, has this to say of the service:

> "My purpose in this review of Comptroller General Joseph Campbell's reports on government efficiency and economy is to show that without eliminating a single Federal agency or program many hundreds of millions, perhaps billions could be saved. This is not to imply that dozens of unnecessary, not to say absurd, operations could not be eliminated. But there is cause and effect when we consider why any agency is created and how it operates. The vast proliferation of programs creates the main reason why they cannot be administered in practice.
>
> "I have examined some hundreds of the Comptroller General's reports submitted to Congress over the past year, as well as his summary in his annual report. They fall into a pattern showing waste, incompetence, and stupid management.
>
> "It is reported in many cases that accounting practices fall far short of the standards common in private business. Thus, neither Congress nor the Executive can gain the information essential to a yearly evaluation of what goes on in such agencies.
>
> "Since these innumerable deficiencies seem small when the immense budget of the government is considered, they are dismissed as mere trifles. "What," we are asked, "are a few hundred thousand dollars or even a few millions here or there, when it is billions that should be saved?" That is like dismissing the rapid increase in civil expenditures because the military budget is so much larger. But in the aggregate presented by the Comptroller General's reports, the wasted dollars amount to vast sums. They are the little streams that make a mighty river."

The head of this federal agency, Comptroller General Joseth Campbell, has served in that capacity ten years and having been appointed for a fifteen year term, he will continue in that office another five years, regardless of what party may be in power. Only Congress can terminate his service. He has nothing to fear from the party bosses and bureaucrats. His sole responsibility is to Congress and the nation.

We believe Minnesota could use an agency somewhat along this line. A really good man, heading such an agency, probably should be the highest salaried official on the state payroll.

The Rich and the Poor

A study of economic progress around the world by the United Nations concludes that while the world's rich nations are becoming richer, the poor nations are becoming poorer. Between 1950 and 1960 the emerging countries grew slowly while the middle rich spurted ahead and the great industrial powers forged steadily on.

There is no reason to believe that during this period the rich nations became richer because the poor nations became poorer. The decade under consideration was not a decade of exploitation. On the contrary it was a decade that ended colonialism and brought political freedom to many of the "emerging" nations. In some instances, no doubt, colonialism ended too abruptly; and political freedom came too fast. The self-governing Congo, for instance, is a poorer nation today than it was ten years ago as a Belgian colony.

It seems quite evident that the nations of the world grew richer to the extent that they became industrialized and became poorer as they failed to industrialize. And that probably will be one of the determining factors in their future progress.

It is not likely that many of the emerging nations will emerge rapidly. The record for the present decade probably will be much the same as for the one that was studied. In some of them progress will be measured not by decades but by centuries. The best solution in some instances probably would be a benevolent type of colonialism, maintaining the political stability that is so essential to progress.

The Employment Barrier

(Tracy Headlight Herald)

The Jefferson, Ohio, Gazette, has made this interesting editorial observation: "Many a boy through his high school years earned enough to get a start at college. Often this part-time employment led to a career in the business."

But now, the Gazette goes on, all this has changed. And one of the reasons is the minimum wage requirements. In its words, "Minimum wages have their place in the modern industrial scheme of things, but they have deprived . . . lads of an opportunity to earn spending money and to save for their future . . . in the hundreds of small towns and rural communities, the social reformers, with their well intended laws, have barred youth an opportunity for self independence.

The record supports this view. Take, for instance, retail business — large or small, chain or independent. Large numbers of retail stores can offer jobs, often on a part-time basis, to people who are without experience or any particular skill. Obviously, their value to the store is limited. Yet the work they are given can prepare them for advancement to more responsible, better-paid positions. But, if an arbitrary wage-hour law forces the costs of this kind of employment to unprofitable levels, it will be cut to the limit.

The moral is a simple one: The fundamental element in determining earning power is an individual's productivity. The two can't be separated.

Interesting Opinions

"Britain and France are neighbors by geography and allies by necessity: they are not naturally—or easily—friends. Historically, indeed, these two nations, of almost equal size and strength, have more often than not been rivals, contending for the larger share of empire or for the leadership of Europe. Both arrogant, both 'insular', both proud, they look upon each other with a nice combination of mutual envy and mutual dislike.

Land O'Lakes pre-inoculated seed with high nitrogen fixing strains of bacteria.

Cut your crop costs this Spring with Land O'Lakes Quality Seed

Here's Quality you can depend on for your farm, right now, this Spring. You've a right to expect a good crop return from the seed you plant. But, your crop can be no better than the seed you start with.

Vicoat Pre-Inoculated Get Land O'Lakes alfalfa and clover seed, inoculated with Nitragin brand inoculant. Universities have proved the Vicoat process to be the most effective because it places more high nitrogen fixing bacteria on the seed. Increased numbers of bacteria of high nitrogen fixing strains result in greater nodulation, return more nitrogen to the soil.

PUBLIC LAW 87-397
"A FEDERAL STATUTE REQUIRES ALL FINANCIAL INSTITUTIONS... INSURANCE COMPANIES... CORPORATIONS TO 'USE' YOUR SOCIAL SECURITY NUMBER IN REPORTING INTEREST, DIVIDENDS, EARNINGS!"

Please, may we have your cooperation?

Although the first transmittal to Treasury of the record of the earnings you receive will not be made until January of 1964, we must have a record of your Social Security number this year. To comply with this law a form for gathering our savers' Social Security numbers will be placed in the mail during the months ahead. ■ Since you may have other savings accounts or investments elsewhere, you will receive a Form 3435 from these organizations, also. A form must be completed and returned to each institution from which you receive earnings or dividends. ■ If you have no Social Security number, provision has been made to issue one for you. An application for this purpose is a part of the form being sent to you.

WHEN YOU RECEIVE FORMS IN THE MAIL—THE LAW REQUIRES YOU TO COMPLETE AND RETURN THEM! The task of recording is monumental; it will take some time to complete. While your form may not be in the first group mailed, you will ultimately receive one for each account you hold.

'64 Wheat Allotments Being Sent out to All Pennington Growers

Notices of 1964-crop wheat acreage allotments will soon be mailed to all wheat farm operators, Winton Knutson, chairman of the Pennington county Agricultural Stabilization and Conservation committee, has announced.

For most wheat farms, the chairman explained, the allotment represents the farm's share of the 1964 national wheat allotment of 49.5 million acres. For small farms, however—those with wheat allotments of less than 15 acres, the allotment represents the larger of (a) the farm's allotment based on the national allotment, or (b) 90 per cent of the farm's average 1959-61 wheat acreage, but not more than 15 acres.

Mr. Knutson pointed out that all the wheat produced on a participating farm's wheat allotment acreage may be marketed free of penalty if marketing quotas are made effective for the 1964 wheat crop. All wheat from a farm which had no wheat history in the three base years 1959-61, however, would be subject to a marketing quota penalty.

The question of whether to use marketing quotas for the 1964 wheat crop will be decided by wheat growers in a referendum on May 21. "Small farm" operators will be eligible to cast ballots provided they register — by May 13 — their intention to participate in the 1964 program as an allotment grower. They will do this by signing in the space provided on the back of the regular allotment notice, MQ-24, and filing the notice at the ASCS county office before the deadline.

Under quotas, a small farm operator who does not elect to participate in the wheat program as an allotment grower would be able to stay out of the program, and plant wheat up to the larger of his 1964 allotment or his 3-year base (but not more than 15 acres) without being subject to marketing quota penalties. Penalties would apply to wheat in excess of this limit. Such a grower will not be eligible to vote in the referendum, however, and he would not be eligible for price support or diversion payments.

If at least two-thirds of the growers voting in the referendum approve quotas for the 1964 wheat crop, price support will be available to participating growers who keep within their acreage allotment at (a) $2 a bushel, national average, on certificated wheat, and (b) $1.30 a bushel, national average, on noncertificated wheat; and diversion payments will be made to growers on acreage diverted from wheat production into a conserving use (including the acreage reduction reflected in the farm allotment).

If more than a third of the growers voting in the referendum oppose the 1964-crop wheat quotas, price support at 50 per cent of parity (about $1.25 a bushel) will be available to participating growers who keep within their acreage allotments. Without quotas, no diversion program would be in effect. As in the past, the allotments will remain in effect, whether or not quotas are approved for the 1964 wheat crop.

FFA Convention Set May 5 Thru 7

Sessions Scheduled on St. Paul Campus 'U' of M.

More than 2,400 Minnesota rural boys will attend the 34th annual Minnesota Future Farmers of America Convention and Leadership Training Conference, May 5-7 on the University of Minnesota St. Paul Campus.

Participants will take part in contests, business sessions and tours. Theme of the convention is "Agriculture—Vital to America."

The convention will open with a talent show Sunday evening, May 5 and will end with an awards assembly Tuesday afternoon.

Monday morning will feature judging contests and the first annual creed contest. An awards luncheon to honor State Farmers, District Star Farmers and National FFA Foundation Award winners will be Monday noon. Later that day, all judging team members will attend special educational classes, where University faculty members will explain teaching, research and professional opportunities.

The delegates will leave the campus Monday evening to attend the 27th annual convention banquet in the St. Paul municipal auditorium. Governor Karl Rolvaag and Duane Leach, Winnebago, Minn., national FFA vice president, will be principal speakers.

Other special features will include the annual hand milking contest between the State Star Dary Farmer and Minnesota's "Princess Kay of the Milky Way," 9 a. m. Tuesday in front of Coffey Hall.

The state FFA parliamentary procedure contest will be held Tuesday morning and the state FFA public speaking contest Tuesday afternoon. State FFA band and chorus concerts are also slated for Tuesday afternoon, followed by the final awards asembly.

Missionary Will Speak Sunday at Covenant Church

Rev. Kenneth Lundell, missionary to Japan, will speak Sunday at both the morning and evening services at the Mission Covenant church in Thief River Falls. Colored slides will be shown during the evening service.

Rev. Lundell earned his Bachelor of Arts degree at the University of Minnesota and was graduated from the North Park Theological seminary. He was born at Lake Bronson and is a member of the Jupiter Evangelical Mission Covenant Church of Kennedy.

Rev. and Mrs. Lundell were called to missionary service in Japan under the Evangelical Covenant Church of America at the annual meeting held in Minneapolis in 1957. They arirved in Japan during the summer of 1958.

Following two years of language study at Tokyo, the Lundells moved to the Chigasaki station. Besides continuing study of the Japanese language, they held weekly Bible classes and evangelistic services and carried on a full Sunday program at Samukawa, a nearby town of 10,000 inhabitants. In addition, a regular weekly English conversation and Bible study class was conducted for adults in Chigasaki.

BAD NEWS

Legislative Letter

from ANDREW SKAAR
STATE REPRESENTATIVE

Work of the 63rd session of the Minnesota Legislature is rapidly drawing to a close. Many of the committees, which have been in session for weeks to consider bills referred to them, will hold their final meetings this week.

All of the subcommittees on appropriations have reported to the full committee, a sure sign that the business of the legislature is nearing an end. These are the subcommittees on education, highways, welfare, state departments and semi-state departments. The so-called omnibus appropriation bills provide funds for the major portion of the state's needs for the next two years.

The full committee on appropriations still has a large number of bills on which to act, the major ones being the maximum effort school aids, higher education and the $55 million natural resources bill.

The natural resources bill would finance a number of very desirable projects for accelerated development of our natural resources. The program includes acquisition of lands for public access to lakes and streams, wetlands for waterfowl propagation and game cover, natural spawning areas for fish and state park expansion and development.

Soil conservation district planning, reforestation of state-owned lands, tree-planting aids to counties, construction of forest roads, wildlife and fisheries development, statewide recreation planning and mapping and water studies are incorporated in this far-reaching conservation program. It is to be financed by a one-cent increase on a pack of cigarets.

The major portion of these projects will be carried out in northern and northeastern Minnesota and to some degree will alleviate unemployment in the northeastern section. This is to be a 10-year program and a 10-man committee, five from the House and a similar number from the Senate, and is to be appointed to serve in an advisory capacity to the Commissioner of Conservation. A function of this committee is to see that legislative intent is carried out.

Sentiment of the legislators is to complete their work as soon as possible, and to carry this through committees have been meeting nights and Saturdays. The House is holding Saturday sessions and very soon will start convening in the morning as well as for the traditional afternoon meeting. A sense of accomplishment is encouraging us to put in whatever hours are necessary to get the job done. Any major differences in appropriation bills between the House and Senate will be ironed out in conference committee.

The Senate on Saturday passed the Ker-Mills bill and the House is expected to act favorably on the measure this week.

It looks now as though we can wind up the session in about two weeks.

8,610 Drivers Forfeit Licenses During 1962

The Minnesota highway department revoked 8,610 drivers licenses during 1962, a drop of 562 from the previous year.

Driving while under the influence was by far the greatest cause of revocation, with 6,963 licenses revoked for this reason. Next was speeding, and drivers with three offenses within a 12-month period, accounted for 1,008 revocations.

Other causes for revocation were hit and run, 276 revocations; careless driving (third offense), 473; stolen car, 74; convicted of a felony committed while using a motor vehicle, 128; criminal negligence or manslaughter, 20; violation of restricted license, 653; implied consent law, 34.

When a license is revoked for careless or reckless driving or for driving under the influence of alcoholic beverage or narcotic drug, the person involved cannot be issued another license until he has successfully passed a license examination as required for an initial license, according to state law.

The highway department is empowered under state laws to revoke the license of any driver upon receiving a record of a driver's conviction of:

Manslaughter or criminal negligence resulting from the operation of a motor vehicle;

Operating a motor vehicle under the influence of intoxicating liquor or narcotic drug;

Any felony in the commission of which a motor vehicle was used;

Failure to stop and disclose identity and render aid, as required under the laws of this state, in the event of a motor vehicle accident resulting in the death or personal injury of another;

Perjury of making a false affidavit or statement to the department, relating to the ownership or operation of a motor vehicle;

Conviction, plea of guilty, or forfeiture of bail not vacated, upon three charges of careless or reckless driving or illegal speeding committed within a period of 12 months;

Conviction of an offense in another state, which, if committed in this state, would be grounds for the revocation of the driver's license.

Mechanical Washers Clean Highway Signs

This is the last year Minnesota Highway Department maintenance crews will be out on the roads "hand-scrubbing" the 165,000 signs posted along the state's 11,800-mile trunk highway system.

The annual spring clean-up chore is now undergoing a dramatic change, and by the end of this year another of the old ways of doing things will have vanished into the past because the department's sign washing method will be fully mechanized.

In mid-1962, the department purchased two portable sign washers after a test showed one washed 108 reflectorized signs along five miles of Trunk Highway 169 in two hours and five minutes. Many of the signs were so dirty they were illegible.

The two washers were assigned to the Golden Valley and St. Paul Park Maintenance areas and proved so successful the department recently purchased eight more, on a bid basis, from the same firm. This will place one or more washers in eight of the maintenance areas this spring. By the end of the year there will be one or more washers in each of the 16 maintenance areas covering the state.

A two-man crew with a portable washer cleans about 400 signs a day, whereas a two-man crew with buckets and brushes can clean only 50 a day. And besides doing a faster job, the washers do a cleaner job.

Besides washing signs, the washers will also be used to clean reflectorized barricades.

The washers are truck-mounted and powered by gasoline engines. They use a water and detergent solution. Although each will take the place of several men on sign washing duties, they will not cut down on employment — they simply will release men to perform other maintenance operations that have to be done.

THE HAPPY SOUL

Happiness isn't formed with facial muscles. It is deeper than a smile. Its brightness is merely mirrored in shining eyes.

Happiness is the warm fertile climate with which God has endowed each human soul. It will flourish as long as our hearts and minds are exposed to the radiance of God. And, for those who discover early the spiritual center of happiness, no storm of life can ever penetrate so deeply as to chill the joy of the soul.

Are you less conscious of that inner happiness than once? Perhaps you're living in the shadows . . . groping in dark forests . . . only a glimmer of God's truth filtering through.

Bring your soul out into the sunlight. Seek joy where it is found. The Church points the Way.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

RAZING of buildings prior to the construction of a J. C. Penney company store at the corner of Main avenue and Third street in Thief River Falls continues this week. In the above photo, the cornice of the former Montgomery Ward building's north wall is being removed. When complete remodeling is completed, the corner will be filled with a one-story, modern building with 100 feet of frontage on Main avenue. With the moving of the Penney company into the new facility prior to the 1964 construction season, the present Penney building will be razed to provide space for a new F. W. Woolworth store.

Business-Clergy Day Attended by 30 on Thursday

Pastors, Businessmen Discuss Problems; Dr. Leo Herber Presides

About 30 clergymen and businessmen attended the annual Business-Clergy Day held Thursday noon in the Rex cafe. The evnt is sponsored each year by the education committee of the Thief River Falls Chamber of Commerce.

Dr. Leo Herber, chairman of the Business-Clergy Day Committee, presided at the meeting and gave the invocation. Gene Belto, president of the Chamber of Commerce, delivered the welcome.

Robert Wurst, president of Jobs, Inc., explained the operation of the organization and provided answers to critical remarks which have been made in regard to the organization.

A question was raised as to the similarity of the Area Redevelopment Administration, Rural Areas Development, Chamber of Commerce and Jobs, Inc., asking if they all were trying to accomplish the same objectives. It was explained that ARA and RAD are government - conceived programs and that they are dependent on local work. The Chamber of Commerce is a private organization, national in scope, while Jobs, Inc., is geared to improving Thief River Falls.

Rev. R. A. Wangberg, pastor of Trinity Lutheran church and president of the Thief River Falls Ministerial association, presented the response for the clergymen attending. He recognized the need for cooperation between business and clergy, noting that when closed church doors are seen you also see abandoned farms and empty business buildings.

Morris Goddard, manager of the J. C. Penney company, explained the Chamber of Commerce retail trade committee position on Good Friday store hours and why action taken was handled in the way it was.

DR. O. D. BEICH

Dr. Beich Named to Succeed Dr. Martin as Lions Club Head

Was Elected Wednesday; Ray Ulferts Addresses Group on Public Library

Dr. O. D. Beich, local optometrist, was named to succeed Dr. George B. Martin as president of the Lions club in its annual election of officers held last Wednesday noon. He will take over his new duties July 3.

Others elected include Clifford Bjorkman, J. J. Womack and Ralph A. Luhman, respectively first, second and third vice president; Philip Kays, who continues as secretary; R. J. Dryden, lion tamer; Carl Paulson, tail-twister; Philip Hess, assistant; and Clarence Mattson and Gordon Reierson, directors. Election of a treasurer was deferred.

Guests at the luncheon, introduced by Neal Fox, program chairman, were Les Anderson of the Eastman Kodak Co., Minneapolis, who supplied piano selections; and Ray Ulferts, member of the Carnegie library board, who spoke in connection with the observance of National Library Week.

Ulferts gave a brief history of the local library, dating back to 1900, when it was established by a group of public-spirited women. He told of the institution's value to the community and to the individual, and said that the present building is badly overcrowded.

Burglars At Alvarado Oil Get Surprise

Find Attendant At Car with Shotgun, Escape Exit Blocked

Two Canadians found a small town filling station to be their downfall early this morning when their break-in was foiled by alert station personnel and a bevy of law enforcement officers. Forced to flee on foot when they found a station attendant covering their car with a shotgun, they were apprehended without being able to leave the village.

All the action took place at Alvarado this morning. Ralph Dahlstrom, owner of Alvarado Oil company, was alerted by a station attendant that "something was going on" at the station. Dahlstrom called Marshall county Sheriff Oscar Erickson about 3 a. m. and the chain of events began.

While Sheriff Erickson headed west out of Warren toward Alvarado, he made good use of his two-way radio. Within 45 minutes after the call was made, there were 10 radio-equipped cars in the village to assist in the capture, Sheriff Erickson said.

Clarence Anthony Dergo of Regina, Sask., and James Norman MacPherson, Calgary, Alberta, had broken into the station and had taken a transistor radio, cigarettes and change from a cigarette machine. When they left the station they found Clarence "Casey" Erickson, station attendant, covering their stolen 1963 Buick with a shotgun. Abandoning the car they fled on foot into the village.

Attempts were made by the men to take four other cars. One owned by Joe Dudinski wouldn't start because the automatic transmission was in gear; one owned by Leonard Kleven was driven two blocks and abandoned on a dead-end street; one owned by Lorna Stavig was driven into a ditch; and a fourth, owned by Goodwin Lofstrom, was backed from a garage in the south portion of the village and the men were in it when captured.

Sheriff Erickson said assistance was given by four U. S. Border Patrol cars; Tygve Ingebregtsen, Kittson county sheriff; Charles Richards, Pennington county sheriff and deputy Eugene Prestegaard; Paul Caouette, Polk county sheriff and deputy Earl Mosher; Harold Steffen, Warren police patrolman; and Milan Sorenson, Marshall county deputy sheriff. Cars converged on the village from all directions and roadblocks were effective almost as soon as the men fled the station area.

Border Patrol officers coming to provide assistance were Keith W. Hill, Herb Salley, George Murphy, George Vincent, Rodney King and John Nelson.

Dergo and MacPherson have both been involved in break-ins and burglaries in Montana and Canada and have served prison sentences both places, Sheriff Erickson said. They are being held at Warren. A bag of money from Warren Cooperative Creamery was found in the car, solving an early-morning break-in at Warren before the theft was discovered.

Deer Park 4-H Wins County Play Contest

WINNER in the Pennington county 4-H Share-the-Fun festival held Thursday evening at the Lincoln high school auditorium was the Mavie 4-H club girls barbershop quartet. Left to right are Judy Oski, Cathy Oski, Kathy Svendsgaard and Karen Svendsgaard. The girls sang "Mississippi" as their contest number and were selected as a nominee for the district contest.

Happy Acres and Mavie Acts Top Share-the-Fun

Presenting the play "The Ghost from Outer Space", the Deer Park 4-H club captured first place honors in the Pennington County 4-H play contest held Thursday evening at the Lincoln high school auditorium. Winners selected in the share-the-fun festival included a Mavie 4-H club quartet and Happy Acres pantomime. About 400 people attended the event.

Members of the winning play cast, directed by Mrs. Roman Radniecki and Mrs. Richard Lambert, were Faye Stucy, Regene Radniecki, Cheri Jensen, Korydon Chervestad, Mike Radniecki, Patty Radniecki and Keith Radniecki. Mike Radniecki was selected by the judges as the outstanding actor of the evening, for the second successive year, with Carol Peterson of the Silverton club named the outstanding actress.

Comprising the winning Mavie 4-H barbershop quartet were Karen and Kathy Svendsgard and Judy and Cathy Oski. Their winning selection was "Mississippi". "Have I Told You Lately That I Love You?" was the title of the music number used for pantomime by the Happy Acres group comprised of Bruce Parnham, Ken Mehrkens and Myles Koop.

Other plays entered in the contest came from Black River and Silverton. Included in the Silverton play, "Pig of My Dreams", were Ross Hanson, Carol Peterson, Leslie Nelson, Charlotte Myers and Darlene Iverson. Directors were Mrs. Harold Dupree and Lloyd Nelson.

In the Black River play, "Borrowed Tails," the cast includes Kenny Witt, LouAnn Johnson, Judy Johnson, Kathleen Hawkinson, Terry Johnson, Linda Scholin, Robert Hirst and Karen Witt. Coaches were Mrs. Edgar Naplin, Mrs. Robert Hirst and Mrs. Leonard Melin.

In addition to the winning share-

Lettermen Honored

LHS Athletes Are Guests at Banquet

"I am envious of you boys tonight," stated "Bud" Grant, head coach of the Winnipeg Blue Bombers football team, in addressing lettermen at the annual Lincoln high school athletic banquet Wednesday evening at Zion Lutheran church. The event was co-sponsored by the Rotary, Lions, Chamber of Commerce and Jaycees organizations.

"Athletics have made up a big part of my life," the coach continued. "If someone was to ask me about an incident in a game we played last season, I am sure I would have trouble remembering it. But if someone was to ask about one of the high school games in Wisconsin back in 1945, I am sure I could remember the play, the time, the weather conditions and the players involved."

Grant's talk and a movie of the 1962 Grey Cup game, symbolic of the championship of Canadian football, were highlights of the annual event which was attended by a near-capacity crowd of about 250 people. Rev. Leland Steen, pastor of Zion Lutheran, pronounced the invocation and music selections were provided by an instrumental ensemble from Lincoln high school.

Maynard Troland served as toastmaster with the welcome given by J. M. Roche, president of the Rotary club. Ralph Skay, athletic director, introduced the 24 coaches in various phases of elementary and high school athletics and cheerleading. Coaches then introduced letter winners in their respective sports.

Jurors to Report for Duty Tuesday in District Court

Jurors for the 1963 spring term of Pennington county district court in Thief River Falls will report at 9:30 a. m. on Tuesday, April 30, according to Henry Storhaug, clerk of court. First case to be tried will be that of the State of Minnesota vs. John A. Taylor, an appeal from court.

Rites Conducted for E. J. Rustad, 74

Funeral services for E. J. Rustad, 74, a long time resident of the Thief River Falls area, who passed away at his home on Tuesday evening, April 23, were held Saturday, April 27, at Trinity Lutheran church. Reverend Harold Peterson officiated, and burial was made in the Trinity church cemetery at McIntosh. Sinding's Funeral Chapel was in charge of arrangements.

Mr. Rustad was born July 16, 1888, at McIntosh, where he also received his elementary and high school education. He later attended Aaker's Business School in Fargo, N. D. and was then employed in that city. In February, 1910, he was united in marriage to Lena Shae at Lake Park. They resided in Fargo for two years, coming to Thief River Falls in 1912 to establish their home. They have lived here since that time.

One of the founders of the Northern Woodwork Co., he was also an honorary member of the Pennington county Sportsman's Club, and its past president, secretary and treasurer. He also was the first president of the TRF Builders' Exchange, and an active member of Trinity Church.

Survivors include his wife, Lena; three sons, Arnold, St. Paul; Lloyd and Kenneth, both of this city; two daughters, Bernice (Mrs. Ronald Conklin), San Francisco, Calif., and Irene, (Mrs. Gary Wentz), Moorhead; Two brothers, Herman, Grand Rapids, and John, McIntosh. There are also 14 grandchildren surviving.

He was preceded in death by one brother, Ole and one sister, Agnes.

Pennington Safety Council Receives Education Award

Pennington county has been judged a winner in the 1962 Minnesota Traffic Safety program, according to word received Friday by Charlest Richards, county sheriff and immediate past-president of the county safety council. The announcement was made by Thomas F. Gallagher, president of the Minnesota Safety Council.

Formal presentation of the honor, and Award of Merit, in recognition of traffic safety education will be made at the Governor's award presentation dinner of the Minnesota Safety Council. This event will be held on Thursday, May 23, at 6 p. m. in the Leamington hotel in Minneapolis. Gov. Karl Rolvaag will make the formal presentation to the designated recipient from Pennington county.

"It will be the privilege of the Thief River Falls Safety Council, in cooperation with your county officials, to designate the person to receive the award for Pennington county from Governor Rolvaag at this presentation," the letter from Gallagher stated.

County Meetings To Explain '64 Wheat Program

Three education meetings for the purpose of briefly explaining the 1964 wheat program have been scheduled in Pennington county, according to Patrick W. Culkins, office manager of the Pennington County Agriculture Stabilization and Conservation Service office.

Meetings are scheduled for tonight at the Highlanding hall, Thursday, May 2, at the St. Hilaire fire hall; and Tuesday May 7, at the Pennington County courthouse in Thief River Falls. All meetings will begin promptly at 8 p. m. and the general public is invited to attend.

Valley Home To Receive Guests Here On June 1

June 1 has been tentatively set as the opening date of the new Valley Home for the Aged and applications for admission will now be considered, the board of directors decided at a meeting held Thursday night. Interested applicants are invited to inspect the building and the applications should be directed to Stuart McLeod, secretary.

The monthly rate for single rooms, including meals, will be $125. For double rooms the charge will be $95 per person. There will be additional charges for those who require special services. Three apartments, completely furnished for housekeeping, will also be available.

COUNTY, 4-H winner in the Pennington County 4-H 1-act play contest held Thursday evening at the Lincoln high school auditorium in Thief River Falls was the Deer Park 4-H club entry, "The Ghost from Outer Space." Mike Radniecki, seated at left, played the part of Murphy in the Deer Park play and was named outstanding actor. Selected as outstanding actress was Carol Peterson, Silverton 4-H club, seated at right. Others involved in the Deer Park play included the following, left to right: seated, Faye Stucy, Keith Radniecki and Patty Radniecki; standing, Mrs. Richard Lambert and Mrs. Roman Radniecki directors; Regene Radniecki, Cheri Jensen and Korydon Chervestad, cast members.

Lincoln Vocalists in Concert May 6

The annual formal spring concert by Lincoln high school vocal groups will be presented in the school auditorium next Monday evening, May 6, at 8 o'clock under the direction of Bryant Ulseth, vocal music instructor. Participating will be the junior high schol chorus, the Lincoln Singers and the concert choir. Children will be admitted free, while a small charge will be made for adults.

The junior chorus, with Jodi Martin Linda Broughten, Nancy Flynn and Jacky Myrin as accompanists, will sing "The Spacious Firmament," Haydn; "Columbia the Gem of the Ocean" and "In the Good Old Summer Time".

The Lincoln Singers, accompanied by Linda Jensen, will sing "He's Gone Away", southern folk tune; "Now the Day is Over" and spirituals.

The concert choir, accompanied by LuAnn Johnson and Kathy Ose, will sing "Cry Out and Shout", Nystedt; "Spring", Greig; "That's the Idea of Freedom", Copland; "Moon River", spirituals and other secular selections.

Several ensembles and soloists will present selections performed in the State Area Music Festival held on May 3 and 4.

The girls' glee club will also present its contest selections: "Prepare the Hymn, Prepare the Song", by Handel; and "Allelula", Mozart.

City To Lease Collection of Garbage May 1

Garbage collection in Thief River Falls will be handled by lease agreement effective May 1, according to Gordon Reierson, city clerk. The collection service has been leased by the city to Max Jensen with the same pick-up schedule to be followed as has been used in the past.

Billing will be done through the city office as in the past and the rate for collection will also remain the same. Jensen will offer an additional rubbish collection service at an additional cost and particulars are available from Jensen.

Elected last Tuesday were the following: Clarence Ellingson, Dist. 1549, three-year term; Juell Chervestad, Dist. 1553 and Edwin Halverson, Dist. 1542, two-year terms; Martin Wedul, Dist. 1556 and Lester Arveson, Dist. 1558, one-year terms.

Previously elected from the urban districts were Ernest Swanson, Dist. 561, Goodridge, three-year term; Morris Owen, Dist. 564, Thief River Falls, two-year term; and Dale Carlson, Dist. 562, St. Hilaire, one-year-term.

An organization meeting will be called after July 1 by Dr. David M. Brown, Goodridge, county school administrator for Pennington county. This meeting will be in accordance with the recommendation of B. N. Hendrickson, consultant in school district reorganization for the Minnesota Department of Education, Dr. Brown said.

Pennington county school board members joined with school board members from Red Lake county for the joint county school officers meeting. Information on current legislation, school laws and school transportation was presented by Eugene R. Meyer, director of ungraded schools, and M. J. Haggerty, supervisor of transportation, both with the Minnesota Department of Education.

Mrs. Mary Drees, county superintendent of schools for Red Lake county, was in charge of arrangements for the event.

Traffic Mishaps Total $850 Loss

Two Crashes Checked by Police Last Week

Two traffic accidents with damage totaling about $850 to three cars involved were investigated by the Thief River Falls police department this week. Several check forgeries were also cleared by the department.

First of the two accidents occured Thursday at about 9:35 p. m. when a car driven by Emil A. Horejsh, city, was traveling south on Tindolph avenue. The car struck a car owned by John D. Nelson, city, parked facing north in the 500 block. Damage was estimated at $400 to the Horejsh car and $250 to the Nelson car with charges pending investigation of the mishap.

At noon Sunday, a car driven by John Peltier, rt. 3, Thief River Falls, was traveling north on highway 59 when his car went into the left ditch, crossed the ditch and struck a telphone pole. Peltier told police he had pulled out to pass a car and when his car started to skid he applied the brakes and went into the ditch. About $200 damage was done to the car and the case is under investigation.

Forged checks which were cashed at Lincoln high school and two Thief River Falls business places were cleared up last week with the apprehension of a 14-year-old boy by school authorities. The boy was questioned by police and charges are pending in the case.

Arrangements for a five-year contract were completed between the Thief River Falls Chamber committee and the Mousley Sign company Thursday for establishing and maintaining the Chamber's highway billboard program. Main billboard is the large "Save Time—Stay On 59" sign located at the Erskine corner.

Elton Cummings is chairman of the community welfare committee with Wilbert Maves as chairman of the sign committee. A tour will be held on May 7 to view the signs now in use and to take pictures of them.

Local Dentists at State Convention

Drs. Snyder, Johnson and Ewing Attend Sessions

Three Thief River Falls dentists were among more than 5,000 persons attending the 80th annual session of the Minnesota State Dental association in Minneapolis last week. They were Drs. C. E. Snyder, M. J. Johnson and J. W. Ewing.

The group was told by the president of the American Dental association that the profession must push fluoridation of community water supplies more militantly.

"We have been naive in assuming that the public would accept this health boon enthusiastically," declared Dr. Gerald D. Timmons, dean of Temple university school of dentistry, Philadelphia.

"In many areas, the public has been confused by opponents of fluoridation who often employ emotional appeals to defeat it."

Loyalty Day Will be Observed by Display of Flags

Since May 1 has been selected as Loyalty Day in the United States, all local citizens are requested to display their American flags on that day, according to representatives of the Thief River Falls Veterans of Foreign Wars Post.

Several years ago the VFW launched the Loyalty Day observance to counteract communist disdain for democracy. Communists have used May Day for special celebration of their anti-freedom principles and criticism of the Western world.

Members of the local VFW will participate in the Loyalty Day parade in Moorhead on May 4. The parade is sponsored by the Military Order of the Cooties and will start at 2 p. m. in downtown Moorhead.

Harold Myers and Mark Bruggeman of Thief River Falls were respectively elected secretary and reporter for Region One at the annual election. Mike Johaneson of Goodridge was elected sentinel.

KITCHEN KARNIVAL

Features from the kitchen of
MISS LAURA DUERST

Curious as to what a county home agent would consider one of her own favorite recipes after being constantly exposed to so many ideas from which to choose, we contacted our own Pennington county agnt, Miss Laura Duerst. She furnished this simple, easy-to-fix but delicious recipe for butterscotch squares. They were favorites at her home, she said, and when she took a carful of Pennington county 4-H'ers to the state fair, she thought that these treats would make for pleasant nibbling along the way. An attest to their popularity came a short time later when the mothers of the youngsters all asked her for the recipe. Nothing should need any more recommendation than this!

BUTTERSCOTCH SQUARES

½ cup butter
2 cups brown sugar, firmly packed
2 eggs
2 teaspoons baking powder
1 teaspoon vanilla
¼ teaspoon salt
1 cup broken nut meats or or dates

Melt butter in a heavy saucepan or skillet. Add sugar and bring to a boil over low heat, stirring constantly. Cool. Add flour mixture, vanilla and the nuts or dates. Mix well. Pour into a greased jelly roll sheet (15½x10½x½ inch deep). Bake at 300 degrees for about 30-35 minutes. When slightly cool, cut into squares. Yield: about 3 dozen 2 in. squares.

Miss Duerst is a native of Lyle, which is near Austin. She was a 4-H'er for 12 years, and received several honors in the livestock and home economics projects. She is a 1961 graduate of the U of Minnesota, where she majored in home economics. While there, she was active in the Home Economics Association, Beta of Clovia sorority, student government, United Campus Christian Fellowship, and several other activities. Miss Duerst was a farm girl, which is not surprising. She has one brother, a junior in college.

Medical Society Has Meeting Here

Members of the Red River Valley Medical Society met Friday, April 19, at the Rex Cafe in Thief River Falls. The primary purpose of the meeting was to discuss methods of improving relationships between mental patients, discharged from state hospitals to their homes, and the family physician, who was responsible for their care before the patient's hospitalization.

Cleanup Week Is Good Time to Eliminate All Fire Hazards in Home

Homeowners should use the Spring Clean-Up campaign to rid their homes of fire hazards, Lewis A. Vincent, general manager of the National Board of Fire Underwriters, said today.

The clean-up drives now getting underway in this city and across the country are the perfect time to throw out the trash that has accumulated in basements or attics and to make the repairs that cut the danger of fire, Vincent said.

He noted that there are about 800 home fires a day in the United States, and three-quarters of them *are the result of carelessness or forgetfulness.*

Last year, Vincent reminded, more than 11,800 persons lost their lives in fires and thousands were seriously injured. Property losses soared to a record $1,265,002,000, the sixth year in a row that losses topped the $1 billion mark. The total bill for the six-year period was almost $7 billion.

"It is almost impossible to comprehend such a figure," he said. "One example of its size is this: If you counted at the rate of a dollar a second, it would take 222 years of non-stop counting to reach 7 billion.

"There is no telling how much higher these figures would have been were it not for the Spring Clean-Up Week, Fire Prevention Week and the annual Christmas Fire Safety Campaigns, Vincent said.

There is no doubt, he continued, that the campaigns are proving effective fire deterrents.

"We must congratulate those who direct Clean-Up Week activities," Vincent said. "Their suggestions and slogans have been translated into safer communities."

There is nothing complicated about any of these suggestions, he observed. They are simply common sense precautions.

"Nearly one-fourth of all fires are caused by matches or smoking," he said. "Many of these could be prevented by following three simple rules — keep plenty of ashtrays handy, never smoke in bed and keep matches away from children."

Another 20 per cent are due to misuse of electrical equipment. Steps you can take to safeguard life and property include the use of equipment tested and listed by Underwriters' Laboratories, Inc., keeping it in good repair, and not overloading household wiring circuits.

MEMBERSHIPS in Ecklund-Holmstrom Post 117 of the American Legion were collected by H. T. Colbjornsen, Parkers Prairie, Ninth District commander, when he stopped at Thief River Falls Saturday as part of his aerial roundup. He collected only 11 stray memberships, but was told by LeRoy Nabben, membersaip chairman, that the local post had exceeded its quota of 600 members by 37. John Elsbrener, local commander, noted that Nabben, M. R. Levorson and Orville Hanson had each signed more than 100 members this year. Pictured above, left to right, are the following Legionnaires: front row, M. R. Levorson, H. T. Colbjornsen, LeRoy Nabben and Martin Rantanen, pilot for the aerial roundup; back row, John Elsbrener, A. E Jorgenson, J. M. Smillie and Orville Hanson.

35 Children Were Examined at Field Clinic on Tuesday

Department of Welfare and Local Woman's Club Sponsored Annual Event

A total of 35 boys and girls from seven counties suspected of having heart, orthopedic, or other physical disabilities had examinations at the field clinic conducted Tuesday in Thief River Falls by the crippled children services of the state department of welfare. Mrs. Joe Dostal Jr., local chairman, reported.

On the clinic staff were an orthopedist to examine the youngsters for crippling bone and muscle conditions; a pediatrician who saw the younger patients; public health nurses and a consultant from the crippled children services to assist the doctors and to aid patients in arranging for neded hospitalization or home care.

Public health nurses present at the clinic were Mrs. Margaret Race, local school nurse, and Mrs. Carlyne Raymond, Marshall county nurse.

Clinicians were Dr. Kenneth Coney and Dr. R. F. Schnabel, both of Crookston.

Mrs. Andy Williamson headed a group of registered and practical nurses who assisted in the clinic, which was sponsored locally by the Thief River Falls Woman's club.

Rev. G. S. Thompson Going to New York

Former Local Pastor to Serve Lutheran Council

The Rev. G. S. Thompson, formerly of Thief River Falls and since 1964 senior pastor of the First Lutheran church of Eau Claire, Wisconsin, submitted his resignation April 21 to accept a position with the National Lutheran Council in New York City.

Mr. Thompson, who served here as pastor of Trinity Lutheran church before going to Eau Claire, recently was elected by the national church group to serve as executive secretary of its division of welfare. He will leave with Mrs. Thompson for New York June 15.

During his period of service in Eau Claire, a $415,000 education building was erected at his church. The Thompsons have three sons: David, pastor of a church in Bay, Wisconsin; John, in the U. S. Army for 18 months, serving in Okinawa; and Fred, who plans to attend Concordia college in Moorhead next fall.

State Senate Passes Bill to Boost Pay of Legislators to $3,600

Only 24 hours after it was first proposed, the Minnesota state senate gave loud, shouted approval Tuesday to a bill giving Minnesota legislators a 50 per cent salary boost.

Only a few scattered no's were audible as the 67 senators went on record for $3,600 yearly pay checks for themselves and 135 House members, compared with the $2,400 they now receive.

The increases are expected to find favor also in the House, but probably not until a conference committee resolves various differences in allotments between the Senate and House versions of the major money bill.

The salary of Lt. Gov. A. M. Keith, set at double that of legislators, will go to $7,200 yearly instead of his present $4,800. Total of the legislative increases was set at $344,800 a year.

Legislators last had a pay raise on Jan. 1, 1957, when the rate rose from $2,000 a year to $2,400.

The action came on motion of Sen. Paul Thuet of South St. Paul, the minority leader, after the majority leader, Sen. John Zwach of Walnut Grove, said the present salary didn't cover his expenses while serving in the legislature and that he devotes nearly 80 per cent of his time to igislative activities.

Only two opposing speeches were heard among a number of expressions of approval from both conservatives and liberals.

CHAMBER L.I.F.E.

Living-Industry-Farming-Education

By Rolly Larson
Manager Chamber of Commerce

You and I have a job to do. We are the ones who can produce—right now for Thief River Falls. All we have to do is roll up our sleeves and go to work.

Today begins Cleanup-Paintup-Fixup weeks here in Thief River. Nearly every group and individual will be involved in this city-wide campaign. What each of us can do to straighten up our properties is strictly up to our own imaginations. Schools, churches, the city, the Chamber and many more groups will be talking Cleanup-Paintup constantly for the next couple of weeks.

At our homes we can wash windows, scrub floors, clean house and find hundreds of paint, patch or fix jobs. Some of us might even look into the various home improvement programs that are available.

The main thing is that each of us does something in accordance with the Cleanup-Paintup-Fixup campaign. The improvement in civic pride alone should be worth the effort. The physical or outward improvements, of course, simply make our city that much better. So the results of this campaign are up to each of us. Without city-wide support the effort will be fruitless, as in everything else, the best helping hand is our own so let's use it.

Then let's keep up the crusade all year long and appreciate our town as we Shop and Trade Where Bargains Are Made—Here in the Heart of Northwest Minnesota, Thief River Falls.

Plan Antique Farm Equipment Show

Would Be Displayed in the Winter Shows Arena

Pioneer farm equipment and past modes of transportation would be displayed at the Red River Valley Shows Arena during the summer months if enough persons in the valley area are willing to lend their prized antiques to make the show possible.

Officials are looking for items in showable condition such as antique plows, harrows, engines, tractors or other farm equipment as well as carriages, sleighs or antique cars. Easy access to the show from Highway No. 75 north of the City of Crookston makes it an ideal location for an exhibition of this kind.

Those furnishing items for the show will be helping to provide an interesting and educational exposition for residents of the valley as well as for visitors to the valley area. The board would assess a nominal visitors fee to off-set costs of maintaining the exhibit.

Persons who have such equipment to exhibit are asked to contact Vic Hodgson, executive director of the shows with information about the items they have to offer. Each exhibit will be identified as to the owner and other information of interest.

National Guard Inaugurates New Enlistment Plan

Men With Previous Military Service May Enlist for Trial Period

The Minnesota Army National Guard this week inaugurated a new enlistment program under which men with previous military service are offered a unique opportunity to enlist in a unit for a one-year "trial" period, rather than the customary two or three-year minimum.

The program is open to men up to 60 years of age who have previous military service either on active-duty or in the reserve components. Provided there are unit vacancies, they may enlist at the last military rank they held.

Announcement of the new program was made by Major General Chester J. Moeglein, state adjutant general.

Called "Try One", the program is modeled on a similar plan established by the Minnesota Air National Guard several months ago.

Army National Guard officials, realizing that a large number of men hesitate to join the Army Guard ranks for a three-year hitch because they are not fully aware of the Guard's opportunities, believe that the "Try One" program will dispel many of their apprehensions.

The Army Guard is hopeful the new program will attract men with considerable experience and training who can fill a wide variety of positions left open by the large number of World War II veterans who are retiring from the Guard after 20 years' service.

Interested prior service men can phone or write their local armory.

C of C Public Relations Group Meets on Friday

Discussion of a general meeting of the Chamber of Commerce membership and the sponsorship of a social gathering for salesmen living in the city took place at a meeting of the Chamber's public lations committee Friday morning at the C of C office.

Russell Embury was named by committee chairman Orville Hanson to assist with plans for the general meeting which is expected to be held sometime in May. The salesmen's meeting is being planned for this fall.

Next activity handled by the public relations committee will be a noon luncheon on Saturday, May 4, for superintendents, band directors and chorus directors attending the state-area music festival to be held in Thief River Falls. The event will be held in the basement of the Rex Cafe.

Rites Thursday For Knute Vake, Oklee Resident

Final rites for Knute Vake, 61, lifelong resident of Oklee, who died Sunday, April 28 at Fosston, will be held on Thursday, May 2, at 2 p. m. from Zion Lutheran church at Oklee. Officiating will be the Reverend E. L. Sathre. Burial will be in the Oklee cemetery.

The body may be viewed at Sinding's Funeral Chapel from Tuesday evening until Thursday noon, and at the church for an hour previous to the services.

The next issue of the Times will carry a complete obituary.

Miss Ina Elliott Dies Here Sunday; Rites Wednesday

Miss Ina Elliott, age 76, died Sunday, April 28 at Northwestern hospital. She had been a resident of the Godfred Carlson rest home in rural Thief River Falls.

Services will be held on Wednesday, May 1, at Sinding's Funeral Chapel, with interment in the Holt cemetery.

Visitation hours have been set from Tuesday until time of the services at the chapel.

A complete obituary will follow in a later issue.

Services Held for Mrs. Jos. Dostal, Sr. Who Died at 92

Pioneer Resident Had Lived in Thief River Falls for Past 63 Years

Mrs. Joseph Dostal, Sr., a resident of Thief River Falls since 1900, pased away at her daughter's home on 107 Kneale Ave. So., on Wednesday evening, April 24, at the age of 92 years.

Funeral services were conducted Saturday afternoon at the Community Methodist church. Rev. A. Dean Headley officiated and interment was in Greenwood cemetery. The Green Funeral Home was in charge of arrangments.

Mrs. Dostal was born in Czechoslovakia on September 14, 1870. She came to America with her parents at the age of 4 years. They settled near Hutchinson, Minnesota and lived there until 1899. She was united in marriage to Joseph Dostal in 1899 and in that year they moved to Tabor, Minn., where they lived until the following year, at which time they moved to Thief River Falls. Mr. Dostal passed away in 1939.

She is survived by four daughters; Mrs. Martha Bemlott of St. Paul; Mrs. Fanni Burrell, Mrs. Agnes DuChamp and Mrs. Rose Froseth, all of Thief River Falls; four sons, Henry of Chisholm; Emil, Joe and Charles of Thief River Falls; two brothers, Joe Picha and John Picha of Silver Lake, Minnesota; 31 grandchildren, 35 great grandchildren and one great-great-grandchild.

She was preceded in death by her husband, 2 sons and one daughter, 4 grandchildren, and one brother.

Services For Wilfred Brossoit Are Held in Argyle

Final rites for Wilfred Brossoit, 80, who died at his home in Tamarac township near Argyle on April 21, were held Wednesday morning, April 24, at St. Rose of Lima Catholic church in Argyle. Father W. E. Lemen officiated at the Requiem High Mass. Interment was in the church cemetery with Carlson-Collins Funeral Home of Argyle taking charge of the arrangements.

Mr. Brossoit was born at Argyle on November 10, 1882. He attended school and grew to manhood in the Argyle community and on November 2, 1914 was married to Miss Stephanie Landerville in that village. They had since made Argyle their home.

His wife survives him, as do two daughters, Simone (Mrs. Richard Grundstrom) of Stephen, and Fidelis (Mrs. Alfred Radford) of Corning, Calif.; one son, Elie of Minneapolis; three brothers, Armand, Detroit, Mich.; Omer, St. Paul; and Orel, Stephen; two sisters, Mrs. Wilfred Morin of Crookston, and Mrs. Caroline Remme of Detroit, Mich. He is also survived by 10 grandchildren.

Preceeding him in death was one brother.

Services Tuesday For Emil Clausen, Who Died Friday

Emil Clausen, for many years a relsent of Pennington county, died Friday afternoon, April 26, at the age of 71, at his farm home near this city.

Rites will be conducted Tuesday, April 30, at 2 p. m. at the Green Funeral Chapel. Rev. Marvin O. Carlson will officiate and burial will be made in Greenwood cemetery.

The body will be lying in state at the Green Funeral Home from this afternoon until time of the services tomorrow.

The complete obituary will be found in the next issue of the Times.

Fred Brandvold, 76, Dies Sunday; Rites on Friday

Fred Brandvold, 76, of 403 N. State Ave., a long-time resident of this city, died Sunday, April 28 at the Northwestern Hospital.

Funeral services will be held Friday, May 3 at 2 p. m. at Trinity Lutheran church of this city, with Reverend Harold Peterson officiating. Interment will be in Greenwood cemetery.

Visitation hours at the Sinding Funeral Chapel will be from Wednesday evening until Friday noon, and at the church for one hour prior to the time of the services.

The Thursday issue of the Times will carry a complete obituary.

MANKATO VOTES DOWN $1,300,000 SCHOOL BONDS

Mankato residents voted 2,490 to 1,480 Tuesday against a $1.3 million school bond issue. The money would have gone for construction of two new elementary schools. It carried only two of 22 precints.

To All Telephone Subscribers

BECAUSE WE ARE COMMUNITY MINDED and responsible citizens, we feel that you, the telephone user, have the right to know what happens to those who serve you after retirement by the Bell System.

Ever since 1913 the Bell System has had a pension plan. Since 1913 there have been only minor changes to the original plan. For instance, today the amount of pension is based on the one per cent of five consecutive years wages multiplied by the number of years of service. The original plan used 10 as the base. Since 1913 an amount of the Bell System earnings have been set aside and placed into the pension fund. Today there is over three billion dollars in this fund. In fact, the interest from this fund each year is more than the amount paid to all Bell System pensioners in the nation.

Since Social Security came into the picture in 1937 the Telephone Company has been removing from the pension checks one half of our social security benefits. This deduction from the company pension checks continues as long as we live.

The fact is that Bell System pensions are near the bottom when compared with penisons of many other companies. According to a U.S. Government study, Bell System pensions are in the lower 50% of all penison plans studied.

We have asked the company before to stop deducting Social Security benefits from our pension checks. This is why this year, again, the Communications Workers of America—a democratic, responsible, community-minded labor organization, is entering into negotiations soon with Northwestern Bell Telephone Company to seek this and other needed items.

We, hope to continue keeping you, the telephone user, informed as negotiations progress, because you have the right to know.

COMMUNICATIONS WORKERS OF AMERICA, LOCAL 7220

Role of Small Farm in Wheat Vote Clarified

Just why "small-farm" wheat operators are being asked to register at their ASCS county office more than seven days in advance of the 1964 wheat program referendum was clarified today by Winton Knutson, chairman, Agricultural Stabilization and Conservation county committee.

"Small farms" are those with wheat allotments of less than 15 acres. All growers on such a farm will be eligible to vote in the May 21 referendum if the operator of the farm indicates in advance an intention to participate in the program as an allotment grower if the program is approved. This choice has to be made at the county office by May 13.

According to the chairman, voter eligibility for the 1964 wheat referendum is established by law, much the same way as state law provides that voters be legal residents of the state, subject to state laws, and registered to vote at a prescribed time in advance of the election.

No one is being told how to vote, Knutson emphasized. The referendum ballot is secret, and the producer does not have to declare in advance how he will vote on the program. The small-farm operator, like other wheat growers, may vote "yes" or "no" as he chooses.

What the small farm wheat operator indicates on the form MQ-24, which he files at the county office by May 13, is that, if marketing quotas are approved, he wants his farm to be eligible for wheat price support, for marketing certificates, and for acreage diversion payments. He is aware that these various parts of the wheat program will be available to growers who keep within their acreage allotments and meet other program provisions. The "small grower" is merely "choosing to participate as an allotment grower" in advance of the vote.

The chairman explained that former legal provisions, under which any farm could produce as much as 15 acres of wheat without being subject to marketing quota penalties, have been terminated by the new law. The new law also removed authorization for production of up to 30 acres of wheat for feed or other use on the farm where it was produced.

For 1964 each participating small farm will have an allotment which will be the larger of (a) the farm's allotment based on the national allotment, or (b) 90 per cent of the farm's average 1959-61 wheat acreage but not more than 15 acres. All the production from the participating farm's allotment acres may be marketed free of quota penalties.

Under the wheat program, a farmer with a small farm allotment who did not choose to participate in the program would be able to plant the larger of his allotment or his 1959-61 average acreage (but not more than 15 acres) without a marketing quota penalty. However, he would not be eligible to vote in the referendum, and he would not be eligible for diversion payments or price support. Wheat produced on such farms could be marketed, or used as seed or feed.

'Keep Minnesota Green' Banquet in St. Paul Friday

Governor Karl F. Rolvaag will be the main speaker at the 19th Annual Keep Minnesota Green celebration and banquet Friday, May 3rd, at 6:30 p. m. in the Prom Center, 1190 University Avenue, St. Paul, it was announced today by Floyd T. Ryan, Executive Secretary, Keep Minnesota Green, Inc.

Participating in the program will be Frank H. Kaufert, KMG president and director of University of Minnesota School of Forestry; Harold S. Olson, chairman of KMG tree farm committee; Jim Hill, WCCO Radio farm broadcaster; Nathan S. Haw, chairman, awards committee; Claude O Elling, Soo Line Railroad; and Howard E. Olson, president, Sonford Products Corporation as master of ceremonies. Exhibits will demonstrate the importance of tree farm and forest resources on 20 million acres of Minnesota land.

Dues Collection for C of C Set May 14th; D-Day

May 14 was set as D-Day when the membership and finance committee of the Thief River Falls Chamber of Commerce met Friday morning at the Rex cafe. D-Day signifies delinquent dues day to the committee which will that day embark on a dues collection campaign.

Issuing a declaration of war on delinquent dues Friday morning, the committee mapped strategy designed to capture needed funds in one concentrated campaign. Heading the forces will be the famed "Redcoats", a fearless group of dedicated individuals, who will let nothing short of checks or cash stop them.

Geared to the battle cry "The Redcoats Are Coming", the membership and finance committee is certain that the campaign will be successful. General John McGinley heads the membership and finance committee with Colonel Jack Edmiston commanding the Redcoats.

Motor vehicle travel in the United States in 1961 totaled 737,500,000,000 vehicle miles, an increase of 2.6 per cent over the previous year.

Prowler Ball Club Splits First Two

In a pair of typical early-season games, with lusty hitting, erratic fielding, and loose pitching, coach Ralph Skay's baseball Prowlers took one loss and scored one win. Playing at Red Lake Falls on Thursday afternoon, the Prowlers, after gaining an 8 to 1 lead in the top of the sixth inning, gave up ten runs to the Eagles in the last half of the inning and, although threatening in the seventh, dropped the decision to coach Mike Hajostek's club, 11 to 10. And playing at Goodridge on Friday afternoon the locals were hard-pressed to hold off the ever-trying Huskies to win by a 16 to 15 score.

On Monday afternoon, April 29, with game time at 5:00 p. m.; the Prowlers will meet the Fosston Greyhounds on the Fair Grounds diamond. On Wednesday night, May 1, with game time slated for 8:00 p. m., the Prowlers will meet the highly-rated Fertile Falcons at Fertile. And on Friday night, May 3, coach Horace May will bring his regional champion Bemidji Lumberjacks here for a game against the Prowlers, with game time at the Fair Grounds billed for 8:00 p. m.

The highlight of last week's two games were the home runs that were poled by the Prowlers' Bob Olson and David (Knobby) Erickson at Goodridge on Friday afternoon. In the fourth, with two runners on base, Olson lofted a towering fly ball over the fence in left field. And in the sixth, with a runner on base, Knobby Erickson sent a drive over the left-field fence.

CHAMPIONS of the Thief River Falls Trap club during the 1962 season were members of the Thief River Falls Times team. The team gained a 12-2 record for the season for first place over the Wilson Bros. team which finished with a mark of nine wins, three losses and two ties. Trophies were presented at the annual banquet held Thursday evening at the Thief River Golf club. Times team members left to right include, seated, Jim Rude, George Mostue and Leif Erickson; standing, Bill Dahlquist, Clarence Mattson, Robert Mattson and Marvin Lundin. Stan "Sandy" Wilson of the Bjorkman's team was high average shooter for the season with 24.1 birds.

Les' Big Series

Les DeBrlyn of the Northern Chevrolet team, bowling on the 7 o'clock shift on Thursday, rolled a 673-pin total, and, with a handicap of 49 pins, posted an aggregate of 722 pins to take over first place in the men's singles handicap tournament now in progress on the Family Bowl lanes.

Les, in amassing this fine total, and which, incidentally, shunted Red Thyren and his 690-pin aggregate into second place, had games of 194, 245, and 234. Les carries a 168-pin average in league competition, so, his 226-pin average in the three games of the tournament was somewhat of a surprise. In his opening game, the 194-pin game, he had three strikes and seven spares; in the 245-pin game, he marked up seven strikes and three spares; and in his third game, the 234-pin contest, Les had six strikes and four spares. He didn't have a blow or a split in the thirty frames, although on a strike in the tenth frame in the second game, he picked up nine pins.

There's a report that Lloyd Samuelson is conducting a fund-raising campaign to buy Les a suitable gift in appreciation of his big series, and because this series shoved Red Thyren's 690-pin total into second place.

Football "Names"

There were several "big-name" footballers in town the past week. In addition to Bud Grant, the coach of Winnipeg Blue Bombers, who was the guest speaker at the annual athletic banquet, Frank Youso, the huge tackle of the Minnesota Vikings, and Jack Delveaux, former University of Illinois grid captain and now a star with the Winnipeg club, were in town.

Youso, a native of International Falls, spent some time in town on business. Youso, a veteran of National Fotball league play, is in the insurance business, and he was investigating the possibilities of establishing an agency here. Delveaux was here on a shopping trip. Among the items that the rugged Winnipeg linebacker desired was a supply of chewin' tobacco for the Blue Bombers' assistant coach, Joe Zaleski. Joe, according to coach Grant, is to Canadian football, as far as tobacco chewing is concerned, as Chicago's Nelson Fox is to American League baseball.

The Campaign Is On

State high school hockey coaching ranks lost a pair of capable and successful coaches this past week when it was announced that Rube Bjorkman of Coleraine and Bob Johnson of Minneapolis Roosevelt had resigned their respective coaching positions and accepted college coaching assignments.

Bjorkman, a native of Roseau, will be the varsity coach at Rensselaer Poly. Inst. at Troy, N. Y.; and Johnson, a Minneapolis product, will move into the head hockey coaching job at Colorado College in Colorado Springs, Colo.

There isn't any doubt but that Rube and Bob have the talent and ability to coach college hockey, and on that basis the two are entitled to their new positions. But it is also a fact that college hockey in the United States is becomming a "prestige" sport, and that restrictions are being placed on the number of "imports" that can be brought in to the American campuses from Canada.

With a virtual ban being placed on Canada's Junior A hockey players (the Ivy League schools consider Canada's Junior A hockey setup as a farm system for the National Hockey league), there will be a premium placed on American produced hockey players. Bjorkman and Johnson, with their contacts in Minnesota, should be able to lure a number of top-flight high school players to RPI and CC.

Ken Wellen, who was down here with his Hallock track squad on Saturday, stated that his brother-in-law, Bob Lillo, the Roseau high school all-state tournament hockey star, will enroll at North Dakota U next fall.

Prowler Golfers Defeat Crookston

Locals Place Third In Invitational Saturday

Coach Bob Gaarder's Prowler golf squad — Ron Kvikstad, Rick Thompson, Evan Anderson, Larry Helgeland, David Stromberg, and Bobby Stordahl — opened its 1963 schedule last week by scoring a 439 to 461 win over the Crookston Pirates squad in a match played over the Crookston course.

Kvikstad gained the medal honors for the match with a 79. Helgeland posted an 85, Thompson carded an 86, Anderson scored a 91, and Stromberg a 98.

Participating in the Crookston Invitational meet at Crookston on Saturday, the Prowlers marked a four-man total of 325 strokes to tie Fargo Central and Moorhead for third place in the team standings. Crookston Central won the event by edging out Grand Forks Central, 323 to 324. Detroit Lakes had a stroke total of 326, Walker a 327, Roseau a team total of 344, Bemidji a score of 351, Red Lake Falls a 369, Gonvick a 403, and Warren a 404.

Ray Sauer of Walker won medalist honors with a 75.

Local Track Men Win Meet in City

The Prowler track squad rolled up a total of 121¼ points to mark up a decisive win in the quadrangular track meet held at the Lincoln high school athletic field here Saturday afternoon. Hallock, with 52½ points, gained second place; Fosston, with 13 points, finished in third place; and Karlstad, with 10 points, was fourth.

The Prowlers will engage in another quadrangular meet on Tuesday afternoon, with Middle River, Oklee, and Plummer competing against the local trackmen on the Lincoln field. The starting time for Tuesday afternoon's meet is at 4:00 p. m.

Prowler trackmen Paul Klungness, Brian Lofberg, and Steve Mittelstadt missed the meet here on Saturday as they competed in the Sioux Outdoor tournament at Grand Forks. Klungnss, with a time of 10.5, won the 100-yard dash; and, in the time of 21.7, won the 180-yard low hurdle event. Klungness finished a fourth place in the 220-yard dash. Lofberg placed third in the discus throw event.

In Saturday's meet here, Ron Olson of the Prowlers, with firsts in the 100 and 220 yard dash events, and Jim Tureson of Hallock, with firsts in the 120-yard high hurdles and the 180-yard low hurdles, were the only two-event winners.

Men Against Nature . . .

Pioneer Claussen Recalls Early Years

by Flora Allison
Times Society Reporter

COAXING the wilderness into productivity a few acres at a time were such hardy pioneers as J. Henry Claussen, local retired farmer. Using the brute strength of oxen for power, he cleared the land on his homestead east of Thief River Falls in the early 1900's, and worked to see his holdings grow to 2,200 acres.

"This Thief River Falls area is a rough place, . . the snow gets to 15 feet deep and it's sometimes as cold as 75 below zero." These words of a chance acquaintance he met in the early 1900's at the Old Park Hotel (now the site of the Farmers' Union station), frightened the young Henry Claussen, now of 324 N. Crocker in this city, into returning to Iowa. This was so far different from what he expected. He had been led to believe the country was opening up, and he'd heard 11 townships were established east of Thief River Falls and the area had much potential. It was a mighty good place in which to settle, so the reports said.

He had come up with a work train from Glenwood, back in 1907, still nurturing his boyhood dream of being a brakeman. The Soo Line was building a roundhouse here, and laying tracks. Fresh from a farming experience that summer, he had meant to work here on the railroad. The foreman, happy to acquire a farm youth, had hired him. But it hadn't seemed like what he wanted—snow that deep, temperatures so brutal.

He returned to Iowa and railroaded there for several years. But, the thought of this territory persisting, he returned in 1909 procuring a ride with the stage and mail wagon to Germantown. That village had a blacksmith shop, hotel, stable, stores, and saloon, along with several other establishments. The village blacksmith, Carl Sdseth, now in his 90's, is a wheel-chair patient in a rest home here.

As a boy back in Bancroft, Iowa, where he was born on Dec. 29, 1884, Mr. Claussen recalls that they lived in a section house. His German-born parents had to support a family on $1 a day or $26 per month. His father later bought a 120-acre farm which they operated together.

At the age of 20, with $20 in his pocket, J. H. struck out for Fargo, N. D., to obtain harvest work. He found a job on the railroad, as a roundhouse blacksmith helper, boarding in a rooming house. He soon tried for farm work and was hired. The farmer recruited most of the crew at the police station. Selecting the least inebriated of the men held there, he loaded them into his buggy. They selpt in a tent with a straw floor and a lantern hung from the ridgepole. Two of the men, college graduates, supplied fine musical entertainment on the rainy days.

He stayed there for the season, hauling bundles and sometimes driving a 4-horse team to town on the grain wagon. At season's end, he returned to Thief River Falls.

Where the 8th street bridge spans the river, there was an Indian village. A Mr. Joe DuChamp was in the process of removing the bodies from the cemetery to the reservation cemetery.

It was in 1911 that Mr. Claussen, marrying in Iowa, decided to make his home here. "We had a team of horses, several cows, a little horse-drawn machinery, and very little money. My wife and I homesteaded a small farm in Grand Plain township, Marshall county, which we had to clear and break three or four acres at a time. I got a yoke of oxen. They were invaluable, for they were very strong." They were bull-dozers on legs; he used them to pull out the oak trees whose roots he had first severed.

Weeds were a constant problem in the newly-broken fields. Not until years later, when they mechanized farm oprations, could they make much headway against them, for the oxen could not tolerate the heat in the time best suited for summer-fallowing. The first tractor was a Waterloo.

They constructed a crude road across Torgerson Swamp to get to Grygla. Made of poles 10 feet long, it was finished on either side with planks, to allow the passage of horses. From these modest and back-breaking beginnings, the farm eventually grew to 2,200 acres, some of it rented out, some used in speculating.

Near the farm was a way-station, a place to get a meal, feed and rest the horses, or rest for the night. One night, in 35-below-zero weather, going there to play whist, Mr. Claussen found the body of a man under a blanket in a sled. He had been drinking, fell off his sled, and was run over. His body was taken home to his family, a $5 coffin bought and a grave chipped out of the rock-hard, solidly frozen ground.

The Claussens had four children, and eventually there was need for a country school for them and the numerous children of the other early settlers. A school was built in 1914. With smaller farms than now, the population was more dense than at present in that area. All of the Claussen children attended and completed grade school there. Their son later attended the AC at Crookston for a year, and saw service in World War II. After the war, he did not return to the farm. Mr. Claussen hired help, and the farm grew. He maintained a repair shop there, even sharpening his own plow lays.

He was chairman of the town board for a long period, a Goodridge creamery director, and chairman of the board of directors of the Co-op elevator here. He was also on the Marshall County ASC committee and on school boards.

For the Minnesota centennial celebration here in 1958 he broke a pair of Holstein steers and used them to pull a covered wagon in the parade. The steers became so tame, he would feed them a half-ear of corn when coming into the pasture. At last they would come running to meet him. A neighbor, unaware of this habit of the animals, had the fright of his life when he entered the pasture and the steers came galloping toward him. He managed to roll under the pasture fence and "escape" from what he misinterpreted as an unfriendly gesture.

The animals were finally sold at the livestock market, at 1,900 pounds each. . .Some of the farm acreage has since been sold, and 960 acres are in soil bank, while some is rented out as a sheep pasture. . .Retirement came only several years ago for this still-active, remarkably alert and vital man, one of the colorful pioneers of our area, whose memoirs are told with a facility and clarity of told with a facility and the clarity of words being read from a book.

Young drivers in 1962 had the worst record of any age group in the United States. Men and women under age 25 represent only about 15 per cent of the nation's licensed drivers, yet they were involved in nearly 29 per cent of all fatal accidents and in more than 27 per cent of all non-fatal accidents.

Masons to Add to Cancer Hospital

To Raise $1,100,000 for Institution at 'U' of M.

Capacity of the cancer hospital at the University of Minnesota will be increased more than 50 per cent through a building fund campaign launched Saturday, April 20, by the Masons of Minnesota.

A campaign goal of $1,100,000 has been set to build two additional floors on Masonic Memorial Cancer Hospital at the University. A new third floor will increase the capacity of the cancer hospital from 80 to 130 patients. A fourth floor will house new laboratory and research facilities, according to Clyde E. Hegman, Minneapolis, president of Masonic Memorial Hospital Fund, Inc., non-profit agency of the Masonic Grand Lodge of Minnesota. Grand Master Edward W. Toms, Ely, says, "The campaign to raise more than a million dollars is our major Masonic endeavor for the coming year".

Dr. B. J. Kennedy of the hospital staff told 300 delegates at the fund campaign kickoff meeting that new grants for cancer research personnel have been allocated to the University in anticipation of the new facilities.

The Masonic Memorial Hospital was originally constructed at a cost of more than a million dollars donated to the University by Masons of Minnesota five years ago, and opened in October, 1958.

More than 4,000 patients from all parts of the state have been treated at the hospital, Hegman and Ray Amberg, administrator of University Hospitals said. The new $1,100,000 drive has been undertaken because of the great need for additional facilities to treat and study victims of cancer. Additional research will be directed particularly to the study of malignant disease problems of children, to the investigation of new medicines and to new surgical and radiation methods of treating cancer.

Plan Improvement of Old Mill Park

Refectory to Be Enlarged, Says Supt. Ernie Jewell

A 14x20 foot addition to the refectory and bathhouse at Old Mill State Park has been approved for construction according to Ernie Jewell, park superintendent.

The addition to the south side of the building facing the pool will house the concessions stand offering counter space on three sides and doubling storage space, which was formerly used as the concessions area. Mr. Jewell also reported that approximately 175 self-service free lockers will be put into use at the park and that self service coin lockers, for extra protection, will also be installed.

Other improvements for the building include showers to be installed in both the men's and women's dressing rooms and all new fixtures and metal partitions for both restrooms.

The 'free' lockers are to be 12 inches high, 12 inches wide and 18 inches deep, without doors, while the coin-lockers will be the same size and constructed of metal instead of wood. The counter space formerly only 6 feet, will be increased to 28 feet. Side-walks are to be constructed around the concession stand.

"We haven't set any specific date for the opening of the pool, which all depends on the weather," said Mr. Jewell. "It will probably be on or near Memorial Day, the usual opening date. The park, however, is always open."

Last year 6,800 research projects in 133 Veterans Administration hospitals, five regional offices and three outpatient clinics engaged the services of 5,000 professional investigators asisted by 2,000 technical and administrative assistants.

Excessive speed continued to be the Number One Killer on the nation's highways in 1962. Nearly 13,000 traffic deaths were directly attributable to speeding.

"Nothing muddles the sheen of our days so completely as the habit of taking things for granted. Now that my eyes are open to this truth, my senses find miracles and loveliness everywhere in things I once overlooked: the sunny flavor of orange juice and the ruby redness of current jelly on hot brown toast; a green bowl filled with vermilion petals —zinnias from a neighbor's garden, their centers minute yellow stars; in the gray dawn a robin's song, crimson clear against the brown chirp of sparrows; rain, and under it's luminous gray mist, grass glowing like green flame — April rain. Every day brings with it some new sense of exquisite regard for common things. And no matter how or where old age finds me, that remembered beauty will be with me, lending color to any possible bleakness."

More Buyers - More Workers

George Terborgh, economist for the Machinery and Allied Products Institute, appeared recently before the Joint Economic Committee of Congress and expressed his views on the theory that deficit spending will create jobs. His opinions were based on the actual statistics for those years of deficit spending for which accurate records are available.

The theory has no support in experience. The figures for the years 1931 to 1940 show that, in spite of the large deficits each year during that decade, the average unemployment persisted at 18.6 per cent of the labor force. The figures for the sixteen year period from 1947 to 1962 inclusive, show the same general results.

Commenting on this in Newsweek, Henry Hazlitt states:

> "We did not need the statistical record of the '30s, or of the sixteen years from 1947 through 1962, to show us that the theory of growth by deficits or reducing unemployment by deficits was unsound. The only thing that deficits can produce is inflation. Inflation can temporarily stimulate an economy (at a high cost in the long run) only if, during the inflation, wages and other costs stand still, or at least rise less than prices. In that case the restoration of profits, or of the prospect for profits, can stimulate increased production and re-employment.
>
> "But this result is altogether unlikely today, when unions are encouraged to make ever-greater demands and when strikes are encouraged and even subsidized by legislation that takes the chief risks out of strikes and even pays unemployment insurance to strikers.
>
> "Unemployment could be sharply reduced, without deficits and without inflation, if unions ceased to be encouraged to make demands that price their members out of the market."

The new frontier economists justify wage increases that are in line with economic growth in terms of gross national product. It would seem that the fairest way to distribute the benefits of increased efficiency would be through price reductions rather than by pay increases. Price reductions would benefit all of the people, and the lower prices would attract more buyers, here at home and also abroad. More buyers would put more men to work. Our living standards would raise as our dollars bought more and employment increased. What's wrong with that?

Progress to the North

Our country seems to be far behind the rest of what we laughingly refer to as the civilized world in our labor relations. At any rate some industrial nations have been far more successful in developing workable plans for the solution of labor disputes, almost eliminating entirely work stoppages and strikes that are so costly to both employers and employees.

The greatest progress seems to have been made in the Scandinavian countries, Sweden being often referred to as a nation of peaceful labor relations. Our Canadian neighbors are showing an active interest in European practices that are proving successful, and a Manitoba Trade Mission that visited Europe last fall to study these, among other problems of commerce, seems to be making progress in its efforts to establish better labor-management relations within the Province.

Commenting on the activities of this trade mission, the Winnipeg Tribune observes:

> "Members of the Manitoba Trade Mission returned home last fall deeply impressed by the degree of labor-management co-operation and the important role this co-operation is playing in the economic planning and growth of the countries visited. Almost all the countries had developed institutions that enable labor, management and government to work together for basic economic goals and social objectives.
>
> "It is encouraging to see that the impetus given by the Trade Mission and the Committee on Manitoba's Economic Future is still going strong. A major step in labor-management-government co-operation is indicated in the announcement of the first industrial-relations seminar sponsored jointly by the Manitoba department of labor and the University of Manitoba.
>
> "It is hoped that about 40 representatives of unions, employers and government will take part in the week-long meeting and hold searching discussions of the economic aspects of their mutual relations. This will include examination of the national and provincial economies, trends in collective bargaining, productivity, and government labor policies. Specialists in the various fields will be invited to lecture at the mid-June seminar.
>
> "The extension department of the University and the labor department are to be commended on their initiative. There should be a full attendance of trade unionists and employers at the discussions."

Stabilizing Coffee

Speaking of aid for the undeveloped countries, the Financial Post of Toronto reminds us that no amount of aid from the rich nations will put the poor nations on the path to progress as long as the commodities exported by the underdeveloped lands continue to decline in price. "Aid, under these circumstances, is little more than a finger-in-the-dike business," it states, continuing:

> "Brazil, for example, has been saved from bankruptcy time and again by massive U. S. handouts. But the country's economy is still in a very perilous state and for the good reason that coffee, which accounts for almost half of all its exports, is now selling at prices 40% below the levels of the mid-1950s.
>
> "The fact that we defeat all our foreign aid efforts by failing to complement them with a new deal in commodity prices has been slowly dawning on the officialdom of the donor nations."

In recognition of the need, an International Coffee Agreement is now gaining support of the governments of the coffee consuming countries. The agreement will go into effect when the countries that account for eighty per cent of the coffee production ratify it. The agreement would maintain a minimum price and the growers would curtail production as the market required.

We, the coffee drinkers, would help the coffee growers to help themselves, and we will go along with the Financial Post in the following conclusion:

> "Critics of international commodity agreements label such schemes as interference in the economic process and dislike the price rigidities that they imply.
>
> "But at a time when overcapacity and overproduction are increasingly obvious, such agreements point the way toward a world in which the rich nations and the poor nations can move together to ward off the spectre of deflation."

The Kennedy Spectacular

The opposition seems to be making some progress in the debate on the nation's space program and President Kennedy's first-to-the-moon-and-back spectacular. James Reston, writing for the New York Times Service, now concludes:

> "The main issue is not one of politics but one of properties. The question is not whether the exploration of space is important, but whether it is more important to put a man on the moon than to get several million men off the dole."

He points out that a large and influential sector of the scientific community of the nation, while enthusiastic about the exploration of space, believes that the scientific objectives of the program can be achieved at a fraction of the cost by putting instruments, rather than man, on the moon. According to Reston, the issue, as they see it, is whether the man on the moon is essential for scientific purposes and whether the immense additional cost of the man-landing should take a higher priority than using a part of the savings on other essential tasks that would invigorate the economy and create jobs.

He quotes Dr. Warren Weaver, former president of the American Association for the Advancement of Science as saying:

> "I believe that most scientists consider the proposed expenditures quite unjustified on the grounds of scientific considerations, and also consider the frantic pace of the program to be wasteful."

And doctor James R. Killian, former president of Massachusetts Institute of Technology, as asking:

> "Will several billion dollars a year additional for enhancing the quality of education not do more for the future of the United States and its position in the world than several billions a year additional for man in space?"

That Hot Line

We don't know how that direct line between the White House and the Kremlin is going to help solve our differences with the Russians. Kennedy can't speak Russian and Khruschchev can't speak English. Each will have to rely on an interpreter to carry on a conversation and that isn't a very satisfactory way to exchange ideas under emergency conditions. Under the pressure of an emergency we would feel more secure if it took a little longer for them to explode.

We suspect that if a real emergency does develop the talks will be through the usual channels. Our President will talk to our embassador in Moscow who will talk to the Russian Chief, who in turn will talk to his embassador in Washington who will talk to the President. All of which takes time, and that is what is good about it.

We are inclined to agree with the Register-Republic of Rockford, Illinois that:

> "The "hot line" basically can be regarded as an overpublicized gimmick. It may not be worth much, but it probably will cause no harm. And that's what is known as progress these days."

Borrowed Nonsense . . .

Dressed in cap and gown on graduation day, the young man handed his diploma to his father and announced "Well, I finished law school to please you and Mom. Now I'm going to become a motor-cycle cop like I've been saying since I was six."

REPORT TO THE PEOPLE

by Governor
KARL ROLVAAG

Last week I called attention of our legislators to a serious situation existing in the Minnesota Bureau of Criminal Apprehension, widely known as the Crime Bureau.

Increase in Crime

Statistics point to a grim and relentless increase in crime in our state. In the past 35 years the Minnesota crime rate has doubled. In 1962 crimes against the person (murder, manslaughter, rape, and aggravated assault) increased 22.2 per cent over 1961; all major crimes, including those against the person and against property, increased 29.2 per cent.

Fifty-thousand major crimes were committed in Minnesota last year, and we can expect, if current trends continue, that 75,000 will be committed in 1970.

Crime Solutions Down

Even more disturbing are the facts indicating that we are falling behind in solutions to crimes. Thirty-five years ago an estimated 50 per cent of major crimes were solved. Today only about 23 per cent of crimes are solved. This means that in 1962, seven murders, 54 rapes, 671 robberies, 8,146 burglaries, 6,955 larcenies of $50, or over and 16,354 larcenies of less than $50, went unsolved.

Police Handicapped

The high rate of unsolved crime is not the fault of Minnesota sheriffs and police officers. Their workloads have increased all out of proportion to their facilities, yet they perform their difficult and dangerous work with skill and devotion deserving of highest praise.

I think our apparent losing battle against crime is in a large part attributable to our failure to provide local police with effective support and coordination on the state level. I believe the Minnesota Bureau of Criminal Apprehension has been scandalously neglected.

Crime Bureau Neglected

For 35 years the Crime Bureau has assisted sheriffs and other law enforcement officials in the face of ever-lengthening odds. Since 1935 we have added exactly one new staff position to the Bureau—from 28 to 29 employees. Yet today's criminal is surely more intelligent, more sophisticated and, above all, much more mobile than during the 1930's. In addition to staff shortages, the Bureau is unquestionably short of modern equipment to aid local officials perform scientific crime detection.

Studies Confirm Needs

Recent studies have been made by Attorney General Mondale's law Enforcement Coordinating Committee and the Governor's Commission on Crime and Delinquency. The members of these committees include some of the most outstanding law enforcement officials and private citizens in our state. Both studies urge strongly the strengthening of the Crime Bureau throughout its five divisions. I certainly agree with these groups that action on the needs of the Bureau is extremely important.

Request for Action

This past week I requested the legislature to approve measures which will strengthen our state's Crime Bureau as follows: Laboratory Division, seven pieces of equipment to perform highly technical analysis of clues and an increase of seven in the staff; Identification Division, increase in staff to restore policy of putting out a weekly bulletin listing crimes and mode of operation to all police officers and addition of two clerks to give 24 hour identification service to police officials throughout the state; Statistical Division, add badly needed personnel to this division which had seven employees in 1935 and has only one today. Police Training Division, addition of personnel to give invaluable training and services to local police officials, difficult to do with only one staff member presently on duty; Investigative Division, increased staff which has fallen from 16 investigative agents in 1935 to only nine agents today in the face of a soaring crime rate.

Judy Kaushagen was an overnight guest Monday of her cousin, Ruth Torgerson.

Appearing in newspapers of the Minnesota Editorial Association through the cooperation of the U. S. Soil Conservation Service and the University of Minnesota Institute of Agriculture

Want to save up to 30 per cent of your fuel bill? The Brown Soil Conservation District supervisors use that and other reminders to inform their cooperators that a good farmstead shelterbelt will benefit them in many ways. They point out that shelterbelts not only save on fuel bills but help to beautify the farmstead and keep snow from drifting into the yard.

Field shelterbelts planted east to west at 40-rod intervals in fields on the Rudy Opatril farm northwest of Hawley provided several benefits. Opatril, a SCD cooperator who farms 421 acres, said that before the shelterbelts were planted, fields were open to prevailing winds and the light-textured soils eroded in spring and fall. Crops suffered from droughtiness during the hot summers and grain and row crop yields were reduced. Crop yields have increased and erosion now is at a minimum. Besides, the snow spreads more evenly over the open fields in winter. "I like the way these tree belts work for me," Opatril told L. L. Pulkrabak, Clay County work unit conservationist. "I intend to establish another tree belt next year."

"Water stays on that hillside since I installed those terraces," says Ralph Ireland of Mankato. "I found it is easier to farm terraces than I thought it would be. I don't have as much trouble changing gears as I had going up and down hills all the time." He told Dean Campbell, SCS technician assisting the Blue Earth SWCD, that he has increased his corn yields from 15 to 20 bushels per acre.

Fall fertilizing of alfalfa is just as effective as doing it in the spring, J. M. Mac Gregor, University of Minnesota soil scientist, working over a six year period at Rosemount Experiment Station, found that the total yield of alfalfa didn't differ significantly when fertilization was done in the spring as compared to doing the same fertilizing in the fall.

QUESTIONS Answered for VETERANS

Additional information or assistance on veterans' benefits may be obtained by visiting or writing the VA Contact Office at the Fargo VA Center, Fargo, North Dakota.

Q—My husband, a veteran of World War II, died recently. Am I, or are my children, eligible for a GI home loan?

A—If your husband died of a service-connected disability and you have not remarried you are eligible, but children of deceased veterans are not eligible for GI loans.

Q—What if the oldest group of veterans now that Civil War veterans are all gone?

A—There are 26 surviving veterans of the Indian Wars and most are in their nineties.

Q—I have a chronic skin disease. As a veteran am I entitled to treatment at a Veterans Administration outpatient clinic?

A—To be eligible for VA outpatient care a veteran must have a service-connected disability or must be receiving vocational rehabilitation training and needs treatment to avoid interrupting his training, or be a veteran of the Spanish-American War. Also, veterans applying for compensation or penion benefits or for insurance may have a medical examination at a VA outpatient clinic as may veterans who are seeking to determine the need for hospital care.

Yard 'n Garden

Growing Tomato Plants

The tomato is one of the most popular of all our garden vegetables. Plant breeders have developed new varieties and hybrids with larger, more uniform fruits with improved quality. But often the gardener has difficulty in getting the particular varieties or hybrid tomato plants he wants from the garden store or greenhose, so he is forced to grow his own indoors.

To assure good germination and a good stand of plants indoors, it's desirable to sterilize the soil by heating it to a temperature of 180 degrees F. for an hour or longer. A sufficient amount of soil for a few flats can be sterilized in an ordinary kitchen oven.

After the soil is cool, sow the seed in shallow furrows 2 inches apart and ¼ to ½-inch deep, at a rate of 8 to 10 seeds per inch. Cover the seeds with vermiculite, fine sand or dried sphagnum moss that has been rubbed through a fine screen. Start seeds indoors about 6 weeks before planting them in the garden.

Seedlings are ready to transplant when the third leaf (the first true leaf) appears. They may be transplanted to 3-inch peat pots or to 2-inch plant bands.

Tomato seedlings should be grown at a day temperature of 70 to 75 degrees F. and a night temperatur of 60 degrees F. As the time approaches for transplanting to the garden, lower the temperature gradually until the plants are growing without any artificial heat or protection.

Try these hybrids for a long season of good quality tomanoes for fresh use and for canning: Hybrid EE, Moreton hybrid, Big Boy hybrid. One of the earliest tomatoes is Fireball. This variety can either be started indoors or seeded directly into the garden in early May.

Spring Control of Crabgrass

Crabgrass, the number one summer pest in the lawn, can be controlled most successfully in spring. With the use of new chemicals called pre-emergents, it is possible to achieve nearly 100 per cent eradication of the pest with one application.

Of course effective weed control begins with good culture. A thin, sparsely seeded lawn will not become luxurious simply because the area has been treated for crabgrass. In fact, the bare spots may even become more noticeable. Hence seeding and fertilizing at the appropriate time are an important part of the lawn improvement program.

Three chemicals which have shown consistently good results in controlling crabgrass are the arsenates, Dacthal and Zytron. When properly applied at the right time, these chemicals will give excellent results. But as is true with other chemicals, unless you follow directions carefully, the results may be unsatisfactory.

Fertilizing and applying chemicals to control crabgrass can be done at the same time. However, read the directions on application carefully.

One of a series of reports by this newspaper and the Print Advertising Association on the advantages of print media.

Don't you read before you buy?

Most people generally do.

Not only do they read; they cut out and show ads to their family and friends; they clip coupons for information and samples.

When people see an advertisement *in print*, they can compare designs . . . features . . . and prices of nationally known products and services. (And people *do* compare before they buy.)

Advertising in print is a handy thing. You can always check back; the message is still there even if your attention is distracted.

When you add it up, print advertising—the kind you read in this newspaper—makes sense. And because it measures up to the buying habits of most consumers, print makes sales.

The TIMES

Doings of week at Rosewood

Mrs. Rodney Grandstrand

SOME PEOPLE CAN'T READ. These people are called illiterate. Other people can read but don't. What should these people be called? National Library Week has just been concluded and part of the material our office received on the event fascinated me—and I probably read less and am more guilty of voluntary illiteracy than anyone.

The material in question contained the endings of what Clifton Fadiman termed "ten of the most important books ever written." The question is then asked, "How many have you even begun?". It does make a person wonder what he is missing. For your benefit, here are the endings:

1. "Cursed Psychologist!" He suddenly cut the conversation short in a rage, and without looking back, left the cell.

2. "Thus was held the funeral for Hector, tamer of horses."

3. "*Take up the bodies! Such a sight as this becomes the field,* but here shows much amiss. Go bid the soldiers shoot."

4. "O, God that madest this beautiful earth, when will it be ready to receive thy saints? How long, O Lord, how long?"

5. "And he shall turn the heart of the fathers to the children and the heart of the children to their fathers, lest I come and smite the earth with a curse."

6. "Shot herself! Shot herself in the temple! Fancy that!" "Good God, people don't do such things!"

7. She sighed it at last all comically, all tragically away. "I can't indeed resist you." "Then there we are," said Strether.

8. On the second day a sail drew near, nearer, and picked me up at last. It was the devious-cruising Rachel, that in her returning search after her missing children, only found another orphan.

9. Stein had aged greatly of late. He feels it himself, and says after that he is "preparing to leave all this, preparing to leave . . ." while he waves his hand sadly at his butterflies.

10. Only that day dawns to which we are awake. There is more day to dawn. The sun is but a morning star.

From what books do they come? 1. "The Possessed" by Dostoievsky; 2. "The Iliad" by Homer; 3. "Hamlet" by Shakespeare; 4. "St. Joan" by George Bernard Shaw; 5. The Old Testament; 6. "Hedda Gabler" by Ibsen; 7. "The Ambassadors" by Henry James; 8. "Moby Dick" by Herman Melville; 9. "Lord Jim" by Joseph Conrad; and 10. "Walden" by Thoreau.

●

Situations may not always be as they appear on the surface. Take for instance the newly-rich woman who was deliberately exposing herself to "culture" without a great deal of success. In New York's famous Metropolitan Museum, she gazed at a beautiful oil painting of a ragged but happy vagabond.

"Well," the woman exclaimed indignantly, "how do you like that. Too broke to buy a decent suit of clothes, but he can afford to go out and have his portrait painted!"

●

MODERN MAN has been defined as a person who drives a mortgaged car over a bond-financed highway on credit-card gas.

●

The story is told of a waiter in a smart night club who tripped and spilled a drink, ice cubes and all, down the back of a lady patron. The woman gasped, giggled, twisted and writhed. While every head was turned her way, she jumped up, overturned the table and knocked her escort down. Then, in wild confusion, she and her escort fled the room. Another man, sitting in the corner with his own date, signaled the waiter. "Bring us two of whatever they had," he said.

LESSON FROM NATURE

In Spring the flowers come to life,
Shrug off a winter's snowy strife,
And rise above the sod.
They seek the warmth of summer sun
And after bursts of rain are done
They lift their heads to God.

They form a silent beauty show;
They're proud, yet humble, as they grow;
They have no mighty power
Yet people notice them and turn.
It seems there's much that man can learn
From just a lowly flower.

STAR . . .

Mr. and Mrs. Torval Dahle and Bruce, Howard Sjulstad and Nadine Eidelbes left Thursday for Hibbing where they attended the wedding of Sharon Ellason to Adam Grabove, Jr. of Hibbing. Sharon is the daughter of Mrs. Tillie Ellason and a sister to Mrs. Dahle. Also of Hibbing and former residents of Star Congratulations are extended to the newlyweds.

Sunday, Mrs. Marvin Bakken, Jeff and Lori Jo visited at the Herbert Vraa's in Reiner. Others there were Mrs. Louis Quam, Mrs. Alvin Halvorson and girls and Pammy and Sherry Syverson of Thief River Falls.

Visiting Sunday at Gerald Sjulestads were Mr. and Mrs. Gordon Hovet and daughter, Ronny Hovet, Mr. and Mrs. Carroll Ellason and Susan and Richard Ellason all of Milwaukee; also Harvey Ellason, Mr. and Mrs. Adam Grabove Sr. and family, Mrs. Tillie Ellason; Mr. and Mrs. Adam Grabove Jr. of Hibbing and Mr. and Mrs. Richard Tharaldson and boys.

Robert Parnow came home on Sunday evening after attending a training course in "Partnership in the Gospel" which was held at Brainerd, Minn.

Mr. and Mrs. LeRoy Johnsrud and children were among a group of relatives who helped celebrate their birthdays Saturday at the Huseth home in Thief River Falls. Mr. and Mrs. Arne Marcusson and Mr. and Mrs. Eric Huseth also brought birthday greetings.

CONTINUING PURINA RESEARCH
One of the "extras" you get when you feed from the Checkerboard bag

The nutritional needs of livestock and poultry are under continuing study at Purina Research laboratories and farms across the country.

Purina has devoted more than 30 years of practical research to getting answers from birds and animals as to what they need to produce more meat, milk, and eggs at low cost.

Each new Purina Chow or Health Aid we sell has already proved its value in Purina Research Laboratories and at Purina Research Farms. Products carrying the Checkerboard label have proved their worth.

Our servicemen are trained and experienced in handling feeding, management, and sanitation problems. They are in constant touch with new developments in Purina research. You can depend on their help.

4-H Work Background for Future Positions

4-H projects not only give members a working knowledge of many agriculturally related fields, but also provide an excellent background for future occupations, says County Agent Paul Stelmaschuk.

Many types of agriculturally related jobs are available, and the demand for qualified people to fill these positions is great. Stelmaschuk describes some areas young people may want to consider and to investigate further.

An interest in fruit and vegetable production or in ornamental horticulture and landscape gardening might lead you to a career in horticulture. For example you might become a commercial producer of fruits or vegetables, a nurseryman, a greenhouse operator, a landscape specialist or a teacher.

If you choose the field of agronomy, you can look forward to becoming a teacher, an extension specialist, a research worker, a field man or a manager. Or you might work in one of a variety of business organizations.

Opportunities are diversified for the 4-H'er choosing a career in animal, dairy or poultry husbandry. You may want to do further study and research, be a livestock or poultry specialist, a salesman of agricultural products or a worker in the meat, dairy or poultry processing and distributing industry.

Agricultural economics and agricultural business administration combine the agricultural field with business, allowing you to enter commerce and finance, education, farming, business or government service.

Consider a college major in agricultural education if you're interested in becoming a county agricultural agent or a vocational agriculture instructor.

Agricultural biochemistry prepares you for teaching or research or for a position as an analyst or a technician in control and testing laboratories.

Dairy plant management, plant laboratory control, dairy research, sales and educational programs provide employment opportunities for those majoring in dairy technology.

Do you like your high school biology course? If so, you may want to consider fishery and wildlife management and eventually be employed by state or federal agencies or some private enterprise.

Graduates in agricultural engineering may work with rural electrification, farm structures, farm power and machinery and soil and water conservation in industry, government or education.

Other opportunities in agriculturally related fields include entomology, food technology, soil science, rural sociology, plant pathology, forestry and veterinary medicine.

These careers require a college education. But if a college education is not in your immediate plans, farm service jobs may be available. Cow testing, artificial breeding service, whitewashing service, livestock trucking, well-drilling, fencing and tiling provide employment on a year-round basis. A training period is necessary for most of these jobs and is avalable through associations. But a high school education and often a farm background are essential.

Square Dancers to Convene in St. Paul

National Convention Scheduled June 20-22

Advance registration for the National Square Dance Convention, June 20-22 in St. Paul, totals 5,500, according to general chairman Gordon Pierce, Elbow Lake, Minnesota.

Registration for the 12th annual convention continues through May 15, he said.

Numerous groups from the fifty states will attend. Special caravans from California and other western states have arranged rendezvous points and will hold trail dances along the route to St. Paul.

Five special trains and 500 campers are also part of the advance registration.

Over 150 nationally known callers will participate in the convention at the St. Paul Auditorium.

Minnesota square dancers can obtain information by writing to National Square Dance Convention, Box 3330, St. Paul, Minnesota.

'U' M. Arboretum Is Being Expanded

Plant Experiment Tract Located Near Excelsior

The University of Minnesota Landscape Arboretum, started in 1958 near Excelsior, with 160 acres of land, will eventually encompass an area nearly double this size.

When purchase contracts by the Minnesota State Horticultural Society are completed, the Society will transfer ownership of two new tracts to the University, for a total arboretum acreage of 302 acres, according to Eldred M. Hunt, secretary-treasurer of the Society. The original arboretum on the south are being purchased with funds supplied by the St. Paul Garden Club. Another tract of 45 acres, bordering the arboretum on the west, is being purchased with special funds given by donors for land purchase only.

Purchase of the land on which the arboretum was established was made in 1957 with funds furnished by the Lake Minnetonka Garden Club. Gifts from garden clubs, foundations, other organizations, and individuals have made progress possible during the past five years.

The newly acquired land will make possible the normal expansion of trial plantings and carrying out of long-range objectives, though development of the new portions is not planned for the immediate future.

Hog Price Rise Is Likely in Summer

Prices Now at Lowest Point in Three Years

Hog prices, which have fallen $3 a hundredweight since early January to lows of $13 to $14, should improve during spring and summer, according to K. E. Egertson, extension economist in marketing at the University of Minnesota.

Egertson says that the price drop, which brought pork prices to the lowest point since fall and winter of 1959-60 can be traced as much to drop in demand as to increase in supply during the first three months of this year.

He points out that commercial hog slaughter during this period was only moderately heavier than a year earlier. It totaled about 21.9 million head, 6 per cent increase from last year. April slaughter was running 8 per cent ahead of a year ago.

The decline in demand tended to magnify the price drop brought on by the expanded supply. Egertson says that plentiful supplies of competing meat products helped weaken demand for pork.

Broiler supplies, for example, were 10 to 15 per cent larger than last year and prices were down. The fryer thus attracted a good many homemakers who might have otherwise purchased pork. And beef output was 4 per cent larger with retail prices also declining during late March and April.

Drinking drivers were involved in 8,220 of the traffic accidents occurring in Minnesota in 1962. This included 154 fatal mishaps and 3,481 injury accidents.

Horse Clinic and Sale Slated in Crookston

A Horsemen's Clinic will be held Friday evening, May 3, at the Red River Valley Winter Shows arena at Crookston under the joint sponsorship of Agassiz Riders, Inc., and the Red River Valley Winter Shows.

The clinic, which will start at 8:00 p. m. in the livestock arena, will feature veteran showmen and horse breeders who will demonstrate showing at halter, requirements in riding for the horsemanship classes, 4-H classes and requirements for winners in the breeds.

Al Becker, Fargo, veteran judge and horseman, will assist with the Clinic, as well as Casey Brantner, Moorhead, Arabian horse breeder. Dr. E. C. Stelter, veterinarian, Red Lake Falls, will discuss special worming medication and will be on hand to answer special questions on feeding and care.

Agassiz Riders, Inc., Crookston area saddle club, is holding a horse, pony and equipment sale Saturday, May 4, at the Winter Shows arena.

A sale committee will be on hand to screen all horses to insure they are sound and in good health, as well as to try them out in case of adult riding horses. Since it is hoped that many persons may be on hand who would be purchasing a riding horse for the first time, the club is providing its experienced personel to help newcomers in selecting a horse or pony for their family.

Horsemen wishing to sell horses are urged to get in early Saturday, as private treaty sales can commence as soon a horses are passed by the sale committee. Regardless of weather, the Winter Shows Arena will be set up for riding and showing horses.

A large selection of saddles and equipment will be offered by various concerns, and anyone desiring to sell used equipment may consign it to this sale as well.

Motorists in 1962 raced down the nation's highways to a new — and tragic — auto death record which for the first time exceeded 40,000 fatalities. The previous high was set in 1941 when 39,969 persons lost their lives on the highways.

Mrs. Tom Fuller is president of the Thief River Falls Girl Scout Neighborhood with Mrs. L. P. Winters as treasurer and Mrs. William Unruh as secretary. Troop consultants are Mrs. Martin Finstad, Mrs. C. L. Charlson, Mrs. Robert Larson, Mrs. Alvin Aaseby, Mrs. Dick Williams, Mrs. Ed Holmstrom and Mrs. J. J. Womack.

MODELING their fashion creations are these two home economics students at Goodridge high school, Margie Srnsky, (seated) and Linda Swanson. They will be part of the spring style show, "Fashions on Parade," to be presented May 7 at 8 p.m. at the high school gymnasium in that city.

Elks Youth Day Slated for May 1

"Accent on individualism" was the theme for this year's observance of Elks National Youth Day by the Thief River Falls Elks lodge, Irvin Wilson, ruler, said today. The program was held in the lodge rooms Wednesday, May 1, starting at 7 p. m.

The lodge's youth activities committee, under the chairmanship of Jack Junker, had planned the Youth Day program as a tribute to the achievements during the past year of the young people of the community.

"Our deomocratic institutions stress the integrity and value of the individual person, and the responsibility they place on the individual as a working member of society," Exalted Ruler Wilson stated.

In accordance with the custom of past years, four Lincoln high school seniors will be installed in city offices by their real life counterparts. Mayor Orin Green will induct Eugene Fisher as acting mayor, while Arthur Koglin will take over the municipal judge's gavel from Judge Stanley Mortenson; Brian Lofberg will accept the police chief's badge from Chief Elton Cummings; and Steven Mittelstadt will assume the post of Fire Chief Roy Langevin.

Dancing and the serving of refreshments will complete the evening's program.

Governing Bodies Asked by Jobs Inc. to Favor TRF Labor

President Robert Wurst Asks That Provision Be Included in Contracts

In an effort to help provide more employment for Thief River Falls construction workers, Robert A. Wurst, president of Thief River Falls Jobs Inc., this week sent letters to the city council, school board, county board and Northwestern Hospital, asking that they include in all construction contracts awards a provision that local artisans be employed to the greatest possible extent.

Wurst's letter reads as follows:

"Recently the federal government has been requiring communities receiving federal assistance on construction projects to agree that qualified local labor will be employed on these projects if available. The clear purpose, of course, is to insure that distressed area assistance goes to the distressed area.

"This entails a contract provision making this a condition for bidding. It would seem that such a provision would be desirable in all local contracts whether with or without federal aid and we suggest that you consider making this insertion in any of your future contracts. This would be brought to the attention of your architects, engineers and legal counsel.

"Perhaps this simple device will serve to create a new local industry for the laborers and tradesmen involved."

Gatzke 4H Wins Marshall County 4H Play Contest

Riverside Clubs Tops Three Entries To Win Music Portion of Event

Presenting "Mother Walks Out" in the Marshall county 4-H play contest Saturday evening at Argyle high school auditorium, Gatzke Busy Beavers 4-H club won first place in the event. Robert Engelstad of the Gatzke play cast was named the outstanding actor of the evening and Catherine Zakrzewski of Florian was named the outstanding actres.

Riverside 4-H club sextette sang its way into the top spot in the music contest with renditions of "4-H Friendship Song" and "He". Second place play was presented by West Prairie and second place music number was an instrumental quartet from East Folden 4-H club.

Members of the Gatzke play cast were Robert Engelstad, Alan Aune, Maureen Peterson, Connie Severts, Muriel Lunsetter, Judy Engevik, Linda Aase and Lowell Larson. Mrs. Juell Aase was director with Mrs. Delmar Hagen as assistant director.

Members of the Riverside sextette were Diane Andeen, Muriel Haugen, LaVonne Anderson and Marilyn Jorgenson. Accompanist was Mrs. Lowell Hogberg.

Oil Dealers Form Area Association

Formal organization of the Thief River Area Oilmen's association took place at a meeting held recently at the Rex cafe in Thief River Falls. Articles of incorporation for the organization were discussed and approved.

Roy Oen was elected president with Dennis Wegge as vice president and Donald Thyren as secretary-treasurer. Also named directors were George Mackenroth and Leonard Furuseth.

Purpose of the organization is to enter into public relations activities to stimulate interest in and to actively promote the use of gasoline, heating oils and other petroleum products.

Rev. Paul Biegner

Rev. Paul Biegner To Be Installed At St. John Church

New Pastor Succeeds Rev. A. C. Seltz at St. John, Redeemer Churches

Installation services for Rev. Paul Biegner, new pastor of St. John Lutheran church of Thief River Falls and Redeemer Lutheran church of Plummer, will be held on Sunday. Services will be held at 2 p. m. at Redeemer church and 8 p. m. at St. John church with Rev. John Roll, Red Lake Falls, officiating at both services.

Rev. Biegner, his wife Joan and sons Christopher, 5, and Andrew, 8 months, arrived in town this week. He will succeed Rev. A. C. Seltz who has resigned his position to become full-time president of the Minnesota North District of the Lutheran Church-Missouri Synod.

Born at St. Louis, Mo., Rev. Biegner grew up in the New York City area and both he and his wife claim Mt. Vernon, N. Y., as their home city. He attended Concordia Junior college at Bronxville, N. Y., Columbia University at New York City and Concordia Seminary at St. Louis where he received his DD degree in 1957.

Since 1957 he has served a three-part parish with about 400 communicant members at Sebeka and Nimrod. In addition to his pastoral duties, he has taken post-graduate work at Concordia seminary during summer vacations since 1959. At present he serves the Missouri Synod as department head for missions of the Minnesota North district and is chairman of the Park Region Pastoral conference.

Glenn Carlson Feted by St. Cloud C of C

Glenn Carlson, Thief River Falls native and now manager of the St. Cloud Chamber of Commerce, was recently honored for his 10 years of service to the organization. Members presented him with a watch and Mrs. Carlson with a gift in appreciation of his work and her patience. The son of Mr. and Mrs. Martin Carlson of Thief River Falls, Glenn was pictured in the St. Cloud Times with the 10 presidents under whom he had served.

County Dairy Princess Event Is Set May 21

May 17 Deadline for Entries; Winners NW Dairy Princess Event

Final plans for staging of the Pennington county dairy princess contest were made at a meeting of the county princess committee Tuesday afternoon in the Pennington county courthouse. Paul Furuseth presided at the meeting.

Deadline for county entries to be in the extension office will be Friday, May 17, at 5 p. m. The contest will be held at 4:30 p. m. on Tuesday, May 21, in the Pennington county courthouse in Thief River Falls. Judges secured for the event are Leonard Brekke, Mrs. Donald L. Olson and Roger Tunberg.

Approximately 10 entries in the contest are expected from St. Hilaire, Goodridge and Thief River Falls as creameries have been encouraged to sponsor contestants. Contestans may also be sponsored by 4-H clubs, business places or other organizations. Sponsorship costs nothing, but is a method employed to get qualified girls entered in the princess contest.

Three winners will be selected on the county level and will compete against winners from nine other counties at Northwest Dairy Day in Thief River Falls on June 11. The Northwest Dairy Princess selected that day will compete for the title of 10th Princess Kay of the Milky Way at the Minnesota State Fair this fall. Miss Kathleen Hjelle of Argyle, 1962 Northwest Dairy Princess, is the current Princess Kay.

Girls competing in the local contest are to wear street dress clothing, high heels and no hats, according to Miss Laura Duerst, Pennington county home agent and member of the princess committee. Arrangements will be made to permit girls entered in the contest to change clothes after arrival at the courthouse for the contest.

A dinner will be served at 6:30 p. m. May 21 for the princess contestants, judges and members of the princess committee. Stuart McLeod, president of the Northwest Darly Improvement association, will serve as master of ceremonies. Announcement of the county princesses will be made at that time.

State Area Music Festival Is Here Friday, Saturday

Approximately 2,000 high school boys and girls are expected in Thief River Falls on Saturday when chorus and band groups participate in the state-area music festival at Lincoln high school. Thirty-eight schools will send soloists and ensembles on Friday and 31 schools will participate on Saturday. There will be no school in session on Friday of this week due to the contest according to Richard Edlund, senior high school principal.

PROCEEDS from a benefit basketball tournament were turned over to the Pennington-Red Lake Association for Retarded Children Tuesday night by the man whose idea it was to stage the tournament and who hanudled many of the details. Stan Sandvig, left, vice president of the association, received the $90 in cash from Willam Everson, rural Thief River Falls. The two-day tournament included St. Hilaire Ridge Runners, Viking Trotters, Red Lake Falls Detroiters and Thief River Falls Independents. The Detroiters edged Thief River Falls by three points to win the tournament and all proceeds were given to the association for use in the local program.

CHAIRMAN Phil Hess of the Clean-up, Paint-up, Fix-up campaign in the retail trade committee of the Chamber of Commerce gets some helpful advice from a number of city businessmen. After a rousing speech intended to inspire the listeners and stimulate them to action, the chairman found himself subjected to this "I'm from Missouri" technique. Prior to giving the clean-up demonstration, Hess saw to it that the men were equipped with caps and cleaning utensils, and cooperation for the campaign was pledged. Advisors left to right include C. R. Waldera, Morris Goddard, Bud Kelly, Richard Bjorkman, J. J. Womack, Charles Emanuel, Harold Stroble, Walter Larson and Sid Lieberman.

City Clean-Up Drive Takes Place May 1-18

Achievement Day Slated on Friday for Homemakers

Pennington County Homemakers Achievement Day will be held Friday with the program to get underway at 1:30 p. m. in the Zion Lutheran church basement in Thief River Falls. Mrs. Hilda Ness Hildahl of Roseau will present her folklore characters for the program portion of the event with special music to be presented by the Golden Years club choir of Trinity Lutheran church.

On exhibit will be a number of items made by county homemakers. They will include banquet theme ideas, plants, hobbies, children's wear and toys, pillows, aprons, knitting and crocheting and decorated cakes. The public is encouraged to attend the event.

Mrs. Adam Lendobeja, president of the Pennington County Home Council, sponsor of the achievement day event, will preside over the day's activities. Committees in charge of various phases of the event include the following:

Program—Mrs. Sigrud Folkedahl, chairman, Mrs. Jesse Anderson; chairman, Mrs. Clyde Hutchinson, Mrs. Donald Omdahl and Mrs. Robert DuChamp; tea—Mrs. Oscar Houske, chairman, Mrs. Odin Hanson, Mrs. A. E. Koglin and Mrs. Winton Knutson; exhibit—Mrs. Bert Kron, chairman, Mrs. Kermit Maldment and Mrs. Charles Rodekuhur; clean-up—Mrs. Ernest Droppo, chairman, Mrs. Harry Sjulson, Mrs. Ernest Swanson, Mrs. Adam Lendobeja, Mrs. Donovan Narverud and Mrs. Sydney Bruggeman.

Throughout the year members of homemaker clubs in the county have worked on a number of different project activities, according to Miss Laura Duerst, Pennington county home agent. Examples of the type of work will be on display at the achievement day event, and homemakers urge all interested persons to view the display as well as attend the afternoon program.

Attend RAD Meeting

Paul Stelmaschuk, Pennington county agricultural agent, and Miss Laura Duerst, home agent, attended a two-day Rural Area Development conference held Thursday and Friday at Bemidji. A number of speakers covered various phases of the RAD program and what it has accomplished in various sectors of the nation as well as how it can be used in individual counties.

Incumbents File for School Board

Incumbent John Burtness, Lloyd Howick and Rufus Olson are the only candidates to file for the annual school board election, according to Robert Bredeson, district clerk. The three men filed within a few days after filings opened. Filings close on May 9 and the annual election will be held on Tuesday May 21.

Wheat Issue to Be Discussed in TRF Thursday, May 9th

A citizens wheat and feed-grain committee is now organized in every Minnesota grain county, to furnish information about the May 21 wheat referendum to farmers, according to William B. Pearson of Ogilvie, master of the Minnesota Grange and chairman of the Minnesota Citizens Wheat Information committee.

Representatives of the Grange, Farmers Union, National Farmers Organization and many farmers cooperatives, as well as business people, are on the state committee.

Three "information rallies" to discuss the 1964 wheat and feed-grain programs, already have been scheduled at Redwood Falls high school on the night of April 29 and at North Mankato auditorium the night of May 6 and at Thief River Falls on Thursday, May 9, Pearson said. These are the first of a series of county and regional meetings called by county citizens' committees.

Pearson said that there are citizens wheat committees organized in 26 states, and Main Street business and professional men, as well as farmers, are serving on them.

The Minnesota county units are part of th State Citizens Committee, and area leaders include Johnny Lillevold, Grygla, Ole Prestebak, Goodridge; Alvin Fore, Oklee; Carl R. Anderson, Red Lake Falls; and Leland Lee, Wannaska.

C of C Arranges City-wide Effort

Getting underway yesterday was an 18-day campaign to rid the city of dangerous and unsightly trash accumulations and to otherwise improve the safety and appearance of the community, Harold Storhaug, chairman of the Chamber of Commerce committee organizing the "Clean-up, Pain-up, Fix-up" campaign, called upon all residents of the city to do their part during the two and one-half weeks of the promotion.

"Only through a concentrated effort and the cooperation of all residents can we make this program a successful event," Storhaug said. "We are proud of our community and our own property and want them to be safe and well-kept. Now that winter has passed, the accumulation of junk in the garage or basement can be removed, broken steps repaired, buildings painted and yards improved."

Retail merchants in the city will climax the 18-day festivities with a "Clean Sweep" promotion on May 16, 17 and 18. The campaign will open with a morning parade, after which the merchants will have their store windows washed and sidewalks swept in a mass clean-up effort. Special Spring clearance bargains will be offered by local stores.

Mayor Orin Green yesterday officially proclaimed May 1 through 18 in Thief River Falls as the clean-up campaign and urged every citizen to participate in this year's program. The proclamation is as follows:

WHEREAS, the general health and welfare of our citizens depend upon wholesome surroundings arising from good clean living conditions, and

WHEREAS, the lives and property of our people are endangered by fire and accidents caused by littered and cluttered conditions in homes, factories, places of public assembly, alleys and streets and

WHEREAS, a clean and beautiful community is a proud and prosperous one and

WHEREAS, unity of effort is required for future development of our community.

THEREFORE, I, Orin Green, Mayor of the City of Thief River Falls, do hereby designate May 13 to 18 inclusive as Cleanup Week and most respectfully call upon all departments of this city, its commercial organizations, civic clubs, schools, churches, boys' and girls' clubs and all other associations and our people in general to take an active part in this constructive program of community improvement to insure its success.

Dated this, the 1st day of May, 1953.

Signed: Orin J. Green, Mayor
City of Thief River Falls, Minn.

Kjensrud-Dahl Vows Are Exchanged Here April 6

Miss Carol Kjensrud, daughter of Mr. and Mrs. Ellert Kjensrud of this city, became the bride of Robert Dahl at an 8 o'clock double-ring ceremony held at Trinity Lutheran Church of Thief River Falls on April 6. Rev. Reuben Wangberg prompted the vows in the presence of about 300 friends and relatives. Floor baskets of white glads and pink carnations flanked the altar.

Parents of the groom are Mr. and Mrs. Engvald Dahl of Newfolden.

Mrs. Art Hamilton, presiding at the church organ, played traditional nuptial music and accompanied soloist Charles Holmquist of Crookston as he sang several sacred numbers.

Miss Kjensrud was given in marriage by her father. She wore a gown of lace and angelskin peau, floor-length, and featuring a lace bodice with a scalloped V neckline and detailed with full length sleeves. Lace appliques accented the front skirt, which was further enhanced with bows. Securing the fingertip veil was a tiara of rhinestones and pearls. Her bouquet was a crescent cascade arrangement of white carnations and pink roses.

She was attended by Miss Diane Wilson of Washington, D. C. as maid of honor, who wore a pale green gown with lace bodice and chiffon skirt. Her hat was worn with a short veil, and she carried carnations and roses in a bouquet similar to that carried by the bride.

James Dahl, Newfolden, served as best man for his brother. Ushers were Richard Kjensrud and Wayne Dahl.

The brides' mother was in a blue lace dress with beige accessories, and the mother of the groom wore a blue dress with black accessories. Their corsages were of white carnations and red roses.

A reception was given by the bride's parents in the church parlors following the ceremony. Hostess was Mrs. Frank Heinz. Approximately 225 guests attended. The wedding cake was baked and decorated by Mrs. Ben Vatsaas and Mrs. Caster Moe. Cutting and serving the cake were Mrs. Oscar Bakke and Mrs. Benny Svanjord, the latter an aunt of the groom. Attending the gift table were Mrs. Richard Kjensrud and Mrs. Curtis Bottem. Mrs. Mabel Power and Mrs. George Gunderson, respective aunts of the bride and groom, poured.

Waitresses were Darlene Hagen and Linda Tvetbaack, and ladling punch was Miss Arlene Joppru. Guests were registered by Christine Kjensrud and Sandra Dahl, sisters of the bride and groom, respectively. The guests attended from Newfolden, Viking, Middle River, Holt, Minneapolis, Clearbrook, Goodridge, Little Falls, Fertile, Oklee, all in Minnesota; Portland, Mayville, Hatton, Park River and Northwood, N. D., and Sycamore, Ill.

For a honeymoon trip to Wyoming and the Black Hills and Badlands of South Dakota, the bride chose a navy blue 2-piece suit with matching jacket. They are now at home at Newfolden.

Miss Kjensrud graduated from Lincoln high school last spring, while her husband is a 1959 graduate of Newfolden high school and is a construction worker with Bergman Silo Company.

Hallock Is Host To Horticultural Workshop April 20

Hallock was the host garden club when the spring workshop was held there at the city auditorium on April 20th. Seventy-six people registered, and luncheon was served by the Hallock Club. Mrs. Orlando Chervestad, 13th District Horticultural society, president, presided at the business session. Nineteen garden clubs responded to roll call, and a new club at Newfolden was welcomed and Mrs. A. M. Lokken, its president, was introduced.

Discussion followed on the 1963 flower shows to be held at Badger in June and at Roseau in August. The theme of both flower shows will be "Say it with Flowers".

Mrs. Chervestad asked each garden club in the District to wage a clean-up campaign during the month of May with special attention given to the community, village and roadsides. Slogan of the campaign is "Beauty through Progress" and each club chairman should send a report on their accomplishments to Mrs. Richard Jackson, Roseau, Minnesota, before June 1.

Following a report by Mrs. Inga Geving of Thief River Falls, member of the state horticultural society executive board, an outstanding program was presented by Harold Thomforde of Crookston who spoke and showed slides of his work in hybridizing iris, peonies, day lilies, and daisies. Mrs. Ed Weisenhaus of the Williams Garden club also spoke and showed slides of her club projects, including the Ladyslipper highway park at Williams, the only one of its kind in Minnesota.

Minnesota state horticultural society awards for meritorious service were presented to Mrs. Edgar Wold, Roseau; Mrs. Martin Gulbranson, Thief River Falls; Mrs. Herman Christopherson, Thief River Falls; and Mrs. I. B. Setran, Badger.

The country store sale, in charge of Mrs. I. R. Geving, netted $60 which will be equally divided between the Arboretum fund and the 3th district treasury.

Comments during the "coffee time" following the program were full of praise for those who worked in any way to make the day a success.

Mrs. Curtis Johnson Honored At Shower

Mrs. Curtis Johnson of Thief River Falls was the guest of honor at a pink-and-blue shower Monday evening, April 22, at the Steve Jaenette home in rural Thief River Falls.

Hostesses were Mrs. Curtis Bottem and Mrs. Clifford Jorde. Attending the shower in addition to the honored guest and the hostesses were Mmes. Edwin Swanson, Christ Jensen, Alfred Solem, Roger Solem and Roger Alan; L. A. Meyer, Miss Celia Saugen, Mmes. LaVern Randorf; Eldon Moe and James; Caster Moe, Harvey Koop, Maud Mathieu, Erwin Muzzy, Lester Muzzy, all of Steiner area, Lloyd Johnson of St. Hilaire, and Adam Lendobeja of Smiley. Sending gifts but not present at the affair were Mrs. Ada Jorde and Mrs. N. E. Muzzy.

Silver Creek LDA Hold Meeting April 16

Silver Creek - Silverton L. D. A. held their regular monthly meeting on Tuesday night, April 16, at the Silver Creek church, with Karen Berggren conducting the meeting. Donna Fuller conducted the offering meditation while the offering was being received. Bible study was undertaken, but the lesson was not completed. Lunch was served by Mrs. Berggren.

The Library Corner

by Virginia Gjernes

Author: Kjome (pronounced "Chommie"), June! Does the "Chommie" buzz a buzzer? We residents have among us, the uncle and aunt of an authoress — Mr. and Mrs. Hans Chommie (he's the esteemed barrister and she, a member of the Board of Directors of your Library). The book, just released, is appropriately entitled "Back of Beyond" and is a recounting of the experiences of a "Bush" nurse in South Africa. Sister Kjome wrote her memoirs of 15 years in Zululand. She served the residents of the South African colony of Luwamba as nurse, ambulance driver, chauffeur, truck driver, midwife, friend, confessor, adviser, hospital director, supply officer, plus miscellany!

Nurse Kjome decided upon her career while still in her teens. Her book, written in an attempt to answer questions directed at her by friends, relatives and acquaintances, tells why she went to Africa, what the Zulus are really like and other pertinent more personal information. She has selected episodes and enlarged upon them to give the reader the benefit of her extraordinary experiences. Though Nurse Kjome touches on the political and upon the religious, neither form the whole of her book, although, naturally, the latter plays a vital role.

The author describes her journey to the far-away missionary hospital during war-time and she tells of living conditions upon her arrival. She explains some of the beliefs of the South African natives and describes the difficulty those engaged in medical practice have when trying to administer modern drugs and ideas to those who have been indoctrinated in beliefs of such complete opposition.

"Back of Beyond" is an interesting book to those of almost any age.

Sister Kjome's experiences, as she relates them, are both humorous and sad (and when she tells you about the snakes. . .not a little bit frightening, unless of course, you happen to fond of snakes!) She tells of starvation, cases of severe malnutrition, of weddings and of births.

Those who have often wondered about the life pursued by those in the missionary field will find "Back of Beyond" informative and interesting. Young persons intent upon entering the medical missionary field will do well to read it for they will learn a great deal about the trials and tribulations, the rewards and the fruitions of a missionary's life. Others, not so intent upon entering that particular field, will enjoy reding it because it tells of a way of life totally unfamiliar to the majority.

"National Library Week" is over now, for another year. The cooperation received by the Friends of the Library from the merchants and the bankers and from individuals, and from the radio and press, was greatly appreciated.

The business of being head librarian is many faceted, both difficult and interesting and when public approval is granted, such as it is during the "Library Week" just past, it is most gratifying to realize the supporters of the library are interested fifty-two weeks out of the year and are ready and anxious to publicly display their interest one week out of each year.

Note in passing: The library will be closed May 7 (that's a Tuesday) for the whole day and evening. . .no librarian will be on duty and the doors will be locked. The reason: Minnesota Library Association (MLA) District meeting in Fargo.

Dinner guests of the Pete Sorters on Sunday were Mrs. Minnie Sorter and Lloyd of Wannaska.

Pennington Mental Health Chapter Is Given Charter

Mrs. Edwin Koglin of Goodridge Attends the State Ass'n. Meeting

Presentation of a chapter affiliating the Pennington County Association for Mental Health as a chapter of the state association was made recently at the quarterly meeting of the association's board of directors at the Normandy hotel in Minneapolis.

Accepting the charter for the Pennington county association were Mrs. Edwin Koglin, Goodridge president, and Mrs. Paul Lundgren, Thief River Falls, Pennington representative. Judge Donald S. Burris, Minneapolis, state association president, and Mrs. W. F. Henry, Minneapolis, state association secretary, made the presentation.

With the addition of Pennington county, the state association now has 38 county affiliates. Organization of new county chapters is one of the top program activities of the state association. Regional information meeting, workshops and other kinds of educational programing contribute to the formation of new chapters.

In accepting the Pennington county charter, Mrs. Koglin emphasized the need for continual effort in the fight against mental illness. She termed it the country's number one health problem.

Officers of the local chapter include Mrs. Koglin, president; Mrs. Ray Oen, vice president; Mrs. Wm. Ness, secretary; Mrs. Kenneth Lindberg, treasurer; and Mrs. Margaret Race, representative director.

CLEAN-UP YOUR MEDICINE CHEST

"Brighten your home for Spring" CLEAN-UP PAINT-UP FIX-UP LIGHT-UP

We urge everyone to read these 12 rules to prevent

ACCIDENTAL POISONING!

1. Keep all medicines and household poisons (cleaning fluids, insecticides, etc.) out of reach of children — Under lock and key, if possible.
2. Never refer to medicine as "candy" to your child.
3. Read all labels carefully and follow the directions.
4. Don't take a medicine prescribed for someone else.
5. Never increase the dosage or the frequency of the dosage of medicine — unless your doctor suggests it.
6. Throw out the contents of all old medicine bottles.
7. Keep internal medicines in one cabinet and external medicines and poisons in another.
8. Do not place poisonous liquids in soda bottles.
9. Throw out all unlabeled medicines and containers.
10. Do not take or give medicines in the dark — when you may be sleepy.
11. Protect your skin when using insecticides, solvents, and cleaning agents. Remember, some products can be absorbed through the skin; use as directed.
12. If someone ingests a potentially-toxic substance in your home, call your physician immediately. Don't wait for symptoms to appear.

WE SUGGEST that you POST frequently used prescription NUMBERS HERE!

To avoid the possibility of taking the wrong bottle — Bring this list with you — We can check our records in a minute and refill your prescription promptly and accurately.

Know Pest Control Matrials

Materials to control pests in the home landscape are of two types: (1) insecticides to control insects, and (2) fungicides to control diseases caused by fungi.

A spray program is designed to control the pests which cause disfiguring of the plants.

The best pest control materials used at the wrong time, at the wrong concentration and poorly applied can result in possible hazard to the individual, injury to the plant and ineffective control of the pests.

Once you've selected a pesticide, the next step is to read the label to ascertain how to use the material properly. Every label must contain certain basic information. This includes the name of the manufacturer, the material, the active ingredients, the dosage, what the chemical will control, special limitations for its use and precautions for handling and storing.

Having read the label, you should follow to the letter the recommendations given.

Marshall County 4-H Federation Adds To Building

Marshall county 4-H federation voted to build a 30 by 64 addition to the 4-H demonstration building at the county fairgrounds in Warren at the monthly meeting held Monday evening at Argyle, according to Harlem Sandberg, Marshall county 4-H club agent.

Extension of the building will provide 1,920 square feet of floor space. The addition will be used entirely for exhibits space except for a 15 by 18 area which will be used for an additional demonstration platform.

Also to be included in the program will be the moving of the girls'dormitory to a site west of the boys' dormitory and the construction of two washrooms between the dorms. New portable shelving for the present exhibit area will be built and will be designed to provide a better display of exhibits.

Robert McCrum Injured Sunday In Gun Accident

Robert McCrum, 17, route 3, was injured about 1:05 p. m. Sunday when a .22 caliber revolver accidentally discharged and the bullet struck him in the upper right thigh. The bullet was removed at Northwestern Hospital and he was discharged the same day.

According to the Pennington county sheriff's department, McCrum was accidentally wounded when practicing fast draw with his brother's revolver at the McCrum farm, about six miles southeast of the city. On one of the practice draws the gun discharged before clearing the holster. The bullet entered the thigh and lodged near the knee, the sheriff's department said, but apparently no bones were broken by the slug.

Legis Lative Letter

from ANDREW SKAAR
STATE REPRESENTATIVE

One of the most important bills introduced at this session of the legislature is designed to launch Minnesota on a long-range natural resources development program. The plan will benefit every section of the state. It still has not cleared the legislature and it undoubtedly will be one of the final measures to be considered at this session.

Among the projects is one for hydrological studies and research which is of special interest to the Red River Valley. It authorizes a cooperative agreement with the *University of Minnesota and the* federal government on a water studies program.

The proposal to finance the program through a penny a pack cigaret tax and the creation of youth work camps, similar to the federal CCC camps of the depression era, have caused some concern on the part of legislators. Differences on these two points will have to be ironed out. Overall objectives of the bill, however, are very desirable and appear to have solid backing.

Conference committees have been appointed to iron out differences in legislation adopted by the House and Senate. The amount of time this effort requires will have a bearing on the adjournment date of the session, although we are continuing to work toward as early a closing date as possible.

Only two major appropriation bills have still to make an appearance on the house floor. They are the state building program which was cleared by a House appropriations subcommittee Saturday, and the highway department bill.

Appropriation bills passed by the House in recent days are those for school aids and higher education, welfare and corrections, state departments and semi-state departments.

In order to decrease the danger to vehicular traffic at railroad crossings, the House approved a bill to make about $200,000 available annually to local communities for their share of the cost of installing automatic signals.

The statutes for marking ballots were liberalized by a bill permitting a mixture of checks and X's on paper ballots.

Crookston Man Is Car-truck Crash Victim on T.H. 2

Thomas J. Kiewel Killed Instantly in Collision 6 Miles East of Crookston

A 25-year-old Crookston man was killed and another man was listed in critical condition at a Crookston hospital as a result of a car-truck crash Monday night about six miles east of Crookston on Highway 2.

Killed instantly when the car in which he was riding collided with a loaded semi-trailer grain truck about 10:30 p.m. near the intersection with the Gentilly Road, was Thomas Jacob Kiewel. The driver, Vincent Noah, 32, was in critical condition with head injuries.

Highway patrolmen investigating the accident said the truck, driven by Robert Peterburs, 23, rural Mentor, was turning east on Highway 2. The car, being driven west toward Crookston, caught the rear end of the truck, according to investigating officers. Peterburs was not injured.

Thomas J. Kiewel was born Nov. 29, 1937 in Minneapolis and had resided in rural Crookston for 23 years. He was single and was employed as a salesman and was engaged in farming.

Survivors include his parents, Mr. and Mrs. Charles Kiewel Jr., of Tucson, Ariz.; two sisters, Mrs. George Hanson of Crookston and Catherine of Tucson; his grandfather, Charles E. Kiewel Sr. of Crookston, and his maternal grandmother, who lives in Sweden. He is the grand nephew of Ben J. Kiewel of Thief River Falls.

QUESTIONS Answered for VETERANS

Additional information or assistance on veterans' benefits may be obtained by visiting or writing the VA Contact Office at the Fargo VA Center, Fargo, North Dakota.

Q—What is the story of an "extra" dividend available to holders of certain types of GI insurance and what must I do to get it?

A—A special dividend is available only to those Korean Conflict veterans who still hold policies with the prefix RS in front of their policy number. The RS policyholder must take one of these two actions: (a) Exchange his RS term insurance policy for a term policy that will generally cost about one-third what he is now paying. The new policy cannot be renewed as term insurance after the veteran is 50—but it can be converted to a low cost permanent plan insurance policy any time before the insured reaches age 50, (b) Convert his policy to a low cost permanent plan now.

Q—Can a veteran get a GI loan to buy a home or farm in Canada?

A—No. The property must be located in the United States, its territories, or possessions.

Q—My wife and I want to be buried together. I am a veteran and would like to be buried in a national cemetery, like Arlington. Can my wife be buried there too?

A—Yes. And if your wife dies before you do she may be buried in a national cemetery, if you provide written intention to be buried with your wife.

Augsburg Choir Sets Norway Trip

Augsburg College President Leif S. Harbo announced last week that the Augsburg College Choir will conduct a concert tour in Norway and other European countries during the summer of 1965.

The 65-voice choir, which has toured extensively in the United States and Canada, is directed by Professor Leland B. Sateren.

The Nordmanns Forbundet, an international organization with headquarters in Oslo, Norway, is in charge of the arrangements for the choir's visit there.

11,000,000 Trees for State Forests

Largest Plantings in History Are Being Made

The Minnesota conservation department's forestry division has embarked on the largest tree planting program ever undertaken on state forests, it was announced today.

During the next few weeks district foresters will oversee the planting of 11 million seedlings on state forest land. This is approximately four million more trees than were planted on such lands during last year.

The increase was made possible through the substantial production of trees in state forest nurseries coupled with increased funds available for planting operations from the budget and from federal aid.

Most of the planting will be done by machine on ground prepared previously by clearing or furrowing. Some of the more difficult areas will have to be planted with hand tools, however.

Norway pine will comprise 48 percent of the number of trees to be planted with white spruce, black spruce, jack pine, white pine, white cedar and black walnut rounding out the list of species.

Planting operations are already underway in many sections and foresters report that although there appears to be a fair supply of moisture in the root zone, water tables are quite low. The forestry division hopes to average a planting rate of 500,000 trees per day, six days a week, until all 11 million are in the ground.

QUESTIONS Answered for VETERANS

Additional information or assistance on veterans' benefits may be obtained by visiting or writing the VA Contact Office at the Fargo VA Center, Fargo, North Dakota.

Q—I am being transferred to another city and I'm having difficulty in selling my home. I am purchasing it with the aid of a GI loan. Is there any way I can get a GI home loan to help buy another house before the house I now have is sold?

A—Only if the Veterans Administration is cleared of all financial responsibility in the first home transaction. If you have a sizeable equity, your lender may take over the mortgage. That is the only way you receive entitlement to buy another home.

Q—As a Korean veteran, I am going to a technical school under the GI Bill. My father has been sent to a nursing home with a terminal disease and I have to go to work full time to pay the bills. Will I be able to go back to school, say in a year?

A—Yes, the law allows equal time for time missed for such a reason beyond your control.

Q—I saw, heard or read recently that nearly half of the veterans holding GI insurance have neglected to keep their beneficiary listing up to date. Can this be so and what is the manner of changing beneficiaries?

A—Some 40 per cent of GI policyholders had some form of error in their beneficiary listing. If you wish to change your beneficiary, write to the VA insurance office where you pay your premiums.

Fosston Defeats Prowlers 8 to 5

Mark Carlin's long drive into right-center, and which caromed off Tony Poole's glove and over the fence for a home run, scored three runs for Fosston in the sixth inning and provided the Greyhounds with their winning margin as they defeated the Prowlers, 8 to 5, in an inter-district baseball game played on the Fair Grounds diamond Tuesday afternoon.

Tonight (Wednesday), the Prowlers will play the Fertile Falcons at Fertile. And on Friday night, May 3, coach Horace May will bring his veteran Bemidji Lumberjacks here for a night game against the Prowlers. Game time on Friday night is slated for 8:00 p. m.

Righthander John Aune hurled a steady game for the Prowlers in Tuesday afternoon's tilt here, striking out 11 batsmen, doling out but two walks, and giving up eight hits. The Prowler defense was guilty of six misplays, and several of these errors proved costly.

Fosston, after picking up single runs in the first and second innings, erupted for three runs in the fourth. In the fourth, Fosston took advantage of an error, a pair of doubles by Chuck Matson and Carl Anderson, and an infield out to plate the runs.

The Prowlers, after being held to a lone single in the first four innings of play, and that being a single by Poole in the second, rapped out five hits in the fifth to score three runs. Dick Johnson and Jerry Erickson singled, Dave Erickson doubled to left-center, and John Aune followed with a single to center.

After Carlin's home run, with the walking Matson on second and the singling Jim Thoreen on first, had boosted the Fosston lead to 8 to 3 in the sixth, the Prowlers came back to score a pair in the seventh, and had the bases loaded with two men out when Dave Erickson lifted a fly ball to center field for the game-ending out.

Adventists Attend Area Conferences

Go to Wadena, Bemidji and Detroit Lakes Sessions

Those from here who attended a religious liberty meeting in Wadena Sunday were Pastor E. W. Brown, Mrs. Ray Juhl and Mrs. Maynard Moiskness. It was conducted by W. Melvin Adams, associate secretary of the Seventh-day Adventist religious liberty department, who spoke on the subject, "Are we losing Our Freedoms?" Two motion pictures also were shown.

Attending the Northwest Dorcas Federation of Seventh-day Adventists at Bemidji on Wednesday were Mrs. S. E. Pollman, president of the local society, Mrs. Ray Nelson, Mrs. David Larson, and Mrs. Floyd Borgen. Eight societies were in attendance. Mrs. Pollman furnished vocal numbers for both the morning and afternoon meetings.

Youths from here that attended the Red River Valley Seventh-day Adventist youth rally at Detroit Lakes Saturday were Clarence and Harold Wagsnes, Glen Nelson, Kathy Bucholtz, Kay Laidlaw, Myrtle and Beverly Christianson, and Ronald Nelson. The rally was under the direction of G. D. Bras, youth leader of the Minnesota conference. There were about 450 in attendance.

Don Baken Given Honor by Jaycees In Texas City

Don Baken, son of Mrs. George C. Baken of Thief River Falls, was recently named the outstanding young church layman of the year by the Fort Worth, Tex., chapter of the Junior Chamber of Commerce. Later the same week he was selected as featured citizen of the day on Fort Worth radio stations.

Baken was presented with a plaque at the noon Jaycee meeting at Hotel Texas by Gus Pagnata, project chairman. He is completing his second year as an English instructor in Richland Hills Junior high school. A graduate of Lincoln high school in this city in 1949, he resides at 6936 Hardisty St. with his wife Janet and two daughters.

Newfolden Nine Loses Two Games

Bows to Greenbush 8-3 and to Middle River 10-0

The Newfolden Nordic Baseball squad opened its season last week with two games. On Tuesday, April 23rd they traveled to Greenbush where they absorbed an 8 to 3 loss at the hands of the Tigers. On Thursday, April 25th they entertained the Middle River Skippers and were defeated 10 to 0 in 5 innings.

In the Greenbush game, Hagenbeck and Lofstrom shared the pitching duties and gave up six hits, while J. Johnson and Lorenson pitched for the Tigers. The young Nordics were guilty of 7 errors which greatly helped the Tiger cause. Bright spots in the Nordic play were Wayne Ness at bat who hit a long double for the Nordics and Keith Myhre's outstanding play at third base defensively.

The strong Skipper team proved too much for the Nordics to handle, but John Rokke started pitching and held them hitless for three innings before he tired and began to weaken in the fourth inning. A bases loaded triple by Dwight Peterson of the Skippers was the big blow of the game.

Keith Myhrer got the lone hit, a single to right field, for the Nordics. Dill relieved John Rokke but was not able to stem the Skippers either.
